THE 2011 CTS SPORT SEDAN AND SPORT WAGON
Rearview camera, an available option, is viewable via an LCD screen in the rearview mirror, or on the navigation screen, when equipped.

UltraView sunroof, with power tilt and slide panel, express-open and power-retractable, is available, and brings the open air to both driver and passengers.

Surround camera in available option is viewable via LCD screen in the rearview mirror when equipped.

10-speaker Bose® 5.1 surround sound system with Centerpoint® signal processing and AudioPilot® noise compensation is available.

The CTS Sport Sedan blends driving dynamics, performance and technology in a way that satisfies enthusiasts and luxury-seekers alike. A performance-oriented rear- or available all-wheel drive vehicle with seating for five. Its engine is an efficient, direct-injected 3.0L V6, with a 304hp 3.6L direct injection V6 optional. A 6-speed transmission, available in manual or automatic, emphasizes performance. And Nürburgring®-tuned suspension enhancements integrate with ABS brakes and StabiliTrak electronic stability control to improve vehicle balance.

Adaptive Forward Lighting, an available feature, uses sensors to read speed and steering angle, and swivels high-intensity headlamps up to 15˚ to follow direction of travel.

1 Requires RWD.
2 Requires automatic transmission.
3 Summer tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection.

19 Summer Tire Performance Package option adds 19” polished wheels, steering wheel-mounted paddle shift controls, Y-rated summer-only performance tires, performance cooling and enhancements to suspension and brakes. 22“ Summer Tire Performance Package option adds 22” polished wheels, ultra high performance tires, performance cooling and enhancements to suspension and brakes.
The Sport Wagon applies the sleek shape of CTS design to a high-performance wagon. Vertical taillamps extend along the tailgate. Integrated roof rails maintain a seamless profile. Rear seats fold flat, increasing cargo space to 58 cubic feet. Floor rails are fitted with attachment points for tie downs. Also included is an under-floor cargo storage compartment. A useful power liftgate offers memory height positioning. Altogether, the CTS Sport Wagon offers rear- or available all-wheel drive sport handling, a luxurious interior, and versatile cargo capability in one complete package.
Inside the CTS, excitement aligns with purpose. Motorcycle-inspired gauges with a Driver Information Center that displays vehicle running data. Features include available glide-up touch screen navigation, Bluetooth® phone connectivity, Bose® 5.1 surround sound system and a hard drive for music storage. Standard for one year, OnStar® Directions & Connections Plan offers available Destination Download and eNav. Three trial months of XM® Radio are also included. French-stitched leather seating surfaces, Sapele wood trim, keyless start, ambient lighting and a heated steering wheel are available.
Eaton-supercharged 6.2-liter V8 generates 556 hp and 551 lb-ft of torque, builds power quickly at low end, and sustains at high speeds.

Dual-mode Magnetic Ride Control adds driver-selectable dual-mode Magnetic Ride Control shock damping. Brembo® disc brakes — 6-piston in front, 4-piston in rear — bring massive stopping power. The CTS-V Sedan has turned a 7:59.32 lap time on the Nürburgring®.

Oversized Brembo® high-performance multi-piston calipers. ZF Servotronic® is a registered trademark of ZF Lenksysteme GmbH.
Manual transmission is a TREMEC® aluminum alloy TR-6060 6-speed gearbox with short-throw shifter and dual-disc clutch.

6-speed automatic transmission is available with torque converter clutch, performance shifting and clutchless manual operation using steering wheel-mounted paddle shift controls.

Perforated and suede microfiber seat inserts help keep you planted during performance driving, while available suede microfiber steering wheel and shift knob help with control.

The g-meter positioned in the Driver Information Center measures lateral acceleration and remembers maximum lateral acceleration left and right. LED tracers communicate vehicle performance information quickly and clearly.

Obsidian black faceplates on the center stack, and available Midnight Sapele wood trim, add technical sophistication to the cockpit.

RECARO performance seating, offering 14-way adjustable pneumatic bolster controls that provide firm back and thigh support for driver and front-seat passenger, is available.

The CTS-V cockpit is as much about control as it is about driver engagement. There’s luxury and refinement enough to satisfy pleasure-seekers, but the real function of this cabin is guiding a very powerful machine. LED-traced gauges that flash as redline is approached, full dash instrumentation and a TREMEC® 6-speed manual shifter put the driver in control of this performance command center.
A natural extension of both the V-Series and CTS portfolio, the CTS-V Wagon offers performance thrills to drivers who also need the versatility of a sport wagon. This is a vehicle with huge power and torque. It takes all the traits of the CTS-V Sedan and adds a cargo-ready body style. This wagon is pure V, including the 556hp supercharged V8, dual-mode Magnetic Ride Control, Brembo® brakes, 19” wheels and Michelin® Pilot® Sport PS2™ tires, and an asymmetrical half-shaft to help avoid traction loss.

Passenger safety is a primary consideration throughout the entire engineering process. All CTS models are carefully designed to provide a host of features to help you avoid accidents in the first place, and to help protect you if an impact does occur.

Driver Information Center: A strategically engineered structure surrounds you. Front and rear crush zones help absorb impact forces, and a comprehensive use of high-strength steel helps channel energy away from the passenger compartment in the event of a crash.

OnStar® Automatic Crash Response: In the event of a crash, OnStar can immediately connect you to your Advisor and send an alert to OnStar. An OnStar Advisor is immediately connected to your vehicle to receive your voice. If you don’t respond, the Advisor can use GPS technology to locate you and request that emergency help be sent right away.

Dual-Stage Frontal Airbags: Dual-stage frontal airbags are ideally suited for side impact protection. In the event of an impact, dual-stage frontal airbags are designed to provide the proper amount of inflation to help protect your chest. Dual-stage frontal airbags are part of side impact protection.

Side Impact Airbags: The CTS-V Wagon offers a host of advanced safety features including front and rear side-impact airbags. A strategically engineered structure surrounds you. Front and rear crush zones help absorb impact forces, and a comprehensive use of high-strength steel helps channel energy away from the passenger compartment in the event of a crash.

Six Airbags: Dual-stage front airbags; side impact; head side; head curtain. All CTS-V Wagons are delivered with six active, dual-stage airbags. Head curtain airbags are designed to provide supplemental protection to your head and neck in the event of a side impact.

Head Curtain Airbags: Head curtain airbags are designed to provide supplemental protection to your head and neck in the event of a side impact. The CTS-V Wagon offers side-impact airbags mounted inside the roof rail to help protect both front and outboard rear passengers in the event of a side impact. Dual-stage frontal airbags and seat-mounted side airbags for the driver and front passenger help protect front and outboard rear passengers in the event of a side impact.

StabiliTrak®: By comparing driver steering input with vehicle response, the Electronic Stability Control System helps you maintain control by applying ABS brakes to any wheel that begins to slip, and adjusting power to help correct steering.

Tire Pressure Monitor: With the Tire Pressure Monitor, you will receive an alert via the Driver Information Center whenever a tire pressure is too low. You can view the current tire pressure of all tires via the Driver Information Center.

Strong Unit Body: Strategically engineered structure surrounds you. Front and rear crush zones help absorb impact forces, and a comprehensive use of high-strength steel helps channel energy away from the passenger compartment in the event of an impact. Dual-stage frontal airbags and seat-mounted side airbags help protect front and outboard rear passengers in the event of a side impact.

Magnetic Ride Control: Driver-selectable dual-mode Magnetic Ride Control and rear cornering control with electronic damping are available on Cadillac V-Series models. Magnetic Ride Control combines with dramatic CTS Sport Wagon design. A 6.2L 556hp supercharged V8, combined with dramatic CTS Sport Wagon design.

**Luxury Collection**

- Audio System: In-dash 6-disc CD changer with AM/FM/RDS, 200-watt sound system (CTS Sedan only)
- Keyless Access: Universal Home Remote
- Steering-wheel-mounted paddle shift controls (if equipped)
- Adaptive Forward Lighting; front foglamps
- Xenon High-Intensity Discharge (HID) headlamps with LED spotlights with lighting pipes
- Driver and front passenger heated/ventilated seats; split-folding rear seating
- Climate control system and defroster (Adaptive Remote Start not available with manual transmission)
- Keyless access system
- Ultrasonic Rear Park Assist
- Dual-zone automatic climate control system
- Rearview Backup Camera
- Touch-sensitive Climate Controls
- Heated power steering wheel
- 3-channel programmable LCD screen in rearview mirror (replaced by navigation screen when available navigation system is ordered)
- Hands-free calling for cell phones
- Bose® 5.1 surround sound system; hard-drive device
- Adaptive Remote Start that will activate heated/ventilated front seats (if equipped), climate control system and defroster (Adaptive Remote Start not available with manual transmission)

**Premium Collection**

- Audio System: Includes all standard features plus: 19-speaker Bose® sound system, MP3 player, and Radio Data System (RDS)
- Performance Cooling System
- Limited Slip Differential
- Sport Performance Suspension System
- Navigation System: 8.0” diagonal glide-up touch screen with voice and text guidance
- Keyless access system
- Ultrasonic Rear Park Assist
- Dual-zone automatic climate control system
- Rearview Backup Camera
- Touch-sensitive Climate Controls
- Heated power steering wheel
- 3-channel programmable LCD screen in rearview mirror (replaced by navigation screen when available navigation system is ordered)
- Hands-free calling for cell phones
- Bose® 5.1 surround sound system; hard-drive device
- Adaptive Remote Start that will activate heated/ventilated front seats (if equipped), climate control system and defroster (Adaptive Remote Start not available with manual transmission)

**Performance Collection**

- Audio System: In-dash 6-disc CD changer with AM/FM/RDS, 200-watt sound system (CTS Sedan only)
- Keyless Access: Universal Home Remote
- Steering-wheel-mounted paddle shift controls (if equipped)
- Adaptive Forward Lighting; front foglamps
- Xenon High-Intensity Discharge (HID) headlamps with LED spotlights with lighting pipes
- Driver and front passenger heated/ventilated seats; split-folding rear seating
- Climate control system and defroster (Adaptive Remote Start not available with manual transmission)
- Keyless access system
- Ultrasonic Rear Park Assist
- Dual-zone automatic climate control system
- Rearview Backup Camera
- Touch-sensitive Climate Controls
- Heated power steering wheel
- 3-channel programmable LCD screen in rearview mirror (replaced by navigation screen when available navigation system is ordered)
- Hands-free calling for cell phones
- Bose® 5.1 surround sound system; hard-drive device
- Adaptive Remote Start that will activate heated/ventilated front seats (if equipped), climate control system and defroster (Adaptive Remote Start not available with manual transmission)

**Appearance Collection**

- 18” Aluminum Wheels with Premium Multi-Coat Finish
- Suspension: Sport Performance Suspension System
- Front and rear air dams
- Performance grille
- Front and rear spoilers
- Rear air diffuser
- Rear-mounted creative performance exhaust (CTS-V Sedan only)

**Maintenance and Options**

- Theft-Deterrent System
- Audio System: Includes all standard features plus: 8-speaker Bose® sound system
- Cargo Shade system, 8
- Lighting, Interior Ambient Lighting
- Rearview Backup Camera
- Ultrasonic Rear Park Assist
- Keyless access system
- Ultrasonic Rear Park Assist
- Dual-zone automatic climate control system
- Rearview Backup Camera
- Touch-sensitive Climate Controls
- Heated power steering wheel
- 3-channel programmable LCD screen in rearview mirror (replaced by navigation screen when available navigation system is ordered)
- Hands-free calling for cell phones
- Bose® 5.1 surround sound system; hard-drive device
- Adaptive Remote Start that will activate heated/ventilated front seats (if equipped), climate control system and defroster (Adaptive Remote Start not available with manual transmission)
- Keyless access system
- Ultrasonic Rear Park Assist
- Dual-zone automatic climate control system
- Rearview Backup Camera
- Touch-sensitive Climate Controls
- Heated power steering wheel
- 3-channel programmable LCD screen in rearview mirror (replaced by navigation screen when available navigation system is ordered)
- Hands-free calling for cell phones
- Bose® 5.1 surround sound system; hard-drive device
- Adaptive Remote Start that will activate heated/ventilated front seats (if equipped), climate control system and defroster (Adaptive Remote Start not available with manual transmission)

**Exterior Colors**

- Radiant Silver Metallic
- Crystal Red Tintcoat
- Black Raven Metallic
- Vanilla Latte Metallic
- Silverstone Metallic
- Lightweight Seashell Metallic
- Carbon Black Metallic
- Black Sapphire Metallic
- Headlining Colors:
  - Light Titanium (requires Ebony interior with Cashmere sueded fabric inserts)
  - Ebony
  - Cashmere

**Interior Colors**

- Ebony Seats
- Light Titanium Seats (Available with Ebony or Cashmere seats)
- Cashmere with Ebony Accents
- Ebony with Cashmere accented seats
- Ebony with Cashmere sueded fabric inserts
- Black with Cashmere sueded fabric inserts
- Light Titanium with Ebony Accents
- Ebony with Light Titanium Accents
- Black with Light Titanium Accents
Available in 18" and 19" chrome alloy wheels with P245/45R19 V-rated tires or polished aluminum 10-spoke 5-lug aluminum wheels with P235/50R18 V-rated tires. (Included in 18" and 20" all-season tire packages.)

See the vehicle Owner’s Manual and child safety seat instructions for more information on child passenger safety systems that may be compatible with this vehicle.

Not available in U.S. Virgin Islands, Puerto Rico, and Canada.

With axle positraction.
About this catalog
We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximate based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (08/10), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process.

Note: Some photographs in this catalog show vehicles with optional equipment.

OnStar
OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar’s Terms and Conditions, Privacy Policy and details and system limitations.

Engines
Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

Tire Sealant and Compressor Kit
Unless you option into a spare tire, there is no jack or spare tire in this vehicle. If you do not option into the spare tire, your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼ inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

Assembly
Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

Updated Service Information
Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

New-Vehicle Limited Warranty
The Best Luxury Coverage in the Industry, standard on every 2011 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

Covered for 5 Years/100,000 Miles (Whichever Comes First):
- Powertrain Limited Warranty with no deductible
- Roadside Assistance Program
- Courtesy Transportation Program

Covered for 4 Years/50,000 Miles (Whichever Comes First):
- Bumper-to-Bumper coverage
- Tires – Defects in material and workmanship
- Repairs made to correct any vehicle defect
- Corrosion on body sheet metal panels

Rust Through Protection
Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in the Rust Through coverage. Application of additional rust-inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

Fleet Orders
Some standard content may be deleted with fleet orders. See dealer for details.
