WHEN WILL YOUR EXPECTATIONS BE SHATTERED?

When you experience the 2016 Buick LaCrosse. What sets it apart from other luxury sedans is how LaCrosse blends comfort, technology and performance innovations to create a car of exceptional substance and style. Advanced available safety features—including Lane Change Alert, Lane Departure Warning, Forward Collision Alert and the Safety Alert Seat—surround you with security. An available All-Wheel-Drive (AWD) system heightens your confidence.

Vehicles shown may contain optional equipment.
Settle into the available premium leather-appointed seating. Ice-blue ambient lighting and the soft-touch instrument panel surround you to make your ride more comfortable and enjoyable. Below the center screen, the dual-zone climate controls and available heated and ventilated front seats can be easily controlled by using intuitive capacitive touch controls, meaning fewer buttons and putting every control just where you need it.
WHEN THE MOOD IS RELAXED

Your passengers’ comfort isn’t left to chance, either. In fact, our engineers designed first-class rear seating in this luxury sedan to have more rear leg room than even the Lexus ES 350, Acura TLX and Infiniti Q70 sedans. Settle into a place where the noise of the world falls away and you can enjoy hearing the sounds you prefer—a favorite song, a good conversation or simply the smooth acceleration of the engine.
In the 2016 LaCrosse, OnStar® with 4G LTE and a built-in Wi-Fi® hotspot turn your LaCrosse into a reliable mobile hub, with great signal quality and bandwidth. This available technology provides a fast way for your passengers to tap into available high-speed wireless Internet. They can connect up to seven mobile devices to browse websites, stream movies, send e-mails and more.

Available Wi-Fi Hotspot®
Now your car has its own Wi-Fi hotspot for connecting up to seven tablets, laptops or mobile devices at 4G LTE speed, so the content you crave is always headed where you are. Requires a data plan after the 3-month or 3GB trial period (whichever comes first).

Hands-Free Calling®
Your car has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn’t available. Choose from minute bundles or a minutes-per-month plan.

OnStar RemoteLink Mobile App®
You can remotely start your vehicle from virtually any distance, locate your vehicle on a map, lock or unlock your doors, send destinations to your car, honk your horn and flash your lights. With RemoteLink, you can control your car from anywhere you can get a signal.

OnStar Family Link®
Now you can have peace of mind when family members travel without you. You can view your car’s location on a map, or receive e-mail or text alerts with your car’s location at specific times. There’s a small charge for this service.

OnStar AtYourService®
OnStar AtYourService is a new way to discover value in the places you go. You get special offers for better ways to eat, work, shop and play, delivered directly to your RemoteLink mobile app or through a simple press of the blue OnStar button. AtYourService makes where you go and what you do more rewarding.

4G LTE WI-FI CONNECTS YOU
WHEN IT’S MUSIC TO YOUR EARS

With Bluetooth®1 and USB connectivity,2 LaCrosse lets you use your smartphone to access your favorite available music apps,3 such as Pandora®4 and play music you’ve downloaded and stored on your phone. And you can hear it all through an available Bose®5 11-speaker sound system: Engineered specifically for the LaCrosse cabin, music sounds full and detailed.
Use your voice to control the Buick IntelliLink® interactive audio system or have the optional Navigation System 2 guide you to what you’re looking for. Your compatible smartphone connects via Bluetooth® to LaCrosse’s high-resolution, 8-inch diagonal LCD screen. You’re doing all of this while keeping your hands on the wheel and eyes squarely on the road.

SIRIUSXM
LaCrosse comes with a 3-month trial of SiriusXM Satellite Radio 5. You’ll hear digital clarity 175+ channels of commercial-free music from every genre, live play-by-play sports, the biggest news and talk and the hottest entertainment at your fingertips, 24/7.

STAY IN CONTACT
IntelliLink® automatically stores your phone contacts for quick access. Simply tell it which of your contacts you want to call, and it dials the number.

APPLE CARPLAY™
New for 2016 is support for Apple CarPlay™. It’s the smarter way to use your iPhone® inside your LaCrosse. Now many of the functions you use your phone for—entertainment, communication and directions—appear on the LaCrosse LCD screen.

MUSIC ON DEMAND
With the ease of advanced voice recognition (or steering-wheel-mounted controls), you have access to available audio apps 4 on your phone such as Pandora internet radio or Stitcher® SmartRadio.

WHEN THE ROAD IS CALLING

1 Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity.
2 Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. To my buick.com/learn to find out which phones are compatible with the vehicle.
3 Data plan rates apply.
4 You’ll hear with digital clarity 175+ channels of commercial-free music from every genre, live play-by-play sports, the biggest news and talk and the hottest entertainment at your fingertips, 24/7.
5 Data plan rates apply.
6 If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change.
7 Vehicle user interface is a product of Apple® and Apple’s® terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply.
LaCrosse has its priorities in the right place: everywhere. In the center-mounted information screen, the standard Rear Vision Camera helps you see what’s behind your LaCrosse, and available Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. In the available High-Intensity Discharge xenon headlamps, where an articulating feature helps you see around corners. And on the opposite page, you can read about available safety features such as Forward Collision Alert, Lane Departure Warning and Side Blind Zone Alert. These safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner’s Manual for more important safety information.

WHEN PROTECTION HAS YOU SURROUNDED

FORWARD COLLISION ALERT
When you’re approaching a vehicle ahead too quickly, Forward Collision Alert lets you know with audio and visual warnings, plus a gentle vibration of the driver’s seat. Consider it a high-tech way of reminding you to slow down and enjoy the ride.

REAR CROSS TRAFFIC ALERT
A camera in the rear captures a view behind the car, while radar sensors detect vehicles approaching from the left or right within 65 feet. The system alerts you audibly and by flashing a warning signal on the Rear Vision Camera screen. And if equipped with the Safety Alert Seat, the left or right side of the seat bottom will vibrate.

SIDE BLIND ZONE ALERT
Using radar technology to help you avoid a collision, Side Blind Zone Alert warns you when vehicles entering your blind zone are detected by sensors on either side of your LaCrosse. A warning icon appears in your outside rearview mirror.

LANE DEPARTURE WARNING
Lane Departure Warning provides both an audio and visual alert should your LaCrosse drift out of its lane without you first having activated your turn signal.
LaCrosse is available with an ALL-WHEEL-DRIVE (AWD) system that offers enhanced traction. Combined with an electronic limited-slip differential, AWD helps maximize traction by sending power to the wheel(s) with the most grip. In low-traction situations—such as rain, snow or ice—it can send up to 50 percent of engine torque to either front wheel and up to 85 percent to either rear wheel. And on dry roads, the benefits include enhanced acceleration, providing torque to all four wheels.
Available eAssist is a fuel-saving engine technology on LaCrosse. As the name implies, it uses a compact electric motor/generator and an advanced lithium-ion battery to assist LaCrosse and its 2.4L DOHC DI four-cylinder gasoline engine by conserving fuel in certain situations. When LaCrosse brakes to a stop, such as at a red light, eAssist can switch its power source from the gasoline engine to the electric motor. It returns to gas power when the driver’s foot leaves the brake pedal. Available eAssist also captures and stores energy in the battery as you coast or brake. This energy is used to run accessories when LaCrosse is stopped with the engine in auto stop mode. When needed, the stored energy also powers the electric motor, increasing the horsepower and torque of the 2.4L engine for enviable fuel economy of 36 mpg hwy.1

1EPA-est. 25 city/36 hwy mpg.
LaCrosse is engineered using a QuietTuning process. It’s a carefully orchestrated application of sound-reducing, sound-blocking and sound-absorbing measures, including a windshield shaped to minimize turbulence, triple door seals, optimized engine mounts and special sealants. The result is a cabin that’s quiet and calm. So go ahead. Close the door of your LaCrosse and shut out the noise.
WHEN YOU KNOW
YOU’VE ARRIVED
WHEN ONSTAR IS ON YOUR SIDE

With the Basic Plan, you’ll enjoy the powerful connection that comes standard with your vehicle for 5 years at no additional cost to you. You’ll have access to limited OnStar services, which include select features of the OnStar RemoteLink mobile app—to remote-start your car (if factory-installed), manage your available Wi-Fi hotspot, locate your vehicle on a map and lock/unlock your doors from your mobile device. Your car can even run its own diagnostic checks. And with OnStar with available 4G LTE, you have a high-speed Internet connection and your own built-in Wi-Fi hotspot.

EMERGENCY

Automatic Crash Response If you’re in a crash, built-in sensors can automatically alert an OnStar Advisor. An Advisor is immediately connected to your vehicle to see if you need help, even if you can’t ask for it. Emergency Services One push of the red emergency button gives you a priority connection to an OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you’re never alone.

Crisis Assist In severe weather conditions or a crisis, Advisors can provide a fast, knowledgeable resource if you need emergency assistance, evacuation routes and other resources. OnStar can also contact family members for you.

Roadside Assistance If you’re stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

SECURITY

Stolen Vehicle Assistance If your car is stolen, once it’s been reported, OnStar can use GPS technology to locate it and work with local police to help recover it. One simple call puts a team into action, giving you the power and confidence to help recover your vehicle quickly and safely. And with new Theft Alarm Notification, if your car alarm sounds, we can notify you.

NAVIGATION

Turn-by-Turn Navigation Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of over 14 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the RemoteLink mobile app.

DIAGNOSTICS

Advanced Diagnostics Feel confident and safe knowing you have a self-diagnosing vehicle with Advanced Diagnostics. Now your vehicle can easily run a check on its key systems and send you Diagnostic Alerts in real time. And the new Proactive Alerts feature can predict and alert you to potential issues before they become a problem. You’ll also receive scheduled maintenance alerts. With Advanced Diagnostics, you’ll know more and worry less.

*The OnStar Basic Plan is available for 5 years from the date of delivery of eligible 2013 model year and newer vehicles (as sold or transferred, including Advanced Diagnostics, Dealer Maintenance Notifications and access to limited RemoteLink mobile app features). The OnStar Basic Plan does not include emergency, security or navigation services. These and other services are available under a paid plan. Visit onstar.com for vehicle availability, coverage map, details and system limitations. Available 4G LTE WiFi requires compatible mobile device, active OnStar service and data plan. *Most OnStar unit for coverage map, details and system limitations. Services vary by model and conditions. *Available on select iOS, Android™, BlackBerry® and Windows® devices. Requires automatic locks and Tire Pressure Monitoring System. The OnStar Vehicle Locate Service can locate OnStar-equipped vehicles, not people. Currently available to U.S. subscribers only. Active OnStar service required. *Available 4G LTE WiFi requires compatible mobile device, active OnStar subscription and data plan. Visit onstar.com for details and system limitations. *Most OnStar unit for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may record all crash data. *Roadside services provided by Allstate Roadside Services. Visit onstar.com for details and system limitations. *Services vary by model and conditions. *Visit onstar.com for vehicle availability, details and system limitations. Theft Alarms Notification feature varies by make and model. Requires factory-installed theft deterrent system. Security or Guidance Plan and selection of notification communication preference. *Vehicle must be locked electronically to use the factory-installed Transponder system. Messaging and data rates apply. *Available ABS and Guidance Plan. Visit onstar.com for coverage map. Services vary by model. Ability to send a destination to a vehicle’s navigation screen through a smartphone or an OnStar Advisor is only available on 2016 model year and newer vehicles. *Capabilities vary by model. Visit onstar.com for details and system limitations. Message and data rates may apply. Requires an active OnStar service, e-mail address on file and enrollment in Advanced Diagnostics. Proactive Alerts are designed to predict specific types of issues based on information collected from the vehicle. Other factors may affect vehicle performance. In certain scenarios, a dealer service recall may be required to confirm the accuracy of the Proactive Alerts.
LaCrosse is one of the world’s most inviting luxury sedans, with a stunning exterior and interior combined with performance, safety and innovative features. When you add Buick Accessories, you can tailor LaCrosse to your own level of customization. Visit buickaccessories.com for more Buick Accessories information.

**ACCESSORIES:**

**CARGO ORGANIZER**
This durable, flexible, collapsible cargo organizer has multiple compartments to carry lightweight items of various sizes in the rear of your LaCrosse. The cargo organizer is black with a white embroidered Tri-Shield logo.

**SPOILER KIT**
This flush-mounted deck lid spoiler features a chrome design to add a sporty appearance to your LaCrosse. It’s available in a variety of colors.

**PREMIUM ALL-WEATHER FLOOR MATS**
These precision-designed premium all-weather front and rear floor mats feature a deep-ribbed pattern that collects rain, mud, snow and other debris for easy cleaning. Nibs on the back help keep them in place.

**WHEELS**
Personalize your LaCrosse with a range of attractive 18-inch or 19-inch accessory wheels, engineered and validated to GM specifications. Visit buickaccessories.com for more information.

**EXPERIENCE BUICK PROTECTION**
Every 2016 Buick model includes a maintenance program that covers the first two visits of oil and filter changes, tire rotations and 27-point inspections for up to 2 years or 24,000 miles, whichever comes first (does not include air filters). The program is fully transferrable to subsequent owners. See participating dealer for other restrictions and complete details.

**NEWVEHICLE LIMITED WARRANTY**
This warranty is for GM vehicles registered in the USA. See your Buick dealer for terms and conditions.

4 years/50,000 miles (whichever comes first): Bumper-to-Bumper Limited Warranty. The entire vehicle is warranted for repairs, including parts and labor, to correct defects in materials or workmanship. The warranty covers towing to the nearest Buick dealership, and there is no deductible for warranty repairs during the warranty period. The warranty transfers automatically with vehicle ownership during the warranty period.

6 years/70,000 miles (whichever comes first): Transferable Powertrain Limited Warranty plus Roadside Assistance and Courtesy Transportation.

6 years/100,000 miles (whichever comes first): Body and sheet metal components are warranted against rust-through corrosion.

**AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES**
Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alteration) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

**TAKEN OWNERSHIP TO THE NEXT LEVEL**
Create an Owner Center account to get unrestricted access to everything you need to get the most out of your new vehicle. Receive alerts and service offers, schedule service, view vehicle-specific how-to videos and check service records. All online, anytime. Go to mybuick.com to take a tour or register your Buick today.

**Important Words**

Since some information may have been updated since the time of printing (July 2015), please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

**ENGINES**
Buick products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Buick products may also be used in other GM makes and models.

**TRAILERING AND OFF-ROAD DRIVING INFORMATION**
Please go to buick.com and carefully review the vehicle Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

**A NOTE ON CHILD SAFETY**
Always use safety belts and the correct child restraint for your child’s age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a restraining infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner’s Manual and child safety seat instructions for more safety information.

**FLEET ORDERS**
Some standard content may be deleted with fleet orders. See dealer for details.
3.6L V6, DI VVT with E85 capability includes 18” 10-spoke aluminum wheels (eAssist).

**ENTERTAINMENT SYSTEMS**

- Audio System: **Buick IntelliLink** with AM/FM stereo, 6.5” diagonal high-resolution touch-screen, CD player, SiriusXM® satellite radio, and auxiliary port (Premium Group only)
