THE ICON IS BACK

COUPE

After 20 years, the legendary All-New 8 returns, offering the highest levels of luxury, performance and technology. The stunning design recalls the styling of both traditional sports coupes and classic BMW racecars. With its agility and precision, this advanced 2+2 seater delivers a thrilling – and unparalleled – driving experience.
HIGH ACHIEVER.
The all-new BMW M850i xDrive Coupe features a 4.4-liter TwinPower Turbo V-8 engine with 523 hp and 553 lb-ft torque. The engine is acoustically enthralling as well: Enhanced by the valve-controlled sport exhaust system, it boasts a versatile character that can adapt effortlessly to relaxed cruising as well. When you’re ready for takeoff, go 0–60 mph in just 3.6 seconds.¹

¹ BMW AG preliminary test results. Actual acceleration results may vary, depending on specification of vehicle, road and environmental conditions, testing procedures and driving style. These results should be used for comparison only and verification should not be attempted on public roads. BMW urges you to obey all posted speed laws and always wear safety belts.
WORK OF ART.
The exquisitely designed All-New B Series is defined by its low-slung appearance, elongated silhouette with slim window pillars, a roofline with distinctive contouring, long wheelbase and wide track. Adding to the signature look are headlights with BMW Laserlight technology – the slimmest headlights of any BMW to date.

1 Run-flat tires do not come equipped with a spare wheel and tire; non-run-flat tires come equipped with a Mobility Kit.
2 Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires, which provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.
3 Performance tires are not recommended for driving in ice and snow conditions.
