There are things in life that are so forceful, influential and powerful, that you have no choice but to be pulled toward them. You instantly become aware, awed and attracted. Frozen where you stand, there is no turning away. A vision that is boldly illuminated. With inspired space and movement. Brilliance that grips you and the road. That’s the power of presence and the original iconic SUV.

THE 2019 ESCALADE
THE ONE AND ONLY ESCALADE

For 20 years, the Escalade has led automotive design, with opulence and function fit for only the grandest stage. From a striking design aesthetic, to a comfortable and accommodating cabin that is as spacious as it is versatile, the 2019 Escalade offers nothing but the best.

To fully appreciate the best in craftsmanship, innovation, utility and performance, look no further than the Escalade Platinum. Distinctive exterior design elements, such as the bold Platinum grille with Galvano chrome, are an example of standout design. Others include 22" premium painted wheels featuring chrome inserts that are sure to grab attention.

When you step inside, you’ll see tremendous space and a range of amenities that offer everything from a hand-stitched steering wheel to cutting-edge technologies.
A brilliant vision. Cadillac signature headlamps are composed of five crystals, fully stacked with all-LED technology to generate a crisp white light. Available LED Cornering Lamps project light into curves when the vehicle is turning.

Utility disguised as elegance. With the touch of a button, power-folding third-row seats quickly disappear to yield up to 120 cu. ft.\(^1\) of maximum cargo space in the Escalade ESV.

\(^{1}\) Cargo and load capacity limited by weight and distribution. Maximum cargo space achieved with second and third rows folded down.
Crafted with care and precision, you can choose from trims and leather appointments that meet with flawless seams and peerless stitching. These materials have been painstakingly curated to work together beautifully—so, whether you grip the hand-finished Turin leather steering wheel or sit in the available Kona Brown seats, you’re surrounded with elegance.

A GRAND REASON TO BE OBSESSED WITH DETAILS
More field of view to admire. The available Rear Camera Mirror\(^1\) can stream video through the rearview mirror.

This less-obstructed view offers the driver more field of view than the conventional rearview mirror, but can revert to the standard view with just a toggle.

---

\(^1\) \(1.59\) Read the vehicle Owner’s Manual for important feature limitations and instructions.\end{document}
The exterior design of the Cadillac Escalade never goes unnoticed. As you walk toward this formidable SUV, you’ll instantly notice a striking grille framed perfectly with stunning headlamps. The available Platinum grille conveys chic design with a bold Galvano chrome finish. Touch the available Illuminating Door Handles and impressive style is met with a soft glow to help improve visibility.

Walk around the Escalade and notice stunning available 22” premium painted wheels featuring chrome inserts that are sure to grab attention. These wheels are cast in a flow-forming process that saves weight, adds strength and looks striking.

As you approach the rear of the vehicle, Light Blades slice through typical automotive design. Each innovatively engineered LED in both Light Blade taillamps delivers bright illumination along with a statement. What you won’t see is the Invisible Rear Wiper. It is concealed when not in use — protecting it from the elements, while preserving the vehicle’s clean design lines.
A variety of features transform the cabin into that rare place where tranquility, comfort and entertainment go hand in hand. Acoustic front glass, triple-sealed inset doors and Bose® Active Noise Cancellation work to create the Escalade’s extraordinarily quiet interior, while a captivating 16-speaker Bose Centerpoint® Surround Sound system is a pleasure to hear. Equally entertaining is the available Rear Seat Entertainment (RSE) System. It features a 9” diagonal screen, Blu-ray® playback, MP3 capability and two wireless headphones, as well as HDMI and USB ports.

Tri-Zone Climate Control allows the driver, front passenger and rear passengers to adjust temperatures individually. This emphasis on individual control and comfort extends to power-adjustable pedals, as well as a function-rich, power-tilt and -telescoping heated steering wheel. And should individuals require even more space, the Escalade ESV offers additional leg room, seating and larger doors to easily accommodate up to eight passengers.
With stunning conveniences and sublime comforts, this cabin is perfect. Amenities such as heated front and rear outboard seats, as well as front seats that cool, are only the beginning.

For Escalade Platinum second- and third-row passengers, the Rear Seat Entertainment (RSE) System features dual screens in the front head restraints, while tri-play capability allows each screen to play different content with the available overhead screen.

The Escalade Platinum multidirectional massaging front seats also adjust 18 ways. Semi-Aniline leather makes the first- and second-row seating surfaces, as well as the leather-wrapped steering wheel and instrument panel, supple yet resistant to wear. Sueded microfiber headliners and door trim, along with exclusive wood accents, complete the cabin.
GAIN PRECIOUS TIME
Up to certain speeds, available Forward and Reverse Automatic Braking can sense forward and reverse collisions and automatically engage the brakes, helping to reduce the crash impact.

TRULY FORWARD THINKING
Available Forward Collision Alert monitors traffic ahead, alerting you if a potential collision is imminent, while the available Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

AN INTELLIGENT WIPER
Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain’s intensity. Whenever the wipers are activated, Auto-Dry brakes automatically position the brake pads closer to the rotors to sweep away moisture and improve performance.

FIRMLY REASSURING
During emergency braking or sudden maneuvers, available Automatic Seat Belt Tightening activates. When conditions revert to normal, the belts ease automatically.

TRAVEL THE STRAIGHT AND SMART
Using monitors to sense lane boundaries, available Lane Keep Assist can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, available Lane Departure Warning shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

AN ATTENTION-GRABBER
Available Lane Change Alert surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you of a rapidly approaching vehicle. Available Side Blind Zone Alert monitors the side blind zone, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both features, if you’ve activated your turn signal, the icon on the side mirror flashes to alert you.

SEE WHAT LIES BEHIND
The Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac user experience screen. Guidelines on the image plot out your intended trajectory, helping you to see people and objects that might be in your path.

SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

GRABS YOUR ATTENTION, SUBTLY.
Cadillac’s available patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver’s seat, indicating the direction of the threat—left, right, front or rear.

SET YOUR SPACE
Available Adaptive Cruise Control–Advanced employs radar technology to maintain a selected distance between you and the detected vehicle ahead.

BE ALERTED EVEN IN REVERSE
When backing out of a parking space, available Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle with either an audible alert or a pulse to the available Safety Alert Seat.

A HIGHER LOOK AT WHAT SURROUNDS YOU
Surround Vision provides a bird’s-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed maneuvering.

Safety or driver-assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for important feature limitations and information.
The Escalade is complete with advanced technologies that grip you and the road. Features such as Keyless Access connect you to your vehicle, enabling you to open or lock the doors, and use the Push-Button Start feature, without removing the key fob from your pocket or handbag. With the Adaptive Remote Start system, the key fob can start your engine up to 100 yards away, and the system will automatically adjust the vehicle’s interior temperature depending on the outside temperature. Inside, you can power up and charge your mobile devices with Wireless Charging® capabilities.

The available Cadillac 4G LTE built-in Wi-Fi® hotspot allows you to connect up to seven devices, up to 50 feet away, so passengers can access their favorite content while traveling. Plus, with the available myCadillac mobile app and a paid subscription, you can lock and unlock, remote-start and get select vehicle information from anywhere you have cellular reception.

1. The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require an adapter/cover (sold separately). Go to my.cadillac.com/wireless to learn more about compatibility. Some devices require an adapter/cover (sold separately) to use wireless charging. See your owner’s manual for details.

2. Service varies with conditions and location. Requires active OnStar service and data plan. Data plans provided by AT&T.® Vehicle must be on or in the accessory position for Wi-Fi to function. Visit onstar.com for details.

3. Available on select Apple® and Android™ devices. Service availability, features and functionality are subject to limitations and vary by vehicle, device and the plan you are enrolled in. Device data connection required. Visit onstar.com for more details.
Technologies can also feed you information while you keep your eyes on the road. The available Head-up Display (HUD) projects selected information onto the windshield, allowing you to keep your eyes on the road. And a reconfigurable 12.3” LCD gauge cluster lets you choose how you want to see vehicle, entertainment, communication and navigation information.

Surround Vision® provides a bird’s-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed maneuvering.

And lastly, you can park a little easier with Automatic Parking Assist! It steers the Escalade to help you park in parallel and perpendicular spaces while you select the gears and control acceleration and braking.

1. Safety or driver-assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information.
The Escalade combines dynamic performance and poised handling. Look forward to a nimble, yet powerful drive every time you sit behind the wheel.

The 6.2L 420-hp V8 is paired with an intelligent 10-speed automatic transmission that moves between gears in a smooth, efficient fashion. Engine technologies such as Continuous Variable Valve Timing, Direct Injection and Active Fuel Management also help ensure this power plant’s 460 lb-ft of torque is harnessed efficiently.

Available Four-Wheel Drive allows you to select from among AUTO mode, 2WD and 4WD Hi for everyday driving or 4WD LOW for more challenging conditions. While the standard Trailering Package provides an 8300-lb maximum trailering capacity, that’s more than enough to handle your experiences.

The Escalade wouldn’t drive like a Cadillac if it didn’t also apply proprietary technology such as Magnetic Ride Control. It reads the road up to 1000 times a second and automatically adjusts the suspension to the road conditions. The result is a highly responsive drive.

Before you buy a vehicle or use it for trailering, carefully review the trailering section of the vehicle Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.
## 2019 ESCALADE AND ESCALADE ESV STANDARD FEATURES

### INTRODUCTION

**Adaptive Start**
- Projects power to memory

**Audio System**
- Premium, depecision® speaker™/car®
- Bluetooth®/auxiliary and satellite controls, DAB/auxiliary and headunit controls, CD-R/RW player, digital clock, electronic programmable instrument panel, electronic stability program

**Brakes**
- Brake-by-wire technology
- Duralife® rotors
- Hill Start Assist

**Differential**
- 4-axle, Eaton® limited-slip differential

**Engine Block Heater**
- Standard

**Exhaust System**
- 4-axle, Eaton® limited-slip differential

**Fuel Management, Variable Valve Timing, Spark Ignition**
- 420 hp and 460 lb-ft of torque with Active Fuel Management

**Heater**
- Standard, automatic

**Rear Vision Camera**
- Standard

**Sensors**
- 11

**Steering Column**
- Power with driver and front-passenger express Windows and dual-function cruise control

**Steering Wheel**
- Power-wrapped, heated, leather-wrapped with fingertip controls for Driver Information Center, audio, Bluetooth, and cruise control; LED-backlit display; 4-color reconfigurable information panel; LED-backlit, 4-zone climate controls and second-row heated seat storage, large and small storage bins, dual cupholders, illuminated vanity mirror; third-row 9" diagonal full-color fold-down screen (Escalade ESV only); 2 two-channel digital wireless headphones (4 with ESV); and second-row bucket, power-release fold-and-tumble seats

**Surround Vision**
- Standard, 360-degree, all-vision system

**Tire Pressure Monitoring System**
- Standard

**Traction Control**
- Electronic stability control, with automatic mode

**Universal Door Handle**
- Cadillac user experience; 3

**Video System**
- Rear Vision Camera

**Visibility**
- 13

**Wheels**
- 22" chrome multifeatured design

**Wireless Charging**
- 4 for mobile devices

### SAFETY AND SECURITY

**Airbags**
- Driver seat-mounted Front Center Airbag; driver and front- passenger seat-mounted Front Side Airbags; driver and front- passenger side curtain airbags; driver knee airbag; driver and front-passenger dual-stage airbags

**Electronic Navigation System**
- Standard, electronic stability control, with automatic mode

**IntelliBeam automatic high-beam on/off**
- Standard

**Lane Change Alert with Side Blind Zone Alert**
- Standard

**OnStar® with Directions and Connections**
- Standard, with footprint detection (first)

**Rear Seat Entertainment (RSE) System**
- Standard, with footprint detection (first)

**Rear Vision Camera**
- Standard

**Safety Assist Package**
- Standard

**Security Theft-Deterrent System**
- Standard

**Sunroof**
- Standard, power-retractable with LED ground lamps

**Tire Fill Alert**
- Standard

**Tire Pressure Monitoring System**
- Standard

**Trailer Sway Control**
- Standard

**Vehicle Theft Alert**
- Standard

### AVAILABLE FEATURES

**Blu-ray™ capable**
- Standard, with footprint detection (first)

**Driver Assist Package**
- Standard

**Engine Block Heater**
- Standard

**Heated seats**
- Standard, with footprint detection (first)

**Hill Start Assist**
- Standard

**IntelliBeam automatic high-beam on/off**
- Standard

**Lane Change Alert with Side Blind Zone Alert**
- Standard

**OnStar® with Directions and Connections**
- Standard, with footprint detection (first)

**Rear Vision Camera**
- Standard

**Safety Assist Package**
- Standard

**Security Theft-Deterrent System**
- Standard

**Sunroof**
- Standard, power-retractable with LED ground lamps

**Tire Fill Alert**
- Standard

**Tire Pressure Monitoring System**
- Standard

**Trailer Sway Control**
- Standard

**Vehicle Theft Alert**
- Standard

### LUXURY PLATINUM

**2019 ESCALADE LUXURY PLATINUM FEATURES**

**Blu-ray™ capable**
- Standard, with footprint detection (first)

**Driver Assist Package**
- Standard

**Engine Block Heater**
- Standard

**Heated seats**
- Standard, with footprint detection (first)

**Hill Start Assist**
- Standard

**IntelliBeam automatic high-beam on/off**
- Standard

**Lane Change Alert with Side Blind Zone Alert**
- Standard

**OnStar® with Directions and Connections**
- Standard, with footprint detection (first)

**Rear Vision Camera**
- Standard

**Safety Assist Package**
- Standard

**Security Theft-Deterrent System**
- Standard

**Sunroof**
- Standard, power-retractable with LED ground lamps

**Tire Fill Alert**
- Standard

**Tire Pressure Monitoring System**
- Standard

**Trailer Sway Control**
- Standard

**Vehicle Theft Alert**
- Standard

### PREMIUM LUXURY

**2019 ESCALADE PREMIUM LUXURY FEATURES**

**Blu-ray™ capable**
- Standard, with footprint detection (first)

**Driver Assist Package**
- Standard

**Engine Block Heater**
- Standard

**Heated seats**
- Standard, with footprint detection (first)

**TRAILERING AND OFF-ROAD DRIVING INFORMATION**

- Before you use it to haul people or cargo, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.
- Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.
- Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

**IMPORTANT NOTES ABOUT FLUID LEVELS AND CAPACITIES**

- Always check the fluid levels and capacities of your vehicle for optimal performance and safety. Regular maintenance is crucial for the longevity of your Cadillac vehicle. For complete details, visit cadillac.com/owners and choose your vehicle. If you need assistance, schedule an appointment today at GM Mobility at 1-800-323-9935.

**GMMOBILITY.COM (1-800-323-9935)**

**IMMEDIATELY AFTERMAKET**

- Remember to check fluid levels and capacities for your vehicle to ensure optimal performance and safety.

**CRITICAL SIZING INFORMATION**

- Please consult the Owner’s Manual for critical sizing information and spec sheet for your specific vehicle.

**VEHICLE SPECIFICATIONS**

- Please consult the Owner’s Manual for vehicle specifications and critical sizing information.

**NEW-VEHICLE LIMITED WARRANTY**

- **6-YEAR/70,000-MILE TRANSFERABLE POWERTRAIN LIMITED WARRANTY**
  - Only on Cadillac models.
  - Applies to the engine, transmission, driveaxles, driveshaft, and front- or rear-suspension components.
  - Limited warranty does not cover wear and tear components.

- **HYBRID WARRANTY**
  - Cadillac will warranty each hybrid vehicle from the original in-service date for 8 years/100,000 miles, whichever comes first, from the original in-service date.

- **6-YEAR/60,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY**
  - Applies to the engine, transmission, driveaxles, driveshaft, and front- or rear-suspension components.
  - Limited warranty does not cover wear and tear components.

**SPECIAL SPECIMEN INFORMATION**

- Please consult the Owner’s Manual for special specimen information and critical sizing information.

**IMPORTANT WORDS ABOUT THIS CATALOG**

- Please review the Owner’s Manual before using this vehicle to ensure optimal performance and safety.

**ONSTAR AND CADILLAC CONNECTED SERVICES**

- OnStar is a registered trademark of GM. OnStar acts as a link to emergency and non-emergency service providers. Effective May 1, 2018, available Cadillac Connected Services have been updated since the time of printing. Please check with your Cadillac dealer for complete details.
