allroad is back.

Consider any season fair game.

Four seasons are nowhere near enough to describe the Audi allroad®. Its voracious appetite for adventure, enviable capability and plush accommodations open up a whole new range of seasonal opportunities. Just consider its wider stance, raised ride height and flared fenders as fair warning to others that this is not your typical luxury Avant. So take aim at the next season of your choice. We promise, it’ll never know what hit it.
Elevate your vacation status.

With the convenience of an available power tailgate, up to 50.5 cu ft of cargo capacity and split folding 60/40 rear seatbacks, the question of bringing more clothes or more toys has been answered. Bring more of both.

Pack the bags and load at will, you’re about to be introduced to an Audi allroad vacation experience that makes it the edge of the extended vacation to the mountains. Or maybe you just need a healthy combination of luggage and personnel for a quick weekend getaway. Whatever the itinerary calls for, allroad is up for it. And with the standard panoramic sunroof giving you a clear view overhead, it’s no wonder the allroad is upgrading vacations everywhere.
Quench your thirst for scorching performance too.

This is still an Audi after all. So take a sip of the legendary Audi quattro® all-wheel drive system—its fearless grip and balanced handling deliver a bracing jolt of confidence. Then sit back and revel in a burst of power from the potent yet efficient 211-hp TFSI® engine. Its 258 lb-ft of torque will have you pinned to your seat, while the smooth and capable eight-speed Tiptronic® automatic transmission keeps you thirsty for more.

Under ideal conditions, power is 40:60 rear-wheel biased to help maximize acceleration and cornering, but the instant conditions become more challenging, the ratio is optimized for superior grip and control. You may not need it everyday, but when you do, you'll be glad it's there. Built to take a beating, the front and rear skid plates are made from stainless steel, giving you the right kind of armor to help battle even the toughest backcountry roads. Detecting loss of traction almost immediately, ESC helps you steer in your intended direction by automatically adjusting the throttle and brakes. And when activated, the off-road detection feature can sense changes in terrain and varies ESC assistance for optimal control.

Manufacturer and EPA estimates not available at time of printing. Your mileage may vary.
Even at the height of a storm, the Audi allroad delivers undiluted poise in stunning fashion. In addition to the confidence-inspiring Audi quattro® all-wheel drive, advanced driver assistance systems like Electronic Stability Control (ESC) with off-road detection and Electronic Brake-pressure Distribution (EBD) help you maintain control when conditions are at their worst, while the Anti-lock Brake System (ABS) reveals an added measure of control even when the weather refuses to play nice.

Whether you’re on the open road or off the beaten path, the Audi allroad ESC and ABS help to keep the vehicle traveling in its intended direction by applying the right amount of brake pressure at the right time to help maintain better traction, minimize skids, and optimize control.
Experience technology on a more intimate level.

If technology could ever pass for human, this would be your soul mate. The available Audi MMI® Navigation plus system is so intuitive you could almost imagine it finishing your sentences. In fact, Audi connect™ cozies up to you with information about travel, weather, and news feeds—while features like a Wi-Fi hotspot for up to eight passenger devices and Google Earth™ navigation are enough to give anyone butterflies. Throw in an available 505-watt, 14-speaker Bang & Olufsen® Sound System, and Audi allroad will have you weak in the knees after every outing.

1 Requires a data subscription plan. Distracted driving can cause a loss of vehicle control. The features and technologies discussed above are offered for convenience, and should be used only when it is safe and appropriate. The Wi-Fi hotspot feature is intended for passenger use only. Always pay careful attention to the road, and do not drive while distracted. 2 See Infotainment/Technology section on inside back cover for important information regarding required SiriusXM subscriptions. 3 Requires compatible phone.
Take comfort in an interior that’s perpetually in vogue.

The exterior of the new Audi allroad may be an ode to the outdoors, but in here, it’s all about you. Supple leather seating surfaces grace the interior from door to dash, while eight-way power front seats cradle you and your front passenger in soothing style. Add in an available range of high-quality decorative inlays and it’s clear, allroad has the right legs to walk any runway.

Developed especially for your Audi, leather envelops the vehicle’s seating surfaces, to add the right touch to your luxury interior.
Before you can make some powder turns, you first have to make it to the hill. And there’s likely no better way to help ensure you’ll get there after some fresh falls than the allroad. Its elevated ride height gives you over seven inches of ground clearance, more than enough to tackle roads when even the plows can’t keep up.

Technically, allroad always gets first tracks.

1 Always drive appropriately for the weather, visibility, traffic and road conditions, and avoid driving when it is unsafe.
There’s always another season ahead.

With its bold styling, undeniable capability, and affinity for the finer things, Audi allroad is always up for another season. And with available features like Audi adaptive cruise control with Stop and Go function, which helps maintain the desired distance from cars in front of you, and Audi side assist, which gives you a warning if you stray out of your lane, you can count on every new season to be just as fulfilling as the last.

14 – LED Taillight Technology
Sleek and stylish, these rear light-emitting diodes are brighter and longer-lasting than conventional bulbs, while also illuminating faster than traditional brake lights, which can give the driver behind you more time to see and respond.

15 – Dual Exhaust
Harmoniously integrated into the stainless steel underbody protection element, the dual exhaust design gives a nod to the sportscar DNA of the allroad.
### Engineering/Performance

- **Engine type**: Four-cylinder
- **Transmission/Drivetrain**: Eight-speed Tiptronic® automatic transmission with Audi quattro® all-wheel drive

### Body/Suspension/Chassis

- **Induction/Fuel injection**: Turbocharged/TFSI®
- **Valvetrain**: 16-valve DOHC with valvelift system
- **Front suspension**: Five-link front suspension with stabilizer bar
- **Rear suspension**: Trapezoidal-link rear suspension with stabilizer bar
- **Brakes**: Ventilated front disc/solid rear disc brakes (in) 12.6/11.8
- **Electromechanical power steering**:
- **Interior measurements**:
  - **Headroom (in, front/rear)**: 40.4/38.2
  - **Legroom (in, front/rear)**: 41.3/35.2
  - **Shoulder room (in, front/rear)**: 55.5/54.3
  - **Cargo volume (cu ft, behind rear seatback/rear seatback folded)**: 27.6/50.5

### Exterior measurements

- **Wheelbase (in)**: 110.4
- **Length (in)**: 185.9
- **Height (in)**: 58.9
- **Width (in)**: 72.5
- **Track (in) front/rear**: 62.3/62.0
- **Ground clearance (in), loaded**: 7.1

### Safety/Security

- **Driver and front passenger dual-stage airbags, thorax side airbags and Sideguard® head curtain airbags**:
- **Rear-passenger thorax side airbags**: Available
- **Vehicle stability (ESC) with off-road detection and traction control (ASR)**:
- **Electronic Brake-pressure Distribution (EBD) and brake assist**:
- **Adaptive xenon plus headlights with LED daytime running light and taillight technology**: Available
- **Audi allroad exterior appearance with contrasting cladding, stainless steel underbody protection and side sill inserts**: Available

### Interior

- **Leather seating surfaces**:
- **Eight-way power front seats and four-way power lumbar adjustment for driver**:
- **Twelve-way power front sport seats (includes four-way power lumbar adjustment)**: Available
- **Split folding 60/40 rear seatbacks**:

### Infotainment/Technology

- **Audi Navigation plus and Audi connect™ with six-month trial subscription**: Available
- **Bang & Olufsen® Sound System with 14 speakers and 505 watts**: Available
- **HD Radio™ technology**: Available
- **SiriusXM Satellite Radio with 90-day trial subscription**: Available
- **SiriusXM Traffic with 90-day trial subscription**: Available

### Notes

1. Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
2. Audi Navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested route. Periodically mapping updates will be available for purchase at an additional cost. Consult your dealer or call 1-800-FOR-AUDI for details.
3. SiriusXM Satellite Radio and Traffic subscriptions sold separately or as a package after trial expires. SiriusXM Traffic service available in select markets. Subscriptions are governed by SiriusXM Customer Agreement (see www.siriusxm.com) and are continuous until you call SiriusXM to cancel. Sirius U.S. Satellite Service available only to those 18 and older in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations).
