From the first lines on a napkin to a full-fledged legend, the iconic Audi A5 has made a mark. And now spirited styling, dynamic handling and intelligent technologies help define the 2017 Audi A5 2.0T Sport.¹ Whether you choose to enjoy the thrill of its Coupe or Cabriolet model varieties, or the daring S5 Coupe or Cabriolet, you are putting your priorities on design and performance in motion.

¹ The voice control feature is not available on Cabriolet models.

2017 Audi S5 Cabriolet shown in Daytona Gray pearl with available equipment.
You’d think eternal beauty is a myth.
Timeless style becomes that when inspired thoughts transcend trends. You will find this in the vehicle’s striking shape, sculpted design lines and iconic Singleframe® grille. Design intelligence is proven through available adaptive xenon plus headlights and standard LED taillights, while LED daytime running lights illuminate the athletic character of the Audi A5 2.0T Sport.

Eternal love does exist.
Eternal love does exist.
Eternal love does exist.

// Bold design lines

The directive styling of the Audi A5 2.0T Sport is created by assertive design lines that highlight the vehicle’s proportions and give its pronounced athletic stance.
A lot of work went into our effortless style.
A lot of work went into our effortless style.

The aggressive Shoulder line that extends to the corner of the headlamp adds a seductive punch of acceleration to an already seductive exterior design.
Subtle details announce a stylish depth.

2017 Audi A5 2.0T Sport Coupe shown in Daytona Gray pearl with available equipment.
Subtle details announce a stylish depth.

// S line® competition plus bumpers
Standard S line competition plus bumpers have enlarged bumper openings, creating a wider, muscular look that enhances the sporty design.

// Singleframe® grille
The Singleframe grille surrounds the iconic Four-Ring Design® on the front fascia with a wide, inspiring shape that reflects the road-gripping capability of the Audi A5 2.0T Sport.

// Rear lip spoiler
This thoughtful design element both enhances the elongated lines of the body and hints at the vehicle’s sporty capabilities.
How we reached design enlightenment.

// Xenon plus headlights
Helping with the early recognition of obstacles in front of the vehicle, these headlights with standard LED daytime running lights are as brilliant as they are unmistakably Audi. And available adaptive xenon plus headlights help provide lateral lighting while cornering, so you can more easily track the road ahead.

// LED taillights
Standard LED taillights with rear fog lights add a precise look to the rear, and help following drivers to register the brake lights more quickly.

There’s nothing wrong with finding your comfort zone.
Extraordinary efforts lead to the level of precision, fit and finish that you’ll find in the Audi A5 2.0T Sport interior. It’s an artistic commitment shown in standard leather seating surfaces and your choice of aluminum or available wood inlays. Every design element, stitch and material were carefully chosen and crafted, allowing you to find your comfort zone.

There’s nothing wrong with finding your comfort zone.
Indulge in self-control.

2017 Audi A5 2.0T Sport Coupe shown with Black leather and available equipment.
Flat-bottom sport steering wheel

This standard feature offers a truly engaging experience. Plus, you will be able to access your MMI® system while keeping both hands on the wheel.¹

¹ Always pay careful attention to the road, and do not drive while distracted.
Three-zone automatic climate control

Standard climate control provides both front and rear passengers with the ability to dial in to their temperatures, giving you and your passengers the climate you want regardless of what the weather is like outside.
Available front sport seats

Supple standard leather seating surfaces with available heated front seats offer multiple levels of heating to help warm up and invigorate your body.
A touch of versatility.

// Split folding rear seats
With 12.2 cu ft of cargo space in the Coupe and 10.2 cu ft of cargo space in the Cabriolet with the rear seatbacks in the upright position, the Audi A5 2.0T Sport is a capable carrier. The Cabriolet has split folding 50/50 rear seatbacks, and the Coupe features a pass-through in the split folding 60/40 rear seatbacks, proving a performance car can still be versatile.

// Panoramic sunroof
The standard panoramic sunroof with tilt functionality on the A5 2.0T Sport Coupe provides a nearly unimpeded view of the sky and gives you an open, airy feeling. If you don’t want to fully engage with the environment, a retractable shade is there for you, too.
A top-down view of your world.

You can open up to all kinds of sunny possibilities in the Audi A5 2.0T Sport Cabriolet. If the clouds do come, it takes approximately 17 seconds for the power-folding roof to fully deploy (even at speeds up to 30 mph). When the top is up, it also provides insulation from road noise as well as heat and cold.¹

¹ Voice control not available for all Cabriolet models.

A perfect way to clear your head.
How we continue to put control over horses.
High-performance art that thrills your inner critic.

258 lb-ft torque

130 mph at top track speed

220 horsepower

2017 Audi A5 2.0T Sport Coupe shown in Suzuka Gray metallic with available equipment.

1 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
Eight-speed Tiptronic®

Fulfilling both the feeling of control with a dedicated manual and the convenience of an automatic transmission, the eight-speed Tiptronic® automatic transmission available in the Audi A5 2.0T Sport offers eight optimized gear ratios. Selected automatically or via its console-mounted shifter or steering wheel shift paddles, precise shifts are delivered without sacrificing the smooth action of the Tiptronic® automatic. A high final drive ratio allows optimization of lower gears, yet the transmission’s upper range emphasizes efficient cruising at highway speeds.

Six-speed manual

The Audi A5 2.0T Sport Coupe presents a standard six-speed manual gearbox that delivers power with vintage Audi finesse. Its short throw and precise ratios add a contemporary element for confident performance on the road.

1 Based on EPA estimates. See www.fueleconomy.gov for details. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.
quattro® Intuitive grip.
Intelligently applied.

The legendary quattro® all-wheel drive system splits torque between the front and rear axles to help promote dynamic handling and distribute torque to where it’s needed most.
quattro® Intuitive grip. Intelligently applied.

The legendary quattro® all-wheel drive system splits torque between the front and rear axles to help promote dynamic handling and distribute torque to where it’s needed most.

Quick calibration
The quattro® all-wheel drive system recalibrates itself quickly to distribute force.

That is as solid as it feels.
quattro® Intuitive grip.
Intelligently applied.

The legendary quattro® all-wheel drive system splits torque between the front and rear axles to help promote dynamic handling and distribute torque to where it’s needed most.

Torque vectoring
A finely calibrated Electronic Stability Control system with integrated torque vectoring logic helps keep the vehicle headed in the direction you intended, managing torque application laterally across the front and rear axle for enhanced handling characteristics.

Quick calibration

Finely calibrated grip.
That is as solid as it feels.
The legendary quattro® all-wheel drive system splits torque between the front and rear axles to help promote dynamic handling and distribute torque where it’s needed most.

**Intuitively applied.**

**Torque vectoring**
A finely calibrated Electronic Stability Control system with integrated torque vectoring logic helps keep the vehicle headed in the direction you intended, managing torque application laterally across the front and rear axle for enhanced handling characteristics.

**Finely calibrated grip.**

**Heritage**
There’s strength in numbers. And we have 35 of them. Over the past three decades, the quattro® all-wheel drive system has evolved to help give you a more sophisticated driving experience.

**Quick calibration**
The quattro® all-wheel drive system recalibrates itself quickly to distribute force.

**That is as solid as it feels.**
Stay nimble.

Power distribution
Under normal driving conditions, the center differential splits torque at a ratio of 40:60, front to rear, but as conditions change, the ratio is enhanced to help maximize grip, providing more traction and a more confident drive.

Torque vectoring
A finely calibrated Electronic Stability Control system with integrated torque vectoring logic helps keep the vehicle headed in the direction you intended, managing torque application laterally across the front and rear axle for enhanced handling characteristics.

Stay strong.

Heritage
There’s strength in numbers. And we have 35 of them. Over the past three decades, the quattro® all-wheel drive system has evolved to help give you a more sophisticated driving experience.

The quattro® all-wheel drive system recalibrates itself quickly to distribute force.

Finely calibrated grip.

That is as solid as it feels.
Favoring the bold.
It's less a stare than a quick swivel of the head as they watch you go from 0 to 60. Daring lines that stretch the length of the vehicle's body give its muscular yet alluring character, while striking Audi S5 wheels enchant. Defining its sporty style are punching details like quad exhaust outlets, S bumpers and an integrated rear lip spoiler that will keep their eyes peeled from head to toe.

2017 Audi S5 Coupe shown in Florett Silver metallic with available equipment.

Build your 2017 S5 ↗

2017 Audi S5 Coupe shown in Glacier White metallic with available equipment.
A collection of powerful elements.

2017 Audi S5 Coupe shown with Black/Lunar Silver Fine Nappa leather and available equipment.
// S sport seats

Sport-contoured seating, ample bolsters and integrated head restraints prove this vehicle’s primary sport performance purpose. The S5 signifiers are emblazoned on the front seats, and available leather/Alcantara® or Fine Nappa leather seating surfaces add a definitive punch to the look.
S tronic® dual-clutch automatic transmission

This dynamic system is responsive and intelligently managed, giving the convenience of an automatic while providing faster shifting than you could manually.

Explore Local S5 Inventory
Sport differential

To help ensure high cornering stability, the optional sport differential uses torque vectoring, and then adds to that by mechanically applying torque to the outside rear cornering wheel. Through an electrohydraulic multiplate clutch pack and gear set, the outside rear cornering wheel’s speed is increased by as much as 10% compared to the drive shaft’s.

3.0-liter supercharged TFSI® V6 engine

- 333 hp
- 325 lb-ft torque
- Top track speed of 155 mph

0–60 mph

- 4.9 seconds (S5 Coupe)
- 5.3 seconds (S5 Cabriolet)

Meant to push the pedal, not to be put on a pedestal.

Dramatization

// quattro® all-wheel drive with sport differential

The quattro® system’s asymmetric torque split improves cornering, and in addition. An all-wheel drive Audi performs better than those with the addition of torque vectoring to the rear, or sport differential, which transfer the rear sent power laterally as needed. Handling is balanced, the A5’s frame remaining firm precise and handling more assured.

Schedule a Test Drive ↗

3.0-liter supercharged TFSI® V6 engine

- 333 hp
- 325 lb-ft torque
- Top track speed of 155 mph

0–60 mph

- 4.9 seconds (S5 Coupe)
- 5.3 seconds (S5 Cabriolet)

This performance is not meant to be revered—but to be experienced. A supercharged 3.0-liter TFSI® V6 engine sits comfortably under the hood of the Audi S5, producing 333 horsepower and an exhilarating 325 lb-ft of torque, to propel the S5 Coupe to 60 mph in just 4.9 seconds.

We wanted to make sure the thrill you feel behind the wheel is as intense as possible.

Always obey all speed and traffic laws.

2017 Audi S5 Coupe shown with available equipment.

We see a better connection in our future.
What we do is help make sense of this, so you don’t have to.

Complex systems helping to solve simple problems. Our comprehensive portfolio of available driver assistance technologies help enhance your drive—and hopefully make it a little easier to navigate.¹

¹ The features discussed are not substitutes for attentive driving. See owner’s manual for further details and important limitations.
Consider it your own personal assistant.

// Parking system plus with rear view camera

Helping make parking an easier task, the standard parking system plus on the Audi A5 2.0T Sport features standard front and rear acoustic parking sensors, along with an available rear view camera.¹

// Audi side assist

This available technology uses radar sensors and two different optical warnings to help keep the driver informed about what is approaching from hard-to-see angles behind and to the side of the vehicle.¹

¹ The features discussed are not substitutes for attentive driving. Please see your owner’s manual for further details and important limitations.
Sure, the handheld power of smartphones is impressive, but they don’t handle like your Audi vehicle. Luckily, with available Audi connect®, you can get some of the same popular functions of your compatible device, with the means to get where you want to go. Need to find a new, highly acclaimed restaurant? Pull over, and with the help of Google Voice Search™, Audi connect allows you to quickly search Google™ by simple voice commands. Looking for something to do in a new city? Get information about current events and directions to their locations. With a crisp display, a lightning-quick 4G LTE connection and easy access to steering-wheel toggle controls, you have a smart car, which can do something that the computer in your pocket can’t—move.

Your central command
for the information age.

AVAILABLE AUDI CONNECT

Search for parking in your area of interest, check space availability, and set your selection as a destination to help navigate directly to the garage entrance.1,2,5

With Google Street View™, your Audi can show you a driver’s-eye view of your destination right before you arrive so it’s easy to recognize.1

With Google Earth™ integration, you can enjoy 3D satellite imagery, including Google Street View™, displayed right on the MMI display.1

Staying connected in your Audi has never been easier, with in-vehicle high-speed connectivity. Access is provided for up to eight passenger devices through an on-board Wi-Fi® hot spot.1

Discover travel information for local landmarks in your area of interest and set them as destinations.

Get SiriusXM® Traffic information overlaid onto available 3D satellite imagery to visualize a true aerial view of your route, and let the MMI® navigation plus reconfigure your route to help avoid traffic.1,4

Get information about current events, exciting locations and places of interest at your travel destination, current location or other chosen location.1,2

The point-of-interest search with an upgraded voice-control system helps you get the most out of every journey.

With current local weather conditions and forecasts for your destination, you can be prepared for your trip.1,2

It's simple. Tell your Audi what you are in the mood for, then let the cloud-processing power of Google™ speech recognition interpret your request and bring up a list of destinations in the area of your choice.1,2

1 Always pay careful attention to the road, and do not drive while distracted. Audi connect should only be used when it is safe and appropriate. Audi connect services and features are optional, provided with the support of authorized affiliated and third party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information; see Terms of Service for information about how to disable and for other details.
2 The voice control feature is not available on Cabriolet models.
3 SiriusXM® Satellite Radio and SiriusXM® Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM® to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. SiriusXM® Traffic service available in select markets. SiriusXM® U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations).
4 MMI® navigation plus requires signals from the worldwide Global Positioning System and certain satellite technologies. The vehicle’s electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. For mapping updates please see your Audi dealer or call 1-800-FOR-AUDI for details.
5 Parking feature is not available everywhere and requires participation by parking provider.
You can control what you can change.
The voice control feature is not available on Cabriolet models. MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. How we wrap our heads around safety.
At Audi, our engineers were tasked with coming up with innovative solutions in both safety design and material strength. Advanced occupant safety cell and airbag\(^1\) technology is designed based on seat position, and crumple zones absorb the impact energy to help mitigate potential injury in a collision. Add the rigid laser seam-welded joints.

Providing the things we hope you never have to use.

---

1 Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
Active rollover protection

In the event that your Audi A5 2.0T Sport Cabriolet rolls over, sensors deploy two roll bars from hidden compartments behind the rear headrests. Reinforced A-pillars up front also help protect passengers.
// Active rollover protection

Add the rigid laser seam-welded joints.

// Airbags

Sensors mounted in the front seats monitor your seating position to help ensure that the adaptive front airbags will deploy in the event of a collision. Driver and passenger front seat-mounted thorax side airbags help keep your upper body protected, while knee-level airbags help keep tabs down below. The Audi A5 2.0T Sport Coupe even has two rows of Sideguard\(^\text{®}\) head curtain airbags for an added level of protection.\(^1\)

1 Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.

// ABS and ESC

Computerized technology that works in sync with the Anti-lock Brake System (ABS), Electronic Stability Control (ESC) helps minimize loss of stability, applying brake pressure to individual wheels and reducing throttle input to help counter oversteer or understeer when the vehicle needs it.
Our strength comes from within.

Audi engineers use ultra-high-strength steel and extruded aluminum in the front and rear of the vehicle to reduce weight and to maintain strength and rigidity in key areas. Other parts, like the front fenders, employ sheet aluminum for weight savings. We use our most dense material; steel, in the foundation of our structure—to strengthen the B-pillar, floor pan tunnel and side rails—for rigidity, flexibility and enhanced overall chassis performance.

1. These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim, or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. Tires are supplied and warranted by their manufacturer.
2. Tires are supplied and warranted by their manufacturer. High-performance tires are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy, or icy weather conditions. If you drive under those circumstances, you should equip your vehicle with all-season or winter tires, which offer better traction under those conditions. We suggest you use the recommended winter or all-season tire specified for your car or its equivalent. These high-performance tires also have a lower aspect ratio that aids performance and handling; however, in order to avoid tire, rim, or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at optimum levels. Please also remember in making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than other choices. Finally, these tires may wear more quickly than other choices.

1 SiriusXM® Satellite Radio subscriptions sold separately or as a package after trial expires. Subscriptions are governed by SiriusXM Customer Agreement (see www.siriusxm.com) and are continuous until you call SiriusXM to cancel. Sirius U.S. Satellite Service available only to those 18 and older in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations). ○ MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical system and existing vehicles and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, cities, toll roads, highways, etc., are not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. Mapping updates are available at no charge for the first five map updates and are subsequently available on a subscription basis. ○ See Owner’s Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces.

Black optic packages

Black is still the new black.

A5 2.0T Sport Coupe Black optic package

Gloss black elements accessorize the bold exterior from its Singleframe® grille to the trim around exterior windows to the exterior side mirror housings. Adding to the look are gloss black 19" Audi Sport® 10-Y-spoke design wheels with 255/35 summer performance tires.¹

¹ Tires are supplied and warranted by their manufacturer. High-performance tires are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy, or icy weather conditions. If you drive under those circumstances, you should equip your vehicle with all-season or winter tires, which offer better traction under those conditions. We suggest you use the recommended winter or all-season tire specified for your car or its equivalent. These high-performance tires also have a lower aspect ratio that aids performance and handling; however, in order to avoid tire, rim, or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at optimum levels. Please also remember in making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than other choices. Finally, these tires may wear more quickly than other choices.
Black optic packages

Black is still the new black.

// S5 Coupe Black optic package

The Black optic package offers a gloss black Singleframe® grille, gloss black trim around the exterior windows, and body-colored exterior side mirror housings plus matte titanium-finish 19" Audi Sport® 5-arm-rotor design wheels with 255/35 summer performance tires.¹

¹ Tires are supplied and warranted by their manufacturer. High-performance tires are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy, or icy weather conditions. If you drive under those circumstances, you should equip your vehicle with all-season or winter tires, which offer better traction under those conditions. Compact cargo carrier

Use 12.7 cu ft of extra storage to get started on your weekend getaway.

Size: 70" long, 33" wide, 15" high.

visit parts.audiusa.com for more.

1 All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.
Aluminum bike rack

Help protect your other ride. This locking holder fits 20- to 80-mm bike frames with both wheels on the bike and helps keep the bike upright as you secure it in place.

1 All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.

visit parts.audiusa.com for more.
Ski and snowboard racks

These racks help transport your equipment to the slopes. The standard attachment (shown) holds two sets of skis or two snowboards. A de-luxe attachment, sold separately, holds up to three sets of skis or up to four snowboards.

visit parts.audiusa.com for more.

1 All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.
A5 Sport winter wheel and tire package

Adding style and performance, this winter wheel and tire package features Audi Original winter tires engineered to help improve traction and handling in a variety of winter weather conditions.\(^1\) See your authorized Audi dealer for details.

\(^1\) Even with appropriate tires, you must always drive in a manner appropriate for the weather, visibility and road conditions, and you must maintain more distance from other vehicles since braking distances will be longer on ice- and snow-covered roads.

visit parts.audiusa.com for more.
19" 5-arm hollow-spoke design wheels

Experience the high-performance beauty of this eye-catching design. The hollow-spoke feature results in a lightweight wheel. The five-arm design features a machined face with Gloss Black spokes. This style is also available in an Audi wheel and tire package.

visit parts.audiusa.com for more.
Floor mats

Floor mats feature a deep-ribbed, channeled design that helps protect your vehicle’s floor and carpeting from the elements. Black mats are available in sets of two for front or rear. Front mats feature the A5 logo.

visit parts.audiusa.com for more.
// Cargo mat

Custom fit for your A5 2.0T Sport, the raised outside edge of the cargo mat helps contain spills and protect cargo-area carpeting from stains. The textured material helps control load shifting.

visit parts.audiusa.com for more.
First aid kit

In the event of an emergency, you’ll want these essentials close at hand. Includes an emergency blanket, burn/wound dressings and much more.

visit parts.audiusa.com for more.
// Men's Ingolstadt jacket

This three-layer performance soft-shell jacket, with a bonded fleece lining and an interior membrane, features custom map artwork in front and the Audi logo on the sleeve.

// Men's chronograph watch

Top-quality workmanship combines with precise Swiss movement. This elegant watch features a black leather band, stainless-steel case, black dial and the Audi logo.

// Ladies’ half-zip mock neck by Spyder

Moisture-wicking, quick-drying, slim-fit material provides plenty of comfort. Features the Spyder and Audi Sport® logos and is available in black, red, gray or white.
