From the unseen, comes the unmistakable.

At Audi, our most important inspirations aren’t seen, they’re felt. The precise, yet flowing design lines of the Audi A5 maintain a sense of speed along its profile, like a racing driver seeking the optimal path. Sculpted fenders and a broad stance express its dynamic capabilities. The Audi A5 is presented in three distinctive, refined body styles in the Coupe, Cabriolet and Sportback. And along with the available Audi S5 and RS 5 variants, the A5 family of vehicles represents a rewarding choice for those who feel as much as they think.

The only way to witness progress is to keep up.

For those who think that keeping pace isn’t enough, there is an Audi A5. The iconic diamond-inspired Singleframe® grille and the power dome on the hood evoke the thrilling potential of the turbocharged 2.0-liter 248-horsepower TFSI® engine. A seven-speed S tronic® dual-clutch transmission recalls the marque’s track lineage, while standard quattro® all-wheel drive helps optimize traction as conditions become more challenging for a more confident driving experience.
The most striking features of design are invisible.

From the Sportback to the Cabriolet, the Audi A5 offers a singular drive despite obvious structural differences thanks to unseen countless hours of engineering. The subtle form of the wave-design Shoulder line intimates the skillfully applied power and performance the Audi A5 is capable of. The Cabriolet model reveals the conviction of our design when the top goes out of sight. And for the Sportback, available 19" 5-parallel-spoke design wheels and exterior enhancements of the S line® sport package send clear signals about its quattro® all-wheel drive pedigree.
While we designed the exterior of the Audi A5 to be attractive to everyone else, we took great care to craft an aesthetic environment for those who matter most to us: our drivers. You might not notice at first how the door handle opens upward in the direction it is pulled. As you step in, it might be imperceptible how the ambient LED lighting package and standard safety belt presenters on Coupe and Cabriolet models inspire the beginning of each drive with a subtle assurance. But when you are in the grip of the standard leather seating surfaces or available front sport seats, you may notice the invisible confidence that comes from functional design and enduring comfort.

A moving stillness propels your drive.
The Audi S5 spins up 349 horsepower and 369 lb-ft of torque via the twin-scroll turbocharged 3.0-liter TFSI® V6 engine, which is more than enough to make its distinctive design an indistinct blur for those who can't keep up. Striking available 19" S-spoke-cavo design wheels deliver on sleek styling, while S model interior elements set a focused performance aesthetic inside. When equipped with the available S sport package, the Audi S5 gets even more assertive with the agility-enhancing quattro® sport rear differential and sport-tuned adaptive suspension. Accompanying those track-tested technologies, large six-piston front brake calipers make a moving performance statement. Available red brake calipers bring the Audi S5 to a flash point of sport and luxury.
Not everyone sees the Audi RS 5 the same way. Some might feel drawn to the sporting presence of the unique wide front and rear fenders along with massive honeycomb front air intakes that emphasize the vehicle’s 444 horsepower of potential. Others will regard the precision of Dynamic Ride Control and the connected quality of Audi virtual cockpit as the ultimate balance of sport and luxury, especially with elements like Carbon and Alcantara® throughout the cabin. No matter what you see when you look at the Audi RS 5 Coupe and the distinctive RS 5 Sportback, you better look fast.

**CERTAIN LOOKS BELONG OUT OF SIGHT.**

- 2.9-liter TFSI® V6 biturbo engine producing 444 hp/443 lb-ft
- Eight-speed Tiptronic® automatic transmission and quattro® all-wheel drive with quattro® sport rear differential
- Top track speed¹ of 155 mph or available 174 mph
- Ventilated disc brakes 14.9” front/13.0” rear; available 15.7” Audi ceramic front disc brakes
- Standard RS sport suspension or available RS sport suspension plus with Dynamic Ride Control.

¹ Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
Our instincts for the unseen.

Who we are is determined in the microseconds that comprise our response to our changing environment. Just as these instincts give us self-assurance in our endeavors, at Audi, we are dedicated to evolving our driver assistance features to help improve your confidence on the road. Our comprehensive portfolio of available driver assistance technologies can help alert you to a variety of unexpected situations on the road.¹

For a complete list of Driver Assistance features, please see the Featured Highlights and Available Packages sections of this brochure for more details.¹ The features discussed are not substitutes for attentive driving. Please see your Owner’s Manual for further details and important limitations.

Audi pre sense® city
Standard pre sense city can help detect vehicles and pedestrians in your path and initiate emergency braking in an unforeseen event.³

Audi adaptive cruise control with Traffic Jam assist
This available system can help maintain a set following distance at changing traffic speeds, and can even help the driver follow traffic at low speeds with guided acceleration, braking and steering.¹

Park steering assist
Using ultrasonic sensors, this available parking technology can assist you into parallel and perpendicular parking spots with your braking input. You maintain control of shifting gears, and the system can help you drive out of your spot.¹

Audi pre sense® rear with Rear cross traffic assist and Vehicle exit warning
This available system uses sensors to monitor traffic behind the vehicle to help alert the driver to vehicles or cyclists approaching from behind while the vehicle doors are opening. Rear cross traffic assist helps detect traffic behind the vehicle while backing out of a parking space and can alert the driver with a brake jolt in a variety of situations.²

Turn assist and Collision avoidance assist
Available Turn assist can help in the event the driver attempts to cross traffic when there is a perceived hazard. If there is a potential collision, available Collision avoidance assist can help support the driver by providing steering guidance during a sharp maneuver.³
AudiUSA.com

See how the Audi A5 has raised the standards of styling and performance.

1 Driver Assistance features are not substitutes for attentive driving. Please see your Owner's Manual for further details and important limitations.

A. Available ambient LED interior lighting plus package

B. Available parking system plus | Sensors in the front and rear bumpers and a selective display can help you get in and out of tight spots.

C.D. Available S line® exterior | Distinctive S line® bumpers feature aggressive lower bumper intakes and rear diffuser. Aggressive side sills and S line® fender badges give the vehicle a sleek performance look. Standard on A5 Coupe.

E. Available head-up display | Speed, navigation and assistance systems information projected just below the driver’s line of sight.

F. LED taillights with dynamic turn indicators | A stunning, dynamic LED array helps make your intentions clear to other drivers.

G. Standard full LED headlights

H. Available Audi adaptive cruise control | Featuring Traffic Jam assist, this system uses radar to automatically maintain a set following distance and help drivers navigate the vagaries of traffic.
Audi Genuine Accessories

Attention to detail will never go unnoticed.

The finishing touches can help elevate a leading performance into a showstopper. Your personal flair makes an Audi truly yours, and being true to yourself never goes out of style. To help you show off your Audi pride, we offer Audi Genuine Accessories.

A. Ski & luggage cargo carrier
   This stylish cargo carrier can hold up to 165 lbs of additional cargo. With access to your gear on either side, this carrier puts your Audi pride on top and makes storage a snap. Size: 83.9" x 34.3" x 15.7".

B. Carbon fiber side mirror
   Distinctive exterior side mirror housings add a subtle sport styling to the A5.

C. Carbon fiber rear spoiler
   This unique spoiler holds down an aggressive performance look.

¹ Proper installation required. Professional installation recommended. See your authorized Audi dealer for details.
Audi Genuine Accessories

Audi collection

Your pride is our passion.

A. A5/SS floor mats²
The all-weather floor mats feature a deep-ribbed, channeled design to protect from spills, while high-pile carpeted floor mats feature an embroidered A5 or SS logo and help protect your vehicle's floor from the elements. Mats are available in sets of two for front and rear.

B. All-weather cargo mat¹
Designed to fit your Audi A5, the raised outside edge of the cargo mat protects the cargo area from groceries to muddy sports gear and everything in between. Special textured material also helps control load shifting.

C. First aid kit
In the event of an emergency, you may want these essentials close at hand. Includes an emergency blanket, burn/wound dressings and much more.

D. Asobu® Oasis water bottle
The sleek design and vacuum-insulated, double-wall stainless steel construction maintains a sense of cool inside and out. An easy-grip surface and a leak-proof lid enhance portability.

E. Wool duffel bags
Your items will travel in style with these two wool duffel bags. Combining the classic feel of premium wool with genuine leather, both bags feature adjustable-length carrying straps that can be detached, plus zippered storage pockets for smaller items.

F. Audi active wear
For you, the fun begins when you break a sweat. The Audi collection of active wear is designed to keep you warm when it's chilly, dry when it rains, or help shade your eyes on sunny days. Available in several styles and colors, these active life items are made to put in the extra miles.

Audi Genuine Sport and Design Accessories
For a bolder appearance or a finishing touch, we have a solution that helps make every mile more enjoyable—and more yours.

- Stylish wheel designs
- License plate frames

Audi TravelSpace Transport Accessories
Wherever you go, help make sure what you want to carry fits with a variety of intelligent and innovative solutions.

- Bike and ski racks¹
- Rooftop cargo carriers¹
- In-vehicle cargo bags

Audi Guard Comfort and Protection Accessories
Help protect what you love. Use Audi Guard Comfort and Protection Accessories to help keep your Audi looking like new—inside and out.

- Floor mats²
- First aid kit
- Cargo mats²

Audi Guard Car Care Products
Your Audi A5 deserves the very best, and this is it: the only car care line designed specifically for Audi vehicles.

- Leather care³
- Detailing tools³
- Winter protection³

Antennas MUST be installed at least 20 cm (8 inches) from any person. You MUST cease operating this device immediately if requested by the FCC or a licensed wireless service provider. Warning: M91 location information may not be provided or may be inaccurate for calls serviced by using this device. 6 Audi Navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested Audi Navigation plus route. 7 Always pay careful attention to the road, and do not drive while distracted. Audi advance key—keyless start, stop and entry with hands-free trunk/tailgate release. Audi connect® SERVICES are subject to change and are not continuous until you cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. SiriusXM® Traffic service available in select markets. SiriusXM® U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations). 9 Always pay careful attention to the road, and do not drive while distracted. Connect PRIME services are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. Travel or paid subscription required. Connect PRIME services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services collect location information. See Terms of Service for information about how to disable. Online services are subject to change at any time. See Terms of Service, Privacy Policy and other details at www.audiusa.com/privacy and www.audiusa.com/technology/intelligence/audi-connect/connect-terms. The Wi-Fi hotspot feature is intended for passenger use only. 4G LTE coverage is not available in all areas. Wi-Fi feature is provided through Connect PLUS. Connect PLUS features and optional services are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms and conditions. 11 These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. High-performance tires are designed for optimum performance and handling in warm climates and are not suitable for cold, snowy or icy weather conditions. When driving during cold, snowy or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. 12 Tires are supplied and warranted by their manufacturer. 13 These tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. Tires are supplied and warranted by their manufacturer. 14 Top track speed is electronically limited in the U.S. Always obey speed and traffic laws.

1 Always obey all speed and traffic laws. 2 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws. 3 2019 EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. See www.fueleconomy.gov for details. 4 Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter.
Wheel, tire and exterior color options will vary based on model, trim level and package combination and may increase price. See your dealer for details.
Interior inlay and color options will vary based on model, trim level and package combination and may increase price. See your dealer for details.
