In so many ways, it’s really all connected. How an Audi vehicle is engineered and designed isn’t simply a matter of physics or architecture, it’s a systematic compilation of disparate disciplines and ideas, forged into something iconic, sophisticated and powerful. What you feel behind the wheel is, in so many ways, a product of the knowledge and imagination of human history. The principles of Newtonian laws, sure—but also the grace of choreography, time-honored artisanal craftsmanship and the connectivity of modern life. The end result of these inspirations is your Audi—a thing meaningful, intuitive and strong. We employ the sum of our skills and understanding to reflect something that goes deeper than our machines.
We're not saying you're the type who always needs to be the center of attention, but when you're sitting behind the wheel of the 2016 Audi Q5, that's exactly what you'll feel like. You might even say that, with this much emphasis on style, the Q5 is a magnet for looks by those who appreciate timeless design. It doesn't hurt that it boasts an unmistakable profile to complement its sporty yet sophisticated style. Or that it can provide some serious fuel-saving potential, courtesy of the available Q5 hybrid or TDI® clean diesel models.1,2 And let's not forget the awe-inspiring performance delivered by the SQ5. Its interior, of course, makes for a progressive and luxurious escape from the outside world. With that said, imagine all the possibilities that the available advanced technologies on board can make real, from helping you find a new restaurant using the power of Google™ Voice Search to providing almost limitless entertainment courtesy of SiriusXM® Satellite Radio,3 to dialing in your personal comfort. It turns out that being in the limelight is what really steals the show.

Whether you're looking for versatility, efficiency2 or performance, there's a Q5 model built to meet your needs.

See yourself at the center of it all.

1 The Q5 hybrid is available in the U.S. in limited quantities and only at participating Audi dealers. 2 2016 EPA estimates not available at time of printing. See www.fueleconomy.gov for updated information. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. 3 See pages 44–45 for important information regarding required SiriusXM® Satellite Radio subscriptions.

Light is a wave and an energy. It's also a feeling. And an inspiration. Light is a physical manifestation and a spiritual metaphor. For Audi designers, light represents the soul of automotive design. We use it to give lines context, add a shimmering allure, or give shapes a visual texture or depth. In the sun or on a city street, the vehicle becomes luminescent, a seductive, ever-shifting configuration of energy itself, expressed in the brilliance of each design line. The irrepressible actuality of light.
Light is a wave and an energy. It’s also a feeling. And an inspiration. Light is a physical manifestation and a spiritual metaphor. For Audi designers, light represents the soul of automotive design. We use it to give lines context, add a shimmering allure, or give shapes a visual texture or depth. In the sun or on a city street, the vehicle becomes luminescent, a seductive, ever-shifting configuration of energy itself, expressed in the brilliance of each design line.

The irrepressible actuality of light.
Take a walk around your Audi Q5, and you’ll quickly realize why this vehicle was born to play the lead role. Its striking wheels are highlighted by the elegant arc of the fenders, while the gracefully sloping roofline, accentuated by aluminum roof rails, evokes a coupe-like presence. From the front, the Singleframe® grille takes center stage with an assertive, unmistakably Audi look, while standard xenon plus headlights with signature LED daytime running lights let the masses know you worked hard to look this good.

2016 Audi Q5 2.0T Premium Plus shown in Florett Silver metallic with available equipment.
Take a walk around your Audi Q5, and you’ll quickly realize why this vehicle was born to play the lead role. Its striking wheels are highlighted by the elegant arc of the fenders, while the gracefully sloping roofline, accentuated by aluminum roof rails, evokes a coupe-like presence. From the front, the Singleframe® grille takes center stage with an assertive, unmistakably Audi look, while standard xenon plus headlights with signature LED daytime running lights let the masses know you worked hard to look this good.
The passage of time can blow everything out of proportion—memories, fads, what makes for “cutting edge”—but when you start with balanced design, the ideal proportion is timeless. So when we use lighter materials, like we did in the Audi Q5, we added a contemporary sensibility to our timeless style and in the process made an even better vehicle. By using more aluminum in places like the hood, tailgate, wheels and suspension we’ve been able to maintain its shapely appeal, while enhancing its performance. Adding a dimension of lighter, crisper handling to a versatile, technologically-inspired, visually compelling CUV. In this way, blending innovative engineering with visionary design, looking good has never felt better—a driving truth that gives the Q5 contemporary timelessness that will hold up well into the future.

Adaptive xenon plus headlights
When driving straight, the headlights help disperse light over a wide area while also casting light farther down the road on the passenger’s side. Enter a turn and the available adaptive xenon plus headlights can swivel up to 15 degrees, so that you can more easily track the road ahead.

Contemporary timelessness.
The passage of time can blow everything out of proportion — memories, fads, what makes for “cutting edge” — but when you start with balanced design, the ideal proportion is timeless. So when we use lighter materials, like we did in the Audi Q5, we added a contemporary sensibility to our timeless style and in the process made an even better vehicle. By using more aluminum in places like the hood, tailgate, wheels and suspension we’ve been able to maintain its shapely appeal, while enhancing its performance. Adding a dimension of lighter, crisper handling to a versatile, technologically-inspired, visually compelling CUV. In this way, blending innovative engineering with visionary design, looking good has never felt better — a driving truth that gives the Q5 contemporary timelessness that will hold up well into the future.

Power tailgate
With a unique wraparound design that seamlessly integrates into the rear, the power tailgate on the Q5 gives you programmable end points so you can adjust the opening to the height you choose — a big help in tight spaces.

Weight-saving aluminum
Using aluminum helps reduce weight while still making for a structurally sound vehicle. And in no place is this more evident than in the all-aluminum tailgate. It weighs markedly less than a typical steel tailgate, due to its lightweight aluminum structure and wraparound design, and helps provide exceptional structural integrity.
Wood inlays Speaking to the detail and craftsmanship of the Q5 are premium genuine wood inlays. They are selected, crafted and matched to the color of the dashboard and leather seating surfaces to compensate for variations in texture and reflectivity.

Personal attention is assured with three-zone automatic climate control. It helps give almost every person in the vehicle the ability to dial in their ideal temperature.

Look closely, and you’ll notice how luxury and style have joined in perfect harmony. Consider the driver-oriented layout, where every control, gauge and switch has been placed with convenience in mind. Take another look around, and you’ll also notice the high-quality materials and fine craftsmanship that envelop every square inch. From the standard Dark Brown Walnut Wood inlays to the carefully stitched leather seating surfaces, to the available three-spoke multifunction steering wheel, it all comes together to create an interior that exudes character. And when it comes time to find your favorite song or next destination, count on the available MMI® navigation plus to put it all right at your fingertips. This is your universe — take control of it.

Find comfort in being controlling.

We don't believe versatility should impose limits on comfort. That is to say, no matter how much you reconfigure the interior of your Audi Q5, it won't impede your driving enjoyment. Available twelve-way, power-adjustable front seats give you almost unlimited options when it comes to personal comfort, while sliding and reclining rear seats help make sure your passengers are included in this luxurious experience. And just try to exhaust the possible configurations afforded by the 40/20/40 split folding rear seats. We'll go out on a limb and say you can't. Let's just put it this way — you may never run out of ways to enjoy your Q5.

2016 Audi Q5 3.0T Prestige shown with Titanium Gray leather and available equipment.

We’ve arranged for an accommodating experience.

Ventilated front seats
Available front seat ventilation offers multiple speeds of cooling, which, along with front seat-back nets and useful storage compartments in the doors, center console and cargo area, help provide comfort and convenience throughout.

Twelve-way power front seats
Perfect comfort for both the driver and front passenger is just a touch of a button away with the available twelve-way power front seats.

Adjustable rear seats
An adjustable rear bench enables the rear seats to recline 10 degrees, move forward or back 3.9" and fold completely flat, allowing for flexible cargo configurations and additional rear leg room when needed.

In here, you don’t have to talk about your feelings in order to become more open. It just happens on that perfect drive, when you can feel a cool breeze as sunlight fills the cabin. That’s because, in the Audi Q5, we’ve imagined ways to create a unique, light-filled interior that warms while it calms. We’ve also developed systems that help deliver personalized comfort to the driver as well as to both the front and rear passengers. And when it comes time to pick up that antique chest of drawers, you’ll rest easy knowing you have plenty of cargo space to work with.

Panoramic sunroof
The standard two-panel panoramic sunroof offers both the front and rear passengers a virtually unobstructed view overhead while flooding the cabin with natural light. And when you want to say goodbye to the sun, a power sunshade is there to make it an easy task.

Rear cargo area
Designed with the family road trip or ski vacation in mind, the Q5 doesn’t hold anything back when it comes to holding your luggage. Offering 29.1 cu ft of cargo capacity with the rear seatbacks up, and up to 57.3 cu ft with the rear seatbacks folded down, there’s enough room to bring just about anything you’ll need. Now the only problem? Where to go next.

European model shown.
A showcase of our driving desire for superior engineering.

It should be apparent from our drivetrain options that we strive for engineering perfection. So no matter if you choose gasoline or diesel, you’ll experience the kind of dynamic performance and efficiency people have come to expect of Audi! And with an advanced transmission and the road-gripping capability of quattro® all-wheel drive applying all that power to the ground, it will feel as good as its engineering suggests.

2.0-liter TFSI® engine
The 2.0-liter turbocharged DOHC engine produces 220 horsepower and 258 lb-ft of torque, and combines the valvelift system, FSI® direct injection and turbocharging for great power and overall performance.

3.0-liter TFSI® V6 engine
The available 272-horsepower 3.0-liter TFSI V6 engine is paired with FSI® direct injection and a belt-driven supercharger that has counter-rotating four-vane rotors that force air through dual intercoolers at boosted pressures. It is this combination of engineering achievements that allows for nearly instantaneous buildup of 295 lb-ft of torque directly off idle engine speeds.

3.0-liter TDI® clean diesel V6 engine
Taking advantage of the greater power density of diesel fuel over traditional gasoline, the available 240-hp 3.0-liter TDI® clean diesel V6 delivers incredible torque (428 lb-ft) and passing power, while boasting impressive fuel efficiency numbers. It also produces fewer emissions with a combination of Piezo direct injection, a high compression ratio, and innovative after-exhaust treatment that helps eliminate up to 95% of diesel NOx emissions.

For details, see your dealer, go to audiUSA.com or download the digital brochure from the Audi library app.
Start-stop efficiency system
As an intelligent vehicle system, this available highly effective engine management program can help lower fuel consumption as well as CO₂ emissions by automatically shutting off your engine while you wait at a red light or, perhaps, during certain stop-and-go driving. Once you are ready to resume, or if other critical vehicle systems require it, the engine will restart nearly instantaneously.

Eight-speed Tiptronic® automatic transmission
The eight-speed Tiptronic® automatic transmission in the Audi Q5 offers eight optimized, carefully chosen gear ratios. Selected automatically or via its console-mounted gear selector, precise shifts are delivered without sacrificing the smooth action of the Tiptronic® automatic. A high final drive ratio allows optimization of lower gears, yet the transmission’s upper range emphasizes fuel economy—particularly at highway speeds.

quattro® all-wheel drive
There is a reason quattro® has been known as the all-wheel-drive standard since its inception—it has helped us to win races all over the world, and lots of them. But it’s not just a performance enhancing technology, it has also become the proven foul-weather friend! Under normal driving conditions, the center differential splits torque at a ratio of 40:60, front to rear (maximizing performance on dry roads), but, as conditions change and become more challenging, the ratio is optimized to help maximize grip. This translates to traction and a more confident driving experience.

Drive select
At Audi, we believe you should be the ultimate master of your road-going domain. That’s why we created the available Audi drive select system. It gives you the ability to adjust the vehicle’s suspension, steering, throttle response and transmission shift characteristics with the utmost of ease. And with four modes to choose from, when almost any kind of road comes into question, Audi drive select will let you answer.

• Comfort mode
  Perfect for those long highway stretches, this setting adds optimized suspension and steering and a closer shift pattern to help provide a more relaxed drive.

• Dynamic mode
  Tighter steering, a firm suspension and a more responsive throttle help give this setting an aggressive feel and focused performance.

• Auto mode
  The best of both worlds, dialed to automatically adjust settings for a seamless combination of comfort and responsiveness based on your driving style and road conditions.

• Individual mode
  Drive your way—this mode allows you to adjust the steering, suspension, throttle and transmission upshifts to your style.

REGAIN YOUR INGENUITY

1 2016 EPA estimates not available at time of printing. See www.fueleconomy.gov for updated information. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. 2 Start-stop efficiency system standard on 3.0T, TDI® and hybrid models. 3 When driving during cold, rainy, snowy or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter tires. Even with appropriate tires, you must always drive in a manner appropriate for the weather, visibility and road conditions.
For Audi engineers, power delivery is a primal thing. Sure, we sweat over balance, we obsess over precise handling, we shave off ounces and even pounds where we can to produce an improved response, quick acceleration and dynamic cornering, but in our hearts, at Audi, we want performance that inspires confidence. We have a heritage of racing success—and that helps us make the case—but it's a truer testament of engineering to make it work on the street, the highway, the commute. To engineer those moments where the rest of the vehicle seems to disappear and you are well into the moment of exhilaration, the light turns green, you accelerate. Performance—sculpted, engineered, Audi performance—makes its own case for the greatness of your vehicle.1

1. Always obey all speed and traffic laws.

Embodying the essence of performance.
For Audi engineers, power delivery is a primal thing. Sure, we sweat over balance, we obsess over precise handling, we shave off ounces and even pounds where we can to produce an improved response, quick acceleration and dynamic cornering, but in our hearts, at Audi, we want performance that inspires confidence. We have a heritage of racing success—and that helps us make the case—but it's a truer testament of engineering to make it work on the street, the highway, the commute. To engineer those moments where the rest of the vehicle seems to disappear and you are well into the moment of exhilaration, the light turns green, you accelerate. Performance—sculpted, engineered, Audi performance—makes its own case for the greatness of your vehicle.

1 Always obey all speed and traffic laws.
The performance potential of this vehicle is plain to see, with S specific features like a distinct Singleframe® grille and Aluminum-optic exterior side mirrors.
There’s a way to tell people “I’m in a league of my own” and still come off as modest. Introducing the Audi SQ5. It’s bursting at the seams with performance numbers — 354-hp TFSI® V6 engine, 346 lb-ft of torque, 0 to 60 mph in 5.1 seconds¹ — but its sport stance and flared fenders will turn heads, even at a standstill. Add to that our signature LED daytime running lights — standard on all Q5 models — as brilliant as they are unmistakably Audi, and a pair of beautifully sculpted quad exhaust outlets perfectly integrated into the lower bumper. It’s our answer to the more reserved CUV.

³ Turning sophistication into a power move.

³ 3.0-liter supercharged TFSI® V6 engine
³ 354 hp/346 lb-ft torque
³ 0 to 60 mph in 5.1 seconds¹
³ Top track speed of 155 mph²

¹ Always obey all speed and traffic laws. ² Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
Most people wouldn’t equate an adrenaline rush with a relaxing day at the spa, but in here things are different. That’s because, even when charging up a mountain road or accelerating in the passing lane, you’ll be surrounded by a level of comfort that can only be matched by this vehicle’s inspiring performance, an assertion complemented by such distinctive touches as available two-tone Fine Nappa leather seating surfaces and available Layered Aluminum/Black Wood decorative inlays.

Sport-contoured interior design

Even on the inside, this vehicle’s ultimate purpose is impossible to ignore. Just consider the sport-contoured seating and ample bolsters as proof. And just in case you miss all that, the SQ5 signifier emblazoned on the front seats and flat-bottom sport steering wheel with shift paddles will surely grab your attention.

Unwind at full throttle.

1 Always obey all speed and traffic laws.
Most people wouldn’t equate an adrenaline rush with a relaxing day at the spa, but here things are different. Unwind at full throttle.¹

¹ Always obey all speed and traffic laws.
An uncompromising approach to duality.

The word hybrid has a different meaning around here. To us, it means twenty-first-century performance. The relentless torque of an electric motor combined with the big horsepower of a combustion engine. But the Audi Q5 hybrid also proves that being efficient doesn’t have to be a drag on straight-line thrills. By coupling the legendary Audi 2.0-liter TFSI® engine with a 54-hp electric motor, the total combined system output jumps to 245 hp, helping ensure that the Q5 hybrid lives up to the strict performance standards of Audi, leaving other luxury crossovers stinging with jealousy. Of course, this being an Audi, you’ll be forgiven for not thinking about how efficiently you’re getting from place to place, as you’re wrapped in exquisite luxury. It’s safe to say, your expectations of a hybrid will be changed forever.

1 2016 EPA estimates not available at time of printing. See www.fueleconomy.gov for updated information. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. 
2 The Q5 hybrid is available in the U.S. in limited quantities and only at participating Audi dealers. 
3 Always obey all speed and traffic laws.
2.0 TFSI with quattro® all-wheel drive
Even without the aid of the electric motor, the Audi 2.0-liter TFSI engine is one formidable player. Add in the legendary handling of quattro® all-wheel drive, and the Q5 hybrid provides as much poise as it does performance.

Lithium-ion battery system
The advanced lithium-ion battery used in the Q5 hybrid serves as the energy storage unit for the electric motor. Its large energy reserves, combined with the high-output 54-hp electric motor, allow for full electric driving at speeds of up to 62 mph.

Sailing mode
The Q5 hybrid features a unique hydraulic clutch between the engine and electric motor that disen-gages the engine when you lift off the accelerator at highway cruising speeds. The electric motor then takes over to propel the vehicle until more acceleration is needed. Called “sailing,” the benefit is a gain in highway fuel economy.1

Power meter
Taking the place of the tachometer, the power meter displays the hybrid system’s total power output, providing efficiency information in real time.2
FOCUS ON WHAT'S IMPORTANT. You might be missing something, but we won't. With everything that's out there, we thought it was time to focus on what you really need to see — like that car in your blind spot, for example. Fortunately, there's a full suite of available Audi technologies that help take into account other vehicles as well as yours via intelligent driver assistance systems. These can help you focus on what's most important — the road.
You might be missing something, but we won’t.

With everything that’s out there, we thought it was time to focus on what you really need to see—like that car in your blind spot, for example. Fortunately, there’s a full suite of available Audi technologies that help take into account other vehicles as well as yours via intelligent driver assistance systems. These can help you focus on what’s most important—the road.
The available Audi adaptive cruise control helps maintain a driver-selected distance from the vehicle in front by using a special long-range radar sensor. The system constantly measures the space between your vehicle and the vehicle ahead and helps manage it by automatically adjusting your speed. Once the road ahead is clear, the vehicle effortlessly resumes the previously preset speed.

The features discussed are not substitutes for attentive driving. Always check surrounding traffic, and use turn signals and brakes properly. The image featured is just a pictorial and not an exact representation of the trajectory of the camera and sensors.

Helping to make parking an easier task, the available parking system plus features front and rear acoustic parking sensors. For added benefit, the rear view camera offers selectable guidelines for parking in parallel or perpendicular spaces.

Audi strives to constantly up the ante on the driver assistance tools built right into the vehicle. Evidence for this can be found in the available Audi side assist, which helps inform you if there are vehicles in the lanes next to you. Or in the available Audi adaptive cruise control, which helps monitor the distance between you and the vehicle ahead of you and adjusts your speed appropriately. You can also see it in something as simple as parking system plus, which adds a rear view camera and front and rear acoustic parking sensors. All of these show the effort we put into helping ensure that you’re not the only one keeping an eye on the road.

The available Audi side assist uses radar sensors and two different optical warnings to help keep the driver informed about what is approaching from hard-to-see angles behind and to the side of the vehicle.1
Audi strives to constantly up the ante on the driver assistance tools built right into the vehicle. When the right materials strike a perfect chord.

At the heart of every great performance is an equally powerful instrument. Lightweight yet strong, a violin embodies many of the qualities that make up our core engineering philosophy. Whether it’s the way we bind different metals together to help form a more rigid connection or the way we shape our design for functionality and performance or even the way our crumple zones give in the right places to help dissipate energy, the similarities are present for a reason. You can’t expect to perform at the highest level without a solid foundation.
Efficient use of various materials
Precision tuning
Optimal tension
Structural balance
Enduring craftsmanship

At the heart of every great performance is an equally powerful instrument. Lightweight yet strong, a violin embodies many of the qualities that make up our core engineering philosophy. Whether it's the way we bind different metals together to help form a more rigid connection or the way we shape our design for functionality and performance or even the way our crumple zones give in the right places to help dissipate energy, the similarities are present for a reason. You can't expect to perform at the highest level without a solid foundation. When the right materials strike a perfect chord.
A design that helps diminish an impact is no accident.

We decided that, regardless of size, strong should be a more flexible concept. High-strength steel helps add a measure of security while enhancing overall handling and performance. The six standard airbags' feature technology that is designed to deploy airbags based on seat position, while specially constructed crumple zones give way upon impact to help mitigate potential injury in a collision. All of this, combined with the rigidity of laser seam-welded joints that help enhance the strength of every Audi we make, helps diminish the impact of an unavoidable event.

Six airbags
Designed to work in concert with our safety belts and properly-adjusted head restraints, our airbag system is a comprehensive safety measure. With six standard airbags, including front-impact and thorax side airbags for both driver and front passenger, and available rear-passenger thorax side airbags, you’ll feel practically surrounded. And that’s a good thing.

ABS and ESC
Computerized technology that works in sync with the Anti-lock Brake System (ABS), Electronic Stability Control (ESC) helps minimize loss of control, by applying brake pressure to individual wheels and reducing throttle input to help counter over-steer or understeer when the vehicle needs it.

1. Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and refer to your owner's manual for the proper use of the restraint systems when transporting children. This is a dramatization and does not depict what will happen in a collision. All bags will not inflate simultaneously in real-world collisions, and, if multiple bags do deploy, they will be in various stages of inflating/deflating and will never all be inflated at the same time.
Knautschzone may be an ugly word, but it’s a beautiful technology. German for “crumple zone,” this ingenious feature helps dissipate the energy from a collision by spreading the impact forces around the passenger cell and away from its occupants. In doing so, it also helps enhance the vehicle’s deceleration rate, which helps to further lessen the force of impact.

High-strength steel in the chassis rail side-member and B-pillars helps protect the driver and passengers in the event of a collision.
Remember what we used to think was going to happen in the future? Flying cars, moving sidewalks and folding suitcases? While flying cars may never happen, science fiction still seems quaint compared to what reality offers. At Audi, our engineers and technicians are putting innovations in vehicles right now that would have seemed unimaginable 25 years ago. From the evolution of LED lighting technology and the introduction of dynamic steering in some models to the sheer processing power of our vehicles that allows for the seemingly infinite capabilities of Audi connect® and our MMI® with Google Voice™ integration,1 we aren't in the business of imagining what the future will bring. We're committed to bringing it.

1 Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only.
Remember what we used to think was going to happen in the future? Flying cars, moving sidewalks and folding suitcases? While flying cars may never happen, science fiction still seems quaint compared to what reality offers. At Audi, our engineers and technicians are putting innovations in vehicles right now that would have seemed unimaginable 25 years ago. From the evolution of LED lighting technology and the introduction of dynamic steering in some models to the sheer processing power of our vehicles that allows for the seemingly infinite capabilities of Audi connect® and our MMI® with Google Voice™ integration, we aren’t in the business of imagining what the future will bring. We’re committed to bringing it.

1 Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only.

It turns out, science fiction has nothing on reality.
Are you the type that likes to know how to get to your destination before you get in the car? With myAudi, you can plan travel from your personal computer, send your desired destinations to your vehicle ahead of time and access your route from your vehicle at any time on the road.1

1 Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only. 2 SiriusXM® Satellite Radio and SiriusXM® Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. SiriusXM® Traffic service available in select markets. SiriusXM® U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations). 3 MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical systems and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other chosen location instantly.4

4 Parking feature is not available everywhere and requires participation by parking provider.

1 Google Earth 3D satellite imagery, 2 SiriusXM Tra/uniFB03c, 3 Reported local fuel prices, 4 Google™ Local Search, 5 myAudi features, 6 Weather information, 7 News feeds, 8 Mobile Wi-Fi hotspot
Your central command for the information age.

Sure, the handheld power of smartphones is impressive, but they don’t handle like your Audi. Luckily, with available Audi connect®, you can get nearly all of the functionality of your phone, with the means to get you where you want to go.¹ Need to find a new, highly acclaimed restaurant? Pull over, and with the help of Google Voice Search™, Audi connect allows you to quickly search Google™ by simple voice commands. Looking for something to do in a new city? Get information about current events and directions to their locations. With crisp displays and easy access to steering wheel toggle controls, you have a “smartcar,” which can do even more than the computer in your pocket.

Get SiriusXM® Traffic information overlaid onto available 3D satellite imagery to visualize a true aerial view of your route, and let the MMI® navigation plus system reconfigure your route to help avoid traffic.²,³

With Google Earth™ integration, you’ll enjoy 3D satellite imagery, including Google Street View™, displayed right on the MMI display.¹

With Google Street View™, your Audi can show you a driver’s-eye view of your destination right before you arrive so it’s easy to recognize.¹

Search for parking in your area of interest, check space availability and set your selection as a destination to help navigate directly to the garage entrance.¹,⁴

It’s simple. Tell your Audi what you are in the mood for, then let the cloud-processing power of Google™ speech recognition interpret your request and bring up a list of destinations in the area of your choice.²

Provides high-speed connectivity for up to eight passenger devices through an onboard Wi-Fi® hotspot.¹

The point-of-interest search with voice control means that you can get the most out of every journey.³

Stay on top of the news by having headlines and stories delivered right to your MMI display.¹

With current local weather conditions and forecasts for your destination, you’ll always be prepared for your trip.³

Discover travel information for local landmarks in your area of interest, set them as your destinations and let your vehicle lead the way as you explore the world around you.³
The benefits of being hands-on.

We believe intelligence is key to a higher form of luxury. You can see this philosophy fully represented in the available MMI® system. Simply put, it’s an intuitive system that intimately connects you to almost every facet of the vehicle. It’s the nerve center of your vehicle, allowing you to control virtually every interior function of your Audi with a simplified source control button system. Whether it’s MMI navigation plus, or BLUETOOTH® streaming audio, MMI helps you access information with a few easy clicks. And even without it, you can pair your compatible phone with the vehicle for added convenience. With this kind of brainpower onboard, you can leave the little stuff to us, and just concentrate on how good it feels to drive.1,2

Function buttons
Helping you navigate through the MMI system with ease are four well-placed function buttons. Each button correlates to a command at the corner of the screen and, when pressed, takes you to your desired selection.

Audi media
The media function opens up a world of options with the available MMI navigation plus, allowing you to control the Audi music interface, Secure Digital (SD) card slots, hard disk drive (HDD) audio jukebox or DVD, and BLUETOOTH® streaming audio from a compatible device.1

SiriusXM® Satellite Radio
Go ahead. Crisscross the country. We assure you, you’ll never run out of entertainment options, with over 150 channels of music, talk, sports and news.3

MMI navigation plus
Count on the available advanced navigation system to home in on your destination with stunning precision while putting a little more depth in your journey with help from Google Earth™.1

BLUETOOTH® wireless technology
Unlock your compatible mobile phone’s potential through the MMI system. Simply pair them up and start enjoying near complete control at the touch of a button.

Bang & Olufsen® is a sound engineer’s dream. Through an available 505-watt, 14-speaker system perfectly integrated within your Q5, Bang & Olufsen® is set on transcending the limits of audio technology. By automatically adjusting volume and timbre balance to changing ambient noise levels and offering richly tuned acoustics, you’ll hear the truth about how good life can sound in your Audi.

Orchestrate a more thrilling drive.

It’s been said that people only hear what they want to. That what they don’t like just goes in one ear and out the other. Well, for those people and everyone else, we’ve created a sound system that makes every note worthy of your eardrums’ full attention. From perfectly sculpted high notes to a crystal clear mid-range to deep-diving lows, the available Bang & Olufsen® Sound System is a veritable orchestra of engineering that fills the cabin with faithfully rendered, thrilling sound. Which shouldn’t be surprising at all, considering that Bang & Olufsen® and Audi sound engineers worked tirelessly to craft a perfect acoustic environment, and the ideal delivery system for it. So whether you’re the type that wants to be soothed by sound or the type that wants to be inspired by it, we promise, if you take a moment to listen, that what you’ll hear will be utterly impossible to ignore.

Over 400 hours of sound tuning
Tested 54,000 times

2016 Audi Q5 2.0T Premium Plus shown in Florett Silver metallic with available equipment.
Q5 2.0T Premium

**Infotainment/Technology**
- Driver information system
- Audi concert radio with ten speakers and single CD player with MP3 playback capability
- SiriusXM® Satellite Radio with 90-day trial subscription
- SD card slot with 32GB operating capacity (dual slots if equipped with MMI® navigation plus)4
- Audi music interface with iPod® integration
- BLUETOOTH® wireless technology preparation for compatible mobile phones
- Four 12-volt power outlets
- Garage door opener (HomeLink®)
- Cruise control with coast, resume and accelerate features
- Rain/light sensor for automatic windshield wipers and headlights

**Exterior**
- 18” 5-spoke-V design wheels with 235/60 all-season tires3
- Automatic xenon plus headlights with LED daytime running lights and front fog lights
- LED taillights and rear fog lights
- Power-adjustable heated exterior side mirrors with integrated LED turn indicators
- Aluminum roof rails and aluminum trim around exterior windows
- Power tailgate
- Flat-bottom dual exhaust outlets with polished tips

**Interior/Seating**
- Three-zone automatic climate control
- Leather wrapped four-spoke multifunction steering wheel and gear selector
- Folding and sliding front center armrest with height adjustment
- Dark Brown Walnut Wood decorative inlays
- Panoramic sunroof
- Leather seating surfaces
- Eight-way power front seats and four-way power lumbar adjustment for driver
- Sliding 40/20/40 split folding rear seat with pass-through and adjustable recline

**Safety**
- Driver and front passenger dual-stage airbags, front thorax side airbags and Sideguard® head curtain airbags4
- Front passenger occupant detection for airbags4
- Lower Anchors and Tethers for Children (LATCH) in rear seats
- Electronic Stability Control (ESC) with Off-road mode and traction control (ASR)
- Anti-lock Brake System (ABS) with Electronic Brake-pressure Distribution (EBD) and brake assist
- Tire-pressure monitoring system
- Electromechanical parking brake

**Stand-alone options**
- Heated front seats
- Driver seat memory
- Aluminum door sill inlays
- Auto-dimming interior rear view mirror with digital compass
- Exterior side mirrors with memory
- Power-adjustable, auto-dimming, heated, ventilated front seats
- Fine Grain Ash Natural Brown Wood decorative inlays
- Heated front seats
- Driver seat memory
- Aluminum door sill inlays
- Auto-dimming interior rear view mirror with digital compass
- Exterior side mirrors with memory
- Power-adjustable, auto-dimming, heated, ventilated front seats
- Fine Grain Ash Natural Brown Wood decorative inlays
- Heated front seats
- Driver seat memory
- Aluminum door sill inlays

- Exterior side mirrors with memory
- Power-adjustable, auto-dimming, heated, ventilated front seats
- Fine Grain Ash Natural Brown Wood decorative inlays

**Available packages**
- MMI® navigation plus package
  - MMI® navigation plus with voice control system2
  - Audi connect with six-month trial subscription5
  - Color driver information system
  - HD Radio™ Technology
  - SiriusXM® Traffic with four-year subscription1
  - BLUETOOTH® streaming audio for compatible devices

Q5 2.0T Premium

**Featured highlights**
1. SiriusXM® Satellite Radio and SiriusXM® Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM® to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. SiriusXM® Traffic service available in select markets.
2. SiriusXM® U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations).
3. MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite Network. The vehicle’s electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible; therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. Mapping updates are available at no charge for the first five map updates and are subsequently available on a subscription basis.
4. High-performance tires are designed for better performance and handling in warm climates. When driving in cold, snowy or icy weather, you should equip your vehicle with four all-season or winter tires, which offer better traction under those conditions. We suggest you use the Audi-recommended winter or all-season tires specified for your Audi. High-performance tires also have a lower aspect ratio that aids performance and handling. Driving over rough or damaged road

- Black cloth headliner
- Twelve-way power front sport seats, including four-way power lumbar adjustment

Surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires, vehicle body and suspension parts. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires. Please also remember when making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than others. Finally, these tires may wear more quickly than other choices. It is important that the inflation pressure is regularly checked and maintained at recommended levels. Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only. Some Audi models are equipped with a keyless ignition feature. The details as to how the system works can vary, and Audi owners should consult their owner’s literature or an authorized Audi dealer if they have further questions about the operation of this feature. Please note that Audi warns against leaving the vehicle unattended with the engine running, particularly in enclosed spaces. The features discussed are not substitutes for attentive driving. Always check surrounding traffic, and use turn signals. Please see your owner’s manual for further details and important limitations.

Please see your owner’s manual for further details and important limitations. 5. High-performance tires are designed for better performance and handling in warm climates. When driving in cold, snow or icy weather, you should equip your vehicle with four all-season or winter tires, which offer better traction under those conditions. We suggest you use the Audi-recommended winter or all-season tires specified for your Audi. High-performance tires also have a lower aspect ratio that aids performance and handling. Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires, vehicle body and suspension parts. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires. Please also remember when making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than others. Finally, these tires may wear more quickly than other choices. It is important that the inflation pressure is regularly checked and maintained at recommended levels. 6. Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. 7 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
### SQ5 Premium Plus

**Featured highlights**

- In addition to or replaces highlighted features of Q5 3.0T Premium Plus

**Engineering**
- 3.0-liter supercharged TFSI® V6
- 354 hp/346 lb-ft torque
- Acceleration (0–60) in 5.1 seconds
- Top track speed of 155 mph

**Suspension/Chassis**
- SQ5 sport suspension
- 15.0" ventilated front disc/13.0" ventilated rear disc brakes with SQ5 logo

**Exterior**
- Platinum Gray Singleframe® grille
- 5 model-specific front/rear fasciae and side sills
- Aluminum-optic front/rear twin blades
- Aluminum-optic exterior side mirror housings
- 5 model quad exhaust outlets
- 20" 5-parallel-spoke S design wheels with 255/40 summer performance tires

**Interior/Seating**
- Three-spoke multifunction flat-bottom sport steering wheel with shift paddles
- Brushed Aluminum decorative interior inlays
- Aluminum door sill inlays with SQ5 logo
- Twelve-way power front sport seats, including four-way power lumbar adjustment with SQ5 logo

### SQ5 Prestige

**Featured highlights**

- In addition to or replaces highlighted features of SQ5 Premium Plus

**Infotainment/Technology**
- MMI® navigation plus with voice control system
- Audi connect® with six-month trial subscription
- Color driver information system
- Bang & Olufsen® Sound System with 14 speakers and 505 watts
- HD Radio™ Technology
- SiriusXM® Traffic with four-year subscription
- BLUETOOTH® streaming audio for compatible devices
- Parking system plus with rear view camera (front and rear sensors)
- Audi side assist

**Exterior**
- Adaptive xenon plus headlights with LED daytime running lights

**Interior**
- Thermo cup holder
- Manual rear-side sunshades

### SQ5 Stand-alone options

- Rear-passenger thorax side airbags
- Carbon Atlas decorative inlays
- 20" Audi Sport® 5-V-spoke design wheels (Titanium finish) with 255/45 summer performance tires
- 21" Audi Sport® 5-double-spoke star design wheels (Titanium finish) with 255/40 summer performance tires
- Front and rear Red brake calipers

### SQ5 Available packages

- **Technology package**
  - (Premium Plus only)
  - MMI® navigation plus with voice control system
  - Audi connect® with six-month trial subscription
  - Color driver information system
  - HD Radio™ Technology
  - SiriusXM® Traffic with four-year subscription
  - BLUETOOTH® streaming audio for compatible devices
  - Bang & Olufsen® Sound System with 14 speakers and 505 watts
  - Parking system plus with rear view camera (front and rear acoustic parking sensors)
  - Audi side assist

- **Luxury package**
  - Ventilated twelve-way power front seats, including four-way power lumbar adjustment
  - Milano leather seating
  - Stitched door armrests and instrument panel top covered in Fine Nappa leather

- **Fine Nappa leather package**
  - Fine Nappa leather seating
  - Stitched door armrests and instrument panel top covered in Fine Nappa leather

Audi Genuine Accessories

Add distinction, versatility and the ultimate in self-expression with Audi Genuine Accessories. Whether you load the cargo carrier with climbing gear or add a set of stylish new wheels, we offer accessories to help enhance every facet of your lifestyle. When purchased from an authorized dealer, all pieces are backed by your vehicle's 4-year/50,000-mile limited warranty, or for 12 months/12,000 miles from the accessory purchase date, whichever is greater.1 If you're looking to personalize or help protect the vehicle you love, we have a solution designed by Audi that works for you.

Audi Genuine Sport and Design Accessories
For a bolder appearance or a finishing touch, we have a solution that helps make every mile more enjoyable—and more yours.
- Stylish wheel designs
- Rear spoilers
- License plate frames

Audi Genuine TravelSpace Transport Accessories
Wherever you go, help make sure everything fits with a variety of intelligent and innovative solutions.
- Base carrier bars
- Bike and ski racks
- Rooftop cargo carriers
- In-vehicle cargo bags

Audi Genuine Electronics Accessories
Our audio options help enhance your listening pleasure, while other accessory options help promote convenience.
- iPhone® adapter cable
- Emergency tool
- Acoustic rear parking system

Audi Guard Comfort and Protection Accessories
Help protect what you love. Use Audi Guard Comfort and Protection Accessories to help keep your Audi looking like new—inside and out.
- Floor mats
- Splash guards
- Cargo mats

Visit parts.audiusa.com to view the full line of Audi Genuine Accessories.

1. Audi Genuine Accessories purchased from an authorized Audi dealer are covered for the greater of: (1) the accessory limited warranty period (12 months or 12,000 miles, whichever occurs first) from the time of purchase; or (2) the remainder of the New Vehicle Limited Warranty period (48 months or 50,000 miles, whichever occurs first). See your authorized Audi dealer for details. 2. All roof rack system attachments require the base carrier bar. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.

“iPhone” is a registered trademark of Apple Inc.

01 Compact cargo carrier
Your gear won’t take up valuable trunk space with this aerodynamic carrier that offers a generous 10.5-cu-ft capacity. Size: 76* long, 26* wide, 15* high.2

02 Trailer hitch
This towing hitch is approved for a maximum load-carrying capacity of 4,400 lbs. for a properly equipped Audi Q5. For more information on towing, contact your dealer or see your Owner’s Manual.

03 Paint protection film
Help protect the front of your Q5 from rocks, bugs and debris with this transparent film.

04 20” 10-spoke wheels
Experience the high-performance beauty of this eye-catching design. The hollow-spoke feature results in lightweight wheels that allow for more precise handling. Shown in Anthracite; also available in Silver.

05 Premium textile floor mats
These skid-resistant, precision-fit mats are made of long-life fabric to help protect your vehicle’s interior from the elements. Mats are black with silver piping, and available in a set of four.

06 Q5 all-weather floor mats
Nubbed design helps protect your vehicle’s floor and carpeting from water, mud, sand and snow. Black mats are available in sets of two for front or rear. Front mats feature the Q5 logo.

07 Sun protection system
Help reduce light transmission and keep the temperature down in your Q5 with our window shades. Available in sets of two or three.

08 All-weather cargo mat
Custom fit for your Q5, the raised outside edge of the cargo mat helps contain spills and protect cargo-area carpeting from stains. The textured material helps control load shifting.

09 Cargo net
Help secure almost anything, from groceries to sports gear, with this expandable net. It hooks to tie-downs in the cargo area and easily adapts to items of different shapes and sizes.
Add distinction, versatility and the ultimate in self-expression with Audi Genuine Accessories. Whether you load the cargo carrier with climbing gear or add a set of stylish new wheels, we offer accessories to help enhance every facet of your lifestyle. When purchased from an authorized dealer, all pieces are backed by your vehicle’s 4-year/50,000-mile limited warranty, or for 12 months/12,000 miles from the accessory purchase date, whichever is greater. If you’re looking to personalize or help protect the vehicle you love, we have a solution designed by Audi that works for you.

1 Audi Genuine Accessories purchased from an authorized Audi dealer are covered for the greater of: (1) the accessory limited warranty period (12 months or 12,000 miles, whichever occurs first) from the time of purchase; or (2) the remainder of the New Vehicle Limited Warranty period (48 months or 50,000 miles, whichever occurs first). See your authorized Audi dealer for details. 2 All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.

Audi Guard Comfort and Protection Accessories

Help protect what you love. Use Audi Guard Comfort and Protection Accessories to help keep your Audi looking like new—inside and out.

• Floor mats
• Splash guards
• Cargo mats

01
Compact cargo carrier
Your gear won’t take up valuable trunk space with this aerodynamic carrier that offers a generous 10.5-cu-ft capacity. Size: 76” long, 26” wide, 15” high.

02
Trailer hitch
This towing hitch is approved for a maximum load-carrying capacity of 4,400 lbs. for a properly equipped Audi Q5. For more information on towing, contact your dealer or see your Owner’s Manual.

03
Paint protection film
Help protect the front of your Q5 from rocks, bugs and debris with this transparent film.

04
20” 10-spoke wheels
Experience the high-performance beauty of this eye-catching design. The hollow-spoke feature results in lightweight wheels that allow for more precise handling. Shown in Anthracite; also available in Silver.

05
Premium textile floor mats
These skid-resistant, precision-fit mats are made of long-life fabric to help protect your vehicle’s interior from the elements. Mats are black with silver piping, and available in a set of four.

06
Q5 all-weather floor mats
Nubbed design helps protect your vehicle’s floor and carpeting from water, mud, sand and snow. Black mats are available in sets of two for front or rear. Front mats feature the Q5 logo.

07
Sun protection system
Help reduce light transmission and keep the temperature down in your Q5 with our window shades. Available in sets of two or three.

08
All-weather cargo mat
Custom fit for your Q5, the raised outside edge of the cargo mat helps contain spills and protect cargo-area carpeting from stains. The textured material helps control load shifting.

09
Cargo net
Help secure almost anything, from groceries to sports gear, with this expandable net. It hooks to tie-downs in the cargo area and easily adapts to items of different shapes and sizes.
