There is something about a convertible that speaks to you. What it’s saying cannot be put into words.

It’s a language formed by rhythmic beat, a driving pulse that seems to be asking you, “If not now, when? If not here, where?” Introducing Cascada.

Meticulously crafted for those who demand thoughtful attention to detail and an inspired open-air experience. Created in the belief that luxury isn’t an acquisition, but an attitude: Live Life Wide Open.

A BEAUTIFUL, SPIRITED NEW CONVERTIBLE FROM BUICK.
You’re not the kind who waits until it’s 72 and sunny to experience what it feels like to drive with the top down. Not when you know you’re just 17 seconds—the time it takes for Cascada’s top to lower—from being right where you want to be.

The push of a button transforms a comfortably quiet sedan into an open-air convertible, even when driving up to 31 mph. So you can make the most of your Cascada experience on sunny days, rainy days and every day in between.

The top automatically stows itself under a hard tonneau cover. Want the top up? Raising it from under the cover takes 19 seconds.
Be open to the beautiful.
Open to the inspired. Open to the thoughtful. That’s what happens when you open yourself up to Cascada.
An open top and an open road: two things you know make for an extraordinary drive, whether you’re headed across town or across country. It starts with an exceptionally rigid chassis, purposefully designed from the outset for a convertible. A high degree of torsional stiffness is ESSENTIAL TO ACHIEVING REFINED DRIVING DYNAMICS. In Cascada, this firm foundation translates into a feeling of supreme confidence. As the driver, you’ll immediately sense the power of its turbocharged engine and the agility of its sport-tuned suspension.
YOU AREN’T MERELY DRAWN TO A CONVERTIBLE FOR ITS OUTWARD APPEARANCE. JUST AS IMPORTANT IS WHAT’S INSIDE.

Refined materials, luxurious textures, premium features and advanced technologies: Cascada artfully fuses each of these elements into a holistic driving experience that’s comfortable, secure and connected.

Settle into the warm welcome of the standard heated driver and front-passenger seats. To help you buckle yourself in, electronic safety belt presenters mounted at shoulder level behind the doors magically slide forward, bringing the safety belt to your hand. Closing the door and turning on the ignition activates it. Once the safety belt has been fastened, the presenter returns into its housing.

- That steering wheel you’ve just wrapped your hands around is heated, too.
- Looking to stay cool? So is Cascada’s leather-appointed seating. It’s heat-reflective to reduce the heat buildup and lower the surface temperature by up to 30 degrees in direct or indirect sunlight.
- To help keep order on board, Cascada has 13 places where you can easily and conveniently store your possessions.
- The rear seat-release feature creates a pass-through in the trunk that makes storing longer items easy.
Designed from the outset as a true 2+2 convertible, Cascada offers spacious seating for four. An Easy Entry System means your rear-seat passengers will find it surprisingly easy to step in or out of the rear compartment. Simply move the front seatbacks forward, and the seats automatically slide forward. The front seats return to their original positions when the seatbacks are moved rearward.
With a silhouette that looks stunning whether the top is up or down, Cascada’s sculpted profile is an expression of the spirited performance that awaits you. The taut creases shaping the steel body and fabric top, the bold bodyside lines and the 20-inch alloy wheels are all further evidence of its athleticism. And up front, Buick’s signature wing-shape Light-Emitting Diode (LED) daytime running lamps frame Cascada’s expressive face.
The rigid Cascada body structure was purposely built as a convertible with strategic use of high-strength steel. The windshield pillars use press-hardened steel in the inner structures, reinforced with high-strength, hot-rolled and cold-bent tubes within the pillars. Underbody reinforcements include X-braces, V-braces and additional brackets. It’s all to help Cascada surround you and your passengers in a security zone.

Up front, a 7-inch diagonal color touch-screen that’s part of Buick IntelliLink® provides on-the-go information, including Text Message Alerts. And there’s Siri® Eyes Free® for Apple® phones with an iOS 6 or newer operating system.

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle’s Owner’s Manual for more important safety information.

**ROLLOVER POP-UP BARS**
A reinforced bulkhead behind the rear seats houses high-strength steel pop-up roll bars. When the possibility of a rollover is detected, pop-up bars deploy behind the rear seats and are designed to extend approximately 14 inches to approximately the height of the windshield.

**LANE DEPARTURE WARNING**
Using onboard cameras, available Lane Departure Warning constantly monitors lane markings on the road. If it senses you are moving from your lane without using your turn signal, it gives you a visual and audible alert to help you be aware.

**FORWARD COLLISION ALERT**
Available Forward Collision Alert uses cameras mounted inside the rearview mirror. The system can alert you to a possible collision threat so you can take action to reduce the risk of having a frontal collision.

---

1 Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. Data plan rates apply.

2 Requires IntelliLink and compatible iPhone® running iOS 6 or newer.
There are questions that defy rational explanation and must be pondered purely as a matter of emotion. What makes Cascada the perfect convertible for a winding stretch of road?
You don’t need to be a performance enthusiast to appreciate Cascada’s turbocharged engine. What matters is that you’ll have the means to drive however it suits you. And to ensure the responsive power connected to your right foot is smooth and quiet, the engine features twin harmonic balancing shafts. All of which will do wonders for your own harmonic balance.

**1.6L I-4 TURBO ENGINE**
Rated at 200 horsepower, the compact 1.6L inline 4-cylinder turbocharged engine delivers strong torque, too—estimated 207 lb-ft. There’s even an overboost phase that briefly pushes torque to an estimated 221 lb-ft!  

**HiPER STRUT FRONT SUSPENSION**
An innovative HiPer Strut front suspension uses dual-path top mounts to separate the spring and damper loads transferred to the body structure. When something impacts the front suspension, the negative effects on steering feedback are minimized: There’s less torque steer and more camber control, and the driver enjoys a more direct, linear steering response.

**STRUCTURAL DYNAMICS**
A rigid chassis is at the core of Cascada’s refined driving experience. Minimizing chassis flex meant our engineers could tune the suspension and steering characteristics with a high degree of precision. The result: handling, control, ride comfort and an overall sense of driving confidence.

**ELECTRIC POWER STEERING**
Steering inputs are executed by a rack-mounted electric power steering system. It gives you more immediate steering feedback, while stopping power is handled by four-wheel anti-lock disc brakes.

**SPORT-LOWEDED CHASSIS**
Want to raise the adrenaline of a driver? Lower your chassis. That’s what the suspension engineers did to help Cascada get optimal grip from its big, bold 20-inch alloy wheels.

GM estimated.
The world moves faster every day. Cascada has the technology built in to help you keep up.

Passengers in the Cascada can download on the go with available OnStar 4G LTE connectivity. Cascada has a built-in Wi-Fi® hotspot, usable within approximately 50 feet of the car and able to add up to seven devices. The available Wi-Fi hotspot is on whenever the vehicle is on and it comes with a 3-month/3GB data trial, whichever comes first.

Let the streaming commence.

BUICK CASCADA SHOWN IN FLIP CHIP SILVER METALLIC

CONNECTIONS

ONSTAR WITH AVAILABLE 4G LTE®: With powerful 4G LTE connectivity built right into your Cascada, you have your very own mobile command center that provides fast service delivery and lets you stay connected on the go.

AVAILABLE WI-FI HOTSPOT®: Now your car has its own Wi-Fi hotspot for connecting up to seven tablets, laptops or mobile devices at 4G LTE speed, so the content you crave is always headed where you are. Requires a data plan after the 3-month or 3GB trial period (whichever comes first).

REMOTE SERVICES®: A simple call to an OnStar Advisor can send a signal to start your Cascada, unlock your doors or honk the horn and flash the lights. It’s technology hard at work to get you back on the road.

AVAILABLE HANDS-FREE CALLING®: Your car has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn’t available. Choose from minute bundles or a minutes-per-month plan.

MYBUICK REMOTE APP®: Now you can control your car from anywhere you can get a signal. You can remotely start your vehicle from virtually any distance, locate your vehicle on a map, lock or unlock your doors, send destinations to your car, honk your horn and flash your lights.

AVAILABLE ONSTAR FAMILY LINK®: Now you can have peace of mind when family members travel without you. You can view your car’s location on a map, or receive email or text alerts with your car’s location at specific times. There’s a small charge for this service.

ATYOURSERVICE®: OnStar AtYourService is a new way to discover value in the places you go. You’ll get valuable offers for better ways to eat, shop, work and play through a simple press of the blue OnStar button. Or when you aren’t driving, you can get offers delivered right to your OnStar RemoteLink mobile app. AtYourService makes where you go and what you do more rewarding.

INNOVATION
No matter where you’re headed, OnStar can help keep you safe, connected and ready for the road ahead.

**EMERGENCY**

**Automatic Crash Response**
If you’re in a crash, built-in sensors can automatically alert an OnStar Advisor. An Advisor is immediately connected to your vehicle to see if you need help, even if you can’t ask for it.

**Emergency Services**
One push of the red emergency button gives you a priority connection to an OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives.

**Crisis Assist**
In severe weather conditions or a crisis, Advisors can provide a fast, knowledgeable resource if you need emergency assistance, evacuation routes and other resources. OnStar can also contact family members for you.

**Roadside Assistance**
If you’re stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

**SECURITY**

**Stolen Vehicle Assistance**
If your car is stolen, once it’s been reported, OnStar can use GPS technology to locate it and work with local police to help recover it. One simple call puts a team into action, giving you the power and confidence to help recover your vehicle quickly and safely. And with new Theft Alarm Notification, if your car alarm sounds, we can notify you.

**NAVIGATION**

**Turn-by-Turn Navigation**
Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of more than 14 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the RemoteLink mobile app.

**DIAGNOSTICS**

**Advanced Diagnostics**
Feel confident and safe knowing you have a self-diagnosing vehicle with Advanced Diagnostics. Now your vehicle can easily run a check on its key systems and send a monthly diagnostics report. With Advanced Diagnostics, you’ll know more and worry less.
This is when the Cascada starts to become your Cascada. Choose from six colors for the exterior finish and two colors for the leather-appointed interior. Suddenly, Cascada is something that does more than let you soak up the sun. It reflects your personal sense of style, your individual aesthetic. And what could be more comfortable than a sensuously shaped Buick convertible that fits your idea of fun?

- Not available on 1SV.
### STANDARD EQUIPMENT

**POWER AND PERFORMANCE**
- Drive: Front-wheel drive
- Engine: 1.5L 4-cylinder Turbo with VVT
- Trans: 6-speed automatic
- Suspension: Front: independent, rear: independent
- Brakes: 4-wheel power anti-lock, 4-wheel disc
- Exhaust: Single-outlet stainless-steel with bright tip

**COMFORT AND CONVENIENCE**
- Air Conditioning: Dual zone (climate control)/Cruise Control: Vanishing Sunroof window
- Driver Information Center: With trip odometer, fuel range, average fuel economy, tire pressure and oil life
- Radio: 8-inch color touch-screen, MYLink, Bluetooth® audio, SiriusXM™ Radio, HD Radio, 9-speaker system

**ENTERTAINMENT SYSTEMS**
- Audio System with Navigation: Buick IntelliLink® with AM/FM, 7-inch diagonal high-resolution color touch-screen, CarPlay, MYLink, GPS navigation, auxiliary input and USB port
- Buick IntelliLink® Smartphone control via voice command and rearview camera (not available on all vehicles)
- Rear Vision Camera: Includes Surround Vision® feature
- SiriusXM Satellite Radio: Includes 3 trial months of service. For more information, visit siriusxm.com.

**POWER AND PERFORMANCE**
- Base engine: 2.5L 4-cylinder Turbo
- Power: 200 hp at 5000 rpm
- Torque: 220 lb-ft at 2000 rpm

### SPECIFICATIONS

**DIMENSIONS (INCHES)**
- Wheelbase: 105.1
- Overall length: 207.7
- Overall height: 56.6
- Overall width: 72.5
- Legroom, front: 40.8
- Legroom, rear: 37.8

**SPECIFICATIONS AND CAPACITIES**
- Power: 200 hp at 5000 rpm
- Torque: 220 lb-ft at 2000 rpm

**SAFETY AND SECURITY**
- Air Bags: Dual-stage frontal and knee for driver and front passenger and seat-mounted side impact for front seating positions and front passenger sensing system
- OnStar®: 6 months of Guidance Plan
- Rear Vision Camera: Animated Follow-Up Pop-up box

- 6 years/100,000 miles (whichever comes first): General Motors Limited Warranty
- 2 years/24,000 miles (whichever comes first): GM OnStar® Services and Assist

### IMPORTANT WORDS

Since some information may have been updated since the time of printing (February 2016), please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to stop and end model years at different times.

**NEW VEHICLE LIMITED WARRANTY**
- The warranty is for GM vehicles registered in the USA. See your Buick dealer for terms and conditions.
- New 4 years/50,000 miles (whichever comes first). Buick’s limited warranty is the longest warranty in the midsize luxury car segment.

**TRAILERING AND OFF-ROAD DRIVING INFORMATION**
- Please go to buick.com and carefully review the owner’s manual for important safety information about trailering or off-road driving in your vehicle.

**A NOTE ON CHILD SAFETY**
- Always use safety belts and the correct child restraint for your child’s age and size, even with air bags. Even if your vehicle is equipped in the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag.

**FLEET ORDERS**
- Some standard content may be deleted with fleet orders. See dealer for details.

**TO TAKE OWNERSHIP TO THE NEXT LEVEL**
- Create an Owner Center account to gain unrestricted access to everything you need to get the most out of your new vehicle. Receive alerts and service offers, schedule service, view vehicle-specific beats and video and check service records. All online, anytime. Go to buick.com to take a test or purchase your Buick today.
