THE LEGEND IS REBORN

Just 69 were made. But millions never forgot the first and few original-production 1969 Camaro ZL1 models. These mythical racehorses are burned in memory like rubber on asphalt. Now the dream is reawakened in a machine that’s so advanced it sees the future in its rearview mirror.
INTRODUCING THE ALL-NEW 2012 CAMARO ZL1
THE MOST TECHNOLOGICALLY ADVANCED CAMARO EVER
ENGINEERED TO EXTREMES
WE LIVED IT. BREATHE IT. TESTED IT. PROVED IT.

We lapped tracks all over the world—pushing beyond reasonable limits—to make sure it earned the right to be called a ZL1. Now you can bring the thrill of the racetrack to any road. Accelerate the legend.

Chassis Controls Integration Engineer Alex MacDonald prepares to hit the track in a ZL1 engineering test mule.

MAGNETO-RHEOLOGICAL SHOCKS:
ELECTROMAGNETICALLY CONTROLLED SHOCKS THAT ADAPT TO ROAD CONDITIONS

Watch Chevy engineers track-tuning the Magnetic Ride Control suspension at zlmagneticride.chevrolet.com.

MAGNETIC RIDE CONTROL DRIVING CALIBRATIONS

ZL1 offers three selectable calibrations: TOUR mode for normal city and highway driving, SPORT mode for road conditions that demand more control and TRACK mode for the most challenging handling conditions, such as a road course.
CONTROL AND PRECISION

The ZL1 SUSPENSION is specifically tuned for high-performance driving. It not only benefits from Magnetic Ride Control, but also from a series of new applications and refinements that make it remarkably comfortable on the street—and capable on the track.

Together, the new 25mm solid FRONT STABILIZER BAR and new 28mm solid REAR STABILIZER BAR with revised geometry deliver enhanced stabilizer bar and balance, and tight handling. Perfectly matched to the Magneto-Rheological dampers, unique FRONT SPRINGS lower ZL1 7mm more than Camaro SS to optimize braking and handling, while stiffer variable-rate REAR SPRINGS enhance traction at launch and when turning corners.

STOPPING POWER

ZL1 features a robust BREMBO® BRAKE SYSTEM composed of six-piston (front), four-piston (rear) and two-piece rotors (14.6” front and 14.4” rear)—the largest rotors ever fitted to a Camaro. It’s engineered to stand up to repeated high-speed stops and provide excellent fade resistance.

5 PTM MODES

| MODE 1 | Traction: WET | Active Handling: On | Suspension Mode: Tour |
| MODE 2 | Traction: DRY | Active Handling: On | Suspension Mode: Tour |
| MODE 3 | Traction: SPORT 1 | Active Handling: On | Suspension Mode: Sport |
| MODE 4 | Traction: SPORT 2 | Active Handling: Off | Suspension Mode: Sport |
| MODE 5 | Traction: RACE | Active Handling: Off | Suspension Mode: Track |

PERFORMANCE TRACTION MANAGEMENT (PTM) is an advanced system that integrates the Magnetic Ride Control, Launch Control with manual transmission, Traction Control and Active Handling Systems to work in harmony for racetrack performance and consistency.
EXTENSIVELY TRACK TESTED

To wear the ZL1 badge, you’ve got to own the track. We tested it on many, including the most challenging racetrack in the world: NÜRBURGRING.

“\[This car brings the latest and greatest of everything, all proven on the most demanding tracks around the world.\]”
TONY ROMA ZL1 PERFORMANCE ENGINEERING MANAGER

COLDERS COME STANDARD

Unlike other vehicles in the segment, ZL1 comes fully equipped with FACTORY-INTEGRATED AUXILIARY FLUID COOLERS.

The uniquely designed DIFFERENTIAL COOLER pumps overcooled transmission fluid into a heat exchanger inside the differential housing to remove excess heat. It is designed to maintain cool, stable performance even in the most aggressive racetrack sessions.

ZL1 also features a LIQUID-TO-LIQUID ENGINE OIL COOLER, HIGH-CAPACITY TRANSMISSION OIL COOLER and BRAKE DUCTS integrated into the front fascia to help maximize performance.

The all-aluminum 6.2L SUPERCHARGED V8 ENGINE with intercooled Eaton supercharger delivers the blinding acceleration of 580 HORSEPOWER and 556 LB.-FT. OF TORQUE.

THE 6-SPEED MANUAL TRANSMISSION WITH SHORT-THROW SHIFTER offers an unfiltered connection to the heart of the machine.

The available HYDRAULIC 6L90 AUTOMATIC TRANSMISSION is unique to ZL1 and built to handle the massive power of the engine. STEERING WHEEL PADDLE SHIFTERS allow for quick gear changes. For extreme performance driving, you can engage the upshift algorithm in TAPSHIFT® MODE. It reduces delay time, allowing for aggressive tap downshifts and upshifts.

The muscular sound of the DUAL MODE EXHAUST adjusts with engine rpm to make the presence of your ZL1 known.
THE SHAPE IS PURE CAMARO—and a breed apart. Its body is uniquely designed to maximize downforce, harnessing air pressure to press the tires against the road or track for optimal grip and control. Add details that even the diehards aren’t expecting, and you’ve got a masterpiece with the performance to match.

“Everything about the ZL1’s design is directly related to its technology and serious performance, especially aerodynamics.”

ED WELBURN VICE PRESIDENT, GLOBAL DESIGN
CREATE DOWNFORCE

FRONT LIFT REDUCED

FUNCTIONAL HOOD AIR EXTRACTOR
Allows air entering from the lower grille to escape from the hood, reducing lift.

LOWER SPLITTER
Significantly reduces front lift and forces air through the lower grille.

SINGLE-PIECE ROCKERS WITH WHEEL EXTENSIONS
Aero-design helps keep ZL1 down to balance power.

REAR SPOILER
Taller and wider than the SS spoiler, it helps with downforce while minimizing drag.

FUNCTIONAL AIR EXTRACTOR

BRAKE DUCTS AND BELLY PAN
Cooling ducts route air from the front fascia to the Brembo® brake rotors and calipers. The belly pan in the underbody helps reduce front lift and provides extra cooling for underbody components.

Learn more about the ZL1 features that create downforce at zlaerodynamics.chevrolet.com.
IN THE ZONE
Every detail of the ZL1 INTERIOR is tailored for high-performance driving in comfort and style.

FLAT-BOTTOM STEERING WHEEL
Provides ample room for heel/toe operation. Also makes it easy to get in and out.

WHEEL-MOUNTED CONTROLS AND BLUETOOTH® WIRELESS TECHNOLOGY® FOR SELECT PHONES
Allow you to connect with music and calls without taking your hands off the wheel.

BOSTON ACoustics® Premium Nine-Speaker Sound System
Kicks out 245 watts of your favorite tracks or channels.

SIRIUSXM SATELLITE RADIO
12-month trial subscription included.

ONSTAR® TURN-BY-TURN NAVIGATION
Reads upcoming turns and street names aloud and displays them on the Driver Information Center. Standard for the first six months.

SUEDED MICROFIBER
Standard on seat inserts and available on the flat-bottom steering wheel and shifter, it helps increase friction for a more connected feel, especially when cornering.

STANDARD USB PORT
Hidden in the center console, it lets you connect your iPod® or flash drive and rock your favorite tracks.

FOOT PEDALS WITH STAINLESS TRIM
Exclusively on ZL1.

1 GO to gm.com/bluetooth to find out which phones are compatible with the vehicle.
2 Requires a subscription sold separately by SiriusXM after trial period. Available only in the 48 contiguous United States and Washington, D.C. Visit siriusxm.com for details.
3 Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions.
4 Not compatible with all devices. $Pod is a registered trademark of Apple Inc., registered in the U.S. and other countries.

1 Four-Pack Auxiliary Gauges with Boost Readout
Provide key performance information at a glance.

2 Head-Up Display
Puts a transparent readout of miles per hour and lateral g data right on the windshield. It also has shift lights staged with increasing engine speed to help you execute perfectly timed shifts while staying focused on the road ahead.

3 ZL1 Logo Embroidery
Embellishes both front head restraints and complements the high-performance look of the red stitching.
2012 CAMARO ZL1 COUPE AVAILABLE SPRING 2012

ZL1 Coupe shown in Victory Red.

SINFUL HEAVEN

2013 CAMARO ZL1 CONVERTIBLE AVAILABLE SUMMER 2012

The ZL1 Convertible will combine all the performance features and style of the coupe with a top you can drop in 18 seconds with the push of a button.

# SPECIFICATIONS

## EXTERIOR
- Hood: Aluminum with exposed carbon-fiber weave insert
- Body-color roof ditch molding and shark fin antenna
- Headlamps: High-intensity discharge with integral halo rings
- Mirrors: Heated, power-adjustable, body-color, driver-side auto-dimming
- Stripe: Exterior, roof and decklid in Dark Gray
- Stripe: Exterior, roof and decklid in Black

## ENGINES/CHASSIS
- Brakes: Four-wheel disc w/ABS; ventilated two-piece front and one-piece rear rotors; Brembo six-piston fixed aluminum front and four-piston rear calipers
- Engine: 6.2L Supercharged Gen IV V8 small block
- Performance Traction Management (PTM)
- Suspension: Revised tuning with Magnetic Ride Control with Sport, Steering: Electric Power Steering (EPS) assist
- Transmission: 6-speed automatic with overdrive; includes steering wheel-mounted TAPshift® controls
- Transmission: 6-speed manual with short-throw shifter

## SAFETY & SECURITY
- Air bags: 3 Dual-stage frontal and side-impact for driver and front passenger (includes Passenger Sensing System); head-curtain side-impact for front and rear outboard seating position
- OnStar Directions & Connections® with Automatic Crash Response, for the first six months
- StabiliTrak® Electronic Stability Control System with Brake Assist
- Air conditioning: Single-zone, manual
- Bluetooth® wireless technology® for select phones
- Cruise Control: Electronic with Set and Resume Speed
- Lighting: Center-mounted dome and rear reading lamps
- Driver Information Center (DIC): Driver customization, warning messages, Oil-life monitor, compass, trip odometer, includes display for PTM modes
- Instrumentation: Auxiliary, includes supercharger boost gauge
- Lighting: Bed, interior accent
- Rear Vision Package: Includes rear vision camera, inside auto-dimming rearview mirror with rear vision camera display and rear park assist
- Remote Keyless Entry
- Remote Vehicle Starter System
- Shifter: Suede Microfiber
- Steering wheel: Leather-wrapped, flat bottom with audio and cruise controls
- Suede Microfiber Package: Includes steering wheel, shift knob and shift boot (with manual transmission)
- Sunroof
- Windows: power with Express-Down feature

## SEATING
- Heated front seats
- Leather-appointed with suede microfiber seating surfaces
- Seats: Sport Front buckets with 6-way power seat adjusters, power reclining seatbacks and adjustable head restraints; folding rear seat with trunk pass-through

## AUDIO SYSTEMS
- AM/FM stereo with CD Player and MP3 playback, music navigator and Graphic Information Display; includes outside temperature display
- Boston Acoustics® premium nine-speaker sound system
- SiriusXM Satellite Radio® with 12-month trial subscription
- USB port®

## WHEELS
- Forged aluminum black painted 10-spoke 20-inch wheels (20”x10” front, 20”x11” rear)
- Forged aluminum bright 5-spoke 20-inch wheels (20”x10” front, 20”x11” rear)
- Tires: Goodyear Eagle F1 Supercar Gen 2 (285/35ZR20 front, 305/35ZR20 rear)
- Tire sealant and inflator kit

## COLORS
- Black
- Crystal Red Tintcoat®
- Victory Red
- Inferno Orange Metallic®
- Rally Yellow®
- Ashen Gray Metallic
- Silver Ice Metallic
- Summit White

## WHEELS
- Standard Forged aluminum black painted 10-spoke 20” wheel
- Available Forged aluminum bright 5-spoke 20” wheel

---

1 Requires standard carbon-fiber black painted hood insert. 2 Requires available exposed carbon-fiber weave hood insert. 3 Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner’s Manual for more safety information. 4 Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. 5 Go to gm.com/bluetooth to find out which phones are compatible with the vehicle. 6 Requires available automatic transmission. 7 Requires available Suede Microfiber Package. 8 Requires a subscription sold separately by SiriusXM after trial period. Available only in the 48 contiguous United States and Washington, D.C. Visit siriusxm.com for details. 9 Not compatible with all devices. 10 Camaro ZL1 tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Warranty. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection. 11 Extra-cost color.
IMPORTANT INFORMATION

100,000-MILE/5-YEAR TRANSFERABLE POWERTRAIN LIMITED WARRANTY. Every 2012 Chevy passenger car, light-duty truck, SUV and crossover comes with a 100,000-mile/5-year (whichever comes first) transferable Powertrain Limited Warranty. Plus, you get 100,000 miles/5 years (whichever comes first) of the 24/7 Roadside Assistance Program, the Courtesy Transportation Program, and much more. See dealer for details.

NEW VEHICLE LIMITED WARRANTY. GM vehicles registered in the U.S.A. are covered for 36,000 miles/3 years (whichever comes first). The complete vehicle is covered, including tires, towing to your nearest Chevrolet dealership and cosmetic corrosion resulting from defects. Repairs will be made to correct any vehicle defect, and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 100,000 miles/6 years (whichever comes first). See dealer for details.

ENGINES. Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY. Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY. Always use safety belts and the correct restraint for your child’s age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner’s Manual and child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG. We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Sport Car segment and latest available competitive information. Excludes other GM vehicles.

TIRES. Camaro ZL1 is equipped with summer-only tires that tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty. See your dealer for proper tire selection.

SPARE TIRE INFORMATION. There is no standard jack or spare tire in the 2012 Chevrolet Camaro ZL1. Your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a one-quarter-inch puncture in the tread area of the tire. After using the tire inflator kit, it is recommended that you take the tire to an authorized retailer for inspection and repair as soon as possible, but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than one-quarter inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire and for one time before its expiration date.

CHEVY.COM. Offers shopping tools such as Chevy vehicle information, Build and Price, Find a Vehicle, Request Info, Email Sign-Up, Compare Vehicles, Financial Tools...and much more.

24-HOUR ROADSIDE ASSISTANCE PROGRAM (1-800-CHEV-US). Chevrolet Roadside Assistance provides you with the following services for 100,000 miles/5 years (whichever comes first): Emergency Towing (to closest Chevy dealer from a legal roadway), Lockout Service (for keys locked inside vehicle), Fuel Delivery ($5 worth of fuel delivered on the road) and Jump Starts (at home or on the road). For specific terms and conditions, please contact your Chevrolet Roadside Assistance advisor at 1-800-243-8872. Some services may incur costs.

OWNERS SERVICE. Chevrolet is committed to enhancing the ownership experience through a wide array of programs. For more information about 24-hour Roadside Assistance, Courtesy Transportation, Customer Assistance Center, Chevy Safety, marketing and incentives, visit chevrolet.com.

CHEVY.COM/SAFETY. Chevrolet is committed to keeping you and your family safe—from the start of your journey to your destination. That’s why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.
