2016

XTS
THE STATEMENT OF ACHIEVEMENT
With its sophisticated exterior, spacious cabin and progressive technology, the 2016 XTS is the embodiment of effortless elegance. A responsive engine and suspension, plus superb handling make every ride in the XTS a refined experience.
PART I
THE FEELING
ANSWER EVERY NEED COMFORTABLY
PROJECT A SOPHISTICATED STATEMENT
LIVE WELL ABOVE THE EVERYDAY
EXPERIENCE THE BENEFITS OF SUCCESS. THE 2016 XTS.
PART II
THE FEATURES
An expression of comfort and details. Step inside the XTS and note the extravagant conveniences and craftsmanship that have been taken to fully immerse every passenger in prestige. Generous leg room, climate control, plus ambient interior lighting place you in exceptional comfort. While the finest materials such as full leather and brushed metal make every inch feel tailor-made.

22-WAY ADJUSTABLE FRONT SEATS

Customizable comfort. Available 22-way adjustable front seats provide power-adjustable seatback bolsters and pneumatic massage to provide total comfort for the driver and front passenger.
HEATED AND VENTILATED FRONT SEATING
Uncompromised comfort. Available ventilation and heating in the power-adjustable, front-row seats offer cool air in warmer weather and soothing warmth when it’s cooler.

HEATED STEERING WHEEL
Comfort in cold weather. The available heated steering wheel in the XTS enhances every touch.
REAR LEG ROOM
An enjoyable ride for every passenger. Those in the rear row of the XTS can enjoy 40” of generous leg room, as well as available heating for the two outer seats.

BOSE® PREMIUM SOUND SYSTEM
An immersive experience. The available 14-speaker Bose Studio Surround Sound system is customized for optimal performance inside the XTS interior. Strategically placed speakers work in unison to envelop you in sound, playing your favorite music with concert-like quality.
INTELLIGENT INTERIOR LIGHTING

Illuminating design. Available ambient interior lighting casts a subtle glow, complementing the cabin’s sleek lines and meticulous details.
The perfect fit, every time. The available Memory Package can record two driver presets, recalling the preferred positioning of the driver's and front passenger's seat, the power telescoping steering wheel and outside mirror angles for each driver. Every time you step inside the XTS, you'll have a seat that feels like your own.

What you need, within your reach. Driver controls placed strategically on the XTS steering wheel allow you to control interior features like radio volume and Bluetooth® capability without distraction.

1. Visit mycadillac.com to find out which Bluetooth phones are compatible with the vehicle.
EXTERIOR

Elegance everywhere you look. From afar, the XTS cuts a dramatic figure with its long, flowing lines and striking cast aluminum wheels. Up close, there are thoughtful details like the streamlined grille and brilliant High-Intensity Discharge (HID) headlamps, which make for an equally bold impression.

HEADLAMP TECHNOLOGY

A forward-thinking lighting system. High-Intensity Discharge headlamps emit a crisp, white light, providing illumination superior to traditional headlamps. Available IntelliBeam headlamps automatically switch to high beams when you’re driving on dark roads. When sensors detect taillamps or oncoming headlamps, they’re automatically switched back to low beams.
**LED TAILLAMPS**

Eye-catching at every angle. The LED taillamps on XTS are nearly impossible to miss, showcasing the vehicle’s sculpted rear.

**20” WHEELS**

Warmth that pleases the eye. Available polished and painted finishes add an artful edge to the cast aluminum wheels.
PLATINUM GRILLE

A bold statement. The sleek lines of the Platinum Collection grille are accented by the new Cadillac crest, bringing bold styling center stage.

INNOVATIVE LIGHTING

A well-lit welcome. When you unlock the XTS with your key fob after dark, lights in the headlamps, outside mirrors and available light accents on the door handles illuminate, casting a soft glow and improving visibility around the vehicle as you approach.
Connectivity and control. Driven by these two principles, the technology features inside the XTS help you command every journey. With features like available OnStar 4G LTE Wi-Fi® hotspot and the available Rear Seat Entertainment (RSE) system, staying connected and engaged is simple for you and your passengers.

**CADILLAC CUE®**

Real-time information at your fingertips. Cadillac CUE® provides a suite of information and entertainment offerings like available Pandora® Radio and offers Phone Integration compatibility with Apple® CarPlay™ and, later in the model year, Android™ Auto.

Access your contacts, music and information with a touch of the screen. It also uses voice-activated technology, so every feature is easily accessible to you or your front-seat passenger.

1. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. 2. Cadillac CUE functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. 3. Data plan rates apply. 4. Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply.
ONSTAR 4G LTE WI-FI AND BUILT-IN HOTSPOT

Stay connected. Available OnStar 4G LTE and a built-in Wi-Fi hotspot that can support up to seven mobile devices at 4G LTE speed up to 50 feet away from your XTS.

WIRELESS CHARGING

Stay charged. With Wireless Charging, you can power your compatible phone and select other mobile devices anytime the vehicle is running.

PHONE INTEGRATION

Powerfully connected. With Phone Integration compatibility for Apple CarPlay and later in the model year, Android Auto, you can access your contacts, music, information and more with just the touch of the Cadillac CUE screen. Plus with voice-activated technology, every feature is easily accessible, so you can keep your attention on the road ahead.
**RECONFIGURABLE GAUGE CLUSTER**

A crisp, clear display, customized for you. On select XTS models, you can adjust the gauge cluster to show the driving information most relevant to you. And with this enhanced available 12.3” display, staying informed feels effortless.

---

**REAR SEAT ENTERTAINMENT SYSTEM**

A welcomed diversion. With an available Blu-ray™-compatible, dual-play capable DVD player and two seat-mounted, 8” flip-up screens, rear-seat passengers have access to first-class entertainment. And with two sets of wireless headphones included, front and rear passengers can enjoy the journey their way.

---

1. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations.  
2. The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see my.cadillac.com.  
3. Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply.  
HANDLING

Confident control. The XTS delivers responsive handling and assured acceleration every time you get behind the wheel. Easily move across roads and react with agile responsiveness.

COMFORTABLE PERFORMANCE

Control grace and elegance. With innovative features such as Magnetic Ride Control, every passenger in the XTS will enjoy the road in extraordinary comfort.
STANDARD AND AVAILABLE ENGINES

You decide how much power is enough. Standard on the XTS, the 304-hp 3.6L V6 direct-injection engine is paired with an automatic transmission that delivers seamless shifting and crisp performance. The 410-hp Twin Turbo V6 engine, available on the V-Sport Premium and V-Sport Platinum, heightens the performance even further.

BREMBO® FRONT BRAKES

Innovation at every stop. The world-renowned experts at Brembo lent their expertise to the front braking system, helping deliver smooth, responsive stopping power, no matter the road conditions.
HANDLING

MAGNETIC RIDE CONTROL

Conquer troublesome roads. Dual-mode Magnetic Ride Control assesses the road surface up to 1,000 times per second, adjusting the chassis to help provide more responsive handling and a smooth ride regardless of road conditions.
SAFETY

Keep one step ahead. Using radar and camera technology, available safety features in the XTS can alert you to impending objects and vehicles, giving you extra time to help avoid collisions.

SAFETY ALERT SEAT

Security you can feel. An available Safety Alert Seat sends vibrations through the right, left or both sides of the driver's seat cushion, alerting you to potential risks, as well as the direction from which they're coming.
AVAILABLE SAFETY FEATURES
Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

SIDE BLIND ZONE ALERT
Your extra set of eyes. Available Side Blind Zone Alert monitors your blind spots. If a vehicle is in an adjacent lane, an icon in the side mirror illuminates to alert you. If you’ve activated the turn signal to change lanes, the icon flashes to help you avoid a collision.

SURROUND VISION
A brand new perspective. Available Surround Vision provides a bird’s-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected on the Cadillac CUE screen, helps increase your awareness when parking or in reverse.

FORWARD COLLISION ALERT
Always looking ahead. Forward Collision Alert uses camera technology to monitor traffic ahead and provide an alert if a potential collision is imminent.
SAFETY

ADAPTIVE CRUISE CONTROL
Strategically placed radar and camera sensors monitor the traffic directly ahead to maintain the selected following distance gap to the vehicles in front of you.

LANE KEEP ASSIST
A guiding principle. Lane Keep Assist uses technology that gently adjusts the steering to help you keep the vehicle within the detected lane markings.

REAR CROSS TRAFFIC ALERT
Progressive protection. Advanced sensors in both the rear bumper corners monitor the sides of the XTS when you back out and alert you to approaching vehicles.

FRONT AND REAR AUTOMATIC BRAKING
Safer stopping when it counts. Up to certain speeds, this feature can sense front or rear collisions and automatically engage the brakes, helping to give you more reaction time.
HEAD-UP DISPLAY

Important information at a glance. The available Head-Up Display (HUD), projects driving information onto the windshield in full color, so you can stay informed without taking your eyes off the road. It’s also reconfigurable, so you can choose to display information that’s most relevant to you.
STEEL SAFETY CAGE
Designed to help defend. Beneath the exterior of the XTS lies a high-strength, steel alloy safety cage with strategically placed crumple zones that help manage impact energy if the unexpected happens.

AUTO-DRY BRAKES
Optimized braking, even in inclement weather. Auto-Dry brakes are activated once the windshield wipers are engaged. They sweep moisture away from the brake rotors, helping to keep you safer in wet conditions.
2016 XTS Features

**STANDARD FEATURES**

**DRIVETRAIN**
- 3.6L Direct-Injection V6 VVT Engine With 304 hp @ 6800 rpm and 264 lb-ft of torque @ 5300 rpm
- Front-Wheel Drive
- 6-Speed Automatic Transmission Includes steering wheel-mounted paddle shifting

**CHASSIS AND SUSPENSION**
- Brakes Brembo® front, 4-wheel vented disc with antilock braking system (ABS) and DuraLife rotors; featuring Auto-Dry functionality and Intelligent Brake Assist
- Exhaust Dual stainless steel, hidden, tight-down
- Magnetic Ride Control Dual-mode, featuring Tour and Sport modes
- StabiliTrak Electronic Stability Control System
- Steering Speed-sensitive, variable-effort power rack-and-pinion
- Suspension, 4-Wheel Independent Front: HiPer Strut, direct-acting stabilizer bar; Rear: independent linked H-arm with air springs

**EXTERIOR FEATURES**
- Capless Fueling
- Keyless Access Passive entry on both front and rear doors
- Lighting High-Intensity Discharge (HID) headlamps, Twilight Sentinel automatic operation, flash-to-pass
- Daytime Running Lamps
- LED taillamps, Center High-Mounted Stop Lamp (CHMSL)
- Puddle lamps
- Mirrors Driver and passenger, heated, power-adjustable, manual-folding, turn signal indicator
- Tire Inflation Kit
- Wheels 19” cast aluminum with premium multi-coat paint finish and chrome inserts (see inside back cover for details)

**INTERIOR FEATURES**
- Adaptive Remote Start Activates heated/ventilated seats (if equipped), climate control system and rear defroster
- Air Filtration System Automatic air circulation and air quality
- Armrest Center front; rear with lockable pass-through, dual cupholders and storage
- Audio
  - 8-speaker Bose® sound system
  - HD Radio
  - SiriusXM Radio® with three-month trial
- Cadillac CUE® (Cadillac User Experience)® Information and media control system
- Climate Control
  - Electronic, automatic with individual climate settings
  - Dual-zone for driver and front passenger
  - Rear-window defroster
- Connectivity
  - Bluetooth® recognizes up to 10 Bluetooth-enabled smartphones®
  - 3 USB ports
  - Auxiliary jack
- Wi-Fi® hotspot capability® includes a 3-month or 3 GB data trial (whichever comes first)

**SAFETY AND SECURITY**
- Air Bags® Dual-stage frontal, side-impact; knee and head-curtain side-impact for driver and front passenger; head-curtain and seat side-impact for outboard rear passenger
- Passenger Sensing System, front passenger seat
- OnStar® With 4G LTE® Standard one-year Guidance Plan® (trial excludes Hands-Free Calling minutes)
- Park Assist Rear
- Safety Belts Lap and shoulder belts for all positions with belt-to-seat mounting and pretensioners for driver and front passenger, rear outboard comfort guides
- Theft-Deterrent System
- Engine immobilizer
- Audible content theft-deterrent system
- Tire Pressure Monitoring System
- Traction Control All-speed with brake and engine intervention

**AVAILABLE FEATURES**
- Engine Block Heater
- Tire, Compact Spare

**LUXURY**

Enjoy 2016 XTS Features + these enhancements

- Ambient Interior Lighting LED-based instrument panel and front door light pipes; accent spotlights
- Cargo Net
- Exhaust Integrated outlet design
- Exterior Lighting
  - Auxiliary Daytime Running Lamps, on lower fascia
  - Illuminated door handles
- Mirrors Driver and passenger, heated, power-adjustable, driver-side auto-dimming, power-folding, turn signal indicator
- Memory Package Two presets for the driver and front passenger seat position, outside mirrors, the power rake and telescoping wheel
- Navigation® With voice and text guidance
- Park Assist Front and Rear (FWD and AWD); automatic parallel and perpendicular assist (FWD only)
- Rear Vision Camera Includes rearview camera with automatic operation that provides a panoramic rear view with “guidelines” indicating the vehicle’s projected path when vehicle is put in Reverse
- Seats Heated front and outboard rear; ventilated front
- Shift Lever Leather-wrapped with wood-accented knob
- Steering Wheel Heated
- Wheels 19” cast aluminum with sterling silver painted finish (see inside back cover for details)
- Windshield Wipers, Automatic Rainsense With moisture detection
- Wood Trim On steering wheel, console instrument panel and door trim

**AVAILABLE FEATURES**

**OWNERSHIP BENEFITS**

We have created the most comprehensive suite of owner benefits offered by any prestige automotive brand in the world, providing everything our Cadillac owners need and everything they deserve.

**PREMIUM CARE MAINTENANCE**
The Cadillac Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multi-point vehicle inspection for 4 years or 50,000 miles.

**WARRANTY PROTECTION**
All Cadillac vehicles come with a 6-year or 70,000-mile Powertrain Warranty. In addition, our 4-year or 50,000-mile bumper-to-bumper limited warranty covers repairs on your entire vehicle, including parts and labor, to correct any concerns in materials or workmanship.

**ROADSIDE ASSISTANCE**
Cadillac offers more years of standard Roadside Assistance than any leading luxury automaker, with services for 6 years or 70,000 miles. This 24/7 program provides lockout, towing, refueling, Dealer Technician Roadside services and more.

**COURTESY TRANSPORTATION**
This program provides alternative transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles. That is more years of service standard than any leading luxury automaker.

**MY CADILLAC APP**
The ingenuity of the XTS doesn’t stop with the vehicle. As a Cadillac owner, an advanced app is available for your new car. From virtually anywhere at any time, a few taps of your finger on your iPhone or Android smartphone let you access features such as parking reminders, Roadside Assistance and more. Plus, in conjunction with the OnStar RemoteLink app, you’ll have the ability to remotely start your vehicle (when factory-equipped with remote start) from any place you have cell service and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range and remaining oil life.
Standard for one year, the OnStar Guidance Plan⁵ (trial excludes Hands-Free Calling minutes) lets you connect to a specially trained OnStar Advisor just by pressing the blue OnStar button in your XTS.

**AVAILABLE ONSTAR 4G LTE AND BUILT-IN WI-FI® HOTSPOT**
Now your XTS has an available built-in Wi-Fi hotspot, for connecting up to seven tablets, laptops or other devices at 4G LTE speed, so the content you crave is always headed where you are. Requires a data plan after the 3-month or 3 gigabyte data trial (whichever comes first).

**ONSTAR BASIC PLAN**
With the Basic Plan, you’ve got a powerful connection to your vehicle and the world around you standard for five years at no additional cost to you. You’ll have access to select services, which include limited features of the OnStar RemoteLink mobile app that lets you remote start your car (if equipped), pinpoint your vehicle on a map on your smartphone and manage your vehicle’s Wi-Fi hotspot. Plus, send a destination to your in-vehicle navigation screen (if equipped) and lock or unlock your doors—all from your mobile device. Your vehicle can run diagnostic checks on itself and remind you of servicing needs by email.

**AUTOMATIC CRASH RESPONSE**
In a crash, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can’t ask for it.

**EMERGENCY SERVICES**
One push of the red emergency button gives you a priority connection to a specially trained OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you’re never alone.

**CRISIS ASSIST**
During severe weather or other crisis situations, OnStar can provide a quick, central point of contact when you need emergency assistance, navigation help or information.

**ROADSIDE ASSISTANCE**
If you’re stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

**STOLEN VEHICLE ASSISTANCE**
If your vehicle is stolen, OnStar can use GPS to pinpoint and work with authorities to quickly help recover it. On many models, an Advisor can send a signal to slow the vehicle or prevent it from being restarted. And with the new Theft Alarm Notification feature, if your car alarm sounds, you’ll receive a notification by text, email or phone call.

**TURN-BY-TURN NAVIGATION**
Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of over 14 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the OnStar RemoteLink mobile app.

**ONSTAR 4G LTE CONNECTION**
With powerful 4G LTE connectivity built right into your vehicle, you have your very own mobile command center that provides faster service delivery and lets you stay connected on the go.

**ONSTAR REMOTELINK MOBILE APP**
You can remotely start your vehicle, locate your vehicle on a map, lock or unlock your doors, honk your horn and flash your lights. You can also send destinations to your vehicle through your smartphone.

**REMOTE SERVICES**
A simple call to an OnStar Advisor can send a signal to unlock your doors, honk the horn and flash the lights or remote start your vehicle. It’s technology hard at work to get you back on the road.

**HANDS-FREE CALLING**
Your vehicle has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn’t available. Choose from minute bundles or a minutes-per-month plan.

**ATYOURSERVICE**
OnStar AtYourService is a new way to discover value in the places you go. You get valuable offers for better ways to eat, shop, work and play, through a simple press of the blue OnStar button.

**ADVANCED DIAGNOSTICS**
Feel confident and safe knowing you have a self-diagnosing vehicle. Now your vehicle can easily run a check on its key systems and send you a monthly diagnostics report. You’ll know more and worry less with Advanced Diagnostics.

**DEALER MAINTENANCE NOTIFICATION**
Is it time for a tire rotation? An oil change? Or a new air filter? You’ll always know because your car can email your diagnostics report to the dealer when it’s time, and the dealer will contact you to set up a service appointment.
We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼-inch or a tire that has unseated from the wheel. The sealant can only be used on one tire, one time before its expiration date.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-782-4356 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY

World-class coverage comes standard on every 2016 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST)

Powertrain limited warranty with no deductible, Roadside Assistance Program and Courtesy Transportation Program.

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST)

Bumper-to-bumper coverage. Tires—defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

RUST-THROUGH COVERAGE

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS

Some standard content may be deleted with fleet orders. See dealer for details.

1. Roadside Assistance Program and Courtesy Transportation Program are not part of the New-Vehicle Limited Warranty. A separate booklet titled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.
