Chevy Avalanche 1500 4x4 in Onyx Black with available Z71 Off-Road Package. Throughout this brochure, you'll find invitations to learn more about Avalanche's features by visiting chevy.com/avalanchebrochure.
The All-New Chevy Avalanche.
Part SUV. Part Full-Size Pickup. All Chevy Truck.

Forget everything you’ve seen or heard. With its exclusive Midgate, the all-new Chevy Avalanche is the only vehicle that can go from a six-passenger SUV to a three-passenger full-size pickup with an eight-foot protected cargo box in less than a minute, without tools. Combine Chevy Avalanche’s tremendous adaptability with clever features like a covered, lighted cargo box and a lockable PRO-TEC tailgate, and it’s easy to see why we call Avalanche the Ultimate Utility Vehicle.

The all-new Chevy Avalanche. From the family of Chevy Trucks — the most dependable, longest-lasting trucks on the road.

**PRO-TEC TAILGATE**
The PRO-TEC tailgate is lockable, lightweight and rustproof. Its one-piece inner panel is made from a durable composite material to help resist dents and dings. And the PRO-TEC tailgate even includes integrated cup holders to hold your cup of coffee while you’re working outside.

**CARGO COVER STORAGE BAG**
There’s no need to head back to your garage whenever you’re on the go and need to remove the three-piece cargo cover. Just store the cover in its own protective storage bag, secure it in the open box and keep moving.

**GRAB HANDLES**
Integrated grab handles are designed to provide easy access to the cargo box. The grab handles can also be used as cargo tie-downs when you need to secure items.

**RUBBER MAT BEDLINER**
To help prevent items from shifting or moving when you’re driving, Avalanche comes equipped with a thick rubber bed mat. It’s easy to remove, too, for fast cleanups.

**REAR STEP-BUMPER**
Combined with integrated grab handles, the rear step-bumper provides extra convenience when you need to have access to the cargo box.

**TOP-BOX STORAGE**
Lockable, lighted storage compartments are located on the side of the cargo box and provide up to 1.7 cu. ft. of room each. These containers are perfect for holding small camping gear or emergency equipment.

**CARGO BOX LIGHT**
Put your flashlight away. This feature lights both the top-box storage area and cargo box to provide visibility when you’re stowing items.
Avalanche 1500 4x4 in Onyx Black with available Z71 Off-Road Package.
So What’s A Midgate?
Simply put, it’s what transforms Avalanche from an SUV to a full-size pickup. The Midgate is much like a tailgate, but it’s located right behind the rear seats. When lowered, it extends the Avalanche cargo box length from 5.3 ft. to 8.1 ft.

- When the Midgate is in the upright position and the rear window is in place, Avalanche can seat up to six passengers (with standard 40/20/40 front split-bench seating) while offering lots of cargo capacity.

- To change the configuration of Chevy Avalanche, simply fold the 60/40 rear seat forward for extra room.

- Keep the removable rear window in place. Or save the window within the Midgate and enjoy the fresh mountain air.

- Lower the Midgate to take advantage of its eight-foot-long cargo box. And depending on the weather, you can remove and stow the three-piece cargo cover — or keep it in place.
So What’s A Midgate?

Simply put, it’s what transforms Avalanche from an SUV to a full-size pickup. The Midgate is much like a tailgate, but it’s located right behind the rear seats. When lowered, it extends the Avalanche cargo box length from 5.3 ft. to 8.1 ft.

When the Midgate is in the upright position and the rear window is in place, Avalanche can seat up to six passengers (with standard 60/40 rear seat splitting) while offering lots of cargo capacity.

To change the configuration of Chevy Avalanche, simply fold the rear seat forward for extra room.

Keep the removable rear window in place. Or stow the window within the Midgate and enjoy the fresh mountain air.

Lower the Midgate to take advantage of its eight-foot-long cargo box. And depending on the weather, you can remove and stow the three-piece cargo cover — or keep it in place.

Drive Hard. Stay Comfortable.

Just because you enjoy rough terrain doesn’t mean you want a less-than-civilized interior. Avalanche lets you handle those well-worn paths in complete comfort. A standard Custom Cloth 40/20/40 split-bench front seat and 60/40 split-folding rear seat provides room for up to six in Avalanche. For additional comfort, choose available front bucket seats with Sport Leather and Cloth seating surfaces. Or available power eight-way heated front buckets with Custom Leather seating surfaces and lumbar support. With the all-new Avalanche, the rough stuff stays where it belongs: on the outside.

REAR CONSOLE VENTS

Vents located at the rear of the center console (included with available front bucket seats) help keep your rear-seat passengers cool when the weather is hot. And during winter months, the vents help keep everyone warm.

For more information about the interiors of Avalanche, visit chevy.com/avalanchebrochure
Avalanche interior with available front bucket seats with Sport Leather and Cloth seating surfaces. Shown in Graphite.

With its 60/40 split-folding rear seat, Avalanche can transport up to three passengers in the back. And when going traveling alone, you'll always have the extra room to carry your gear, books, and other gear.

B. Pulling the “40” portion of the 60/40 split-folding rear seat lets you bring along that large backpack — while still providing space for two of your friends.

C. There's a storage area under the seat tray beneath the 60/40 split-folding rear seat, giving you extra interior space that expands to the great outdoors when the entire 60/40 split-folding rear seat is in use. Just lower the rear window into the exclusive Midgate and the day is yours.

D. Unrivaled Adaptability.

By folding the “40” portion of the 60/40 split-folding rear seat forward, you have a secure environment for your belongings, from the instrument panel all the way to the tailgate.

F. Fold the rear seat forward, lower the Midgate, and keep the rear window and cargo cover in place, and you have a secure environment for your belongings. From the instrument panel all the way to the tailgate.

G. Fold the rear seat forward, lower the Midgate, and keep the rear window and cargo cover in place, and you have a secure environment for your belongings. From the instrument panel all the way to the tailgate.

H. Avalanche's 8.1 ft. of cargo box length makes it easy to stow items up to 49 inches wide. Stow the rear window, keep the cargo cover on, and you can enjoy the crisp mountain air while protecting your belongings.

Transporting longer, taller items in Avalanche is easy. Simply fold the rear seat forward, lower the Midgate, and keep the rear window and cargo cover in place.

Equipped For Your Life.

To some, adventure isn’t simply recreation. It’s a lifestyle. Introducing The North Face Edition Avalanche.

By combining the premier design of the world’s most technical and innovative outdoor equipment with the Ultimate Utility Vehicle, this 1500 Avalanche 4x4 model is made for exploration.

The North Face Edition Select Standard Features:
- The North Face-inspired exclusive seats.
- White instrument cluster.
- Autotrac 4x4 transfer case.
- Special door trim.
- The North Face exterior badging.
- Engine-block heater.
- The North Face Accessories:
  - Two water-resistant Water Duffelo Bags® (an industry exclusive).*
  - Two Summit Pod Daypacks.*
  - Floor mats with The North Face logo

*These items include The North Face Limited Lifetime Warranty.

Above: The North Face Edition includes white instrument panel gauges and The North Face logo.

At right: The Summit Pod Daypacks have a handy four-point attachment which allows them to be stowed on the rear of the front seats.

WATER DUFFELO BAGS
As part of their waterproof design, polyurethane is applied to layers to a high-tenacity, balanced-weave nylon fabric to help prevent cold weather stiffness. These bags have four ties at the bottom corners of the bags used in the mountains or city bag.
ENGINEERING

Through And Through, It's All Chevy Truck.

WATER MANAGEMENT SYSTEM
A Water Management System prevents water or snow from entering the passenger area of the vehicle from the cargo box, when the cargo covers are on, the Midgate is in its standard upright position and the rear window is in place. For further information, visit chevy.com/avalanchebrochure.

CARGO COVER
The standard three-piece cargo cover is made from a strong, lightweight composite material. The cargo cover's panels can be individually removed and easily stored on board, in their own pouch, when not in use. A soft tonneau cover is also available.

CARGO TIE-DOWNS
All Avalanche models include eight tie-down brackets located inside the cargo box. The tie-down brackets let you secure large items, like furniture, appliances or outdoor equipment more easily.

HYDROFORMED FRAME RAILS
Front frame rails in 1500 and 2500 models, and the rear rails in 1500 models are made of hydroformed steel. Hydroforming optimizes the stretching of the steel, which allows the steel to retain more of its strength. Also, hydroforming greatly reduces the amount of welding required to manufacture the sections. This process results in more consistent and repeatable frame strength.

SAUCAGED EXTERIOR BODY
How welded panels are secured for all exterior body panels (including the roof) in multi-element construction. The caviature is composite. Cutouts unobstructed with the concealed power window slides.

LOCKING REAR DIFFERENTIAL
Avalanche can be equipped with an available rear differential. When rear-wheel speed (RWS) is detected at lower speeds, the locking differential mechanism on the rear wheel, sending maximum drive power to both rear wheels. This locking rear differential helps you explore unpaved areas with more confidence.

TWO-TIER LOADING
Avalanche has two-tier loading capability, allowing you to transport cargo on both the top and forward part of the eight-foot cargo box. And with the Midgate lowered, rear window intact and cargo cover in place, these areas are secure.

FUEL TANK CAPACITY
Avalanche 1500 models feature a 31-gallon fuel tank (approximate). With a highway MPG of 18 (2WD models), you get a highway driving range of more than 550 miles. Avalanche 2500 models feature a 37.5-gallon fuel tank (approximate), with average urban city/expressway mileage over 20 miles per gallon.Both models have a fuel cutoff when the vehicle reaches its maximum fuel capacity.

HYDROFORMED FRAME RAILS

Avalanche is all about power. In fact, its standard Vortec 5300 V8 SFI engine has more power and towing capacity than a standard Ford SuperCrew, Ford Explorer SportTrac and Dodge Ram 1500 Quad Cab. And for even more power, there’s the mighty Vortec 8100 V8 SFI, standard in Avalanche 2500 models. Feel the strength of Vortec power – in an all-new Avalanche.

**Vortec V8 Features:**

**Vortec 5300:**
- 285 horsepower @ 5200 rpm.
- 325 lb.-ft. of torque @ 4000 rpm.
- Four-speed automatic transmission with Tow/Haul mode.

**Vortec 8100:**
- 340 horsepower @ 4200 rpm.
- 455 lb.-ft. of torque @ 3200 rpm.
- Four-speed automatic transmission with Tow/Haul mode.

**Common Features:**
- Sequential Fuel Injection (SFI).
- Platinum-tip spark plugs that can travel up to 100,000 miles before they’re scheduled to be replaced.*
- Engine coolant that won’t require replacement for up to five years or 150,000 miles (whichever comes first).*

*Maintenance needs vary with different uses and driving conditions. See the Owner’s Manual for more information.
Serious Pull For Serious Work.

With its tremendous strength, you might think that Avalanche almost has the power to move mountains. Vortec 81 00 V8-equipped Avalanche 2500 models have a maximum towing capacity of 12,000 lbs. (see chart at right) – more than enough to tow a snowcat. And 1500 2WD models with the Vortec 5300 V8 can tow up to 8,300 lbs. When there’s a big job to do, Avalanche has the power you need.

Avalanche Key Standard Trailering Features:
- **Trailering Package** which includes trailer platform hitch, trailer brake controller jumper harness, seven-pin-to-four-pin adapter, tow/haul mode.
- **Standard four-wheel antilock disc brakes with Dynamic Rear Proportioning (DRP).**
- Front and rear frame rails assembled with hydroformed steel (2500 models).

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:
The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality design features, materials, or workmanship of any alterations by such supplier.

### NOTES:
- Trailer tongue weight should be 10 to 15 percent of total loaded trailer weight (up to 1,000 lbs. on 1500 models and up to 1,500 lbs. on 2500 models). Addition of tongue weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver door or door frame.

Get all the facts about towing with your Avalanche at chevy.com/avalanchebrochure.
For Off-Road, On-Road Or Some Place In-Between.

Some prefer to drive on dusty trails. Others, a smooth stretch of interstate. That’s exactly the thinking behind the available Z71 4x4 Off-Road and available Z66 2WD Premium On-Road Packages for Avalanche 1500 models.

No matter which road conditions you prefer, these packages include the right features to help you enjoy Avalanche to its highest level.

Available Z71 4x4 Off-Road Package Features:
- Specially tuned shock absorbers.
- High-capacity air cleaner.
- Skid plates.
- Rear locking differential.
- Rubber floor mats with gold Chevy bowtie.
- 17-inch aluminum wheels.
- P265/70R-17 on-/off-road tires.
- Z71 decal on rear quarter panels.

Available Z66 2WD Premium On-Road Package Features:
- Premium suspension with specially tuned road-leveling shocks.
- Traction Assist.
- Rear locking differential.
- Rubber floor mats with gold Chevy bowtie.
- 17-inch aluminum wheels.
- P265/70R-17 all-season tires.
- Z66 decal on rear quarter panels.

LOAD LEVELING SUSPENSION
As part of the available Z66 2WD Premium On-Road Package, this feature helps maintain the rear suspension at proper level with the front above the sector in moving.

FIVE-LINK REAR SUSPENSION
Avalanche 1500 features a five-link coil spring rear suspension. It provides better control in vertical and lateral rear axis movements and helps contribute to a smooth ride and confident handling.

Available 2WD in Forest Green Metallic with available Z66 Premium On-Road Package.

There’s more to learn about Avalanche Z71 and Z66 models by visiting chevrolet.com/avalanchebrochure.
Adaptability, Accessorized.

Available dealer-installed GM Accessories can take the tremendous functionality and styling of your new Avalanche to an even higher level. No matter which GM Accessory item you choose, these available features are covered under the GM New Vehicle Limited Warranty.*

*3 years/36,000 miles (whichever comes first). See your Chevy dealer for complete details.

Avalanche 1 500 4x4 shown in Light Pewter Metallic with available running boards, brush guard and kayak rack from GM Accessories.

SHI AND SNOWBOARD CARRIER
Head for the slopes in your Chevy Avalanche with this available hitch-mounted ski and snowboard carrier. It allows you to transport up to six pairs of skis and up to four snowboards, which means helmet storage is required.

CANOE CARRIER
For your next outdoor adventure, take along your favorite canoe with this available roof-mounted carrier. (Roof rack and utility bars are required.) And when it’s not securing a canoe, the carrier can be used for transporting items like a step-ladder.

HITCH-MOUNTED BICYCLE CARRIER
Transport up to four bikes with this hitch-mounted carrier. The entire unit tilts down with a hand-operated lever, so you always have access to the tailgate and cargo area. Security straps and a 1 2-foot cable lock are also included. (A license plate holder must be used with this bicycle carrier.)

ROOF-MOUNTED LUGGAGE BASKET
This available Chevy Avalanche feature was created with the traveling outdoor enthusiast in mind. The basket attaches directly to the roof rack cross rails. (Load straps required.)

THE ONSTAR SAFETY AND SECURITY PACKAGE*
Included in the available Convenience Package, OnStar connects you with helpful Advisors who offer valuable assistance for just about any emergency situation – 24 hours a day, seven days a week. Also, you can order the optional OnStar Premium package to add additional services and help you make travel and medical reservations. For more information, please call 1-800-468-8080. Or visit us at onstar.com. *One-year OnStar Safety and Security service contract is included in the available Convenience Package only. Call 1-800-ONSTAR-7 for system limitations and details.

GM ACCESSORIES FOR CHEVY AVALANCHE
• Vent visors.
• Windsurf/kayak carrier.
• Bike carrier.
• Cargo carrier.
• Hard cargo carrier.
• Roof-mounted luggage basket.
• Four-cycle boat trailer.
• 1 2-volt power outlet.
• Auxiliary transmission cooler.
• 1 2-volt power outlet.
• Auxiliary transaxle cooler.
• 1 2-volt power outlet.

Learn more about these and other GM Accessories for Avalanche at chevy.com/avalanchebrochure.
You Never Travel Alone.
Chevy Trucks are the most dependable, longest-lasting trucks on the road — sold and serviced by the largest dealer network in the USA. When you buy a Chevy Truck, you also get a rock-solid, comprehensive owner protection plan that will be there for you from the moment you take delivery.

The plan includes:
• New Vehicle Limited Warranty
• 24-Hour Roadside Assistance
• Courtesy Transportation

It’s an owner protection plan you can believe in. Your Chevy Truck dealer has all the details.

Chevy Trucks are designed and built to resist corrosion. All body sheet-metal panels are warranted against rust-through for 6 years/100,000 miles (whichever comes first). Chevy cars are also warranted against rust-through for 3 years/36,000 miles. Chevy dealers receive useful service bulletins about Chevrolet products. You can order them by calling 1-800-323-9935.

GM Licensed Product Warranties
All GM Licensed Products are warranted by General Motors Corporation, or its dealers. Should any such GM Licensed Product require repairs, please contact your GM Licensed Product provider/manufacturer/retailer for the product or its accompanying documentation. The manufacturer of an unidentifiable, covered GM product may advise the necessary information.

THE GM MOBILITY PROGRAM
Call 1-800-OnStar-7 (1-800-667-8277) for information about this program. This program provides reimbursement for non-warranty towing and jump starts, as well as courtesy transport. This program offers help for drivers or passengers who are disabled.

Chevy Trucks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. The engines are covered under the New Vehicle Limited Warranty.

Chevrolet dealers receive a wide range of useful service bulletins about Chevrolet products. These bulletins concern various aspects of vehicle maintenance and are intended to help Chevrolet owners keep their vehicles in the same condition they were in when they were new. Chevrolet dealers also maintain a library of technical publications which may help you perform certain maintenance tasks at home.

Chevrolet dealers have a variety of GM’sä and aftermarket parts and accessories that can help enhance the performance, appearance or utility of your Chevrolet. A list of such parts and accessories can be obtained by contacting your Chevrolet dealer.

Chevy Trucks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. In the U.S. and Canada.

ADDITIONAL INFORMATION
APPROVED LENDERS
Chevrolet provides a variety of financial options, including GMAC — the lender that offers more options than any other traditional lender. For further information on the variety of lending options available to you, contact your local Chevrolet dealer or call 1-800-833-9935 or visit our web site at chevy.com.
