The Ultimate
Driving Machine®

A BMW that's open to the air – and to innovative engineering.

Push its Start button, and it will push yours.

**Raises the roof – and the standard for
all-around performance.**

A vehicle in which “innovation” and
“comfort” are synonymous.

Even with an abundance of fresh air, you'll still be left breathless.

The 3 Series Convertible:
It's time to open up.

The road ahead. The skies above. And the perfect connection between the two.

This is how much has gone in.

At BMW, we create dynamic vehicles that thrill you with quick acceleration, predictable handling and unshakable control. We are also busy finding ways to sustain this level of performance while incorporating innovative fuels and technologies to help preserve the environment. This is what we refer to as "EfficientDynamics." This goal has led to the visionary CleanEnergy hydrogen-powered engine, which is currently used in the BMW Hydrogen 7 Sedan. BMW Advanced Diesel with BluePerformance, which offers diesel power with quick acceleration, increased fuel efficiency and reduced emissions, is being introduced to the U.S. in select models in 2009. In fact, every BMW on the road today comes standard with technology that boosts performance while simultaneously reducing fuel consumption and CO₂ emissions.

Double-VANOS

VANOS is BMW's valve timing system that can "steplessly" vary the points in the combustion cycle when valves open and close. Double-VANOS refers to the fact that it operates on both the intake and exhaust camshafts. Electronically controlled in response to engine speed, load and temperature, VANOS reduces emissions, and enhances low- to medium-speed torque, as well as fuel efficiency.

Aerodynamics

The more smoothly that air flows over a vehicle, the more efficiently it can operate. All BMWs are designed for a low coefficient of aerodynamic drag, which translates into quicker acceleration, more stable handling, quieter operation and greater fuel efficiency. A BMW's integrated front spoilers reduce the amount of air flowing underneath, minimizing front-end lift. This allows a BMW to hug the road at higher speeds for excellent stability.

Valvetronic

Instead of using a traditional throttle, Valvetronic technology in the 328i lets the engine breathe more easily by varying the lift height of the valves to regulate air intake. The result: improved cold starts, smoother running, and a significant drop in fuel consumption. Using revolutionary technology such as this, BMW has improved its overall average fuel economy more than any other manufacturer.

Efficient transmissions

The 3 Series Convertible offers a choice of two 6-speed transmissions: a smooth-shifting manual, and an equally fuel-efficient STEPTRONIC automatic transmission.

Lightweight construction

Our engineers use lightweight aluminum throughout our vehicles – in the front section, for example, or for the suspension. BMW's inline six-cylinder twin-turbo engine is all aluminum; the naturally aspirated inline six is an aluminum/magnesium composite – the lightest in its class. Taken together, these weight savings lead to lower fuel consumption and better axle load distribution for more agility – especially in curves.

Twin-turbocharged engine

Benefiting from BMW's twin-turbocharging technology, the 300-hp 335i delivers quick acceleration without any "turbo-lag." Fuel economy is strong, as well, thanks to precise piezo direct fuel injection.

And this is what comes out.

BMW models have low CO₂ emissions today. But that's just for starters. We're carrying on our research in the quest to bring you greater driving pleasure, with fewer emissions and decreased fuel consumption.

■ **Xenon Adaptive Headlights** provide brilliant clarity of the road ahead and to the side at night and in conditions with poor visibility. The dynamic auto-leveling feature adjusts for varying passenger and cargo loads, helping to keep headlight glare out of the eyes of oncoming drivers. BMW Adaptive Headlights provide optimum road illumination around corners, thanks to an electromechanical control system that directs the headlights into and around the bend as soon as the vehicle begins cornering. The Corona headlight-rings that circle both headlights and high beams also act separately as Daytime Running Lights and parking lights.

■ BMW's distinctive front kidney-shaped grille features a chrome surround and vertical slats on all 3 Series Convertibles.

■ **Halogen free-form foglights**, integrated into the deep front spoiler, enhance your margin of safety in bad visibility. Ellipsoid free-form technology ensures even light distribution on the road.

■ **Adaptive Brake Lights** help other drivers recognize the intensity of your braking actions. In emergency braking, the illuminated area of the brake lights increases, alerting drivers behind you to brake quickly.

■ Standard equipment

□ Optional equipment

■ 17 x 8.0 Star Spoke (Style 157) light alloy wheels with 225/45 run-flat¹ all-season tires. (std. on 328i)

■ 17 x 8.0 Star Spoke (Style 185) light alloy wheels with 225/45 run-flat¹ all-season tires. (std. on 335i)

□ Cross Spoke (Style 197) light alloy wheels and run-flat¹ performance tires.²
In front: 18 x 8.0 wheels and 225/40 tires;
in back: 18 x 8.5 wheels and 255/35 tires.
(included in 328i Sport Package)

□ Star Spoke (Style 230) light alloy wheels and run-flat¹ performance tires.²
In front: 19 x 8.0 wheels and 225/35 tires; in back: 19 x 9.0 wheels and 255/30 tires.
(opt. on 335i, requires optional Sport Package)

□ Star Spoke (Style 189) light alloy wheels and run-flat¹ performance tires.²
In front: 18 x 8.0 wheels and 225/40 tires;
in back: 18 x 8.5 wheels and 255/35 tires.
(included in 335i Sport Package)

¹Run-flat tires do not come equipped with a spare tire.

²Performance tires not recommended for driving in ice and snow. Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages.

■ Standard equipment

□ Optional equipment

□ **Steering wheel-mounted paddle shifters**¹ allow you to quickly upshift and downshift without a clutch.

¹ The 3 Series Convertible, when equipped with optional STEPTRONIC automatic transmission and optional Sport Package, also comes with steering wheel-mounted paddle shifters.

■ **6-speed manual transmission** delivers a precise, athletic feel. Its responsiveness is due, in part, to the enhanced synchronization of shifts from neutral to each gear. A shortened shift lever and “throw” add to the sporty feel of the gearbox. The sixth gear drops revs at highway speeds for smooth cruising.

□ **6-speed STEPTRONIC automatic transmission** provides a choice of three modes: “Drive” with Adaptive Transmission Control; a more dynamic “Sport” mode; and STEPTRONIC automatic, for the hands-on control of a manual without a clutch.¹

■ **Storage compartments** are integrated into both doors. A tilt-out bin below the armrest offers different compartments in which to tuck away sunglasses, change and other small items; a convenient open storage space for maps and larger items is just behind it.

¹When both optional Sport Package and optional STEPTRONIC automatic transmission are ordered, optional paddle shifters are automatically added.

■ Standard equipment

□ Optional equipment

■ **BMW Ambiance Lighting** adds a touch of elegance to cabin lighting. In addition to soft, white light, turn the headlights on to enjoy the drama of a warm reddish light that runs from front to rear beneath the inner door ledge.

■ **Seat-integrated front safety belts** help keep occupants firmly and comfortably in place. The seat-integrated design also helps ease entry and exit for rear-seat passengers.

■ **Rear console** provides rear-seat occupants with ample storage, both open and covered, and rear-cabin climate controls.

■ Standard equipment

□ Optional equipment

□ **Navigation system** features a high-resolution, glare-free monitor. Using GPS satellites in conjunction with data stored on an internal hard drive, a choice of detailed maps show – and tell – the directions to your desired destination. In many areas,¹ it also provides Real Time Traffic Information on potential traffic problems along your route, and can even plan a detour around them.

¹ See bmwusa.com for up-to-date coverage.

□ With the optional Navigation system, you can program up to six easy-access **memory keys** with your most frequently used functions. At a touch, call up your favorite radio stations, Navigation system addresses, phone numbers,² and more.

² Requires optional **Bluetooth**® wireless technology and a BMW-approved **Bluetooth** enabled mobile phone.

■ **Dynamic Cruise Control** lets you store and keep to a chosen speed above 20 mph, automatically applying the brakes on a downhill. It is activated via the left-hand steering column switch and deactivated by applying the brakes or via the switch.³

³ Cruise Control is not a substitute for the driver's own responsibility in adjusting speed and otherwise controlling the vehicle. Due to road, traffic and visibility conditions, the driver decides whether and how the system is used.

■ **Engine Start/Stop button⁴ and remote key** control the engine. First, insert the remote key into the starter switch slot. After the electronic identification system confirms that it is the correct remote key, you can start (or later, turn off) the engine by pressing the Start/Stop button.

⁴ Foot must be on brake, and with manual transmission must also depress the clutch, in order to start.

■ **Auxiliary input port** lets you connect an external audio source, such as an iPod® or MP3 player.

□ **iPod and USB adaptor** lets you scroll through and select the music you want by using the car's radio controls, the multi-function steering wheel buttons or iDrive Controller. Music titles are displayed on the radio or Navigation screen.

■ Standard equipment

□ Optional equipment

□ **SIRIUS Satellite Radio** delivers almost 200 channels of nonstop sports, news/talk, entertainment, traffic/weather, and 100% commercial-free music – all day, all night, across the continental U.S.

□ **Logic7 Surround Sound** anti-theft AM/FM stereo CD/MP3 player audio system provides outstanding sound with 13 speakers and the adjustable surround sound function to create a luxurious soundscape all around you. The subwoofer speakers are in the door sill and produce an authentic bass sound.

■ **BMW anti-theft AM/FM stereo CD/MP3 player audio system** includes Radio Data System (RDS), Auto-Store, and 3-channel FM diversity antenna; reads/displays song title and other information.

□ **HD Radio™** receives free, digital AM/FM broadcasts across the U.S. in clear, static-free quality sound – AM sounds like FM; FM sound like CD. Also enjoy new “multicast” FM stations, as well as a variety of innovative data services. Can be ordered in conjunction with optional Logic7 Surround Sound stereo.

For more information on HD Radio receivers and to find HD Radio AM/FM stations near you, visit HDRadio.com.

■ The **on-board computer** with Check Control provides feedback on the vehicle's operating status: oil level indicator and distance to next service appointment/oil change, as well as other detailed information, such as spark plug and micro-filter status. It also provides travel information: travel range on remaining fuel, external temperature, and more.

□ **Active Cruise Control** system uses radar measurements to automatically maintain a pre-set speed and distance between your vehicle and the one ahead in highway driving.¹

¹Active Cruise Control is not a substitute for the driver's own responsibility in adjusting speed and otherwise controlling the vehicle. Due to the road, traffic and visibility conditions, the driver decides whether and how the system is used.

□ **Heated front seats** are a welcome feature for driver and front passenger in cooler weather. With the touch of a button, seat surface and backrest are heated and quickly radiate comfortable warmth in your choice of three settings. (opt. and included in Cold Weather Package)

□ **Park Distance Control** uses ultrasonic sensors in the rear bumper to help you judge the distance to other cars and unseen objects when parking. The beeping becomes faster as your bumper approaches the object, turning into a constant tone when the distance is less than 12 inches.

Shown with optional Navigation system.

□ **BMW Assist™²** and **Bluetooth®** system offers hands-free calling through your BMW-approved **Bluetooth** phone. The BMW Assist Safety Plan is included for four years, providing Automatic Collision Notification. (opt. and included in Premium Package)

²The optional Convenience Plan offers Directions, Traffic, Weather, Critical Calling and Concierge services.

□ **Comfort Access system** offers keyless access to your car. By carrying the remote key in a pocket or purse, you can unlock the doors by touching the door handle, and turn the engine on or off by pressing the Start/Stop button.³ This option also includes the Comfort Opening and Loading feature.

³Foot must be on brake, and with manual transmission must also depress the clutch, in order to start.

□ **Comfort Opening and Loading** feature (included with optional Comfort Access) offers a quick, easy way to stow and remove luggage or large packages from the trunk when the top is down. Simply press a button on the remote key to raise the hardtop up and out of the trunk and "freeze" it in position; another press neatly lowers the hardtop back into the trunk.

Premium Package: Add more luxury, practicality and security to the 3 Series Convertible with the Premium Package. You'll enjoy the beauty and comfort of supple Dakota Leather upholstery⁴ with Sun-Reflective Technology, and front-seat four-way adjustable lumbar support. Automatic-dimming mirrors enhance nighttime visibility: the exterior side-view mirrors are power-adjustable; inside, the rear-view mirror includes a handy digital compass. Both exterior mirrors have a power-folding feature, and the right side-view mirror automatically tilts down when the vehicle is shifted into reverse gear. The Premium Package also includes an integrated three-button Universal garage-door opener, BMW Assist™ for roadgoing peace of mind, and **Bluetooth**® wireless technology to let you make and receive calls without taking your eyes from the road.⁵

⁴Dakota Leather upholstery standard in 335i.

⁵Requires BMW-approved **Bluetooth** enabled phone.

BMW Universal garage-door opener takes the place of up to three remote-control devices, helping to eliminate clutter. It can activate remote functions outside the vehicle, such as garage-door openers or home-lighting systems. Also shown: the **automatic-dimming rear-view mirror** with digital compass.

Dakota Leather upholstery⁶ cradles driver and passengers in softly gathered comfort. Durable and easy to maintain, a leather interior adds elegance and refinement. In the Convertible, Dakota Leather upholstery includes BMW's exclusive Sun-Reflective Technology, which helps keep seats and other upholstered surfaces cooler to the touch, even when the top is left down. Ten-way power-adjustable front seats offer customized comfort and the convenience of seat and exterior mirror memory.

⁶Dakota Leather upholstery standard in 335i.

Shown with Saddle Brown/Black Dakota Leather upholstery, Dark Burl Walnut Wood trim, and optional Navigation system.

Lumbar support for front seats adds four-way adjustable comfort for the lower back. Lumbar support can be adjusted up/down and in/out.

BMW Assist™⁷ and **Bluetooth**® system offers hands-free calling through your BMW-approved **Bluetooth** phone. The BMW Assist Safety Plan is included for four years, providing Automatic Collision Notification, Emergency and Roadside Assistance, Door Unlock, Stolen Vehicle Recovery, TeleService and more.

⁷The optional Convenience Plan offers Directions, Traffic, Weather, Critical Calling and Concierge services.

Cold Weather Package: Enjoy winter to the fullest with the Cold Weather Package. There's nothing like the feeling of quick-warming heated front seats and a heated steering wheel on a chilly morning – or the reassurance of clean, bright headlights on a stormy night. And for transporting long objects, such as skis and snowboards, the through-loading rear seats offer a convenient solution for those en route to the slopes. A cargo bag is also included to protect the items you are transporting, as well as the interior cabin and trunk surfaces.

Retractable **high-intensity headlight washers** help keep lights clean of ice, mud, road salt and other coatings, for maximum road lighting and enhanced driving safety.

Heated steering wheel is a feature that, like heated seats, becomes a “must-have” once it’s experienced. The heating switch is conveniently located on the steering column.

Heated front seats are a welcome feature for driver and front passenger in cooler weather. With the touch of a button, the seat surface and backrest are heated and quickly radiate comfortable warmth in your choice of three settings.

Through-loading hatch opening is almost 16 inches wide. With the backrest folded down, skis, snowboards, and other long items can be transported – even with the top down. Two fastener hooks conveniently transport items, such as grocery bags, in an upright position.

Sport Package:¹ The Sport Package's larger wheels and run-flat performance tires add to the excitement of the 3 Series Convertible, while sport suspension calibration adds to cornering stability. Adjustable side bolsters in the 10-way power front sport seats hold you firmly in place during sporty driving maneuvers and cradle you comfortably over long distances. When equipped with the Sport Package and optional STEPTRONIC automatic transmission, the Convertible comes with steering wheel-mounted paddle shifters.

Cross Spoke (Style 197) light alloy wheels and run-flat² performance tires.³
In front: 18 x 8.0 wheels and 225/40 tires;
in back: 18 x 8.5 wheels and 255/35 tires.
(328i Sport Package)

10-way power adjustable front sport seats with two-way manual headrests and thigh support make the driving experience more enjoyable. Side bolsters can be power-adjusted to fit your back comfortably while helping to hold you firmly in place during cornering.

Shown with Coral Red/Black Dakota Leather upholstery, Aluminum interior trim, and optional Navigation system.

Star Spoke (Style 189) light alloy wheels and run-flat² performance tires.³
In front: 18 x 8.0 wheels and 225/40 tires;
in back: 18 x 8.5 wheels and 255/35 tires.

Star Spoke (Style 230) light alloy wheels and run-flat² performance tires.³
In front: 19 x 8.0 wheels and 225/35 tires;
in back: 19 x 9.0 wheels and 255/30 tires.
(opt. on 335i, requires opt. Sport Package)

¹328i requires optional Dakota Leather upholstery or Premium Package.

²Run-flat tires do not come equipped with spare tire.

³Performance tires not recommended for driving in snow and ice. Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages.

BMW and the environment.

BMW is a strong proponent of the environment and social responsibility. It is important to manage the earth's resources responsibly, and not jeopardize the needs of future generations. That is why BMW makes vehicles that minimize adverse environmental impact, from production (pollution prevention and waste minimization at the plant) through owner use (low emissions) to eventual disposal (easy drainability of all fluid-related components and easy neutralization of all pyrotechnic devices).

This effort has been recognized worldwide and, as a result, we are pleased to have received numerous environmental honors. In the U.S., for example, the Environmental Protection Agency accepted BMW's Spartanburg, SC production and manufacturing facility as a charter member of the agency's National Environmental Performance Track. Internationally, BMW AG – the parent company of both BMW of North America and BMW Manufacturing Co., Spartanburg, SC – was the first automotive company to be represented on the Dow Jones Sustainability Group Index, and has remained on the Index ever since. At BMW, we strive for high performance in everything we do.
