IT IS PERHAPS THE SMALLEST SPACE KNOWN TO MAN.

THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT. THERE'S NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE. THE ONLY WAY TO GET THERE IS SIMPLY TO BELIEVE YOU CAN.

At Cadillac, we've set out to create our own uniquely American breed of extraordinary. It's why we've created our own daring school of design that bends steel way beyond its comfort zone. It's why we've pushed technology two generations ahead by pioneering a bold new way for drivers to intuitively access entertainment and information with the flick of a finger. And why, in everything from safety to performance, we're setting the standard.

BOLD. DARING. ORIGINAL. These are the kinds of luxury vehicles we build. It takes tenacity, a refusal to leave well-enough alone. That is the difference between good and great. That is the difference between just making luxury vehicles, and making Cadillacs.
ESSENCE OF XTS
STATE OF THE ART MEETS HIGH ART.
THE FUTURE IS HERE.
AND IT’S EFFORTLESS.

Its distinctive, sculpted lines hold immense visual energy and hint at something equally captivating: a newly available 410 HP Twin Turbo V6 that delivers a new level of invigorating performance. Inside the meticulously crafted cabin, technology steps to the forefront with the ingenious CUE® driver interface. And, thanks to its revolutionary dual-mode Magnetic Ride Control suspension and Brembo® front brakes, the XTS delivers the perfect balance between agility and composure. The intuitive, invigorating XTS. It’s the return of life lived large.
The XTS redefines the principles of what’s possible, beginning with the groundbreaking CUE that brings the intuitive control of smartphones and tablets conveniently to the road. It’s so advanced, it even senses your hand as it approaches, displaying relevant information and providing tactile feedback from its brilliant touch screen. The inspired thinking also extends to available XTS safety technologies like its perimeter warning that helps alert you to obstacles and hazards in your path. There’s also the convenience of new Automatic Parking Assist. Once activated, this available system will locate a suitable parking spot and then help you parallel park your car. Under the artfully sculpted hood, the acclaimed 3.6L direct-injection V6 delivers a refined 304 HP. For an extra measure of performance, a new Twin Turbo V6 is available and delivers a potent 410 HP. Putting all this power where you need it, when you need it, are available All-Wheel Drive (standard on Twin Turbo models) and the rear electronic Limited-Slip Differential (eLSD).
Where is it written that head-turning presence and formidable performance be restricted only to two-door coupes? The chiseled, angular skin of the XTS was designed not only to turn heads, but also to slice through the wind, helping improve performance and mitigate noise. Its iconic Cadillac grille is available in three dramatic designs. In each case, the shape is integrated into the overall design so seamlessly, the final effect is nothing short of stunning. Of course, its assertive stance and striking vertical rear taillamps make a bold statement, but when you spot the massive front Brembo® brakes lurking behind the spoked alloys, it becomes clear this is a Cadillac to be reckoned with.
WHEN IT COMES TO THE DETAILS, WHERE DO YOU STOP?
YOU DON’T.

EXTERIOR DETAILS

DYNAMIC 20” WHEELS
Featuring a brilliant, polished finish and chrome inserts, these 20” Platinum Collection wheels are the ideal complement to the XTS.

BRILLIANT HEADLAMP TECHNOLOGY
The High Intensity Discharge (HID) headlamps are available with Adaptive Forward Lighting that steers the headlamps in the direction you’re steering. The brilliance of IntelliBeam is also available. This technology automatically switches between low and high beams when oncoming headlamps are sensed, or when taillamps are detected in front of you.

ROOM WITH A VIEW
A third window was engineered behind each rear door. This design not only provides an overall feeling of open space inside, but also grants near seat passengers a clearer view.

BOLD, CONFIDENT GRILLE
The aerodynamic front is accentuated with chrome and balanced by a subtle piano-black finish, delivering a sleek and striking appearance. (Standard grille shown.)
With the XTS setting the perfect stage for an exhilarating performance, it’s fitting the lighting was designed as if it were a contemporary theater. Every piece of illumination was choreographed with a specific task in mind, whether it is to draw your eye to the meticulous details or to add illumination to key areas.

### A PERFORMANCE THIS IMPRESSIVE DESERVES LIGHTING TO MATCH.

- **ILLUMINATED DOOR HANDLES**
  - Illuminated door handles under the outside mirrors cast a light near the entrance of the car as part of the carefully choreographed lighting sequence, so your path is well lit.

- **Puddle Lamps**
  - Travel sensors trigger under the outside mirrors cast a light near the entrance of the car as part of the carefully choreographed lighting sequence, so your path is well lit.

- **ILLUMINATED SILL PLATES**
  - In the XTS, every detail was considered. For example, upon opening either front door in the Platinum Collection, backlit sill plates are an inviting touch.

- **Ambient Interior Lighting**
  - Available ambient lighting complements the LED spotlights under the door pulls in front, in the foot wells and from the overhead console. Cast a soft gleam under the wood trim on the dash and front door panels, it adds intrigue to the contemporary design of the cabin.

With the XTS setting the perfect stage for an exhilarating performance, it’s fitting the lighting was designed as if it were a contemporary theater. Every piece of illumination was choreographed with a specific task in mind, whether it is to draw your eye to the meticulous details or to add illumination to key areas. Taken individually, each light is impressive in its own right, like the signature Cadillac light pipe technology integrated into the headlamps and taillamps. They form a razor-thin blade that is clearly evident at night—making your vehicle visible and distinctive from any angle. When backing up, there’s a lower-mounted reverse lamp to improve your view. Even the available illuminated exterior door handles add a purposeful touch at night.
The XTS acknowledges your presence even before you take a seat. As you approach, lighting elements in the headlamps, door handles and side mirrors are choreographed to illuminate your way.
The first moments behind the wheel are, in many ways, the most inspiring—which is why we designed the XTS to feel more like a perfectly tailored garment. You wear it, feel it, think it. There’s the wraparound instrument panel that blends seamlessly into the upper doors, creating an uninterrupted sense of spaciousness. To that, add fine leather seating surfaces, exotic woods and brushed metal that work in concert to further accentuate the cabin. Even the spacious backseat with unsurpassed-in-class rear legroom is slightly elevated so every passenger is afforded a seat with a view. Complementing rear-seat comfort is a new fold-down armrest with integrated controls for both the radio and available power sunshade. It may feel as if every interior detail was designed to meet your personal specifications. Perhaps that’s because it was.
The meticulous attention to detail continues into the striking cabin. Intuitive controls are complemented with impeccably detailed materials like lustrous exotic wood that trims the steering wheel and is carefully laid throughout the center console. Laminated front side glass and triple door seals work in tandem to help deflect noise before it enters the cabin. And to optimize seat comfort, pressure-mapping technology was used extensively to design the contoured front seats. Proof that in the XTS, technology definitely comes with a sophisticated side.

THE LINING OF A SUIT, THE MOVEMENT OF A WATCH. TRUE LUXURY CAN OFTEN BE FOUND ON THE INSIDE.

The closer you look, the better it gets. Leather surfaces, contrasting stitching, beautifully grained woods and brushed metal all come to life in the XTS.

FULL-LEATHER SEATS
Semi-aniline full-leather seating is exclusive to Platinum Collection models. This unique, luxurious leather is renowned for its ultra-soft feel and refined appearance.

THE ART OF DETAIL
From the smartly placed mobile device holder to the center control panel that opens, every millimeter of the XTS reveals yet another brilliantly engineered space.
Your choice seats to a remarkable musical event are ready. Deep, powerful lows. A wide, spacious soundstage. All the emotion and dynamics of a live performance now rendered in a remarkable surround sound experience. And it’s all brought to you by the 14-speaker Bose® Studio Surround® sound system in the Premium and Platinum Collections. Customized for the unique acoustic environment of the XTS, it uses two Personal® surround speakers on the top of each front seat to provide an immersive and individual sound experience. Of course, no matter where you are sitting, you’ll enjoy rich, detailed sound that seems to extend well beyond the space. With its proprietary speakers, powerful amplifier and AudioPilot® noise compensation technology, this system puts you in the middle of the music.
The intuitive CUE® driver interface blends innovative technology with highly intelligent design to create an experience that’s as effortless as it is advanced. It easily accesses every contact and song on up to ten Bluetooth®-enabled smartphones. The available 3-D GPS navigation system has map-integrated Doppler weather reports. CUE also streams Pandora Radio® and lets you preset up to 60 favorites, including points of interest, addresses, phone numbers, and more. With CUE, the customization and content possibilities are not only endless, but right at your fingertips.

CUE is as intuitive as it is advanced. Spread your fingers to zoom in closer on a map. Swipe to breeze through your music. Simply speak and let the Natural Voice Recognition help you effortlessly place a phone call or change your music.

Considering that it can even detect your hand as it approaches the vibrant 8-inch LCD touch screen, interacting with CUE couldn’t be easier. And when an icon is touched, the screen pulses to acknowledge the command, letting you keep your eyes safely on the road. On select models, you can even configure the gauge cluster to find the layout of information that perfectly suits you. With CUE, the future has arrived, and it’s better than you could have possibly imagined.

ONE PART DRIVER INTERFACE, ONE PART ENTERTAINMENT SYSTEM, CUE REIMAGINES THE CONNECTION BETWEEN CAR AND DRIVER.
SAFETY

VISION, IN EVERY SENSE OF THE WORD.

Before making a lane change, always check the SBZA display and the side and inside mirrors, look over your shoulder for vehicles and hazards, and activate your turn signal. 2. Adaptive Cruise Control is no substitute for the driver’s personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 3. Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration’s (NHTSA’s) New Car Assessment Program (www.SaferCar.gov).

The best safety features are those that help you avoid a collision in the first place. That’s why the XTS offers the latest innovations in driver awareness and assistance to help inform you of potential hazards you may not even see. Using radar technology and strategically placed cameras, the XTS is ever-vigilant with its available Forward Collision Alert, Lane Departure Warning, Side Blind Zone Alert,1 Rear Cross-Traffic Alert, and Front and Rear Park Assist. Even the available Adaptive Cruise Control2 uses radar to maintain a preset distance between you and other vehicles. And the available Automatic Front and Rear Braking detects large objects you may not see to help prevent certain low-speed collisions by applying the brakes for you. As an alternative to warning chimes, the XTS offers a Safety Alert Seat that pulses, giving you instant, tactile feedback to alert you of select dangers on the road. With all of this, it’s no surprise that the 2013 XTS was awarded a 5-Star Overall Vehicle Score3 for safety.
ADVANCED SAFETY
YOU’LL FEEL GOOD ABOUT.

With select models featuring ten ultrasonic motion detectors, six Doppler radar sensors and a high-definition Smart Camera taking twelve pictures every second, the XTS doesn’t just watch the road. It analyzes it. Cross-references it. Writes a dissertation. And then leaves you with the condensed version. All through pulses in your driver’s seat.

Why pulses? Because on the road there are many visual and auditory signals vying for your attention. That’s why we offer safety technology you can actually feel with the available Safety Alert Seat. By sending immediate pulses through the seat cushion, either right or left, or simultaneously, this patented technology quickly and intuitively warns you of the direction of a potential hazard, increasing your confidence as you continue on your way.

From where you sit, it is just another example of how innovative XTS safety technology leads you confidently down the road ahead.
IT’S AS DEFENSIVE
AS IT IS DYNAMIC.

It starts with a protective safety cage constructed with high-strength steel alloys for exceptional rigidity and strategically placed crumple zones. Then we add preventive safety features like the StabiliTrak Electronic Stability Control System and a sophisticated antilock braking system (ABS) with Electronic Braking Force Distribution that helps balance stopping power between the front and rear brakes. There’s also the confidence that comes with ten standard airbags1 and a complimentary one-year subscription to OnStar® Automatic Crash Response. In a crash, built-in sensors in your vehicle can automatically send an alert to an OnStar Advisor who can contact you in your car.

AUTO-DRY BRAKES
It makes perfect sense—dry brakes stop faster than wet brakes. That’s why we designed the XTS so that the available Rainsense wipers and Auto-Dry brakes work together. After the Rainsense wipers are activated, the brake pads are positioned closer to the rotor, sweeping away the moisture and helping to improve braking performance. Visit cadillac.com/autodry for further details.

1. Always use safety belts and the correct restraint for your child’s age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate safety device, which is designed specifically for children. Most states have laws requiring children to be restrained in the rear seat or to be secured with the correct safety device for their age, size, and weight. Call your local government agency or your state’s public health department for information. Visit cadillac.com/passengersensing for further details. OnStar acts as a link to emergency services providers. For details and system limitations see onstar.com.
Its performance matches its dramatic presence. A 305 HP 3.6L direct-injection engine is standard on every XTS and is renowned for its smooth, refined power. Ignite the newly available 410 HP Twin Turbo V6, and you’ll experience an entirely new level of exhilaration. At its heart is a refined turbocharging system that combines Variable Valve Timing and precise direct-injection to deliver outstanding performance by any measure. Either engine you select is coupled to an advanced Gen-II automatic transmission that delivers crisp, smooth shifts in step with the engine’s impressive output. When you call for power, the XTS answers immediately.

**Power That Appeals to Your Left Brain and Right Foot in Equal Measures.**
Any luxury sedan can hold its own on a long stretch of interstate. However, when the pavement twists, writhes and dips, the XTS quickly separates itself from everything else on the road. With its advanced suspension and precisely tuned steering, it delivers a perfectly connected and sophisticated ride. Torque-vectoring All-Wheel Drive is available and features advanced software that manages torque front-to-rear, while the rear electronic Limited-Slip Differential (eLSD) controls torque side-to-side along the rear axle, Putting power where you need it most for a surefooted grip on the pavement. The XTS also features revolutionary dual-mode Magnetic Ride Control that reacts in the blink of an eye to changing demands, while its advanced HiPer Strut technology helps the tires remain keyed to the surface. Combined with rear auto load-leveling suspension and speed-sensitive steering, the XTS handling is nothing short of a revelation.
WE DON’T PLAY GAMES
WHEN IT COMES TO LUXURY.
UNLESS, OF COURSE, IT’S LEAPFROG.

THE PLATINUM COLLECTION:

ULTRAVIEW SUNROOF
Sweeping both rows of seats and giving the XTS an even more spacious feel, this sunroof doesn’t so much open as unveil.

LEATHER-WRAPPED INTERIOR
Leather wraps virtually every surface you touch and sets the XTS, enhancing the experience before you even start the engine.

ADAPTIVE CRUISE CONTROL
Progressive technology in the XTS affords an assured and comfortable journey with available Adaptive Cruise Control® as well as Automatic Front and Rear Braking.

EXCLUSIVE GRILLE
The strong lines and refined-mesh grille combine to make a statement that is found only on the Platinum Collection.

The XTS Platinum Collection takes all the innovation, design and especially the luxury of the XTS to an even higher level. Leather and exotic wood accent the instrument panel, floor console, and even the doors. Semi-aniline full-leather seats are not only exceptionally supple, but meticulously detailed with subtle hints of contrasting® color. But luxury is just one of the many ways the XTS Platinum goes above and beyond to deliver an exhilarating driving experience. Newly available with this Collection is the Twin Turbo V6 engine. A technological masterpiece, this engine delivers 410 HP—a phenomenal figure that ensures that whatever situation you find yourself in, vast reserves of power and acceleration are available whenever you need them.

1. Jet Black with Light Wheat accents interior only. 2. Adaptive Cruise Control is no substitute for the driver’s personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.
It’s as close as you can get to a personalized fit. Tri-zone climate control means every inch of the car is perfectly heated or cooled. The reconfigurable gauge cluster allows you to toggle between four distinct gauge cluster designs and choose which design perfectly suits your driving experience. And the richly detailed interior comes complete with a 14-speaker Bose® Studio Surround® sound system. Even the newly available 410 HP Twin Turbo V6 is just another example of how we've pushed refinement and performance to a whole new level.

**THE PREMIUM COLLECTION:**

**PREDICTIONS SEEM FRIVOLOUS WHEN YOU’VE ALREADY SEEN THE FUTURE.**

**HEAD-UP DISPLAY**

Using head-up display technology similar to that found in fighter jets helps keep your eyes on the road by projecting customizable key driving and entertainment information in full color at eye level.

**BRILLIANCE THAT LOOKS AHEAD**

IntelliBeam enhances the visionary technology of HID headlights with Adaptive Forward Lighting. This technology turns the high beams automatically and switches to low beams temporarily when oncoming headlamps or taillamps are detected.

**BOSE STUDIO SURROUND SOUND SYSTEM**

Your XTS doubles as an intimate concert venue with the 14-speaker Bose Studio Surround sound system that includes two Personal® surround speakers on the top of each front seat.

**NAVIGATION SYSTEM**

Convenience—no matter how far, thanks to the navigation system! Featuring easy, intuitive voice guidance, 3-D GPS color imagery and real-time Doppler weather**, and more, it's your on-the-road control center.

*Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. Requires active SiriusXM subscription.*
THE LUXURY COLLECTION:
HOW CLOSE DID WE COME TO THE ONE IN
YOUR IMAGINATION?

PREMIUM WOOD TRIM
Eye-catching wood sets the tone for the interior of the XTS with its deep, rich color. The beautiful grain appears to change with the lighting, adding an extra touch of nature.

INTEGRATED EXHAUST
The dual-exhaust outlets are integrated into the rear fascia to ensure the impeccable lines of the XTS remain undisturbed.

EXCEPTIONAL SEAT COMFORT
Ventilated front seats with cushion-length adjusters and heated outboard rear seats mean everybody in the cabin is comfortable, no matter how long the drive or what the temperature is outside. Of course, it's all complemented by dramatic ambient lighting. Even the dual-exhaust outlets are beautifully integrated into the fascia to complete the modern and refined look. Proof that luxury and advanced design can coexist in perfect harmony.

HEATED STEERING WHEEL
The perfect antidote to a cold winter morning.

Step inside, and you'll find premium wood accents highlighting the instrument panel, door and shifter. With a Memory Package for two drivers that recalls presets for the power driver seat, passenger seat, outside mirrors and the steering column, the XTS stands ready no matter who holds the key. Heated, ventilated front seats with cushion-length adjusters and heated outboard rear seats mean everybody in the cabin is comfortable, no matter how long the drive or what the temperature is outside. Of course, it's all complemented by dramatic ambient lighting. Even the dual-exhaust outlets are beautifully integrated into the fascia to complete the modern and refined look. Proof that luxury and advanced design can coexist in perfect harmony.
### Paint Finishes

**Tintcoat**
A premium 2-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

**Tricoat**
A meticulous 3-layer process that results in a dramatic hue-shifting color.

1. Available at extra cost. 2. Not available with Medium Titanium / Jet Black interior.
1. Jet Black available on XTS, XTS Luxury and XTS Premium Collections.
2. Shale with Cocoa accents available on XTS, XTS Luxury and XTS Premium Collections.
3. Caramel with Jet Black accents available on XTS Luxury and XTS Premium Collections.
4. Medium Titanium with Jet Black accents available on XTS Luxury and XTS Premium Collections.
5. XTS Platinum Collection only.

20" Cast Aluminum with Premium Multi-Coat Painted Finish
Premium Collection option (included on Premium Collection with Twin Turbo), includes P245/40R20 all-season tires
We set out to create the ultimate customer experience that exceeds every luxury vehicle brand. The result is Cadillac Shield, and it backs every vehicle we sell. Cadillac Shield is the most comprehensive suite of owner benefits offered by any luxury automotive brand in the world. From innovations like Remote Vehicle Diagnostics and advanced mobile apps to our Premium Care Maintenance program, Cadillac Shield gives luxury owners everything they need.

**CADILLAC SHIELD**

**THE STANDARD OF LUXURY OWNERSHIP**

**WARRANTY PROTECTION**
Cadillac’s 6-year or 70,000-mile2 Powertrain Warranty offers more years and miles standard than BMW and Mercedes-Benz. In addition, our 4-year or 70,000-mile2 Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor. In correct problems in materials or workmanship.

**PREFERRED BEAT MASTERS**
Standard on all 2011 and newer vehicles, Cadillac’s Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection.4 That is more years of service standard than any luxury automaker.

**ROADSIDE ASSISTANCE**
Cadillac offers more years of Roadside Assistance standard than any luxury owner benefits. Our 4-year or 70,000-mile2 Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor. In correct problems in materials or workmanship.

**PREMIUM CARE MAINTENANCE**
Cadillac’s Premium Care Maintenance program covers repairs on your entire vehicle, including parts and labor. In correct problems in materials or workmanship. Your vehicle (when factory equipped) from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range, and remaining oil life. The ingenuity of the XTS doesn’t stop with the vehicle. As a Cadillac owner, an advanced complimentary MYCADILLAC app2 comes with 1 year of OnStar service standard. With best-in-class diagnostics from OnStar,4 available on iPhone, Android™ and select BlackBerry® devices. Services vary by phone, vehicle and compatible software.

**SECURITY BY ONSTAR**
If you’ve reported your Cadillac stolen, OnStar4 can use GPS technology to help authorities locate your vehicle. A Visitor Advisor can further assist authorities by sending a remote Stolen Vehicle Slowdown® start to your vehicle to slow it down. Advisors can also enable a Remote Ignition Block, making it impossible to restart a stolen vehicle if it has been turned off.

**NAVIGATION BY ONSTAR**
You just push the OnStar button on your vehicle’s key fob, and a Visitor Advisor will call out every turn or send them to your navigation system. If equipped, you can also plan routes using MapQuest.com® and send directions right to your vehicle.

**CONNECTIONS BY ONSTAR**
Available in some vehicles, Free Calling capability from OnStar® allows you to make and receive calls safely and securely from your Cadillac. With the OnStar RemoteLink® mobile app, you can access real-time information and control your Cadillac from anywhere you have cell phone service. Now you can even find a destination with Remotesite®,5 and send directions right to your vehicle.

**SOS**
Emergency by OnStar®—built into every OnStar® system—can automatically alert an OnStar® Advisor who is immediately contacted to your Cadillac. An Advisor will help you remotely turn off your engine, and help sent your exact location. Other OnStar® emergency services include Injury Severity Predictor and First Assist, which ensure you quickly get the help you need for seconds matter most. All Cadillac models come with 2 years of OnStar service standard.

**DIAGNOSTICS BY ONSTAR**
The standard one-year Directions and Connections® Plan allows you to push one button to connect with a live Advisor to find the things and places you want. Get directions or diagnostics check while you drive. Make calls, safely with both hands on the wheel and control your vehicle with the RemoteLink® mobile app. And as always, get help immediately in a crash or an emergency. These are just a few examples of the level of personal service we think you deserve as a Cadillac owner.

**COURTESY TRANSPORTATION**
This Cadillac program provides alternate transportation and/or reimbursement of certain transportation expenses.4 If you Cadillac requires warranty repairs for 6 years or 70,000 miles.

**MYCADILLAC APP**
The key benefit of the XTS doesn’t stop with the vehicle. As a Cadillac owner, an advanced complimentary app2 comes with 1 year of OnStar service standard. From virtually anywhere at anytime, a few taps of your finger on your iPhone or Android smartphone let you access features like parking reminders, Remotesite® and more. Plus, in conjunction with the OnStar® RemoteLink® app, you’ll have the ability to remotely start your vehicle (when factory equipped) from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range, and remaining oil life. 1. Whichever comes first. See dealer for limited warranty details. 2. Whichever comes first. See dealer for details on dedicated MyCadillac contract. 3. Available on iPhone, Android™ and select BlackBerry® devices. Services vary by phone, vehicle and compatible software. 4. Available on iPhone, Android™ and select BlackBerry® devices. Services vary by phone, vehicle and compatible software. 5. Requires an active OnStar subscription. 4. Visit onstar.com for coverage map, details and system limitations. Services vary by phone, vehicle and compatible software. 5. Requires an active OnStar subscription.

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, dimensions, measurements, weights, and other information. This catalog and other printed materials presented at the dealership or affixed to vehicles are approximations based upon design drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

**TIRE SEALANT AND COMPRESSOR KIT**

Tire sealant and compressor kit uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tire tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire cannot be reused. Outside and Interior Ultimate Appearance, Powertrain, Drive-Train 

**ASSEMBLY**

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

**UPDATED SERVICE INFORMATION**

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

**NEW-VEHICLE LIMITED WARRANTY**

World-class coverage comes standard on every 2013 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

**COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST)**

Powertrain Limited Warranty with no deductible, Roadside Assistance Program, 1 Courtesy Transportation Program. 1

**COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST)**

Bumper-to-Bumper coverage; Tires – Defects in material and workmanship; Repairs made to correct any vehicle defect; Corrosion on body sheet metal panels.

**RUST THROUGH PROTECTION**

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through in the form of an actual hole in the sheet metal is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in the Rust Through coverage. Application of additional rust inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

**FLEET ORDERS**

Some standard content may be deleted with fleet orders. See dealer for details.

1. Roadside Assistance Program and Courtesy Transportation Program are not a part of the New Vehicle Limited Warranty. A separate booklet entitled “Warranty and Owner Assistance Information” furnished with each new vehicle provides detailed warranty coverage information.

**ONSTAR**

OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar’s Terms and Conditions, Privacy Policy and details and system limitations.

**ENGINES**

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

**TIRES**

Your vehicle may be equipped with tires in various sizes, by different manufacturers and with different performance characteristics. Some tires may be more suitable for your vehicle’s size and application than others, so please consult your authorized Cadillac dealer for recommendations.

**FORD-FITTED TOOLS**

For additional information about Ford’s Fitted Tools, please visit your authorized Cadillac dealer.

**SCHEDULED MAINTENANCE**

Consult your scheduled maintenance schedule for the specific intervals that are applicable to your vehicle.

**REPLACEMENT PARTS**

All replacement parts and repair service must be performed by an authorized dealer to maintain warranty coverage. See your authorized Cadillac dealer for replacement parts information and service availability.

**NEW ACCESSORIES**

Contact your authorized Cadillac dealer for complete details on the New Accessories program.

**ACCESSORIES**

Accessories shown are available at extra cost and may not be standard equipment on all vehicles. See your authorized Cadillac dealer for complete details.

**CUSTOMER SATISFACTION**

Should you have a problem or concern about your vehicle, you may contact Cadillac’s Customer Satisfaction Program at 1-800-422-2233 or visit www.cadillac.com/csp.
