A FAMOUS COLLABORATION —

WORKING WITH THE LEGENDARY ITALIAN STYLING HOUSE ZAGATO TO COMBINE TRADITIONAL CRAFTSMANSHIP WITH HIGH TECHNOLOGY AND ABSOLUTE EXCLUSIVITY, THE ASTON MARTIN V12 ZAGATO DELIVERS A UNIQUE COMBINATION OF RACE-PROVEN HANDLING AND PERFORMANCE, RARITY AND FASTIDIOUS ATTENTION TO DETAIL — BOTH INSIDE AND OUT.

With its effortless beauty guaranteed to stir the senses, the V12 Zagato is destined to be one of the most highly coveted models in Aston Martin’s 98-year history.

A fabulous celebration of the iconic DB4GT Zagato, which celebrates its 50th anniversary this year, it provides the perfect inspiration for the next 50 years.

Dr. Ulrich Bez
Chief Executive Officer
AN HISTORIC PARTNERSHIP —

ASTON MARTIN AND ZAGATO HAVE COLLABORATED FOR 50 YEARS SINCE MY OWN FATHER ELIO AND UNCLE GIANNI WORKED WITH DAVID BROWN AND HIS TALENTED TEAM TO PRODUCE THE ICONIC DB4GT ZAGATO.

The fruits of our combined work have always been crafted in limited numbers because they should be something truly special and collectable.

The Aston Martin V12 Zagato embodies so much of our combined design language, we pride ourselves on the balance of high technology and hand craftsmanship which make up the heart and soul of every V12 Zagato.

They are indeed the choice of the ‘individualist’ a person who appreciates understated style, beauty and substance, but is not afraid to be different.

Dr. Andrea Zagato
President, Zagato
WHERE IT ALL BEGAN —

THE ASTON MARTIN DB4GT ZAGATO WAS INTRODUCED IN OCTOBER 1960 AT THE LONDON MOTOR SHOW. IT WAS EFFECTIVELY A DB4GT, LIGHTENED AND IMPROVED BY THE ZAGATO FACTORY IN ITALY. NOWADAYS, DUE TO THE RARITY AND POPULARITY OF THE DB4GT ZAGATO, THE CARS ARE WORTH A CONSIDERABLE AMOUNT OF MONEY, AND AT AUCTION THEY REACH WELL IN EXCESS OF £4 MILLION.
LOOKING TO THE FUTURE
WITH A NOD TO OUR PAST —

USING ASTON MARTIN’S EXCELLENCE IN DESIGN, WE HAVE INTRODUCED A MODERN INTERPRETATION OF THE FAMOUS ASTON MARTIN AND ZAGATO COLLABORATION TO CELEBRATE THE ICONIC DB4GT’S 50TH ANNIVERSARY YEAR.

The V12 Zagato is elegant but brutal which reflects the great balance between race performance and pure Aston Martin design. The original DB4GT Zagato was a true icon, powerful and graceful; the new design is a fusion of unique and original features and is a true representation of the spirit of the DB4GT Zagato. For us it is a forward thinking Zagato which pays its respect to the past.

Marek Reichman
Director of Design
AWARD WINNING DESIGN —

AT ITS WORLD PREMIERE, THE ASTON MARTIN V12 ZAGATO WON THE CONCORSO D’ELEGANZA DESIGN AWARD FOR CONCEPT CARS AND PROTOTYPES AT VILLA D’ESTE ON THE SHORES OF LAKE COMO, ITALY.
TESTED FOR PERFORMANCE —
THE INITIAL PHASE OF AN INTENSIVE DEVELOPMENT PROGRAMME HAS ALREADY BROUGHT MOTORSPORT SUCCESS, WITH A THRILLING DEMONSTRATION THAT THE NEW DESIGN TRULY CARRIES FORWARD THE SPIRIT AND POWER OF THE LEGENDARY DB4GT ZAGATO.

In front of some 200,000 spectators at the infamous Nürburgring Nordschleife, the first two V12 Zagato concept cars, just weeks after being unveiled, displayed all the thoroughbred racing car DNA of the original DB4GT, impressively powering past the chequered flag after surviving this notoriously tough 24hr endurance race.

Given the ethos and commitment that has driven everyone at Aston Martin for almost 100 years, you won’t be surprised to learn that our CEO, Dr Ulrich Bez and V12 Zagato Programme Manager Chris Porritt were key members of the driver teams behind the wheel of the two cars – which for the event were affectionately christened Zig and Zag.
CLOTHED IN LIGHTWEIGHT HAND-FORMED ALUMINIUM AND CARBON-FIBRE BODY PANELS, THE LEVEL OF CRAFTSMANSHIP INVOLVED IN ITS CONSTRUCTION REPRESENTS THE EXTREME APPLICATION OF ASTON MARTIN’S KNOW-HOW AND THE TECHNOLOGIES, MATERIALS AND TECHNIQUES THAT HAVE BEEN GAINED BY CREATING THE CURRENT GENERATION OF ASTON MARTIN CARS MAKING THE ASTON MARTIN ZAGATO A CONTEMPORARY ASTON MARTIN LIKE NO OTHER.

The use of the finest materials has always marked out Aston Martin from its rivals. Exquisitely shaped alloys and the finest soft British hide leathers are joined by high-tech materials like carbon-fibre composites and lightweight metal castings.
A GENUINE RARITY —

A UNIQUE BLEND OF POWER, BEAUTY, SOUL, REFINEMENT, AND DYNAMIC AGILITY, THE V12 ZAGATO IS BUILT ON ASTON MARTIN’S VH BONDED ALUMINIUM CHASSIS. UNDER THE BONNET LIES THE POTENT POWER OF OUR HIGHLY ACCLAIMED 6.0-LITRE V12 ENGINE, PRODUCING 510 BHP (380 KW / 517 PS), AND 570 NM (420 LB FT) OF TORQUE. ALL OF WHICH COMBINE TO STIR THE SENSES FOR THE EXCLUSIVE FEW.
QUALITY, STYLE AND TRADITIONAL CRAFTSMANSHIP ARE AN INTEGRAL PART OF EVERYTHING WE DO.

Right down to the perfect hand stitching of the leather, they define the personality of every car we build. The final touches are currently being added to the interior design of the V12 Zagato. Zagato’s unique approach to styling and inimitable attention to detail promises you an Aston Martin that embraces the legendary status of its predecessor, whilst offering a new driving experience that is simply incomparable.

Updates
Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current products, options, accessories or specifications; nor does it constitute any offer for sale of any particular car, product, option, accessory and/or services or combination of the same.

This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time. The contents of this brochure represent Aston Martin Lagonda Limited’s business as a whole. Test and photographs may relate to models, specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available. All images shown are not reflective of the final car.

Performance results
Performance results, fuel consumption figures and CO₂ emissions data quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results, fuel consumption, CO₂ emissions, ride comfort and handling.

Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results, fuel consumption or CO₂ emissions.

Aston Martin Lagonda Limited strongly urges that all speed laws be obeyed and that safety belts be worn at all times.

The weight of the car will influence the level of CO₂ emitted and as a result, cars with higher levels of specification and factory fitted options may emit higher levels of CO₂. However, Vehicle Excise Duty is charged according to the weight of and CO₂ emissions of the standard car, as published in this brochure.

All petrol engines are fitted with a catalytic converter.

Distributors and dealers
Distributors and dealers are not agents of Aston Martin Lagonda Limited and have absolutely no authority to bind Aston Martin Lagonda Limited by any express or implied undertaking or representation. Sales by dealers or agents are subject to their terms and conditions of sale.
