AMBITION. ON A GRAND SCALE.

Year after year, the aspiration of utter perfection is pushed even further. Leadership is defined and redefined. There is no expectation left unfulfilled. With unmatched interior prestige and extraordinary comforts, concluded with a bold, distinguished exterior, there is no comparing it.

The 2017 Cadillac Escalade.
There is no looking away because there have been no compromises
Spacious enough to hold a precise attention to detail
A particular vision of innovation is illuminated by all-LED technology.
As nimble as it is commanding, it puts the control in performance.

Escalade Platinum in Black Raven. Shown with available equipment.
A DECLARATION ON THE SUBJECT OF AUTOMOTIVE DESIGN

Dramatic angles and powerful planes meld seamlessly with arresting lighting and chrome details. A stylishly bold grille is framed by all-LED signature headlamps that feature five crystals, fully stacked. While available Cornering LED lamps project light into curves when the vehicle is turning. The result is a vision that is impossible to ignore.
Rear wiper, forward-thinking design
The invisible Rear Wiper is concealed when not in use—protecting it from the elements, while preserving the vehicle’s clean lines.

Style and science come full circle
Available 22” wheels are cast in an innovative, full-forming process that saves weight, adds strength and looks striking.

The leading edge of innovation is a blade
The LED lights in each light-blade taillamp delivers brighter illumination than conventional technology.

Improved visibility, impressive style
Available Illuminating Door Handles create a soft glow as you approach the vehicle.

Faster fueling
The Capless Fueling system is both cleaner and more simplified.
INTERIOR

OFFERED FEATURES:

- SURROUND VISION
- AUTOMATIC PARK ASSIST
- REAR CAMERA MIRROR
- HEAD-UP DISPLAY
- RECONFIGUREABLE GAUGE CLUSTER
- ONSTAR 4G LTE AND BUILT-IN WI-FI® HOTSPOTS
- KEYLESS ACCESS WITH REMOTE START
- WIRELESS CHARGING

CRAFTSMANSHIP ON THIS SCALE IS RARE INDEED

Attention to detail after detail. That is the Escalade cabin. Crafted with a care and precision reminiscent of fine tailoring. Trims and leathers meet with flawless seams and peerless stitching. In every case, these materials have been painstakingly curated to work together beautifully — so, whether you choose a hand-finished Turin leather steering wheel or the available full-leather Kona Brown seats, your cabin expresses your taste perfectly.

In addition to stunning craft, the cabin features a variety of comforts, such as heated front and rear seats, as well as front seats that cool.
A very special venue

A variety of features transform the cabin into that rare place where entertainment and convenience go hand in hand. Acoustic front glass, triple-sealed inset doors and Bose Active Noise Cancellation work to create the Escalade’s extraordinarily quiet interior. The 16-speaker Bose Centerpoint Surround Sound system makes the most of this venue. So does the available Rear Seat Entertainment (RSE) system. It features a 9” diagonal screen, Blu-ray™ playback, MP3 capability, two wireless headphones, as well as HDMI and USB ports.

The system also supports streaming Wi-Fi connected devices to the rear screen, ensuring everyone has delightful diversions.

A controlled and comfortable environment

Tri-Zone Climate Control allows driver, front passenger and rear passengers to adjust temperatures individually. This emphasis on individual control and comfort extends to power-adjustable pedals, as well as a function-rich power tilt-and-telescoping heated steering wheel. And should individuals require even more space, the Escalade ESV offers additional room, seating and larger doors to easily accommodate up to eight passengers.

1. Not compatible with all devices.
See the many advantages

The Escalade is equipped with a variety of available systems that help you command the environment beyond the cabin. For instance, Surround Vision provides an overhead view of the area immediately around the vehicle, a great help when parking or in reverse. Automatic Park Assist uses sensors to both guide your vehicle, as well as choose the most appropriate space. And when the desire of additional visibility conveniences arise, the Rear Camera Mirror streams HD video from a tailgate camera directly to the rearview mirror, offering a view (A) with substantially more vision than a traditional mirror (B).

Looking ahead

The full-color Head-Up Display (HUD) projects selected information onto the front windshield, allowing you to keep your eyes safely on the road. And a reconfigurable 12.3” LCD gauge cluster lets you choose how you want to see vehicle, entertainment, communications and navigation information.
Commanding connectivity

The Escalade is truly a vehicle for connecting to the world. Available OnStar 4G LTE and built-in Wi-Fi hotspot 1 allow you to connect up to seven devices up to 50 feet away, while Wireless Charging can power-up these mobile devices.

A head start, with a smart start

And Keyless Access connects you to your vehicle, enabling you to open or lock the doors without removing the key fob from your pocket or handbag. The fob also has a Remote Start feature.

Your phone, even smarter

Cadillac CUE® not only puts a suite of information, entertainment and communications functionalities at your command—by touch or voice—but also allows for Phone Integration with Apple CarPlay™ compatibility, which allows you to access your contacts, Apple Music™ and other information from your iPhone. You can also access Siri®, so features are easily accessible to you or your front-seat passenger.

Android™ Auto® compatibility is also available.

THE APEX
OF THE SUV

To make the best in craftsmanship, innovation, utility and performance even better. This is the essence of the Platinum Escalade. A cabin that comforts the body and entertains the senses in an environment rich with detail.

STANDARD PLATINUM FEATURES:
- Semi-Aniline Leather Massaging
- and 18-way adjustable front seats
- Center console cooler
- Leather-wrapped steering wheel and instrument panel
- Exclusive rear seat entertainment system
- Exclusive grille and wheels
- Power-retractable assist step
Supple and strong
Semi-Aniline leather makes the first- and second-row seating surfaces, as well as the leather-wrapped steering wheel and instrument panel, supple yet more resistant to wear. Sueded microfiber headliners and door trim, along with exclusive wood accents, complete the cabin.

Comfort that moves you
Platinum’s multi-directional massaging front seats also feature 18-way power adjusters.

First-class entertainment, regardless of where you’re sitting
For second- and third-row passengers, the Rear Seat Entertainment (RSE) system features dual screens in the front head restraints and tri-play capability allows different screens to play different content.
In a word, cooler
A center console cooler is just one of the many features you’ll wonder how you lived without.

Striking and smart
The bold Platinum grille with Galvano chrome is an example of superior design. Others include 22” premium painted wheels featuring chrome inserts that are sure to grab attention.

Stylish assistance
Power-Retractable Assist Steps come forward to greet you, then retract gracefully when not in use.
AT THIS LEVEL, UTILITY BECOMES ELEGANCE

Form and function lead the way. This unmatched luxury SUV is equipped with a variety of ingenious features that allow it to do more and please more, including the extended wheel base ESV.

OFE FER ED FE AT URES: CARGO CAPACITY • POWER-FOLDING THIRD-ROW SEATS • HANDS-FREE POWER LIFTGATE • CENTER CONSOLE STORAGE
Room, with a point of view
Everything is easily within reach with generously sized, intelligently placed storage compartments. And with the touch of a button, power-folding third-row seats quickly disappear to yield up to 121 cubic feet of cargo space in the Escalade ESV.

A hand when yours are full
With the Hands-Free Power Liftgate, a kicking motion under the center of the rear bumper opens or closes the gate. And a memory height function allows you to program how high the gate opens to suit you.

Another intelligent use of space
The center storage console is equipped with USB ports and a 110V power outlet for charging and more connections.
PERFORMANCE

OFFERED FEATURES:
- 6.2L V8 ENGINE AND 8-SPEED AUTOMATIC TRANSMISSION
- ELECTRONIC POWER STEERING
- STABILITRAK
- MAGNETIC RIDE CONTROL
- 4-WHEEL DRIVE WITH DRIVER-SELECTABLE MODES
- 8300 LBS MAXIMUM TRAILERING CAPACITY

REMARKABLY LIGHT ON ITS FEET

The Escalade combines dynamic performance and poised handling. Look forward to a nimble, yet powerful drive every time you sit behind the wheel.

Escalade Platinum in Radiant Silver Metallic. Shown with available equipment.
As smart as it is powerful

The 6.2L 420 hp V8 is paired with an intelligent 8-speed automatic transmission that moves between gears in the smoothest, most efficient fashion, serving best-in-class standard horsepower. Engine technologies like Continuous Variable Valve Timing, multi-port Direct Injection and Active Fuel Management also ensure this power-plant’s 460 lb-ft of torque are harnessed efficiently.

4-Wheel Drive — many advantages

Available 4-Wheel Drive allows you to select between an AUTO mode, switch between 2WD and 4WD HI for everyday driving or a 4 LOW mode for more challenging conditions.

Pulling an industry forward

The standard Trailering Package provides an anything-but-standard 8300 lb trailering capacity, more than enough to handle your experiences.

Steady as you go

StabiliTrak automatically helps enhance control, particularly during emergency maneuvers, by adjusting the brakes and engine torque to keep you grounded.

Read the road 1000 times a second

Magnetic Ride Control reads the road up to 1000 times a second and automatically adjusts the suspension to road surface and weather conditions. The result is a highly responsive vehicle regardless of road conditions.

Escalade ESV Platinum in Radiant Silver Metallic. Shown with available equipment.
ONE BIG IDEA DRIVES ITS MANY SAFETY INNOVATIONS

From an ultra-high-strength steel alloy safety cage to systems that keep watch to the front, rear and sides, every Escalade is equipped with a variety of safety technologies designed to do nothing less than protect your peace of mind.

OFFERED FEATURES: SAFETY ALERT SEAT • LANE DEPARTURE WARNING WITH LANE KEEP ASSIST • FRONT AND REAR AUTOMATIC BRAKING • AUTOMATIC SAFETY BELT TIGHTENING • ADAPTIVE CRUISE CONTROL WITH FULL-SPEED RANGE • RAINSENSE WIPERS • SIDE BLIND ZONE ALERT AND LANE CHANGE ALERT • FORWARD COLLISION ALERT • REAR CROSS TRAFFIC ALERT • SURROUND VISION • REAR VISION CAMERA
Maintain an intelligent space
Adaptive Cruise Control uses both radar and cameras to maintain a set distance between you and the detected vehicle ahead.

Truly forward thinking
Forward Collision Alert monitors traffic ahead, alerting you if a potential collision is imminent, while Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

An intelligent wiper
Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain’s intensity.

Travel the straight and smart
Using monitors to sense lane boundaries, Lane Keep Assist gently turns the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the Safety Alert Seat, Lane Departure Warning sends a visual alert in the cluster and a warning pulse through the seat cushion.

Brighter backing out
When backing out of a parking space, Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle.

See what lies behind
Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac CUE® screen. Guiding lines on the image plot out your intended trajectory, helping you to see people and objects that might be in your path.

A higher look at what surrounds
Available Surround Vision provides a bird’s-eye view of the area immediately surrounding the vehicle when in low-speed drive or reverse. This view, projected on the Cadillac CUE® screen, helps increase your awareness when parking or reversing.

Firmly reassuring
During emergency braking or sudden maneuvers, available Automatic Safety Belt Tightening activates. When conditions return to normal, they ease automatically.

Grabs your attention. Subtly.
Cadillac’s patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver’s seat, indicating the direction of the threat — left, right or front.

Gain precious time
Up to certain speeds, available Front and Rear Automatic Braking can sense imminent front and rear collisions and automatically engage the brakes. If you have not already done so, helping to reduce the severity of the collision. The system may even help avoid a collision at very low speeds.

All clear
Side Blind Zone Alert monitors your blind spots, so if a vehicle is in the adjacent lane, an icon in the side mirror illuminates to alert you. If you activate your turn signal while the icon is illuminated, it will begin to flash. Lane Change Alert surveys the area well beyond the side blind zone, and flashes the side mirror warning icon to alert you of a rapidly approaching vehicle.

Surrounded by safety innovation

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner’s Manual for important feature limitations and information.
2017 Escalade and Escalade ESV Features

**DRIVER INFORMATION**

- ESC/ESCttruck: Helps keep the vehicle on its intended path and reduces the risk of rollover by automatically applying the brakes to individual wheels and adjusting torque output to help maintain stability.
- Lane Departure Warning: Alerts the driver if the vehicle is detected to be unintentionally drifting out of the lane.
- Curb View: Extends the field of vision to include objects behind and to the side of the vehicle.
- Side Blind Zone Alert: Alerts the driver to vehicles in the blind spot.
- Forward Collision Alert: Alerts the driver of an impending collision.
- Rear Cross Traffic Alert: Alerts the driver to traffic behind them.
- Lane-Keeping Assist: Helps the driver remain within the lane by automatically applying the brakes to the side of the vehicle that is unintentionally drifting out of the lane.

**PREMIUM LUXURY**

- Driver Assist Package: Includes 
  - Automatic Cruise Control
  - Lane Keep Assist with Lane Departure Warning
  - Rear Cross Traffic Alert
  - Side Blind Zone Alert

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximate based upon design and engineering drawings and prototypes and test results. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for current details. Any variations or omissions are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product or service at any time and end model years at different times. Note: Some photographs in this catalog may feature vehicles with optional equipment. ENGINE

Cadillac vehicles are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up-to-a-¼-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to a qualified service department for a tire inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate the tire. After using the inflator kit, it is recommended to take the tire to a qualified service department for a tire inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate the tire.

RUST-THROUGH COVERAGE

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through in the form of an actual hole in the sheet metal is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FUEL ORDERS

Some standard content may be deleted with fleet orders. See dealer for details.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from your local dealer by calling 1-800-782-4356 or by visiting www.hemmings.com.

NEW VEHICLE LIMITED WARRANTY

World-class coverage comes standard on every 2017 Cadillac. This warranty is for Cadillac vehicles registered in the U.S. A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST)

Powertrain limited warranty with no deductible. Roadside Assistance Program and Courtesy Transportation Program.

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST)

Bumper-to-bumper coverage. Tires—defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.
