It’s been said that daring to go too far is the only way to find out how far you can go. With that in mind, Audi engineers created the all-new 2017 Audi A4 allroad® to ensure the journey is clear for those intrepid souls who strive to push their limits, to help explore a path ahead when the road seems to end. And with a sumptuous interior loaded with advanced technologies, you can enjoy the open road without ever feeling far from home.
It’s been said that daring to go too far is the only way to find out how far you can go. With that in mind, Audi engineers created the all-new 2017 Audi A4 allroad® to ensure the journey is clear for those intrepid souls who strive to push their limits, to help explore a path ahead when the road seems to end. And with a sumptuous interior loaded with advanced technologies, you can enjoy the open road without ever feeling far from home.

No road is too far.
Your journey leads to elevated design.

From every angle, the all-new Audi A4 allroad® is a testament to the power of design simplicity, from the unique diamond-inspired Singleframe® grille to the brilliance of our iconic LED technology. With a tall stature and contrast cladding or optional full-paint finish, you have a vehicle that rises to meet the road ahead.
We understand that you can’t control everything you experience on the road. That’s why the Audi A4 allroad® was engineered with features such as Electronic Stability Control (ESC) with Offroad mode, secondary collision brake assist and traction control (ASR), driver adaptive and front-passenger dual-stage airbags¹ and a rigid occupant safety cell—to help give you a little more peace of mind.

1. Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
When your trip becomes a journey, nothing can keep you centered like finding a sense of ease and focus along the way. That’s why we designed the interior to place the tools you need where you need them, providing consistency in control and comfort in almost any environment. The ergonomic interior space was painstakingly designed to help make your Audi A4 allroad® easy to operate. An intelligent infotainment platform is prominently placed on either the bold MMI® center display or the available intuitive Audi virtual cockpit. A yacht-style gear selector gives your wrist a comfortable place to rest, while the available MMI touch can recognize commands input by handwriting.1

1 Always pay careful attention to the road, and do not drive while distracted.
The traveler as an honored guest.

Keep the cabin calm with a climate ventilation system that helps reduce noise and drafts for increased comfort. The roomy interior provides a sense of ease and style with standard leather seating surfaces, available front and rear heated seats and ventilated front sport seats. For a heightened interior environment, consider the available ambient LED interior lighting plus package to illuminate contour and background elements in up to 30 color settings, or pair your color profile with Audi drive select modes based on an Interactive setting. With detailed, personalized comfort, the 2017 Audi A4 allroad® will change your idea of life on the road.
True power opens up the world to you.

In this world, access is power—and with the all-new Audi A4 allroad®, all you have to do is push a button to unleash both. With quattro® all-wheel drive with ultra® technology, you can experience the intensity and adaptability of its capable handling. And with the delivery of power through a seven-speed S tronic® dual-clutch automatic transmission, you’ll find it easier to release your vehicle’s potency.1

---

2017 Audi A4 allroad® Premium Plus shown in Gotland Green metallic with available equipment.

---

1 Top speed is electronically limited in the U.S. Always obey all speed and traffic laws. 2 Always obey all speed and traffic laws.
How we handle your mood.

Adaptability is essential to a progressive state of mind. This is demonstrated with aplomb by the Audi A4 allroad®, as the precise handling is made more thrilling by standard adaptive damping suspension and the modes of standard Audi drive select. They’re paired with all-new quattro® with ultra® technology, which offers greater efficiency in normal driving situations and re-engages all-wheel drive when it’s needed in a fraction of a second.1

1. 2017 EPA estimates not available at time of publication. See www.fueleconomy.gov for updated information. Your mileage and emissions will vary and depend on several factors, including your driving habits and vehicle condition.

// Adaptive damping suspension

Changing terrain demands versatility from your vehicle. Blending handling with comfort, the adaptive damping suspension helps improve the directional stability of the vehicle, adjusting the dampers at all four wheels within milliseconds.
The all-new Audi A4 allroad® packs more available intelligent assistance features than it ever has before.

Our comprehensive portfolio of available driver assistance technologies help you to respond to unexpected situations on the road. In congested traffic, available traffic jam assist combines acceleration, braking and steering guidance to help support your mobility. If your vehicle is equipped with available Audi pre sense® front, the Collision avoidance assist system helps to compute a more suitable path and provides steering input, helping you stay on the intended path. In the event that your vehicle begins to leave a lane without signaling, available Audi active lane assist can give you a steering-wheel vibration warning and gently corrects your steering, helping you avoid a potential incident.

// Traffic jam assist
Included as a function within available Audi adaptive cruise control with stop & go, traffic jam assist combines acceleration and braking along with steering guidance when traveling at speeds between 0–40 mph in congested traffic.

Standard driver assistance aids
- Audi pre sense® basic
- Audi pre sense® city
- Rear view camera
- Parking system plus with front and rear acoustic sensors (Premium Plus models)
- Parking system plus with top view camera system (Prestige models)
- Head-up display (Prestige models)

Technology package
- Standard on Prestige models
- Available on Premium Plus models
- Audi side assist and Audi pre sense® rear
  - with Rear cross traffic assist
  - with Vehicle exit assist

Driver Assistance package
- Available on Prestige models
- Audi adaptive cruise control with stop & go and traffic jam assist
- Audi pre sense® front
  - with Turn assist
  - with Collision avoidance assist
- Traffic sign recognition
- Audi active lane assist
- High-beam assistant

For a complete list of Technology and Driver Assistance package features, please see Trim Section of this brochure for more details.

Download the Audi library app on the App Store or Google Play store, or visit Audiusa.com/brochures to dive deeper into the all-new Audi A4 allroad as well as other models and Audi information.

1. The features discussed are not substitutes for attentive driving. Please see your owner’s manual for further details and important limitations.
2. Standard text and data usage rates apply.
Smart, bold and beautiful. The available Audi virtual cockpit can give you the full picture of what you need to see, in your field of vision, with vibrant color on a 12.3-inch display. The innovative, fully digital instrument cluster offers two unique modes for viewing data: Classic and Infotainment. Classic mode offers the traditional speedometer and tachometer, whereas Infotainment mode minimizes the traditional gauges while providing space for a larger panoramic navigation and other visuals. For a more hands-on approach, consider our available MMI® touch rotary controller with integrated touchpad and intuitive two-button function keys.

1. Always pay careful attention to the road, and do not drive while distracted.

The human-machine interface becomes humane.
A front-row feeling.

Get the sensory experience of standing 30 feet from your favorite artists while sitting in the comfort of your front seat, thanks to the meticulously crafted, available Bang & Olufsen® 3D Sound System. You can experience both thrilling highs and sumptuous lows in their most lifelike form, provided by 19 speakers and powered by a 16-channel amplifier with an output of 755 watts. The high-quality design and location of the speakers both enhances the spaciousness of the sound and adds to the sleek interior look of the vehicle, giving sound an entirely new dimension.

The soul of a new machine.

Stay connected even when you’re on-the-go with the power of the available next-generation Audi connect® system.² Looking for interesting events in your area? Want to avoid heavy traffic? Want to keep passengers entertained with an in-vehicle Wi-Fi® hotspot?³ Audi connect has you covered with a robust portfolio of services with the means to inform, entertain and help get you to where you want to go.

1. Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. These features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. 2. Always pay careful attention to the road, and do not drive while distracted. Audi connect should only be used when it is safe and appropriate. Audi connect services and features are optional, provided with the support of affiliated and third party service providers, and may require additional subscriptions with separate terms and conditions. Availability on select models. Certain services collect location information, see Terms of Service for information about how to disable and for other details. 3. Always pay careful attention to the road, and do not drive while distracted. The Wi-Fi hotspot feature is intended for passenger use only. Connect PLUS features and technologies are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms, privacy, data security details. Returning devices connect automatically and use plan data unless hotspot is removed from device settings.
A. A4 allroad® badging | This emblem pays subtle tribute to the vehicle’s substantial capability.

B. Available Audi virtual cockpit | Intuitive, immersive, available intelligence is right in your sight line.

C. Yacht-style throttle gear selector | Rest your wrist naturally while engaging the MMI® touch handwriting system.

D. Available head-up display

E. Available Natural Gray Oak Wood inlays

F. Unique front fascia design | With a redesigned bumper and air intakes, you can take the unhesitating quality of the A4 allroad® at face value.

G. Three-zone automatic climate control | Keep nearly all of your passengers cozy with climate control keys that include haptic feedback.

H. Underbody protection | Resilient front guard and rear diffuser help protect the vehicle’s underbody, adding to its offroad appeal.

I. A4 allroad® unique Singleframe® grille | A distinctive aluminum-optic Singleframe® grille presents a diamond-inspired shape with vertical blades to represent the uniquely rugged character of the A4 allroad®.
Now for the finishing touches.

D. Rear spoiler
Complement the pure lines of your A4 allroad® with this spoiler. Primed for painting or available prepainted for added convenience. Consult your authorized Audi dealer for available colors.

C. Ski and snowboard racks
These racks help transport your equipment to the slopes. The standard attachment (shown) holds two sets of skis or two snowboards. A deluxe attachment, sold separately, holds up to six sets of skis or four snowboards.

B. Cargo tray
The high sides of this heavy-duty tray help protect your vehicle’s cargo area from dirt and grime.

A. Compact cargo carrier
Extra gear won’t take up valuable cargo space with our aerodynamic carrier that offers a generous 10.5-cu-ft capacity. Size: 76" long, 26" wide, 15" high.

You’re a try-anything-once, never-sit-still, give-it-your-all kind of person. Life doesn’t just string you along; you live to take life further. Audi Genuine Accessories can help you do just that. For personalizing, help in protecting and showing your Audi pride, our accessories were made for your lifestyle.

1 All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.
Audi Genuine Accessories

Audi Genuine Sport and Design Accessories
For a bolder appearance or a finishing touch, we have a solution that helps make every mile more enjoyable—and more yours.

- Exhaust tips
- Audi beam
- License plate frames

Audi TravelSpace Transport Accessories
When on the go, help make sure your gear fits with a variety of intelligent and innovative solutions.

- Bike and ski racks
- Rooftop cargo carriers
- In-vehicle cargo bags

Audi Guard Comfort and Protection Accessories
Help protect what you love. Use Audi Guard Comfort and Protection Accessories to help keep your Audi looking like new—inside and out.

- Floor mats
- First aid kit
- Cargo mats

Audi Car Care Products
Your Audi A4 allroad® deserves the very best—a car care line designed specifically for Audi.

- Leather care
- Detailing tools
- Winter protection

---

1. 2017 EPA estimates not available at time of printing. See www.fueleconomy.gov for details. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. 2. Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws. 3. Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter.
