Your life is one without limits — where very little stands between you and your next adventure. That’s why there’s the rugged Chevy S-10 Pickup. S-10 Pickup 4x4 models feature a powerful standard Vortec 4300 V6 SFI engine and the confidence of the Insta-Trac 4x4 system. And S-10 Pickup Short Box models have a longer, wider and deeper pickup box than comparable Ford Ranger models, as well as more headroom and shoulder room.

The rugged S-10 Pickup. From the family of Chevy Trucks — the most dependable, longest-lasting trucks on the road.

Chevy S-10 Crew Cab 4x4 models feature four real doors, seating for five, Insta-Trac 4x4 and a powerful Vortec 4300 V6 SFI engine. Page 10.

Chevy S-10 Pickup LS Extended Cab models come equipped with a standard driver-side third door, a choice of strong Vortec engines and a five-speed manual transmission. Page 16.

Chevy S-10 Xtreme stands out with its powerful Vortec 4300 V6 SFI engine, and sleek, street-hugging styling. An available Stripe Package adds an even more customized touch. Page 20.

Throughout this brochure, you’ll be introduced to more about S-10’s features by visiting chevy.com/S10brochure.

S-10 Pickup. It’s All Chevy.

Your life is one without limits — where very little stands between you and your next adventure. That’s why there’s the rugged Chevy S-10 Pickup. S-10 Pickup 4x4 models feature a powerful standard Vortec 4300 V6 SFI engine and the confidence of the Insta-Trac 4x4 system. And S-10 Pickup Short Box models have a longer, wider and deeper pickup box than comparable Ford Ranger models, as well as more headroom and shoulder room. The rugged S-10 Pickup. From the family of Chevy Trucks — the most dependable, longest-lasting trucks on the road.

During the past 20 years, Chevy S-10 Pickup has established a reputation for rugged dependability. In fact, of the S-10 Pickup models sold since 1982, more than 2.6 million are still on the road.* When you’ve been carrying that kind of responsibility for as long as we have, you learn a lot about your product … and what customers expect. That’s why S-10 Pickup was first to introduce several important advancements to its segment. Like Insta-Trac 4x4 on 1983 models, and standard four-wheel antilock brakes on all models in 1997. But it’s about more than being innovative. It’s knowing the gold bowtie on every S-10 Pickup means something special. That is, we’re depended on day after day, year after year by hardworking people. After all, 20 years is a long time to build, learn and improve. And we have. Every step of the way. It’s just what you would expect from S-10 Pickup. Built on the heritage of Chevy Trucks — still the most dependable, longest-lasting trucks on the road."*Source: R.L. Polk & Co. NVPP VIO as of July 1, 2000. †Dependability based on longevity: 1981–July 2000 full-line light-duty truck company registrations. Excludes other GM divisions.
Engineered For Durability.

Variable-Ratio Power Steering
Standard variable-ratio power steering helps make
driving more pleasant without increasing tire wear.
See your Owner's Manual for more safety
information. Please see the note on child safety at the
top of this page.

Remote Keyless Entry
And Content Theft-Deterrent*
Available Remote Keyless Entry provides remote
door locking and unlocking from up to 30 feet away.
A double-wall welded box helps protect external sheet
metal from bumps and dings to the interior box and
eliminates exposed bolt heads, reducing potential rust
areas and places for cargo to snag.

Automatic Exterior Lamp Control
When this system senses low-light
or nighttime driving conditions, it
automatically switches Daytime
Running Lamps to full-strength head-
lamps and turns on the taillamps.

Rear Step-Bumper With Trailer Hitch*
The S-10 Pickup integral rear step-bumper includes
provisions for an owner-installed ball hitch and
safety chains. When properly equipped, you get a
tongue weight capacity of up to 350 lbs. and a
standard hitch limit of up to 3,500 lbs.

Cargo Tie-Downs
Conveniently located in all
four corners of the box, cargo
tie-downs are provided to help
secure loads.

Stainless-Steel Exhaust System
The exhaust system is constructed of
durable, stainless steel to help reduce rust and
eliminate exposed bolt heads, reducing potential rust
areas and places for cargo to snag.

Double-Wall Welded Box
A double-wall welded box helps protect exterior sheet
metal from bumps and dings to the interior box and
eliminates exposed bolt heads, reducing potential rust
areas and places for cargo to snag.

Air Bag Deactivation Switch
All S-10 models except Crew Cab come with an
Air Bag Off switch for use when carrying children.
Always use safety belts and proper child restraints.
See the Owner's Manual for more safety informa-
tion. Please see the note on child safety at the
bottom of this page.

Extended Maintenance*
Platinum-tip spark plugs in S-10 Vortec engines
are engineered to last up to 150,000 miles before they
need to be replaced. The recommended engine
coolant change interval is up to five years or
150,000 miles, whichever comes first.

Corrosion-Resistant Exterior Body Panels
Two-sided galvanized steel is used on all
exterior body panels except the roof,
where it is not needed, to help protect
corrosion-resistant
architectural surfaces. Chevy S-10 Pickup 4x4 models
also feature four-wheel disc brakes that cool quickly
against slippery surfaces. Chevy S-10 Pickup 4x4 models
reducing wheel lockup while braking hard on most
slippery surfaces. Chevy S-10 Pickup 4x4 models
reducing wheel lockup while braking hard on most
slippery surfaces. Chevy S-10 Pickup 4x4 models

Steel Ladder-Type Frame
A steel ladder-type frame provides rigidity and
strength. The boxed front sections help support the
engine and transmission. And the entire frame is
arched to prevent punctures from road debris.

Front And Rear Suspension
Front And Rear Suspension
The S-10 Pickup features a rugged independent
front suspension for a smooth ride and precise
control. The rear suspension includes second-stage
multileaf rear springs that engage as load weight
increases to provide additional support without
sacrificing ride quality.

Programmable Power Door Locks*
On S-10 models equipped with available power
door locks, owners have the ability to program the
door locks. The owner can choose to have all doors lock
at 15 mph and have all doors unlock when the key
is removed from the ignition, have only the driver
door unlock when the key is removed, or have no
doors unlock.

A NOTE ON CHILD SAFETY:
Always use safety belts
and proper child restraints, even with air bags.
Children are safer when secured in a rear seat.

A HINT ON SAFETY:
Always use safety belts
and proper child restraints, even with air bags.
Children are safer when secured in a rear seat.

Take Five.
Insta-Trac 4x4
Insta-Trac 4x4 lets you shift on the fly from 2WD to 4x4 High and back with just the touch of a button. Standard on Crew Cab 4x4 and all S-10 4x4 models.

Select S-10 Crew Cab 4x4 Standard Features:
- Vortec 4300 V6 SFI engine with 190 hp and 250 lb.-ft. of torque.
- Four-speed automatic overdrive transmission provides nearly seamless shifts.
- Z85 increased capacity suspension.
- Factory-installed bedliner helps protect the bed of the pickup from scratches and dents.
- AM/FM stereo with CD player.
- Remote Keyless Entry makes entry and exit more convenient.
- Programmable power door locks, power windows and power heated outside rearview mirrors.
- Sliding rear window allows for increased ventilation.
- Custom overhead console with storage compartments, garage door opener compartment, four map lamps, dome lamp, compass and outside temperature display provide added convenience.
- Color-keyed/chrome front and rear bumper, and body-color grille with chrome center bar add to the rugged appearance.

Crew S-10 Crew Cab 4x4 lets you and up to four of your closest friends tackle just about any adventure. Inside, S-10 Crew Cab 4x4 features available leather seating surfaces. Four real doors make it easy to get people and gear in and out. And a powerful Vortec 4300 V6 SFI engine and Insta-Trac 4x4 help provide added confidence. Load it up, S-10 Crew Cab 4x4 can handle it with ease.

Chevy S-10 Crew Cab 4x4 interior in Graphite with available leather seating surfaces.
If you’re the kind of person who thrives on putting yourself and your pickup to the test, meet Chevy S-10 ZR2. Beyond its intimidating appearance, S-10 ZR2 has a higher ground clearance than any other S-10 Pickup to help conquer rugged, off-road switchbacks. And Bilstein gas-charged monotube shocks, a reinforced wide-stance chassis and front high-back bucket seats help make the journey a little more comfortable. Chevy S-10 ZR2. It helps you take on life’s toughest challenges.

Select Chevy S-10 Pickup ZR2 Wide-Stance Performance Package Standard Features:

- Vortec 4300 V6 SFI engine with 190 horsepower and 250 lb.-ft. of torque.
- Revised frame for wide track width. The front and rear track width is 3.9” wider than standard S-10 models.
- Three-inch increase in height over other S-10 4x4 models for a more commanding view of the terrain.
- Strengthened front differential and drive axles for off-road capability.
- Unique rear axle with 8.5” ring gear, larger bearings and longer, larger-diameter axle shafts.
- 4x4 flat five-spoke aluminum wheels with Medium Gray accents for an aggressive appearance.
- 28mm stabilizer bar to help reduce body lean.
- Driver-side third door for convenient access to the rear area.
- Four-wheel antilock disc brakes.
- ZR2 decal.

Make Your Own Rules.

For more information, visit chevy.com.

Find out more about S-10 by visiting chevy.com/S10brochure.

S-10 is a proud sponsor of the U.S. Snowboard and Ski Teams.
Take Control.

Like all S-10 Pickups, S-10 Pickup LS models let you live life on your own terms. A driver-side third door that provides easy access to the rear area is now standard on Extended Cab models. The instrument panel features easy-to-read displays. And there’s more headroom and shoulder room than you’ll find inside Ford Ranger Regular and Extended Cab models.*

Deluxe 60/40 Split-Bench Seating

S-10 Pickup 2WD interior with Deluxe 60/40 split-bench seating, shown here in Neutral, includes dual front cup holders and convenient storage.

Select Chevy S-10 Pickup LS Standard And Available Features:

- Deluxe Cloth 60/40 split-bench front seat with center armrest, driver two-way adjustable lumbar support and dual cup holders (standard in 2WD models, available in 4x4 models).
- Deluxe Cloth high-back front bucket seats with driver two-way adjustable lumbar support and instrumented center console with dual cup holders (standard in 4x4 models, available in 2WD models).
- AM/FM stereo with CD player.
- Molded, color-keyed door trim panels with integral padded armrests and soft upper cloth insert.
- Two auxiliary power outlets (covered) to power up accessories.
- Body-color front and rear bumpers and body-color air dam.
- Available Exterior Appearance Package that includes chrome front and rear bumpers, body-side and wheel opening moldings with bright insert.
- Available foglamps.

* Based on 2001 model year GM Medium Pickup segment competitive information.
You’re just about guaranteed to turn a few heads when you pull up in a Chevy S-10 Xtreme. Its low, street-hugging look complements the standard ZQ8 Sport Suspension Package. The package includes high-pressure, gas-charged Bilstein shocks, quick-ratio power steering and wide 16-inch Eagle GA tires mounted on 16-by-8-inch aluminum wheels. Specific ground effects, foglamps and an available stripe package add an even more customized look. With Chevy S-10 Xtreme, style — and stares — are standard.

Beyond Cool.

Select Chevy S-10 Xtreme
Standard And Available Features:

■ Vortec 4300 V6 SFI engine.
■ LS trim.
■ ZQ8 Sport Suspension with high-pressure, gas-charged Bilstein shocks and quick-ratio power steering.
■ P235/55R-16 Eagle GA tires on 16-by-8-inch aluminum wheels.
■ Monochromatic paint available in Onyx Black, Summit White, Victory Red, Dark Cherry Red Metallic or Indigo Blue Metallic.
■ Available Stripe Package.*
■ Available Accent Appearance Package,* with gold stripes on the hood, roof and tailgate, and gold badging and gold accents on the wheels.

*The “Xtreme” decal included in the Stripe Package is shipped only to states where it is legal to operate the vehicle with the decal installed on the windshield.

NOTE: S-10 models with the Xtreme Package are not engineered or equipped for towing.

Xtreme is available in both Regular Cab and Extended Cab body styles. A Sportside pickup box is also available. The Stripe Package is now available with all Xtreme exterior colors. Shown from left to right are Onyx Black with Competition Yellow, Indigo Blue Metallic with Sparkle Silver, Victory Red with Onyx Black and Summit White with Victory Red.
The Vortec engines in Chevy S-10 models give you the strength you need to tow, haul or pass. For starters, there’s the Vortec 2200 four-cylinder engine standard in S-10 2WD models. Or step up to the Vortec 4300 V6 SFI engine (standard in S-10 4x4 models) which has more horsepower and torque than the standard V6 engine found in Dodge Dakota 4x4 models. No matter which Vortec engine you choose, you’ll get the power and performance you expect from a Chevy Truck.

Based on 2001 model-year competitive information.
TRAILERING BASICS
Connecting a trailer involves all major vehicle systems of your Chevy Truck, including suspension, steering, and brakes.

• A lower rear gross axle weight rating (GRW) or axle ratio contributes to how much available torque and horsepower (mechanical leverage) can be applied to the drivetrain for launch and uphill performance. Higher rear axle ratios, however, sacrifice fuel economy when not trailering.

Tongue Weight:

- There are two types of ball hitch. A weight-carrying hitch (ball and coupler) consists of a ball and coupler with no attachments included. A weight-distributing hitch and sway control of the proper size.
- Fifth-Wheel Or Gooseneck Trailering:
  - If your trailer weighs more than 1,000 lbs. loaded, then it must have its own adequate brakes. Be sure to read and follow the instructions for the trailer brake controller so that it is adjusted and maintained properly.
  - Standard four-wheel antilock brakes help keep you in control by reducing wheel lockup while braking hard on most slippery surfaces. Chevy 5.3L-5.5L Flex-Fuel models also feature four-wheel disc brakes that cool quickly to help reduce brake fade. That's good to know when you're pulling a heavy load.

- The Vortec 4300 V6 engine standard on 4x4 models allows for towing capacities of up to 5,500 lbs. The Vortec 3400 V6, is available on 2WD models and allows these models to tow up to 6,000 lbs.
- The trailer brake parts must be able to take 3,000 psi of pressure. If not, the trailer brake system must not be used with your vehicle. If everything checks out this far, have a qualified individual mark the brake on top of the pin at the proper size. The cylinder on the trailer's rear braked wheel must be 0.02 cu. in. of fluid from your vehicle’s master cylinder. If it does, neither braking system will work. You could even lose your vehicle's brakes.
- If you'll be towing a trailer that, when loaded, weighs more than 3,000 lbs. be sure to use a frame-mounted, weight-distributing hitch and sway control of the proper size.

Chevy Trucks are the most dependable, longest-lasting trucks on the road—sold and serviced by the largest dealer network in the USA. When you buy a Chevy Truck, you also get a rock-solid, comprehensive owner protection plan that will be there for you from the moment you take delivery.

The plan includes:
- **New Vehicle Limited Warranty**
- **24-Hour Roadside Assistance**
- **Courtesy Transportation**

It’s an owner protection plan you can believe in. Your Chevrolet dealer has all the details.

**NEW VEHICLE LIMITED WARRANTY**
This warranty is for GM vehicles registered in the USA. See your Chevrolet dealer for terms and conditions. What is covered for 3 years/36,000 miles (whichever comes first):
- The complete vehicle
- Tires
- Bodywork to your nearest Chevrolet dealership
- Cosmetic corrosion resulting from defects
- Repairs made to correct any vehicle defect
- Any change for most warranty repairs

What is covered for 6 years/100,000 miles (whichever comes first):
- Unscheduled rust-through corrosion

24-HOUR ROADSIDE ASSISTANCE
Call 1-800-CHEVUSA toll free anytime during the warranty period. Towing and basic technical advice come free with the Basic Care Package. Courtesy Care provides additional features including locksmith services, flat tire changing, fuel delivery, non-warranty towing and jump starts.

Some services will incur costs. Chevrolet reserves the right to modify or discontinue Basic Care and Courtesy Care at any time.

FROM DAY ONE ...
The vehicle is checklist-ready for you to drive away, and a full orientation awaits you on everything about your new Chevy.

COURTESY TRANSPORTATION
Ask your participating Chevrolet dealer for Courtesy Transportation if you drop your vehicle off for repairs under the New Vehicle Limited Warranty. Also see if you qualify for expense reimbursement and/or vehicle rental services at the election of participating dealer.

COURTESY TRANSPORTATION
