THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT. THERE’S NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE. THE ONLY WAY TO GET THERE IS SIMPLY TO BELIEVE YOU CAN.

At Cadillac, we’ve set out to create our own uniquely American breed of extraordinary. It’s why we’ve created our own daring school of design that bends steel way beyond its comfort zone. It’s why we’ve pushed technology two generations ahead by pioneering a bold new way for drivers to intuitively access entertainment and information with the flick of a finger. And why, in everything from safety to performance, we’re setting the standard.

**BOLD. DARING. ORIGINAL.** These are the kinds of luxury vehicles we build. It takes tenacity, a refusal to leave well-enough alone. That is the difference between good and great. That is the difference between just making luxury vehicles, and making Cadillacs.

**Cadillac**
What happens when you give automotive designers carte blanche? You get a car that questions everything. First glance tells you this is the case. The CTS possesses an angular silhouette that expresses a singular philosophy untouched by the competition. Where creased sheet metal gives way to a nearly perfectly balanced Rear-Wheel Drive chassis, revealing its intent as you take every corner. And, whether you choose a coupe, wagon or potent V-Series model, each is engineered to deliver a level of exhilarating performance that is nothing short of world-class. Proof that not following anybody is how you become a leader.
While horsepower often gets the spotlight, a truly great driver’s car is a balancing act: an inspiring combination of generous power, exemplary brakes and tenacious grip. To ensure that the CTS delivered on all points, we took it to Germany’s famous Nürburgring, where the world’s supercars are tested and evaluated. Of course, we went to fine-tune the chassis and suspension on the Ring’s treacherous curves. The result is a ride that feels firmly planted and responsive at any speed. When it comes to world-class performance, the CTS has shifted the balance in your favor.

Welcome to the Asphalt Laboratory

Known as the Nürburgring.
Its deeply sculpted lines and chiseled design required us to rethink how to shape steel. Combined with a wide, aggressive stance and sweeping roofline, every aspect of the CTS Coupe irrefutably communicates performance. A call that is dutifully reinforced the moment its Adaptive Remote Start is initiated. Its impressive 318 HP and 275 lb.-ft. of torque ensure that the Coupe’s road presence is best appreciated from behind the wheel.

**HEADS WILL TURN.**

**HEARTS WILL RACE.**

**INTEGRATED REAR SPOILER**

The V-Series spoiler shown here is included with the available Touring Package. In addition to doubling as a center LED brake lamp, the spoiler also generates downforce for a planted feel at high speeds.

**CENTER-MOUNTED EXHAUST**

Chrome, center-mounted exhaust outlets are the final, dramatic exclamation point on a powerful statement.

**INVISIBLE DOOR HANDLES**

Ingenious hidden door handles help maintain the seamless coupe design.
You spend a lot of time here. We obsessed accordingly. Every stitch, examined. Every finish, closely appraised. Even the lighting was addressed with a keen eye. Because when you demand more from an interior, it shows. Hand-craftsmanship with cut-and-sewn features comes alive with the warm glow of the available LED ambient lighting. Polished metal accents, available Sapele wood trim and elegant French stitching on the available leather seating surfaces provide a refined touch. Further enhance your surroundings by adding heated and ventilated front seats. An optional 10-speaker Bose® Cabin Surround® sound system strikes the perfect chord; additional available features include a Rear Vision Camera and Side Blind Zone Alert® to help keep you aware of hazards you might not see—proving once and for all, it’s the details within the details that set the CTS apart.
EFFECTIVELY BLURRING THE LINE BETWEEN

EMOTION AND FUNCTION.

Every sculpted line is designed to maintain the seamless profile, right down to the integrated roof rails. In back, signature vertical LED taillamps with light pipe technology extend up and along the liftgate, helping push the CTS Sport Wagon’s distinctive blend of performance and practicality farther into the left lane. Choose a torque-rich 3.0L direct-injection V6 engine with 270 HP or a more powerful, competition-leading 318 HP 3.6L direct-injection V6, each paired with a 6-speed automatic with Driver Shift Control. What’s more, either engine can be mated to Rear-Wheel or available track-tuned All-Wheel Drive. You can even add the available Touring Package on Luxury Collection models that includes a dark-accented grille, High-Intensity Discharge (HID) headlamps, fog lamps, chrome-accented door handles, dual-exhaust outlets and 18” aluminum wheels with Pearl Nickel finish. The Premium Collection with its available Touring Package adds beautiful 19” polished aluminum wheels.
Imagine the indulgent design of the CTS Coupe interior, now on a larger scale. When you need the space, the rear seats fold flat, creating a generous 58 cu. ft. of space. A concealed underfloor storage compartment is ready and waiting. Even the floor rails are fitted with attachment points for tie-downs, and a retractable cargo shade keeps valuable items out of sight. What’s more, the available Touring Package on Luxury Collection models adds Midnight Sapele wood trim, sport alloy pedals, and microfiber sueded steering wheel, seat inserts and shift knob. Select the Premium Collection Touring Package, and you’ll also add front bolstered RECARO® performance seating for secure, confidence-inspiring support during spirited driving. As you see, no matter what the endeavor, no detail is too small.

THE PERSONALITY OF A COUPE? YES.

THE ROOM OF A WAGON? YES.

POWER LIFTGATE WITH MEMORY HEIGHT
The power liftgate can be programmed to suit any height. Besides full-open, it can be set for a lower opening to avoid contact with a garage ceiling.
THE WILD BRANCH
OF THE FAMILY TREE.

BADGE OF HONOR
The “V” badge is a clear signal to those in the know that something very special lurks inside.

EXTRAORDINARILY POWERFUL
The 556 HP supercharged V8 in the CTS-V Coupe, Sedan and Wagon will, quite simply, take your breath away.

The CTS-V family of high-performance cars—Coupe, Sedan and Wagon—takes ordinary performance and dials it up to a remarkably high level. No apologies. No caveats. Not an asterisk in sight. The V-Series models make up the world’s fastest family of production cars. Under the V-Series hood is a 556 HP supercharged engine that propels the Sedan from 0 to 60 in 3.9 seconds and the Coupe and Wagon in a mere 4.0 seconds. Their dual-mode Magnetic Ride Control suspensions are so ingenious that the technology has been licensed by some of the world’s most revered supercars, while race-bred Brembo® brakes bring everything to a halt. Is the V-Series more car than you need? We certainly hope so.
COLLECTIONS
CTS COUPE / Ebony with Sapele wood trim
The thoughtful design of the UltraView sunroof spans both front and rear seats and gives the CTS an open, airy feel. If the sun feels too intense, a power sunshade is at hand to cool things off.

**RECARO® SEATING**

The available Premium Collection Touring Package includes RECARO performance seating with 14-way adjustable pneumatic bolster controls that provide firm back and thigh support for driver and front passenger.

**GLIDE-UP NAVIGATION**

Glide-up navigation features an 8” touch screen with 10 GB of hard drive storage.

For those seeking the utmost luxury, the Premium Collection delivers. A deep, rich-sounding 10-speaker Bose® Cabin Surround® sound system and 10 GB of music storage keep you entertained, while a glide-up, touch screen navigation system keeps you informed. The power-tilt and telescoping steering column also features a heated steering wheel that is the perfect antidote to a cold morning, while heated and ventilated front seats keep you comfortable in any temperature. The UltraView power sunroof enables the cabin to fill with a wealth of natural light. Add in the enhanced awareness from ultrasonic Rear Park Assist, then top off the alluring lines of the CTS with available 19” polished aluminum wheels, and luxury is elevated to a whole new level.

1. As shown on 2013 CTS Sport Sedan.
3. UltraView sunroof on Sport Wagon; available power-tilt sunroof on Coupe.
The Performance Collection:

Pushing the Envelope
Around Every Corner.

Direct-Injection V6 Engine
Delivering 318 HP and 275 lb.-ft. of torque, the 3.6L direct-injection V6 engine provides superior motivation for whatever challenge lies ahead.

HID Headlamps with Adaptive Forward Lighting
It’s impossible to argue with more power. The Performance Collection wholeheartedly agrees. A stout 3.6L direct-injection V6 engine delivers an impressive 318 HP. Vibrant HID headlamps with Adaptive Forward Lighting, fog lamps, and 18” wheels along with the FE2 sport performance suspension further complement what is already a stunning expression. Mix in the available track-tuned All-Wheel Drive, torque-shifting limited-slip differential, available performance cooling and performance brakes, and the case for more power all but makes itself. What’s more, the available steering-wheel-mounted paddle shift controls further reinforce its performance credentials.

Available Polished Aluminum Wheels

1 Standard on Coupe and available on Sport Wagon.
Luxury steps to the forefront in this artfully bold Collection. Standard on the Sport Wagon, the Luxury Collection begins with soft-touch leather seating surfaces. The heated front seats are further refined with 10-way power-adjustability that includes memory presets for two drivers. Exotic Sapele wood trim is accented by the glow of warm ambient lighting that traces throughout the cabin. The Bose® sound system with SiriusXM Satellite Radio® delivers excellent sound quality. And features like Rainsense wipers and a Rear Vision Camera not only add convenience, but also help to enhance safety. It’s an exceptional Collection, all set in motion by a smooth 3.0L direct-injection V6 engine with 270 HP.

1. Requires active SiriusXM subscription.
At Cadillac, we believe the best way to survive a collision is to avoid one in the first place. Active safety begins with a responsive engine, powerful brakes with an advanced antilock braking system (ABS), an agile suspension with StabiliTrak Electronic Stability Control System, and the confidence of available All-Wheel Drive (AWD). To these we add available features like a Rear Vision Camera and Side Blind Zone Alert. But when a collision can’t be avoided, we’ve engineered a rigid body structure and strategically placed crumple zones. Peace of mind also comes with six standard airbags and a one-year subscription to OnStar® Automatic Crash Response. In most crashes, built-in sensors in your vehicle can automatically send an alert to an OnStar Advisor, who is immediately connected to your vehicle to see if you need help.

1. CTS Coupe only. Before making a lane change, always check the SBZA display and inside and outside mirrors, look over your shoulder for vehicles and hazards, and use the turn signal. 2. Always use safety belts and the correct restraint for your child’s age and size. Even in vehicles equipped with the Passenger Sensing System, children under age 12 should always be seated in the appropriate safety restraint. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner’s Manual and child safety seat instructions for more information. 3. Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers.

CADILLAC SHIELD
THE STANDARD OF LUXURY OWNERSHIP

WARRANTY PROTECTION
Cadillac’s 6-year or 70,000-mile1 Powertrain Warranty offers more years and miles standard than BMW® and Mercedes-Benz. In addition, our 4-year or 50,000-mile1 Bumper-to-Bumper Warranty covers parts on your entire vehicle, including parts not related to a problem, in materials or workmanship. Services for 6 years or 70,000 miles.

ROADSIDE ASSISTANCE
The standard five-year Directions and Connections2 plan offers the peace of mind that comes with a live Advisor to find the things and places you want. Get directions or diagnostics read while you drive. Make calls, safely with both hands on the wheel and control your vehicle with the RemoteLink® mobile app. And as always, get help immediately in a credit - or - emergency. These are just a few examples of the level of personal service we think you deserve as a Cadillac owner.

PREMIUM CARE MAINTENANCE
Cadillac’s Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multi-point vehicle inspection for 4 years or 50,000 miles.2 Mercedes-Benz and Lexus programs do not.

COURTESY TRANSPORTATION
This Cadillac program provides alternate transportation and/or reimbursement of rental transportation expenses if your Cadillac requires warranty repairs for 4 years or 50,000 miles. That’s more years of service standard than any luxury automaker.

SECURITY BY ONSTAR
If you’ve reported your Cadillac stolen, OnStar® can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote Stolen Vehicle Slowdown® signal to your vehicle to slow it down. Advisors can also enable a Remote Ignition Block, making it impossible to restart a stolen vehicle once it has been turned off.

CONNECTIONS BY ONSTAR
Availabe Hands-Free Calling capability from OnStar® allows you to make and receive calls, helping you stay connected in your Cadillac, which the OnStar® RemoteLink® mobile app, you can access real- time information and control your Cadillac from anywhere you have cell phone service. You can even send directions right to your vehicle.

MYCADILLAC APP
The ingenuity of the CTS doesn’t stop with the vehicle. As a Cadillac owner, an advanced complimentary app1 is always available for your one car. From virtually anywhere at anytime, a few taps of your finger on your iPhone or Android smartphone let you access features like parking reminders, Robust Assistance, and more. Plus, in conjunction with the OnStar® RemoteLink® app, you’ll have the ability to remotely start your vehicle from any place you have cell phone service and lock and unlock your doors. In addition, you can access key diagnostics information, including your tire’s speed and range, and remaining oil life.

ABOUT THIS CATALOG
We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, and availability. (See OnStar.) Modifications, specifications, styles, and availability are subject to change without notice. See your dealer for complete details.

YOUR VEHICLE
Your vehicle is designed and built to the highest quality standards. Your satisfaction is our primary goal. You will find your vehicle is equipped with many standard features. Always wear your seat belt. The best way to get from one place to another is to arrive at your destination safely. 

ONSTAR
OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy and details and system limitations.

ENGINES
Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT
If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible, but at least within 100 miles of driving. The tire constant contact need not be replaced. The tire may be used in the same vehicle only. See your dealer for details.

ASSEMBLY
Cadillac vehicles and their components are manufactured or produced by GM and suppliers and/or of foreign origin. Its components or parts are sold worldwide to the customer. It is necessary to produce a product which is different or sufficiently different from any comparable foreign product. Some wear items may be manufactured where your vehicle is assembled. We recommend that you verify that your vehicle includes all of the equipment that you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION
Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY
World-class coverage comes standard on every 2013 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST)
Powertrain Limited Warranty with no deductible, Roadside Assistance Program,1 Courtesy Transportation Program 1

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST)
Bumper-to-Bumper coverage; Tires – Defects in material and workmanship; Repairs made to correct any vehicle defect; Corrosion on body sheet metal panels.

RUST THROUGH PROTECTION
Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included under the Rust Through coverage. Application of additional rust-inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadilac dealer for terms of this limited warranty.

FLEET ORDERS
Some standard content may be deleted with fleet orders. See dealer for details.
