2016

ATS

STANDOUT PERFORMANCE AND STYLE
PURE PERFORMANCE AND DESIGN

The only thing that rivals the styling of the 2016 ATS is its equally bold performance. Beneath its long, low lines lies an assertive combination of raw power, exceptional braking and fine-tuned handling. It’s as fun to be seen in as it is to drive.
PART I
THE FEELING
OUTRUN THE ORDINARY
SURMOUNT THE STATUS QUO.
THE 2016 ATS.
PART II

THE FEATURES
Satisfy every driving desire. The ATS offers three incredibly responsive engines. For uncompromising power, the 3.6L V6 engine delivers an assertive 335 hp. Or opt for the efficient 2.5L available with the ATS Sedan.

For truly commanding performance, the 2.0L Turbo is the top 4-cylinder engine in its class with 272 hp and 295 lb-ft of torque. In addition, both the 2.0L and the 3.6L engines have automatic stop/start technology, for fine-tuned efficiency.
PERFORMANCE

MAGNETIC RIDE CONTROL
A smooth ride, every drive. Available Magnetic Ride Control reads and reacts to the road up to 1,000 times per second to adjust the suspension for changing road conditions.

LIGHTWEIGHT ARCHITECTURE AND AERODYNAMIC DESIGN
Advanced aerodynamics Cadillac engineers removed every ounce that wasn’t structurally necessary, making the ATS one of the lightest vehicle in its segment. To further improve performance, underbody aero shields direct airflow away from the car while beveled taillamps deflect the wind. Even the trunk features a function-driven design that acts as a spoiler, creating downforce to keep the ATS firmly planted on the road.

8-SPEED TRANSMISSION
A powerful shift. The 8-speed automatic transmission paired with all three engines moves through each gear faster than ever before.
PERFORMANCE

FIVE-LINK INDEPENDENT REAR SUSPENSION

Command the road. The five-link independent rear suspension helps the ATS stay firmly planted on the ground during spirited driving, delivering increased control.

MAGNESIUM PADDLE SHIFTERS

Power move. The available Magnesium Paddle Shifters allow you to effortlessly shift through the automatic transmission gears without a manual clutch, giving you total control without taking your hands off the wheel.

ZF PREMIUM STEERING

Refined handling. ZF Steering systems in the ATS respond instantly to your movements, increasing your control at every turn.

LIMITED-SLIP DIFFERENTIAL

Controlled power. When maneuvering through corners, the available Limited-Slip Rear Differential appropriately redistributes power to the drive wheels, providing more control.

BREMBO® PERFORMANCE BRAKES

Superior stopping. Available Brembo front brakes offer powerful braking ability and consistent pedal feel for greater peace of mind.
Powerfully distinctive. Every ATS Coupe line and angle has been sculpted for maximum effect. Thoughtful design details, such as front and rear sculpted vertical lighting, capture the aesthetic of performance.
The body of a sedan, the soul of a racecar. The chiseled exterior of the ATS Sedan is designed to slice through the air. Crisp exterior lines and sharp curves give the illusion of movement, even when it's still, while a low, powerful profile commands attention.
AERO PROFILE MIRRORS
See—and be seen. Aerodynamic side mirrors on the ATS Coupe feature an integrated turn signal, so they're both functional and stylish.

FORGED-ALUMINUM WHEELS
Enhanced performance. More than just striking, the standard 18" forged-aluminum wheels on the ATS Coupe deliver excellent strength and ride comfort.

ILLUMINATING DOOR HANDLES
A touch of innovation and refinement. Unlock the doors of the ATS and the available outside door handles illuminate with a distinctive technological style.

ADVANCED LIGHTING TECHNOLOGY
See what's ahead, and then some. Available Adaptive Forward Lighting swivels the HID headlamps as you turn, helping to illuminate the road ahead. The LED light signature gives the ATS a look that is unmistakably Cadillac.
INTEGRATED BRAKE LAMP
Give other drivers more time to react. On the ATS Coupe, the LED center brake lamp is integrated within the trunk, providing excellent brake warning visibility, while maintaining a clean appearance.

DUAL EXHAUST OUTLETS
Powerful details. Polished tips on the available Dual Exhaust Outlets punctuate the rear stance.

CAPLESS FUEL FILL
Convenient and quick. The Capless Fueling System on the ATS Coupe simplifies refueling. Simply open the fuel door and insert the pump nozzle. When you’re done, remove the nozzle, close the door and you’re on your way.

LED TAILLAMPS
Illuminated design. Light-blade LED taillamps complement the sleek appearance of the ATS.
INTERIOR

Carefully considered details. The ATS interior is cut and crafted with a luxurious leather-wrapped steering wheel, available Semi-Aniline leather and exotic woods or carbon fiber accents. It’s as functional as it is indulgent, with no detail overlooked.

PERFORMANCE SEATING

More comfort per mile. The available Performance front seats offer multiple adjustments for extra support.
INTERIOR

ALUMINUM SPORT PEDALS
Distinctive details. Available aluminum sport pedals provide an unexpected touch of distinction.

CUT-AND-SEWN INTERIORS
Looks good, feels good. The hand-finished upholstered instrument panel, door trim, armrests and seats make an impression every time you step inside. Available in five unique themes in the Coupe and seven within the Sedan, details such as Semi-Aniline leather, sueded microfiber, wood or carbon fiber are as unique as the driver.

60/40 SPLIT-FOLDING REAR SEAT
Driven by your needs. The ATS Sedan seats up to five passengers, the Coupe four. And to create even more space when you need it, both offer available 60/40 split-folding rear seats.
Innovation all around. The ATS offers a suite of advanced technologies that enhance the driving experience and help you stay connected. From Keyless Access to Push-Button Start to the available OnStar 4G LTE and Wi-Fi® hotspot, the intuitively designed ATS makes every journey simple, seamless and satisfying.

CADILLAC CUE® AND PHONE INTEGRATION

Real-time information at your fingertips. Cadillac CUE® provides a suite of information and entertainment offerings such as climate, audio and settings control, plus available 3-D GPS navigation.

Available Phone integration compatibility with Apple® CarPlay® (shown right) allows you to access your contacts, Apple Music® and other information from your iPhone® with a touch of the screen. You can also access Siri® so features are easily accessible to you or your front-seat passenger.

Android™ Auto® will also be available later in the model year.

1. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations.
2. Cadillac CUE functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity.
4. Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply.
ONSTAR 4G LTE AND BUILT-IN WI-FI HOTSPOT

Stay connected. With an available built-in Wi-Fi hotspot, OnStar with 4G LTE allows you to connect up to seven compatible devices simultaneously.

REMOTE START

A head start. Start the engine from up to 100 yards away with your key fob. The system also monitors the ambient temperature, activating the cabin’s climate control and available heated front seats accordingly.

KEYLESS ACCESS AND PUSH-BUTTON START

Get behind the wheel with just a touch. With Keyless Access, you can unlock the doors without your key ever leaving your pocket or handbag. Simply press the button on the door handle to open. And Push Button Start makes beginning your drive quicker than ever.

RECONFIGURABLE DRIVER INFORMATION CENTER

Personalize your display. The fully customizable, three-window, full-color Driver Information Center (DIC) puts information about your phone, radio, available navigation or other vehicle information in clear view.

BOSE® PREMIUM AUDIO SYSTEMS

Sumptuous sound. Bose premium sound and Active Noise Cancellation technology provides a quiet cabin, so every passenger can enjoy a concert-like experience.

---

1 Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations.
SAFETY

Stay vigilant. The ATS keeps watch with available technology that includes two cameras, eight ultrasonic sensors and six radar sensors. These systems monitor the environment around your vehicle and alert you to help avoid potential hazards.

SAFETY CAGE AND AIR BAGS

Surrounded by security. With a high-strength steel safety cage and eight strategically placed airbags, the ATS is designed to help keep you and your passengers safe should the unexpected happen.
SAFETY

AUTOMATIC SAFETY BELT TIGHTENING
Protection you can feel. During emergency braking or aggressive maneuvers, available Automatic Safety Belt Tightening activates to help keep the driver and front passenger secure.

HEAD-UP DISPLAY
Information front, center, safer: Project speed, radio, available navigation and other information on the windshield, so you can keep your eyes on the road.

FRONT AND REAR AUTOMATIC BRAKING
Smarter stopping. At certain speeds, these systems can sense potential front or rear collisions and automatically engage the brakes, helping give you more reaction time.

ADAPTIVE CRUISE CONTROL
Set a steady pace. Adaptive Cruise Control uses cameras and sensors to help maintain a safe distance between you and the vehicle ahead.
SAFETY

AVAILABLE SAFETY FEATURES

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle’s Owner’s Manual for more important safety information.

INTELLIBEAM HEADLAMPS

Bright thinking. IntelliBeam headlamps automatically switch to high beams when you’re driving on dark roads. When sensors detect taillamps or oncoming headlamps, they are automatically switched back to low beams.

RAINSENSE WIPERS

An intelligent wiper. Rainsense Wipers automatically engage when rain is detected. They also adjust their speed according to the rain’s intensity.

SIDE BLIND ZONE ALERT

Your extra set of eyes. Side Blind Zone Alert monitors your blind spots. If a vehicle is in an adjacent lane, an icon in the side mirror illuminates to alert you. If you’ve activated the turn signal to change lanes, the icon flashes to help you avoid a collision.

FORWARD COLLISION ALERT

Always looking ahead. This safety system uses camera technology to monitor traffic ahead, alerting you if a potential collision is imminent.

SAFETY ALERT SEAT

Discreet, invaluable. When there’s the possibility of a collision, this patented Cadillac innovation sends a discreet pulse to the driver’s seat indicating the direction of the threat—left, right or both.

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING

A nudge to safety. Lane Keep Assist gently turns the steering wheel if you approach a detected lane marking without using a turn signal. With Lane Departure Warning, you’re alerted if you drift into another lane without using your turn signal.

SAFETY
**2016 ATS Sedan Features**

**DRIVE TRAIN**
- Engine: 2.5L direct-injection, 4-cylinder 2017 con 191 hp and 183 lb-ft of torque

PREMIUM CARE MAINTENANCE
The Cadillac Premium Care Maintenance program covers routine oil changes, certain scheduled maintenance items and a thorough multi-point vehicle inspection for 4 years or 50,000 miles.

WARRANTY PROTECTION
All Cadillac vehicles come with a 4-year or 70,000 mile Powertrain Warranty. In addition, our 4-year or 50,000 mile bumper-to-bumper limited warranty covers repairs on your entire vehicle, including parts and labor, to correct any concerns in materials or workmanship.

ROADSIDE ASSISTANCE
Cadillac offers more than 8 years of standard Roadside Assistance than any leading luxury automaker, with services for 6 years or 70,000 miles.

COURTESY TRANSPORTATION
This program provides alternative transportation and reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles.

OWNER BENEFITS
We have created the most comprehensive suite of owner benefits offered by any prestige automotive brand in the world, providing everything our Cadillac owners need and everything they deserve.

ONSTAR
Standard for one year, the OnStar Guidance Plan (trial excludes Hands-Free Calling minutes) lets you connect to a specially trained OnStar Advisor just by pushing the blue OnStar button in your ATS.

AVAILABE ONSTAR 4G LTE AND BUILT-IN WI-FI® HOTSPOT®
Now your ATS has an available 4G LTE hotspot, for connecting up to seven tablets, laptops or other devices at 4G LTE speed, so the content you love is at your fingertips.

ONSTAR BASIC PLAN®
With the Basic Plan, you’ve got a powerful connection to your vehicle and the world around you standard for 4 years or 50,000 miles. When you’re ready to leave your car (if equipped), preprogram your vehicle on your mobile device to receive a signal on your mobile device. Your vehicle’s Wi-Fi hotspot makes it easy and lets you stay connected in the go.

ONSTAR REMOTE LINK MOBILE APP®
You can remotely start your vehicle, locate your vehicle on a map, lock or unlock your doors, honk the horn and flash the lights. You can also send destinations to your vehicle through your smartphone.

TURBODM BY-TURN NAVIGATION®
Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice tells you every turn. An Advisor can send you a database of over 4 million points of兴趣. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the OnStar RemoteLink mobile app.

OWNERSHIP AND BENEFITS
With OnStar, you’re never alone. A simple call to an OnStar Advisor can send a signal to unlock your doors, honk the horn and flash the lights or remotely start your vehicle. It’s technology hard at work to get you back on the road.

HANSD-FREE CALLING®
Your vehicle has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn’t available. Choose from minute bundles or a minutes-per-month plan.

ADVANCED DIAGNOSTICS®
Feel confident and safe knowing you have a self-diagnosing vehicle. Now your vehicle can easily run a check on its key systems and send results to you or the advisor of your choice.

DEALER MAINTENANCE NOTIFICATION®
Is it time for a tire rotation? An oil change? Or a new air filter? You’ll always know when it’s time to bring your car to the dealer for service.

Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. Simple service requires no action; complex service requires a minimum amount of time and availability. Installations and enrollment are available at no additional cost. Services are not available in all markets. For availability, installation and service details, visit onstar.com. Message and data rates may apply. Requires active Mobile Device service. Use of any information on the OnStar equipment is subject to OnStar Agreement and Terms. © 2016 OnStar, LLC.
We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximate based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT

If your vehicle has a tire sealant and compressor kit, it was a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼-inch or a tire that has unseated the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼-inch or a tire that has unseated the wheel. The sealant can only be used on one tire, one time before its expiration date.

RUST-THROUGH COVERAGE

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Anybody sheet metal time runs through (in the form of an accessible in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through corrosion. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS

Some standard content may be deleted with fleet orders. See dealer for details.
