In many ways, our past challenges us in our present—not because it was difficult but because it was great, a history that changed how we saw design. We know the best way to honor our iconic heritage is to push the boundaries even further. A commitment of craft and engineering, the 2017 Audi TT and TTS is our answer to the challenge of success. It carries on the legacy of cutting-edge design and evocative performance while fully embracing the vanguard of automotive technology. The TT in all of its incarnations has represented a leap forward. We feel like we’ve honored that history, by making it again.
2017 Audi TTS Coupe shown in Tango Red metallic with available equipment.

They aren’t just lines.

The beautifully sculpted sheet metal on the Audi TT isn’t just a work of art—it’s a science. Each line carries our commitment to bold design, the evolution of an iconic legacy, marking it as a daring presence on the road. But the lines build off an array of striking details, stretching across the profile to enhance the visual tension while connecting the standard LED headlights to our equally distinctive LED taillights. From the marque crowning the Singleframe® grille, to the stylish fuel door, to the twin exhaust tips, this is a showcase of our DNA, the design heritage of Audi performance.

They’re the strands of our DNA.
The spirit is in the details.
Make a scene while taking in the scenery.

Enjoy the thrill of the ride while savoring the fresh air. Simply by lowering the retractable acoustic soft top of the Audi TT Roadster, you've changed how you engage the world—and how it engages you. Performance is the kind that encourages long drives under cloudless skies. Transformation is easy, with push-button operation at speeds under 31 mph, lowering the roof in ten seconds—which is just long enough for you to know why people are wishing they were you.
Not just a touching sentiment.

The driver-centric cockpit with its wing-inspired dashboard design and visually striking, more intuitive air outlets with integrated controls both welcome you and help you settle in. Then it becomes a matter of touch, as you feel the high-performance leather/Alcantara® or available Fine Nappa leather and engage the three-spoke flat-bottom multifunction steering wheel with shift paddles. It's all how we put you at the center of our world.

2017 Audi TT Roadster shown with Palomino Brown leather and available equipment.
Give peace of mind a chance.

We understand that you can’t control everything you experience on the road. That’s why the Audi TT was engineered with a reinforced floor structure that helps absorb impact from side collisions and a rollover protection system in the Audi TT Roadster. It also has a full complement of airbags1 and our advanced occupant safety cell construction—designed to help put your mind more at ease.

1. Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and refer to your owner’s manual for the proper use of the restraint systems when transporting children.

// Rollover protection
In the event that your TT Roadster rolls over, reinforced roll bars help provide a degree of protection for you and your passengers. They also provide added visual muscle to an already powerful-looking vehicle.
Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.

2017 Audi TT Roadster shown in Glacier White metallic with available equipment.

// Engine
2.0-liter turbocharged TFSI® four-cylinder engine.
220 hp / 258 lb-ft.

// Drivetrain
Six-speed S tronic® dual-clutch automatic transmission with quattro® all-wheel drive.

// Performance
Top track speed of 130 mph.¹
0–60 mph in 5.3 sec (TT Coupe).
0–60 mph in 5.6 sec (TT Roadster).

Proper preparation makes for propulsive performance.

The engineering of the Audi TT helps to highlight the core truth of the vehicle: This is a joy to drive. Its size highlights precision handling. Its overall power speaks to confident design. With quattro® all-wheel drive, a powerful 2.0-liter TFSI® engine and an S tronic® dual-clutch transmission, we’ve provided the tools to help you prepare for a rich, thrilling performance every time you drive.

¹ Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
Study an exhilarating character.

Designed to look just as bold as it feels, the Audi TTS is bestowed with details such as quad exhaust outlets and strong, dramatic curves that showcase its performance profile. We’ve also added a pronounced S model Singleframe® grille with aluminum-optic double-blade crossbars to define its powerful character.
Some things are better kept to yourself.

It's not that you will want to keep the interior of the Audi TTS a secret—rather, you like to have the privilege of enjoying it all to yourself. From the moment you get inside the vehicle, you will know you are in a true sports car. The three-spoke flat-bottom sport steering wheel with shift paddles, the diamond-stitched sport seats and the sumptuous interior details will prepare you for nearly any venture—solo or with very select company.
Deserving of thunderous applause.

The attention-demanding style of the TTS is propelled by a potent 2.0-liter turbocharged TFSI® four-cylinder engine that can deliver 292 hp with a seemingly instantaneous response—getting you from 0 to 60 mph in just 4.6 seconds. But what's power without control? Advanced features like Audi magnetic ride adapt to road conditions and your own driving style, helping to ensure every performance is worthy of an encore.

1 Always obey all speed and traffic laws. 2 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
On our radar, off your nerves.

Audi uses extra sensors for better perception.

Knowing that you can process only so much information at once, we set out to provide you with driving technologies that can lighten the sensory load. With available advanced technologies like Audi side assist, which uses radar sensors to help inform you of vehicles approaching from the side, our innovations help keep you aware of your surroundings.

// Audi side assist

The available Audi side assist uses radar sensors and two different optical warnings to help keep the driver informed about what is approaching from hard-to-see angles to the side of the vehicle.¹

// Parking system plus with rear view camera

Helping to make parking an easier task, the available parking system plus features front and rear acoustic parking sensors. For added benefit, the standard rear view camera offers selectable guidelines for parking in parallel or perpendicular spaces.

Please download and visit the Audi library—available at the App Store®, Google Play™ store and Audiusa.com/brochures—to dive deeper into the Audi TT as well as other models and Audi information.

¹ The features discussed are not substitutes for attentive driving. Please see your owner’s manual for further details and important limitations.
² Standard text and data usage rates apply.
We’re letting you visualize information the way you see it: in your field of vision, with vibrant color display options. For a more hands-on approach, consider MMI® touch with handwriting-recognition technology and two-button function keys.

Our focus is your focus.
Our vision of live sound.

When we set out to compose the most precise sound system we’ve ever assembled, we didn’t want you to just hear every note. We wanted you to experience them. From sculpted high notes to a crystal-clear mid-range to deep-diving lows, the available 680-watt, 14-channel amplifier Bang & Olufsen® Sound System delivers a stunning recreation of sound that you can feel as much as hear. So whether you’re in the mood to be soothed, engaged or inspired, you can expect an immersive experience that can only be matched by the precision driving of your Audi.

When connected to a compatible Android device, Google™ Android Auto will connect you with available Audi smartphone interface. When linked with your compatible mobile device, Google CarPlay™ will allow you access to Siri® and iPhone® and your favorite apps such as Apple Music™, Maps, Messages and more. If you have a compatible Android device, Google™ Android Auto will connect you with Google Play™ Music, Google Maps™, Google Search and more.

Stay connected even when you’re on-the-go with the power of the available Audi connect® system. Looking for interesting events in your area? Want to avoid heavy traffic? Want to keep passengers entertained with an in-vehicle Wi-Fi® hotspot? Audi connect has you covered with a robust portfolio of services with the means to help inform, entertain and get you to where you want to go.
A. Retractable acoustic soft top | Quickly enjoy either sunshine or shade at the push of a button.

B. Three-spoke multifunction flat-bottom sport steering wheel | Stay in charge of the driving excitement.

C. Adaptive rear spoiler | Visual appeal delivers a true performance benefit as the spoiler automatically deploys at 75 mph\(^1\) and retracts when not needed.

D. Exterior LED lighting technology | Full LED headlights and taillights form a distinctive look and provide long-lasting illumination.

E. Interior leather treatment | Finely crafted leather surfaces greet you from nearly every angle.

F. Motorsports-inspired gear selector

G. Angular side mirror design

H. Simplified climate control system design | Minimalist air outlets with integrated controls welcome you as you enter.

I. Beautifully crafted door armrests

---

\(^1\) Always obey all speed and traffic laws.
Now for the finishing touches.

Audi beam
Add another head-turning feature to your Audi TT. This lens replaces the original entry light under your vehicle’s door. When the door is open, the lens projects the four rings logo on the ground. Also available with the quattro® logo.

A. Fork-mount bike rack
Pursuing your favorite pastime just got easier. Made of anodized aluminum, this bike rack features a quick-clamping device that can be secured with the included lock. The wheel holder attachment (sold separately) conveniently holds the front wheel of the bike and is suitable for wheels with disc brakes.

B. Premium textile floor mats
These skid-resistant, precision-fit mats are made of long-life fabric to help protect your vehicle’s interior from the elements. Mats are black with silver piping, and available in a set of two.

Compact cargo carrier
Extra gear won’t take up valuable cargo space with our aerodynamic carrier that offers a generous 10.5-cu-ft capacity. Size: 76” long, 26” wide, 15” high.

Audi Genuine Accessories
You’re a try-anything-once, never-sit-still, give-it-your-all kind of person. Life doesn’t just string you along; you strive to take life further. Audi Genuine Accessories can help you do just that. For personalizing, help in protecting and showing your Audi pride, our accessories were made just for you.

1 All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.
Audi Genuine Accessories

Audi Genuine Sport and Design Accessories
For a bolder appearance or a finishing touch, we have a solution that helps make every mile more enjoyable—and more yours.

  - 18" 5-twin-spoke dynamic design wheels with 245/40 summer performance tires
  - Singleframe® grille
  - Full LED headlights
  - Fixed all-weather light
  - LED taillights with dynamic turn indicators
  - Power-adjustable, auto-dimming, power-folding, heated exterior side mirrors
  - Adaptive rear spoiler
  - Dual exhaust outlets

- **Interior/Seating**
  - Automatic climate control
  - Three-spoke multifunction flat-bottom sport steering wheel with shift paddles
  - Tilting and telescoping manually adjustable steering column
  - Auto-dimming interior rearview mirror with digital compass
  - Ambient LED interior lighting
  - Black cloth headliner
  - Leather/Alcantara® seating surfaces
  - Heated twelve-way power front sport seats, including four-way power lumbar adjustment
  - 2+2 seating arrangement (TT Coupe)
  - Split folding 50/50 rear seatbacks (TT Coupe)

- **Safety**
  - Driver and front passenger dual-stage airbags, front thorax side airbags, knee airbags, and Sideguard® head curtain airbags (TT Coupe)
  - Driver and front passenger dual-stage airbags, front head/thorax side airbags and knee airbags (TT Roadster)
  - Front passenger occupant detection for airbags
  - Lower Anchors and Tethers for Children (LATCH) in rear seats (TT Coupe)
  - ESC (Electronic Stability Control) with secondary collision brake assist
  - Anti-lock Brake System (ABS) with Electronic Brake-pressure Distribution (EBD)
  - Tire-pressure monitoring system
  - Electromechanical parking brake
  - Anti-theft alarm system with immobilizer

**TT Coupe and Roadster Stand-alone options**

- Bang & Olufsen® Sound System with 12 speakers and 680 watts
- 18" 245/40 all-season tires
- 19" 5-arm-star forged design wheels, gray/polished finish, with 245/35 summer performance tires

**TT Coupe and Roadster Available packages**

- **Black optic package**
  - 19" Audi Sport® 5-double-spoke design wheels, titanium-matte finish, with 245/35 summer performance tires
  - High-gloss black exterior side mirror housings
  - High-gloss black Singleframe® grille

- **Technology package**
  - MMI® navigation plus
  - Audi connect® with six-month trial subscription
  - Parking system plus (front and rear acoustic parking sensors)
  - Audi smartphone interface
  - Audi side assist

- **Audi design selection**
  - Murillo Brown Fine Nappa leather with contrast diamond stitching (TT Coupe)
  - Admiral Blue Fine Nappa leather with contrast diamond stitching (TT Roadster)
  - Slate Gray interior elements
  - Extended leather package in Stone Gray
  - Anthracite Aluminum Drift interior inlays
  - Heated twelve-way power front S Sport seats, including four-way power lumbar adjustment
  - Neck-level heating system (TT Roadster)

- **S Sport seat package**
  - Fine Nappa leather with diamond stitching
  - Heated twelve-way power front S Sport seats, including four-way power lumbar adjustment
  - Neck-level heating system (TT Roadster)
**TTS Coupe**

**Featured highlights**

+ In addition to or replaces highlighted features of TT Coupe

**Exterior**

- 19" Audi Sport® 5-spoke-blade design wheels with 245/35 summer performance tires
- Titanium-gray Singleframe® grille
- TTS-specific front/rear fasciae and side sills
- Aluminum-optic exterior side mirror housings
- 5-model quad exhaust outlets

**Interior/Seating**

- Three-spoke multifunction flat-bottom sport steering wheel with shift paddles (with TTS badging)
- Matte Brushed Aluminum interior inlays
- Aluminum door sill inlays (with TTS badging)
- Leather/Alcantara® seating surfaces with contrast diamond stitching (with S embossing)
- Heated twelve-way power front S Sport seats, including four-way power lumbar adjustment and power adjustable side bolsters

**Transmission/Suspension/Chassis**

- Six-speed S tronic® dual-clutch transmission with quattro® all-wheel drive
- Audi magnetic ride
- 13.3" ventilated front disc brakes with four-piston fixed aluminum calipers (with TTS badging)/12.2" ventilated rear disc brakes

**Engineering/Performance**

- 2.0-liter TFSI® turbocharged four-cylinder
- 292 hp/280 lb-ft torque
- Acceleration (0–60 mph) in 4.6 seconds
- Top track speed of 155 mph

- Technology package
  - MMI® navigation plus
  - Audi connect® with six-month trial subscription
  - Parking system plus (front and rear acoustic parking sensors)
  - Audi smartphone interface
  - Audi side assist

- Black optic package
  - 20" Audi Sport® 5-V-spoke design wheels, with 255/30 summer performance tires
  - High-gloss black exterior side mirror housings
  - Matte black air intake inserts and rear diffuser

---

1 SiriusXM® Satellite Radio and SiriusXM® Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM® to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. SiriusXM® Traffic service available in all markets. SiriusXM® U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C., and Puerto Rico (with coverage limitations). INRIX XD® Traffic is available on all Model Year 16+ A6, A7, TT and Q7 vehicles and is included with an Audi connect® subscription. Other models (A3, A4, A5, allroad® Q3 and Q5) include SiriusXM® Traffic for four years with the purchase of the vehicle. 2 Some Audi models are equipped with a keyless ignition feature. The details as to how the system works can vary, and Audi owners should consult their owner's manual or an authorized Audi dealer if they have further questions about the operation of this feature. Please note that Audi warns against leaving the vehicle unattended with the engine running, particularly in enclosed spaces. See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces. 3 Tires are supplied and warranted by their manufacturer. High-performance tires are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy, or icy weather conditions. If you drive under these circumstances, you should equip your vehicle with all-season or winter tires, which offer better traction under those conditions. We suggest you use the recommended winter or all-season tire specified for your car or its equivalent. These high-performance tires also have a lower aspect ratio that aids performance and handling; however, in order to avoid tire, rim, or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at optimum levels. Please also remember in making your selection that, while these tires deliver responsive handling, they may ride less comfortably and take longer to respond than other choices. 4 AFS caps are supplemental restraint systems only and will not deploy in all crash situations. Always use safety belts and refer to your owner's manual for the proper use of the restraint systems when transporting children. 5 MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of all roads, streets, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. For mapping updates please see your Audi dealer or call 1-800-FOR-AUDI for details. 6 Always pay careful attention to the road, and do not drive while distracted. Audi connect® should only be used when it is safe and appropriate. Audi connection is an option. Further details are available on select models. Certain services collect location information, see Terms of Service for information about how to disable and for other details. 7 The features discussed are not substitutes for attentive driving. Please see your owner's manual for further details and important limitations. 8 Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws.
