SUCCESS ISN'T MEASURED BY COULD'VE OR SHOULD'VE. IT'S MEASURED BY BEEN THERE AND DONE THAT.

Its look is distinctive. Its interior feels as if it was crafted just for you. And it delivers the kind of drive that makes you even more driven. Precise. Exact. Exhilarating. This is the new ATS Sedan.
Pressing the accelerator sets off a chain reaction, turning an ordinary ride into an inspiring drive. The highly efficient 2.5L Engine delivers 202 hp for a spirited drive, while the available 2.0L Turbo Engine moves the needle with 272 hp and 295 lb.-ft. of torque. For those who want even more, choose the available 3.6L V6 Engine, which produces a thrilling 321 hp.

When you think performance, you may not necessarily think brakes, but Brembo® is a world leader in performance braking. The available BREMBO FRONT BRAKES provide impressive stopping power and consistent pedal feel for added confidence.

ExPlosive aCCEleriAtiOn. LastiNg eXHiLaRaTiOn.

The available class-exclusive MAGNETIC RIDE CONTROL real-time active suspension reads changing surfaces and conditions up to 1,000 times per second to provide exceptional ride quality and handling control. Choose from three driver-selectable modes — Tour, Sport and Snow/Ice — so you can adjust your suspension to your preference.

E F F I C I E N T 2 . 5 L E N G I N E delivers 202 hp for a spirited drive, while the available 2 . 0 L T U R B O E N G I N E moves the needle with 272 hp and 295 lb.-ft. of torque. For those who want even more, choose the available 3 . 6 L V 6 E N G I N E , which produces a thrilling 321 hp.

When you think performance, you may not necessarily think brakes, but Brembo® is a world leader in performance braking. The available BREMBO FRONT BRAKES provide impressive stopping power and consistent pedal feel for added confidence.

With the ATS Sedan, what you see is what you get. The performance nature of the ATS Sedan is reflected in every line and curve. Its low, powerful form slices through the air, while available 18" forged-aluminum wheels are designed not only to look stunning but also to be lightweight and strong.
The available innovative **INTELLIBEAM HEADLAMPS** sense headlamps and taillamps ahead and automatically turn the high beams on and off when needed. Available **ADAPTIVE FORWARD LIGHTING** (included with available HD headlamps) swivels the headlamps in the direction you’re steering, helping you see better around curves and delivering the advanced technology you’d expect from Cadillac. **VERTICAL LIGHT SIGNATURES** (standard in the rear and available in the front) as well as an **INTEGRATED BRAKE LAMP** feature brilliant LEDs, providing distinctive style and visible function.

Brilliant ideas make life a little brighter, like when you approach your ATS Sedan. One click of the key fob, and the vehicle lights up. Available **ILLUMINATING DOOR HANDLES, PUDDLE LAMPS** and front LED vertical light signatures and standard rear LED vertical light signatures illuminate to add a welcoming glow on a dark night.

The exceptional capability of ATS Sedan is reflected in every feature, including the available **DUAL EXHAUST OUTLETs**, which help increase performance.

For even more information regarding the engineering and artistry of the ATS Sedan, see pages 22-45.
MORE THAN JUST GOOD LOOKS
RUNS IN THE FAMILY.
A higher number isn’t always an indicator of better performance. When it comes to weight, less is more. Engineers applied an innovative scalloping technique and used lightening holes to lessen the overall vehicle weight—while providing incredible strength and rigidity—helping to make ATS light on its wheels and exceptionally fun to drive.

Creating a light yet strong structure is a delicate balancing act. In fact, the closer a vehicle’s weight balance is to 50/50, the better the handling and control. So when designing the ATS Coupe and Sedan, it was important to build not just vehicles that are strong and light, but ones with a near-perfect 50/50 FRONT-TO-REAR WEIGHT RATIO. The result? ATS is as comfortable in hairpin turns as it is cruising the highways.

“EVERY GRAM, EVERY ENGINEER, EVERY DAY.”
—David Masch, ATS Chief Engineer
ADVANCED AERODYNAMIC components, found in the taillamps of ATS, direct airflow around the vehicle, while the decklid design, featuring an integrated brake lamp, keeps ATS firmly planted to the road.

HIGH-TECH MATERIALS such as aluminum, ultra-high-strength steel and innovative structural adhesives help make the ATS one of Cadillac’s strongest, lightest structures.
The ultimate in convenience. The **KEYLESS ACCESS AND PUSH-BUTTON START SYSTEMS** allow you to enter and start your vehicle without your key leaving your pocket or purse. You can lock and unlock your vehicle with a touch of the door handle, and even start an ATS remotely1 with your smartphone and available OnStar RemoteLink® mobile app. Available **BOSE® PREMIUM SURROUND SOUND SYSTEM** delivers crystal clear acoustics. It features Centerpoint® Surround Sound and a digital amplifier. **BOSE ACTIVE NOISE CANCELLATION** actively monitors and measures undesirable cabin noise and sends a canceling frequency through the speakers to reduce powertrain noise.

The available **CADILLAC USER EXPERIENCE (CUE)²** is a fully comprehensive system with an intuitive touch screen and innovative controls – such as haptic feedback, Natural Voice Recognition and proximity sensing technology – that elevates your connection to your vehicle and the world around you. CUE impeccably combines vehicle controls, safety, navigation and communication – all into one system. ATS even allows you to inductively charge select compatible smartphones with segment-exclusive **WIRELESS CHARGING**4 housed behind the CUE control panel. Available **ONSTAR WITH 4G LTE** and built-in Wi-Fi hotspot5 provides a fast, reliable Wi-Fi connection. Passengers can connect their mobile devices to the OnStar Wi-Fi hotspot and get a connection up to 50 feet from the vehicle. It’s the Internet at the speed of ATS. The three-window, full-color reconfigurable **DRIVER INFORMATION CENTER** allows you to customize how you see your vehicle’s most important information.

---

1. Automatic transmission-equipped only. 2. Available on select Apple®, Android®, BlackBerry®, and Windows® devices. Services vary by device and conditions. Requires active OnStar subscription. 3. Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. 4. Late availability on ATS Sedan. The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see www.gmtotalconnect.com. 5. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations.
ATS takes care of you with comprehensive available technology that includes two cameras, eight ultrasonic sensors and six radars to identify and alert you to a number of potential hazards, helping you avoid them before they happen.
The available **DRIVER AWARENESS PACKAGE** features a class-exclusive **SAFETY ALERT SEAT**, which discreetly sends pulses through the seat cushion on the left, right or simultaneously, directionally alerting you to a variety of potential hazards. **FORWARD COLLISION ALERT** uses a forward-facing camera to detect when a forward impact may be imminent. **LANE KEEP ASSIST** subtly engages the electric power steering to help keep your ATS within the lane if an unintended lane change is detected. And **LANE DEPARTURE WARNING** monitors road lines and warns you when the vehicle begins to drift from an observed lane into another without the use of a turn signal. Also included are **RAINSENSE WIPERS**, which sense moisture and automatically clear the windshield, adjusting wiper speed based on the intensity of the rain.

Display your vehicle information in full color on the windshield with the available configurable Head-Up Display. Get navigation prompts, vehicle speed, audio information and more.

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

The available **DRIVER ASSIST PACKAGE** (late availability) includes several features to help keep you safe. **REAR CROSS-TRAFFIC ALERT** warns you of any detected rear cross-traffic, providing added confidence when backing up. **ADAPTIVE CRUISE CONTROL** uses forward-facing radar and camera technology to automatically adjust speed, helping maintain the driver-selected distance from the vehicle in front of you. In potential collision situations, **FRONT AND REAR AUTOMATIC BRAKING** systems can detect vehicles in front or objects in the rear and, in certain situations, automatically apply braking to lessen impact severity or perhaps to avoid the collision altogether. **SIDE BLIND ZONE ALERT** provides a visual alert in your side mirrors if vehicles are in your blind spots. To assist in a lane change, **LANE CHANGE ALERT** senses beyond the side blind zones, alerting you to rapidly approaching vehicles. **AUTOMATIC SAFETY BELT TIGHTENING** removes excess slack in the front belts to keep you securely in your seat during initial acceleration and spirited maneuvers.
EXTERIOR COLORS

- Opulent Blue Metallic
- Crystal White Tricoat*
- Phantom Gray Metallic
- Majestic Plum Metallic*
- Radiant Silver Metallic
- Silver Coast Metallic
- Red Obsession Tintcoat*
- Black Diamond Tricoat*
- Dark Adriatic Blue Metallic*

TRICOAT
A meticulous 3-layer process that results in a dramatic hue-shifting color.

TINTCOAT
A premium 2-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

*Available at extra cost.

ATS COUPE

18” FORGED-ALUMINUM WHEELS WITH PREMIUM PAINTED FINISH
Standard on ATS Coupe Standard model and ATS Luxury Collection; includes P225/40R18 front and P255/35R18 rear all-season run-flat tires. Size: 18” x 8” front and 18” x 9” rear.

18” FORGED-ALUMINUM WHEELS WITH POLISHED FINISH
Standard on ATS Coupe Performance Collection and available on ATS Standard model; includes P225/40R18 front and P255/35R18 rear all-season run-flat tires. Size: 18” x 8” front and 18” x 9” rear.

18” FORGED-ALUMINUM WHEELS WITH ULTRA-BRIGHT MACHINED FINISH
Standard on ATS Coupe Premium Collection and available on Luxury and Performance Collections; includes P225/40R18 front and P255/35R18 rear all-season run-flat tires, except Premium Collection RWD models, which include performance summer-only run-flat tires. Size: 18” x 8” front and 18” x 9” rear.

ATS SEDAN

17” ALUMINUM WHEELS WITH PREMIUM PAINTED FINISH
Standard on ATS Sedan 2.5L Standard model; includes P225/45R17 all-season tires. Size: 17” x 8” front and rear.

17” ALUMINUM WHEELS WITH POLISHED FINISH
Standard on ATS Sedan Luxury Collection and available on ATS Sedan Standard model; includes P225/45R17 all-season run-flat tires. Size: 17” x 8” front and rear.

18” FORGED-ALUMINUM WHEELS WITH POLISHED FINISH
Available on ATS Sedan Luxury and Premium Collections. Luxury and Premium Collection AWD size: 18” x 8” front and rear; includes P225/45R17 all-season run-flat tires. Premium Collection RWD size: 18” x 8” front and 18” x 9” rear; includes performance summer-only run-flat tires, P225/45R17 front and P255/35R18 rear.

17” ALUMINUM WHEELS WITH PREMIUM PAINTED FINISH
Standard on ATS Sedan 2.0L Turbo Standard model and Performance Collection; includes P225/45R17 all-season run-flat tires. Size: 17” x 8” front and rear.

18” FORGED-ALUMINUM WHEELS WITH ULTRA-BRIGHT MACHINED FINISH
Standard on ATS Sedan Premium Collection and available on ATS Sedan Performance Collection. Performance and Premium Collection AWD size: 18” x 8” front and rear; includes P225/40R18 all-season run-flat tires. Premium Collection RWD size: 18” x 8” front and 18” x 9” rear; includes performance summer-only run-flat tires, P225/40R18 front and P255/35R18 rear.

18” FORGED-ALUMINUM WHEELS WITH ULTRA-BRIGHT MACHINED FINISH
Standard on ATS Coupe Premium Collection and available on ATS Coupe Standard model; includes P225/40R18 front and P255/35R18 rear all-season run-flat tires. Size: 18” x 8” front and 18” x 9” rear.

1. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. We strongly recommend factory wheels and approved tires. Combination of wheels and tires may change the vehicle’s performance characteristics. For important tire and wheel information, go to cadillac.com/owners/accessories.html or see your dealer.

**ATHS SEDAN FEATURES AND OPTIONS**

### DIMENSIONS (IN.)
- **Front:**
  - Hip room: 53.0
  - Shoulder room: 55.2
  - Leg room: 42.5
- **Rear:**
  - Hip room: 52.3
  - Shoulder room: 53.9
  - Leg room: 33.5

### MAX TOWING CAPACITY
- 1.0L Turbo 310 lb-ft of torque
- 2.0L Turbo 320 lb-ft of torque
- 3.6L 255 lb-ft of torque

### TECHNOLOGY
- **Blind Spot Detection:** Available on the 2.0L Turbo model.
- **Pre-Collision System:** Forward collision warning and automatic emergency braking.
- **Rear Cross Traffic Alert:** Available on models with the Rear Climate Package.
- **Safety Alert Seat:** Available on all models.

### AUDIO/COMMUNICATIONS
- **SiriusXM Satellite Radio:** Available on models with the Audio/Communications Package.
- **HD Radio:** Available on models with the Audio/Communications Package.
- **4.2" full-color LCD radio screen:** Available on all models.

### CONVENTIONAL FEATURES
- **11-cylinder Aluminum Wheel:** Available on all models.
- **Power retractable and tilt with sunshade:** Available on all models.
- **Power driver and front passenger seats:** Available on all models.

### SAFETY FEATURES
- **OnStar®:** Available on all models.
- **Rearview Camera:** Available on all models.
- **StabiliTrak® Electronic Stability Control System:** Available on all models.
- **Tire Pressure Monitoring System:** Available on all models.

### INTERIOR (continued)

#### EXTERIOR
- **Active Aero Shilleh Intake:** Available on all models.
- **Grille with new Cadillac Crest:** Available on all models.

#### TRANSMISSION
- **8-speed automatic, with Performance Algorithm Strategy:** Available on all models.

#### DIFFERENTIAL, REAR
- **Mechanically limited slip, with electric parking brake:** Available on all models.

#### SUSPENSION, 4-WHEEL INDEPENDENT
- **Double-pivot front and 5-link rear, with driver-selectable Mode Control:** Available on all models.

#### STEERING WHEEL AND COLUMN
- **Leather-wrapped rim with power-adjustable tilt and telescope:** Available on all models.
- **Magnesium paddle-shift controls on sport rim steering wheel:** Available on all models.

#### HEAD-UP DISPLAY
- **Indicates vehicle speed, service information and DIC controls:** Available on all models.

#### PARK ASSIST, FRONT AND REAR
- **Includes all Driver Awareness Package content plus Adaptive Cruise Control, Forward and Rearward Automatic Braking, Rear Cross Traffic Alert, Rear Cross-Traffic Alert and Rear Parking Sensor:** Available on all models.

#### LEATHER-TRIMMED INTERIOR
- **Power, heated mirrors:** Available on all models.
- **Head restraints, 4-way adjustable front and 2-way adjustable outboard rear:** Available on all models.

#### COLD WEATHER PACKAGE
- **Includes a three-month or three-gigabyte data trial, whichever comes first (late availability):** Available on all models.

#### CONNECTIVITY
- **Wi-Fi® HOTSPOT CAPABILITY:** Available on all models.
- **Wi-Fi® 6:** Available on all models.

#### STORAGE AND SECURITY
- **EZ Key Full Keyless Access:** Available on all models.
- **Leather-wrapped rim with power-adjustable tilt and telescope:** Available on all models.

#### DRIVE TRAIN
- **2.0L Turbo Direct-Injection, VVT 4-Cylinder Engine:** 222 hp and 255 lb-ft of torque
- **3.6L 310 hp and 255 lb-ft of torque:** Available on all models.

#### LIGHTING
- **Head restraints, 4-way adjustable front and 2-way adjustable outboard rear:** Available on all models.
- **310 hp and 255 lb-ft of torque:** Available on all models.

#### CONSOLE
- **Front center with integrated shifter, storage and two cupholders:** Available on all models.

#### DRIVER ASSIST PACKAGE
- **Includes all Driver Awareness Package content plus Adaptive Cruise Control, Front and Rear Automatic Braking, Rear Cross Traffic Alert, Rear Cross-Traffic Alert and Rear Parking Sensor:** Available on all models.

#### SAFETY AND SECURITY PACKAGE
- **Includes all Driver Awareness Package content plus Adaptive Cruise Control, Front and Rear Automatic Braking, Rear Cross Traffic Alert, Rear Cross-Traffic Alert and Rear Parking Sensor:** Available on all models.

#### ADVANCED SECURITY PACKAGE
- **Includes a three-month or three-gigabyte data trial, whichever comes first (late availability):** Available on all models.

### CRUISE CONTROL

Warranty covers repairs on your entire vehicle, including parts on any leading luxury automaker, with services for 6 years or 70,000 miles.

The Cadillac Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 50,000 miles.

Security by OnStar
If you've reported your Cadillac stolen, OnStar can use GPS and Wi-Fi technology to help locate and recover your vehicle. You can receive calls safely from your Cadillac. With the OnStar RemoteLink app, you can access real-time information and control your vehicle from anywhere you have cell phone service. With a few simple steps, you can set a destination using the WebLink app and get directions right to your vehicle.

Diagnosis by OnStar
With the most comprehensive vehicle diagnostics from OnStar, maintaining your Cadillac is as simple as checking your mail. OnStar can detect issues with your Cadillac before you see them, so you can receive an email with the status of key operating systems, or push your blue OnStar button for a real-time diagnostics check on demand.

Roadside Assistance
Cadillac offers more years of Standard Roadside Assistance than any leading luxury automaker, with services for 4 years or 70,000 miles. This 24/7 program provides locking, towing, Deleted Technician Roadside services and more.

Tire Sealant and Compressor Kit
For your safety, you are provided with a Tire Sealant and Compressor Kit. This kit can repair a tire puncture up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended that you take the tire to an authorized dealer for inspection and repair as soon as possible.

Rust Through Coverage
Some photographs in this catalog show vehicles with optional equipment. All rust-through coverage and none is recommended. See your Cadillac dealer for terms of coverage.

About This Catalog
We have tried to make this catalog comprehensive and factual. We reserve the right, however, to change prices, Discontinuances, addendum volumes, vehicle options, features, equipment, specifications, models and availability. Specifications, dimensions, weight, performance and capacities are approximate based upon design specifications and may differ from actual results. See authorized Cadillac dealers for complete information. Inclusion in this catalog does not imply availability. This catalog does not purport to be a warranty and Cadillac accepts no liability for any consequences of its use. Maintenance, Service and Parts information provided in this catalog are based on the assumption that maintenance and service will be performed as scheduled and in accordance with the Owner’s Manual. Use of parts or accessories which are not genuine Cadillac parts voids the limited warranties of the vehicle. The images in this catalog are property of GM. Cadillac is a registered trademark of GM. Tires, wheels and battery are standard on the vehicle. Weight, performance, dimensions and specifications are approximate based upon design specifications and may differ from actual results.
ALL NEW 2015
ATS COUPE
The look. The feel. Each line tailored to you like a fine suit. With every component designed to thrill. From its glistening form and precise engineering to exceptional handling, ATS stokes the passion of the real driver. So sit back and put the pedal to the metal because ATS was born to go.
This is the love that goes with the labor. Precise in design. Exact in execution. Flash and substance—all in one package. This is the all new Cadillac ATS Coupe.
IT’S NOT ONLY WHERE YOU GO, BUT HOW YOU GET THERE.

1. Manual transmission available on 2.0L Turbo RWD.

2. Based on EPA-estimated fuel economy for RWD models with automatic transmission: 21 MPG city/30 highway for 2.0L Turbo engine and 18 MPG city/28 highway for 3.6L V6 engine.

Two engine choices let you tailor your ATS Coupe to fit your driving needs.

The standard 272-HP 2.0L TURBO produces an impressive 295 lb.-ft. of torque that you feel every time you press the pedal. Or up the ante with a commanding 321-HP 3.6L V6 engine that powers ATS Coupe from 0 to 60 in just 5.5 seconds.

ATS Coupe includes several performance features that help enhance its overall responsiveness. Choose between a quick-shifting manual transmission or an automatic with steering wheel-mounted MAGNESIUM PADDLE SHIFTERS. Both offer the option of the optional Brembo® brakes for improved performance, while the ZF PREMIUM STEERING SYSTEM tuned suspension gives you precisely measured responsiveness and electric assist helps make it safer.

ATS Coupe is boosted by innovative features such as the available class-exclusive MAGNETIC RIDE CONTROL suspension — which reads surface conditions up to 1,000 times per second — adjusting the damping for exceptional ride, handling and control. The standard race-inspired BREMBO® FRONT BRAKES produce impressive stopping power to help counteract the incredible thrust of the ATS Coupe’s engine.
PREMIUM MATERIALS

Exceptional materials blend with impressive artistry to create a sophisticated cabin with your choice of available supple leathers, including semi-aniline leather, combined with premium available woods, aluminum or carbon fiber trim.

THE FEEL

Crafted and cut to form. It’s the kind of refined artistry that not only creates a stunning cabin but is both indulgent and functional.

CUT-AND-SEWN INTERIOR

Each interior. Every stitch. Crafted meticulously to create an environment as individual as the driver. Available in five distinct interior themes: Kona Brown with natural finish Sapele wood trim, Jet Black with brushed Aluminum or Okapi Stripe designer wood trim, Light Platinum with high-gloss Sapele wood trim, or Morello Red with Carbon Fiber trim.
PROOF LOVE AT FIRST SIGHT ISN’T A MYTH.
THE LOOKS

Desire starts with a lean, powerful form. Every angle sculpted. Lines flowing seamlessly to create a low profile with a distinctive expression of motion – even when standing still.
Features on the ATS Coupe were designed with both function and form in mind. Like available **ILLUMINATING DOOR HANDLES**, which cast a warm, soft glow at night, providing better handle visibility. Available **HIGH-INTENSITY DISCHARGE HEADLAMPS** feature LED vertical light signatures that give ATS Coupe a look that’s pure Cadillac, while **ADAPTIVE FORWARD LIGHTING** swivels those headlamps as the vehicle turns, directing light precisely where you’re going. And available **INTELLIBEAM HEADLAMPS** respond to vehicles in front, turning high beams on and off automatically as needed.

**PERFORMANCE DUAL EXHAUST OUTLETS** complement the exceptional capability of the ATS Coupe, while **AERO PROFILE MIRRORS** slice through the wind, delivering a stylish appearance with integrated turn signals. Vertical light signatures in the **TAILLAMPS**, as well as an **INTEGRATED BRAKE LAMP**, feature brilliant LEDs, creating a striking look from behind.
