Cavalier. The Car That's Easy To Own.

Some people get what they pay for. Others get much more. Cavalier owners, for example. Cavalier is easy to own. It has the features you need. All for a price that's Genuine Chevrolet.

Thoughtfully Designed For You
Considerate features in every Cavalier include a totally passive theft-deterrent system and battery-run-down protection that shuts off interior lights should you forget to do so. Just as important, Cavalier is designed to last. Protection against corrosion is enhanced by the use of two-side galvanized steel; and you can travel up to 100,000 miles before the first scheduled tune-up.*

A Comprehensive Safety Package
The standard Cavalier safety package includes a four-wheel anti-lock brake system (ABS), Next Generation driver and front-passenger air bags† and Daytime Running Lamps.

Cavalier has the thoughtful features that make a car easy to own, and it has quality you can depend on. No wonder Consumers Digest has honored Cavalier with a “Best Buy” rating for three years running.**

*Maintenance needs vary with different uses and driving conditions. See owner’s manual for more information.
†Always wear safety belts, even with air bags.
Cavalier Sedan
Enjoy room for five in this easy-to-own, thoughtfully designed Sedan. A very smart buy!

Cavalier LS Sedan
LS is the upscale Cavalier Sedan with a Sport Cloth interior, 4-speed automatic transmission and Electronic Traction Control.

Cavalier Coupe
This sleek coupe is actually the lowest priced Cavalier of all. A four-wheel anti-lock brake system (ABS) is standard in every 1998 Cavalier.

Cavalier RS Coupe
The eye-catching Rally Sport is the affordable Cavalier Coupe with its own distinctive personality.
Six Reasons Why Cavalier Is Such A Popular Choice.

Roomy sedans. Sporty coupes. And a convertible, too. Cavalier offers so many choices because we want you to be completely happy in your next new car.

The Cavalier Sedans

"A best buy." That’s what the consumer publications say after they test-drive one of our sedans. More room than Ford Contour. Less scheduled maintenance than Honda Civic. A bigger engine than Toyota Corolla. And, less money than all three.* Remarkable.

The Cavalier Coupes

Here’s where we combine impressive quality and thoughtful features with sporty two-door style. If you seek a hot-looking coupe at a great price, one of the two-door Cavaliers (Coupe, RS Coupe, Z24 Coupe) might be exactly what you had in mind.

The Cavalier Convertible

Cavalier Z24 Convertible — new for 1998 — is one cool top-down machine. Sunglasses recommended.

*Based on 1997 MSRP. 1998 prices not available at time of printing.

Cavalier Z24 Coupe

Z24 Coupe is the Cavalier for enthusiasts. Features include a 16-valve engine and a specially tuned suspension. It’s fun!

Cavalier Z24 Convertible

The new top-down version of Z24 has a very user-friendly power top and a glass rear window. Cool!
Cavalier LS. Our Top-Of-The-Line Sedan.

You'll enjoy every minute behind the wheel of LS Sedan. This is the top-of-the-line Cavalier Sedan, with a standard 4-speed automatic transmission and Electronic Traction Control.

Strong, Smooth Performance

The performance of the 115-hp, 2.2 Liter engine is smooth, strong and quieter than before. Or, you can opt for a 150-hp, 2.4 Liter engine with dual overhead camshafts and 16-valve design.

Sleek, Sophisticated Style

Body-color bumpers are standard. Aluminum wheels are optional. You'll love the look — and the performance — of Cavalier LS Sedan.
Cavalier LS interior in Neutral.
Some optional equipment shown.
The LS Interior Makes A Great Impression.

Everything about LS Sedan is designed to please you. The Sport Cloth trim has a quality feel and texture. Room? There's more space for five than you'll find in any Corolla, Civic or Sentra sedan.

Thoughtful LS Features
LS standards include air conditioning, tachometer, trip odometer, covered visor mirrors with map straps and an AM/FM stereo with cassette player. For added versatility, there's a full-folding rear seat with a trunk pass-through.

Thoughtful LS Options
If the standard LS isn't thoughtful enough, there's an option package that includes power mirrors, and a Remote Keyless Entry system that will lock and unlock your doors and unlock the trunk. Power windows include a driver's Express-Down feature.

In every way, the Cavalier LS interior is thoughtfully designed to make you comfortable.
Cavalier Sedan. Easy To Own, Easy To Like.

There's a lot to like about Cavalier Sedan. It has a wonderfully low price. It has the features you'll appreciate — including anti-lock brakes, fold-down rear seat with trunk pass-through, and a standard theft-deterrent system.

Solid Structure = Great Car
The "architecture" of Cavalier includes a long 104.1-inch wheelbase, a wide stance and a body structure with exceptional rigidity. The benefit to you is impressive room for five, a confident feel on the road and a more quiet ride.

Cavalier Sedan has the features you need, at a price you can afford. That's Genuine Chevrolet. And, that makes life easier.
Cavalier Coupe in Aquamarine Blue Metallic.
Exterior Appearance Package and other optional equipment shown.
The Coupe. Cavalier At Its Most Affordable.

Wouldn't it be nice to find a good-looking coupe that you could still afford to drive? Well, we made a Cavalier that looks like this (see photo). Then, you made Cavalier one of the best-selling coupes in America.

Low Price, High Value
The Coupe is actually the lowest priced of all the Cavalier models. Yet, all the neat things you want in a car are here — the responsive 2.2 Liter engine with Sequential Fuel Injection, Next Generation driver and front-passenger air bags* and a four-wheel anti-lock brake system (ABS).

Exterior Appearance Package
For just a little extra, you can select the optional Exterior Appearance Package, which includes body-color bumpers and protective body-side moldings, 15" Touring tires and bolt-on full wheel covers.

Cavalier is the fun-to-drive, easy-to-own coupe that fits in your budget.

*Always wear safety belts, even with air bags.
Carrollier RS Coupe in Green Metallic

Some optional equipment shown. Bike rack not included.
RS Coupe. It's Got The Look.

When you choose the RS Coupe, you get a fun-to-drive Cavalier with some really neat extras.

What Makes RS Special?
Lots: We start with a Cavalier Coupe (nice starting point) and add:
- Body-color bumpers, body-side moldings, "Rally Sport" exterior graphics and a sport-styled rear spoiler.
- 15" all-season Touring tires and bolt-on full wheel covers.
- "RS" graphics embroidered on head restraints, a tachometer, AM/FM stereo and variable intermittent wipers.

Extras You Can Add
You can get your RS Coupe with aluminum wheels and an AM/FM stereo with CD player. Very cool. And, best of all, the RS price is still very much "Genuine Chevrolet."

Electric Sunroof
This factory-installed power sliding sunroof is available on all coupes. A mirror-mounted map light is included.

Breakaway Outside Mirrors
These dual outside mirrors, standard on all models, are designed to allow realignment when bumped.

Remote Keyless Entry
This convenience option, which includes power door locks, makes it easy for you to lock or unlock doors, turn on interior lights, or unlock the trunk from up to 20 feet away.
Cavalier RS Coupe interior in Graphite.
Some optional equipment shown.
The Coupe Interior. Nice To Get Into.

Cavalier is a coupe you can really get comfortable in. It is designed to make driving fun. And, it has features you’ll appreciate every day.

You’ll Be Hugged

The front bucket seats surround you with contoured side bolsters, full foam cushioning, adjustable head restraints and manual four-way adjusters.

Little Things Mean A Lot

Thoughtful features that make Cavalier so easy to own include a single reversible key that starts the car, and locks or unlocks all doors and the trunk. Low-gloss interior finishes and tinted glass for all windows keep glare to a minimum. Analog gauges are easy to read and softly lit to enhance nighttime visibility.

Quality Surrounds You

You probably spend a good deal of time in your car. You should be comfortable with the look, the feel and the way things work. In the thoughtfully designed Cavalier, we think you will be.
Z24 Coupe. Password For Performance.

Sixteen valves. 2.4 Liters. 150 horsepower. Cavalier Z24 is the high-style coupe with all the right numbers.

To Shift, Or Not To Shift?
You decide. Transmission choices include a precise-shifting 5-speed manual or an optional, electronically controlled 4-speed automatic with Electronic Traction Control. Either way, the Twin Cam engine delivers its smooth, strong horsepower through a delightfully wide rpm range.

Tuned Ride, Tuned Looks
A tuned Level II Sport Suspension and 16" Performance tires provide Z24 Coupe with both a refined ride and agile response.

Z24’s aggressive appearance is enhanced by 5-spoke aluminum wheels, exclusive-to-Z24 fascias, integral foglamps and lower body extensions all around. A rear spoiler adds to the unique look of Z24.

If you’re looking for performance, at a price you can afford, look into a Z24. It rates big on the “fun-for-the-money” scale.

DOHC Power
A 150-hp, Twin Cam engine — with Sequential Fuel Injection and balance shafts — delivers the smooth and powerful response you expect.

Precise Communications
Analog gauges (with tachometer and trip odometer) communicate information at a glance. An adjustable steering column is standard on Z24.

You’ll Be Spoiled
The sporty Z24 appearance is amplified by the neatly contoured rear deck spoiler.
Cavalier Z24 Convertible in Black, shown with Liz Pensak and Jerod Scafone, champion ice dancers and winners of a 1997 Cavalier Convertible for scoring the most "Perfect 6" scores in national competition. Chevrolet is the Official Vehicle of the U.S. Figure Skating Team.

The convertible Z24 is brand-new for 1998, and ready to take your breath away. In this very special Z24, you'll enjoy Twin Cam performance and a sporty exterior appearance with a standard rear spoiler. Inside, there's room for five.

You'll Love It All Year Long
Z24 Convertible has a power top with a full headliner to help minimize road noise and a glass rear window. The trunk includes a pass-through feature (with folding rear seat) for added cargo-carrying versatility.

A Sporty Interior, Too
Contoured bucket seats. Full floor console. And, a choice of Sport Cloth fabric or an optional Arctic White all-vinyl interior. Very cool!

Stereo With CD Player
The optional AM/FM stereo with CD player includes speed-compensated volume, automatic tone control, premium speakers, digital clock and a TheftLock feature.

Easy Up ... And Down
A power top, with a convenient center latch that lets you move from "top up" to "top down," without ever leaving the driver seat, is standard. The rear windows go up and down automatically with the top. A three-piece top boot provides a beautiful top-down appearance.
Cavalier LS Sedan in Medium Gold Metallic
Some optional equipment shown.
Cavalier Quality Goes The Distance.

One-hundred-thousand miles.
It's really no big deal in the quality-built Chevy Cavalier.

**Cavalier Beats The Imports**
You can travel up to 100,000 miles before the first scheduled tune-up. The extended-life engine coolant isn't scheduled for its first change until five years or 150,000 miles (whichever comes first). That's what we mean by "easy to own." And, that's ease of maintenance no Toyota, Nissan or Honda can match.

**More Easy-To-Own Features**
Long Life automatic transmission fluid is not scheduled for its first change until the 100,000-mile mark, under normal conditions. There are no engine timing adjustments. The body sheet metal is warranted against rust-through for six years or 100,000 miles (whichever comes first).

Cavalier quality goes the distance.

And, isn't that exactly what you want?

*Maintenance needs vary with different uses and driving conditions. See owner's manual for more information."
Here’s What Makes Cavalier So Easy To Own.

A Solid, Strong Foundation
Rigid, unitized body/frame construction helps make Cavalier strong and quiet. This foundation is an important reason why Cavalier has an exceptionally smooth ride, and feels so solid, stable and well-built.

Remote Keyless Entry
A convenience option that makes it easy to lock or unlock doors, turn on interior lights, and unlock the trunk from up to 30 feet away. Get in — and get going — fast.

Convenience Features
Standard interior convenience features include cup holders, in-door storage bins, a center console, tinted glass and side-window defoggers. A rear-window lockout feature is included on sedans equipped with power windows.

More Trunk Space Than Expected
A large 13.6 cu. ft. trunk is an important reason why Cavalier Sedan is so popular with so many families.

5-mph Bumpers
Impact-absorbing front and rear bumpers exceed Federal barrier test requirements and feature resilient covers to resist minor dings.

Dinghy-Touring
Cavalier has been designed with four-wheel dinghy-touring in mind (with 4-speed automatic or 5-speed manual transmissions only). So, if you’ve got an RV, it’s easy to take your Cavalier along for the ride. See your owner’s manual for more specific information.

Dolco Electronics Stereo Sound
Features of the optional, uplevel AM/FM stereo (with cassette player or CD player) include:
- Premium front coaxial speakers
- Speed-compensated volume (as the car’s speed increases, radio volume increases)
- Automatic tone control, which tailors equalization to the type of program being heard.

Theatre Lighting
“Threatre lighting” is another unexpected convenience feature you’ll find in every Cavalier. The interior dome light starts out bright when you open the door, and gradually dims as you prepare to drive away.

Battery-Rundown Protection
This system automatically shuts off interior lights (should you forget to do so) after the car has been sitting with the ignition off for 20 minutes. A maintenance-free battery is also standard.

Next Generation Driver
And Front-Passenger Air Bags
Standard on all models. Air bags supplement the lap/shoulder safety belt system to help restrain the driver and front passenger in the event of a moderate to severe frontal impact. Always wear safety belts, even with air bags. Children are generally safer riding in the back seat (see page 27 for more information).
**Full Foam Contour Seats with Scotchgard™ Protector**
Scotchgard™ Protector, on cloth seats and door trim, is standard, for easy cleanup and soil resistance.

**Passlock Theft-Deterrent**
This totally passive theft-deterrent system is standard on every Cavalier. If an attempt is made to start your car without the proper key, the ignition system is disabled. A remote hood release and laser-etched VIN plate are also standard.

**Four-Wheel ABS**
The GM-developed ABS VI four-wheel anti-lock brake system is standard on all Cavalier models. You'll pay hundreds of dollars for the ABS option in many other small cars.

**Front-Wheel Drive**
The combination of front-wheel drive and all-season tires (with built-in tread wear indicators) helps provide impressive traction and driving stability in adverse weather conditions. Power rack-and-pinion steering, standard on all models, makes in-city parking and maneuvering easier.

**The Technology of Quiet**
The engine floats on a hydraulic mount. This system actually tunes certain engine noise to levels inaudible to the human ear.

**2.2 Liter Engine**
This standard engine, newly refined to be smoother and quieter than before, delivers 115 hp at 5000 rpm. Features include Sequential Fuel Injection, for excellent driveability, and a single-belt accessory drive designed to never need adjustment.

**Breakaway Outside Rearview Mirrors**
These mirrors (standard on all models) are designed for easy realignment when bumped.

**Electronic Traction Control**
Go in the snow and other adverse weather conditions with Electronic Traction Control. It is included when the optional 4-speed automatic transmission is selected.

**4-Speed Automatic Transmission**
An electronically controlled 4-speed automatic transmission is optional (standard on LS Sedan). You'll enjoy excellent acceleration, low engine rpm at highway speed, and computerized shift control for precise, virtually seamless shifting. A brake/transmission shift interlock is included with both 3-speed and 4-speed automatics.
Electronic Traction Control (included with the available 4-speed automatic transmission) provides enhanced grip, even on low-traction surfaces such as snow or ice. Other features that make Cavalier such a capable performer in inclement weather conditions include front-wheel drive, all-season tires and a standard four-wheel anti-lock brake system.
Get More Safety Features For Your Money.

You shouldn't have to buy an expensive car to get the safety you need. That's why a comprehensive safety package is standard in every 1998 Cavalier.

**Standard Anti-Lock Brakes**
In a Cavalier, four-wheel ABS is standard equipment. Also standard:
Next Generation driver and front-passenger air bags,* child security rear-door locks on four-door models and a high-strength steel safety cage. Cavalier also features an advanced body/chassis design that helps divert energy away from the passenger compartment in a frontal collision.

*A Special Note To Parents
Children are generally safer if they ride in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. See your owner's manual and child safety seat's instructions for more information.

*Always wear safety belts, even with air bags.

**Four-Wheel Anti-Lock Brakes (ABS)**
ABS reduces wheel lockup while braking, and is designed to help you maintain steering control and help prevent skidding on most slippery surfaces. Also standard: audible wear sensors for the front disc brake pads.

**Daytime Running Lamps (DRL)**
With this standard feature, halogen headlamps automatically come on at a reduced intensity when you turn on the ignition. This provides improved daytime visibility of your vehicle to other drivers. At night, headlamps operate normally when turned on.

**Rear-Seat Safety Belt Child Comfort Guides**
Rear-seat safety belt child comfort guides are standard (except Convertible). These guides make wearing safety belts more comfortable for older children who have outgrown available child restraints. Rear outboard safety belts (with cinch capability) are designed to accommodate child seats without the use of any add-on hardware or clips. See owner's manual for more information.

**Safety-Cage Construction**
A high-strength steel safety cage (with reinforced floor and body sills, roof construction and pillars, and steel side door beams) surrounds the entire Cavalier Sedan/Coupe passenger compartment.
Chevrolet Z24 Coupe in Bright White.
Electric sunroof and other options shown.

Proud sponsor of WUSA Soccer.
Genuine Customer Care. You Never Travel Alone.

New Vehicle Limited Warranty

This warranty is for GM vehicles registered in the United States. Please see your Chevrolet dealer for complete terms and conditions of this New Vehicle Limited Warranty.

What Is Covered For 3 Years/36,000 Miles:*  

- The complete vehicle
- Sheet-metal coverage:
  - Corrosion coverage
  - Rust-through coverage
- Tires
- Repairs made to correct any vehicle defect
- Towing to your nearest Chevrolet dealership
- No charge for warranty repairs.

*Whichever comes first. '6 years or 100,000 miles, whichever comes first.

Courtesy Transportation

Customers who purchase or lease a 1998 Chevrolet Cavalier are eligible for Courtesy Transportation (at no charge) when their vehicles are left at a participating dealership for repairs covered under the 3-year/36,000-mile New Vehicle Limited Warranty. Courtesy Transportation, at participating dealers only, may include shuttle service, expense reimbursement or, if the repair requires the vehicle to stay at the dealership overnight, vehicle rental. Actual services may vary at the election of the participating dealer. See your dealer for details.

Roadside Assistance*

Roadside Assistance service is provided through a toll-free 800 number, 24 hours a day, 365 days a year. Roadside Assistance advisors can assist with minor mechanical problems over the phone or coordinate a variety of services through Chevrolet dealers' preferred service providers.

*Roadside Assistance membership is free. Some services may incur costs. Courtesy Care is available to retail, retail lease and corporate lease customers operating 1994 and newer Chevrolet vehicles for a period of 3 years/36,000 miles, whichever comes first. All Courtesy Care services and associated costs must be prearranged by Chevron Roadside Assistance or Dealer Service Management and must be dealer-initiated. Basic Care and Courtesy Care are not part of or included in the coverage provided by the New Vehicle Limited Warranty. Chevrolet reserves the right to modify or discontinue Basic Care and Courtesy Care at any time. See dealer for complete details of the Chevrolet Roadside Assistance Program.

Basic Care Provides:

- Toll-free access 1-800-CHEV-USA
- Basic over-the-phone technical advice
- Free towing to nearest dealer for warranty repairs
- Dealer services at reasonable cost (i.e., wrecker services, locksmith/key service, glass repair, etc.).

Courtesy Care, Which Applies For 3 Years/36,000 Miles, Provides:

- Basic Care services
- Free fuel delivery
- Free locksmith/key service (when keys are lost on road or locked inside)
- Free non-warranty towing
- Free flat tire change service
- Free jump start.

*Trailering recommended with available 2.4 Liter engine and 4-speed automatic transmission only. Trailering not recommended with Convertible. Please see owner's manual.*

NOTE: Tire chains should not be used on Cavaliers equipped with P205/65R15 or P235/65R16 tires because they could cause damage to these vehicles.

A Word About...

GM Protection Plan
The available GM Protection Plan offers service protection in addition to that provided by GM’s New Vehicle Limited Warranty. Ask your dealer about it. Coverage available only in the U.S. and Canada.

Engines
Chevrolets are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

Corrosion Protection
Chevrolets are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion for 6 years or 100,000 miles, whichever comes first. Application of additional rust-inhibiting materials is not required or recommended. See your Chevrolet dealer for terms of this limited warranty.

Assembly
Chevrolets are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Chevrolet incorporates thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. Sometimes, it is necessary to produce Chevrolets with different or differently sourced components than originally scheduled. All such components have been approved for use in Chevrolets and are tested to provide the quality performance associated with the Chevrolet name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

Updated Service Information
Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. Then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. For ordering information, call toll free 1-800-551-4123.

Product Information
For additional information on 1998 Chevy car or truck products, call 1-800-950-2438 or visit us at our Web site address: http://www.chevrolet.com

Customer Assistance
The Chevrolet Customer Assistance Center (CAC) has a special toll-free number (1-800-222-1020). It puts you in contact with Chevrolet experts who can handle any product/service question or problems you may have.

Important: A Word About This Brochure
We have tried to make this brochure as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details.

Turn Plastic Into Steel With The GM Card®
The GM MasterCard® with no annual fee (standard GM Card only) gives you an important financial advantage on your next purchase or lease of a GM vehicle. Use the GM Card® for purchases and you'll receive up to 5% of that purchase amount in GM Card Earnings. You can earn as much as $500 per Account Year, for a maximum of $3,500 over a period of seven years. That's over and above any other discount or incentive. To request your GM Card, call 1-800-8GM-CARD.

SMARTLEASE by GMC makes it easy to enjoy a brand-new Chevy Cavalier. With SMARTLEASE, qualified customers can be approved in about one hour, and you'll enjoy low SMARTLEASE monthly payments. Plus, SMARTLEASE offers you choices at the end of your lease. You can either buy your Cavalier at a price guaranteed up front, or return your vehicle with no other obligations — providing the terms of the lease have been met. For more information about SMARTLEASE, or any of the other quality GMC financing options, see your Chevrolet dealer or call 1-800-53-SMART.

A note about air bags:
Always wear safety belts, even with air bags.
