FROM THE FAMILY OF THE LONGEST-LASTING, MOST DEPENDABLE FULL-SIZE PICKUPS ON THE ROAD.

Silverado is the result of 96 years of Chevy truck know-how, road-tested over millions of miles. For 2015, Silverado combines proven power with unparalleled V8 fuel economy in a pickup; and unsurpassed full-size pickup quietness with tough-as-nails ruggedness.

The EcoTec3 engine family—our most advanced truck engines ever—includes an available 5.3L V8 generating 355 hp with 23 mpg hwy, for the best fuel efficiency of any V8 pickup. You’ll also find unexpected solitude—there isn’t a quieter full-size pickup on the road. It’s raising the bar yet again for what the most dependable, longest-lasting full-size pickups can help you accomplish. We call it the Silverado. You’ll call it your next truck.
SILVERADO IS AVAILABLE IN REGULAR, CREW OR DOUBLE CAB.
THERE ISN’T A QUIETER FULL-SIZE PICKUP THAN SILVERADO.

*Based on 2014 competitive model testing.*
The 2015 Silverado sets standards for how functional, smart and quiet a truck can be. You won’t find a quieter full-size pickup¹—thanks to sculpted exterior aerodynamics, inlaid and triple-seal doors, sound-absorbing materials, engine exhaust valving and even active noise cancellation on 6.2L V8 models. You’ll find that all Silverado models surround you with attractive, durable materials, like door trim panels built to look good and stand up to everyday wear and tear.

A / ALL-DAY COMFORT SEATS
Silverado is all about room. Choose bench or bucket seats for five or six passengers on Double Cab and Crew Cab models. Resilient, dual-firmness foam ensures the seats retain their support over time, reducing driver and passenger fatigue. Optional leather-appointed, perforated heated and cooled front seating further heightens your comfort. Configure the driver seat the way you like it with 10-way power adjustments on LTZ (available on LT) and 12-way on High Country models.

B / CENTER FLOOR CONSOLE STORAGE
The available center floor console provides the ultimate flexibility with two cavernous storage bins, offering plenty of room for your laptop or other mobile devices. You’ll also appreciate the convenience of easy “grab and go” storage pockets integrated into the doors so everything is at your fingertips.

C / REAR-SEAT ACCESS AND STORAGE
Rear-seat access, comfort and storage are vast. Getting into and out of the rear seat of the Double Cab is easy in tight places, thanks to forward-hinged rear doors. Once inside the Double Cab, passengers will benefit from more than 34” of rear-seat leg room, while the Crew Cab offers nearly 41” of generous rear-seat leg room.

D / UPPER AND LOWER GLOVE BOXES
Glove boxes give you and fellow companions your own personal storage areas, all within easy reach.

POWER-SLIDING REAR WINDOW
The available power-sliding rear window (Double Cab and Crew Cab) features a defrost function to aid in visibility.

¹Based on 2014 competitive model testing.
A / ALL-DAY COMFORT SEATS

B / CENTER FLOOR CONSOLE STORAGE

C / REAR-SEAT ACCESS AND STORAGE

D / UPPER AND LOWER GLOVE BOXES
Silverado's instrument panel features a six-gauge cluster and integrated center control display. All knobs and buttons are large to accommodate gloved hands, while gauges are easy to read and are LED back-lit for at-a-glance viewing.
ALL-NEW ONSTAR WITH 4G LTE WI-FI. BUILT IN.

The 2015 Silverado is the first pickup to offer built-in 4G LTE Wi-Fi connectivity. The next generation of available OnStar with 4G LTE Wi-Fi is the way to stay connected to your work when your vehicle is on. The all-new available technology turns Silverado into a fast, reliable Wi-Fi hotspot. Passengers can get work done via the high-speed wireless Internet with up to seven devices, such as tablets, laptops or mobile devices. Browse Web sites, stream movies, send e-mails and more, even from outside your truck. Now your world fits in your truck.

1Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.com for system details and limitations.
TECHNOLOGY THAT CONNECTS, PROTECTS AND ENTERTAINS.

A / DRIVER INFORMATION CENTER
Silverado's available 4.2" diagonal color-enhanced Driver Information Center (DIC) makes important information easy to comprehend at a glance. It displays your truck's vital stats like trailer brake settings and transmission fluid temperature and can be navigated with steering-wheel controls.

B / DRIVER ALERT PACKAGE
Unlike its competitors, Silverado offers the available Driver Alert Package. It includes Forward Collision Alert (FCA) to warn you when you’re rapidly approaching another vehicle and a collision is imminent. Lane Departure Warning (LDW) alerts you if you wander from your lane without using your turn signal. Both provide a visual alert and a choice of audible signals, or the Safety Alert Driver Seat uses vibrations to warn you.

C / CONNECTIVITY
Depending on the model you choose, you’ll never be far from a convenient power supply: up to six USB ports, four auxiliary power outlets and a 110-volt outlet keep first- and second-row passengers connected and powered up.

D / FINGERTIP CONTROLS
Keep your eyes on the road while activating available Bluetooth® phone functions using steering-wheel-mounted controls. The system links your compatible device to Silverado’s audio system. You can also play audio, change songs, set the cruise control and activate the available heated steering wheel.

E / COLOR TOUCH RADIO WITH MYLINK
Silverado offers the available center-mounted 8" diagonal Color Touch Radio with MyLink.® Gain hands-free, natural-voice–activated control of your communication choices. Bluetooth® wireless technology allows you to easily sync your phone with Silverado’s audio system. Make phone calls, play music or navigate stored destinations just by saying the word. From the center-mounted full-color touch-screen, easily access the features you use most by customizing MyLink’s home screen; no need to navigate a complicated menu. You can even pair up to 10 different devices in the truck.

F / NAVIGATION SYSTEM
Using voice or touch commands, Silverado’s available Navigation System uses the 8" diagonal center-mounted touch-screen to display 2-D or 3-D map graphics. To avoid trouble, NavTraffic® (with 3-month trial of SiriusXM®) incorporates real-time traffic and road conditions into your NAV screen, directing you toward the most efficient route.

---

1Not compatible with all devices. 2Go to gmtotalconnect.com to find out which phones are compatible with the vehicle. 3Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. 4Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. 5If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms and geographic limitations at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change.
THE STRONG, SILENT TYPE.
A DOUBLE CAB FIT FOR A CREW.
Silverado’s design works to help minimize wind noise and optimize fuel efficiency. From its three-dimensional signature grille to its angled, aerodynamic windshield and arched wheel wells, Silverado is designed to command attention.

**A / EASY-OPENING DOORS**
The Silverado Double Cab and Crew Cab feature forward-hinged rear doors to help improve access and reduce wind noise. To quiet the interior further, all Silverado models feature triple door seals and an inlaid door design that fits the doors flush with the body.

**B / AEROSPATS**
What are aerospats, you ask? They are air deflectors positioned in front of the rear tires to direct air around them, helping reduce turbulence and drag. The result is a more efficient driving experience.

**TAILGATE SPOILER**
To reduce turbulence and improve aerodynamics, a rear spoiler is seamlessly integrated into the top of the tailgate.

**C / PROJECTOR-BEAM LIGHTING**
Silverado’s available projector-beam headlamps are fully integrated into the grille surround. The tightly controlled light pattern of projector-beam lamps increases their range and brightness, while reducing glare for oncoming vehicles.

**D / OPTIMIZED AIRFLOW**
The dimensional grille helps manage and optimize airflow to capture a greater percentage of air to help cool the engine. Only air necessary for cooling is directed into the engine compartment, while the rest flows smoothly around the truck. Silverado’s styling also helps reduce wind noise to create a quieter cabin. The resulting lower drag coefficient contributes to Silverado’s impressive fuel efficiency.

---

1EPA-estimated 18 city/24 hwy mpg with the 4.3L V6 engine (2WD) and 16 city/23 hwy mpg with the optional 5.3L V8 engine (2WD). EPA estimates are not yet available for the 6.2L V8 (available fall 2014).

A / EASY-OPENING DOORS

B / AEROSPATS

C / PROJECTOR-BEAM LIGHTING

D / OPTIMIZED AIREFLOW
PUT 2270 LBS TO WORK.

The Silverado offers a maximum payload of more than a ton¹ to solve your cargo challenges. And you can build your Silverado to suit your specs. The Standard Box is 6’6” and is available on all cab configurations, including Crew Cab. Need a full 8’ bed for drywall and such? Then Silverado Regular Cab is the right tool for the job.

**ENGINEERED CARGO BOX**
The pickup box floor is expertly crafted from strong and durable roll-formed steel. And simple, yet all-too-important elements like standard rail protectors at the top of the box and the tailgate improve damage resistance.

**A / CORNERSTEP REAR BUMPER**
We’ve made getting into the bed easy. Integrated into the corners of both ends of the rear bumper, corner steps help you access the cargo box. Their deep nonslip treads easily accommodate even the largest steel-toed work boots.

**B / SPRAY-IN BEDLINER**
To provide a permanent, nonskid surface, the available black liner with Chevrolet Bowtie logo covers the entire bed below the side rails, including the tailgate, front box top rail and lower tie-down loops.

**C / LED UNDER–RAIL LIGHTS**
Available LED under–rail box lights are conveniently positioned under each cargo box rail for easier loading and unloading at night, or when the box is enclosed by a tonneau cover.

**D / HAND ASSISTS**
Hand assists built into the top of the side rails—along with the corner steps—also help give you a boost into the bed.

**E / MOVABLE TIE-DOWN HOOKS**
Organize your cargo the way you want with four standard lower tie-downs and four available movable upper tie-down hooks. These four patented, load-bearing upper tie-downs are rated at 250 pounds each and can be positioned in several places around the box depending on the cargo.

¹These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle loading section of the Owner’s Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver’s door jamb.
Optional equipment shown.
THE BEST V8 FUEL ECONOMY OF ANY PICKUP.

1 EPA-estimated 16 city/23 hwy mpg (2WD), 16 city/22 hwy mpg (4WD). 2 EPA-estimated 18 city/24 hwy mpg with the 4.3L V6 engine (2WD) and 16 city/23 hwy mpg with the optional 5.3L V8 engine (2WD). EPA estimates are not yet available for the 6.2L V8 (available fall 2014).
PROVEN POWER
The 2015 Silverado takes its legendary truck capability to a new place with the EcoTec3 engine family. Building on years of proven V8 experience and trillions of real-world miles produces an optional 5.3L V8 with the best V8 fuel efficiency of any pickup (in two-wheel and four-wheel drive).

EcoTec3 ENGINES
Silverado’s 4.3L V6, 5.3L V8 and 6.2L V8 (available fall 2014) are the only truck engines using Direct Injection, Active Fuel Management and continuously Variable Valve Timing together to deliver robust power with ruthless fuel efficiency. You get the best of proven power and the dependability of a V8 truck engine. It’s a combination no competitor can match.

MOST POWERFUL LD PICKUP
Silverado’s available 6.2L V8 earns the coveted title of the most powerful engine in any light-duty pickup. Not to be outdone, the 4.3L V6 easily generates the most torque of any standard V6 in its class. At 285 hp and 305 lb-ft of torque, the 4.3L is the latest evolution of Silverado’s do-more, haul-more and tow-more legacy.
ADVANCED ENGINE TECHNOLOGIES.

PROVEN TRUCK PERFORMANCE.

A / ACTIVE FUEL MANAGEMENT (AFM)
By sensing load and demand, AFM improves efficiency by activating or deactivating cylinders (two on the V6 and four on the V8). Under demanding conditions, like high speeds or when loads require more power, the valve’s switching mechanism is depressurized, re-engaging the cylinder and restoring full power—without you ever noticing the transition.

B / DIRECT INJECTION (DI)
For precise fuel distribution and fast, efficient combustion, all engines benefit from DI technology. The system moves the fuel into the combustion chamber. By injecting fuel at over 2000 psi, the air and fuel mix more completely.

C / VARIABLE VALVE TIMING (VVT)
For responsiveness in low-speed city driving and bold power for open-road passing or trailering, all Silverado engines feature continuously VVT. It monitors and adjusts valve open and close points for near-peak levels of torque across the entire range of engine speeds.
HANDLING IS A TEAM SPORT.

You’ll find Silverado’s handling prowess is the direct result of the precise integration of tires, wheels, chassis, suspension, steering, braking and axles that gives you dynamic command and control. Engineers also wanted to build upon Silverado’s already impressive ride and handling, all without diminishing its legendary power, capability and durability. The result gives you a Silverado that’s remarkably strong, smart and capable.
ROCK. SOLID.
FOUNDATION.

A / COIL-OVER-SHOCK FRONT SUSPENSION
This fully independent system is precisely tuned for solid handling. The front shock module is designed for road isolation in response to even small inputs. A thick spring isolator and a high spring rate produce a controlled ride. The 34-millimeter hollow stabilizer bar aids vehicle stability.

B / CORROSION-RESISTANT DURALIFE BRAKE ROTORS
Chevy engineers used Ferritic Nitro-Carburizing (FNC) technology, which can help double rotor life. Duralife is a patented GM-exclusive corrosion protection process designed to prolong rotor life by hardening the rotor surface. It provides protection against rust to help prevent steering-wheel shudder during braking.

C / HYDROFORMED FRAME
Silverado uses a hydroformed, boxed, high-strength steel frame. Nine cross-members are through-frame welded for lateral support. This allows Silverado to haul, tow and tackle rugged terrain while you and your companions are sitting comfortably.

1EPA-estimated 18 city/24 hwy mpg with the 4.3L V6 engine and 16 city/23 hwy mpg with the optional 5.3L V8 engine (2WD). EPA estimates are not yet available for the 6.2L V8 (available fall 2014).
**D / ELECTRIC RACK-AND-PINION STEERING**
The electric variable-assist power rack-and-pinion steering system aids fuel efficiency versus engine-powered systems. The variable assist is tuned to provide less assist at highway speeds for a solid on-center feel, and more assist for less steering effort when maneuvering in tight spaces.

**E / STABILITY CONTROL**
StabiliTrak, an electronic control system, helps improve stability by detecting and reducing loss of traction. Sensing when Silverado is not responding to your steering inputs, it adjusts engine speed and applies brake pressure to any wheel to help maintain directional control. For rollover mitigation, StabiliTrak anticipates a potential situation, rapidly applying brake pressure to help reduce lateral forces and the likelihood of a rollover.

**F / HIGH LATERAL-RATE BODY MOUNTS**
To connect the body to the frame are high lateral-rate hydraulic body mounts. You’ll enjoy comfort and a smooth, quiet ride. The shear-style mounts at the front of the cab dampen side-to-side vibrations, while the hydraulic mounts at the rear of the cab dampen vertical vibrations.

**G / AUTOMATIC LOCKING REAR DIFFERENTIAL**
Available on 2WD and 4WD models, it directs power to the wheel with the most traction on loose gravel or slippery surfaces.

**H / LARGE RING GEARS**
Silverado’s generous horsepower and torque call for an enhanced way to transmit power to the tires. That’s why the V8s feature an axle with a large ring gear, and the rear axles are designed to handle the increased power capacity. This robust axle design also provides reliable durability.

**I / WIDE WHEELS**
This is where every power, torque and handling innovation engineered into Silverado meets the terrain. That’s why 17”, 18” and 20” wheels provide great on-center feel and crisp control during subtle steering movements.

**J / TUNED MULTILEAF REAR SPRINGS**
Two-stage rear leaf springs provide the perfect balance between ride smoothness and hauling capability. They’ve also been tuned for a comfortable ride and noise reduction as well as corrosion resistance.
CLASS-LEADING TOWING OF UP TO 12,000 LBS.¹

¹Silverado 1500 LTZ 2WD Double Cab Standard Box or Crew Cab Short Box with optional 6.2L EcoTec3 engine (available fall 2014) with Max Trailering Package. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. Class is half-ton full-size pickups.
Silverado has always been built for trailering. Its available Max Trailering Package offers a class-leading trailer weight rating of up to 12,000 lbs1 (available fall 2014).

MAX TRAILERING PACKAGE
Best-in-class towing results from an automatic locking rear differential, Z82 Trailering Package, heavy-duty 9.76” axle with 3.42 axle ratio equipped with the 6.2L V8 (available fall 2014), high-capacity rear springs, integrated trailer brake controller, enhanced cooling system and recalibrated shock tuning for increased control. A 3.73 axle ratio is included with the Max Trailering Package with the available 5.3L V8 engine, which can tow up to 11,200 lbs.2

A / TRAILER BRAKE CONTROLLER
For fingertip control and easy monitoring of your trailer brakes, Silverado offers an available integrated trailer brake controller. Conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Center.

B / TOW/HAUL MODE
To give you more power to accelerate when trailering or hauling heavy loads, Tow/Haul mode raises transmission upshift points. It also helps you slow Silverado by raising downshift points, using engine compression to slow your Silverado instead of merely braking.

TRAILER SWAY CONTROL
Keep both you and your trailer heading in the same direction, automatically. This system uses StabiliTrak sensors to detect a swaying trailer, and it applies both the vehicle’s and the trailer’s brakes (if properly equipped) to help bring it back in line.

C / REAR VISION CAMERA
The center screen also serves as your monitor for the available Rear Vision Camera. Its dynamic grid lines provide the perfect target when backing up or hitching a trailer.

HILL START ASSIST
Sensors automatically detect when Silverado is on a 5 percent grade or more. It holds the brakes momentarily or until the accelerator is pressed, preventing rollback. It's most effective when trailering, giving you time to switch from the brake to the accelerator.

AUTO GRADE BRAKING
When in Tow/Haul mode, this standard feature automatically senses when you want to slow your Silverado and engages a Grade Braking shift pattern to help maintain your desired speed.

THE SILVERADO

HIGH COUNTRY.

Rugged luxury is taken to new heights in the Silverado High Country. The exclusive Saddle premium leather-trimmed interior pleases the eye and makes for a more sophisticated work environment. Unique chrome wheels, 6” chrome assist steps, mirror caps, door handles and grille insert contrast boldly with the body-color front and rear bumpers to outline the truck’s chiseled exterior. But it’s not all just good looks. We also outfitted the new High Country with a spray-in bedliner, power-sliding rear window, remote start, touch-screen radio with Silverado MyLink, Bose® premium audio, halogen projector-beam headlamps, Rear Vision Camera and a trailering package. And to set it apart from other competitive pickups, we built all-new available 4G LTE Wi-Fi² right into the truck.

¹Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ²Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.com for system details and limitations.
PAVED ROADS ARE ONLY A SUGGESTION.

Z71 OFF-ROAD

Keep going long after the pavement ends by choosing one of the Silverado Z71 Off-Road models. They include Hill Descent Control, off-road jounce bumpers, a high-capacity air cleaner, underbody transfer case shield protection and monotube Rancho® shocks. Standard on Z71 models is a GM-exclusive automatic locking rear differential, which reacts in milliseconds to low-traction situations for improved forward motion. On wet, snowy or muddy terrain, Silverado takes power from the wheel with less grip and transfers it to the wheel with more traction to keep you moving.
Designed and engineered to the same standards as your Silverado, Chevy Accessories allow you to personalize your Silverado and range from functional enhancements like assist steps, splash guards that help deflect mud and rocks and bed management systems to stylish wheels and accents.

A / RECOVERY HOOKS
Add functionality and enhance the appearance of your Silverado with chrome or black recovery hooks.

B / LADDER RACK
Engineered to deliver strong load support, these rack systems and ladder racks by TracRac, a division of Thule, are geared specifically for all trade professionals. They are made of heavy-duty steel to be aerodynamic and quiet.

C / ASSIST STEPS
Make it easier to get into and out of your Silverado with these stylish steps. The 6" rectangular steps are aluminum and the 4" round steps are stainless steel. Both are rust-resistant and available in either chrome or black powder coat.

D / STATIONARY TOOLBOX
This durable, diamond-patterned aluminum toolbox handles up to 250 lbs. It features a removable sliding tray with rubber mat, dual gas shocks for smooth operation and a one-touch latch. It mounts securely to the bed without drilling and has the Chevrolet Bowtie logo. Not available with bed rug or any tonneau cover.

TONNEAU COVERS: HARD FOLDING, TRI-FOLD AND QUAD-FOLD
These hard folding quad-fold tonneau covers provide quick and easy access to the cargo box of your Silverado while providing protection for items in the pickup bed. Not shown.

BED STEP
Get easy access to your Silverado’s toolbox and other items in your truck bed with this retractable side step. It mounts on either side of the vehicle, just rear of the truck cab, to give a secure step to easily get to stuff in the front of your truck bed. No-hands, flip-down operation. Shown below.

See chevyaccessories.com to learn about additional options, which are updated regularly. Or talk to your local Chevy dealer.

The 2015 Silverado offers a 5-year OnStar Basic Plan. This available plan gives you access to the RemoteLink Key Fob Services, which let you lock and unlock your car doors, activate the horn and lights and even start your Silverado remotely (requires available factory remote start) from your smartphone or tablet. Plus, get OnStar Vehicle Diagnostics and Dealer Maintenance Notification to make service scheduling simple. Along with the 5-year OnStar Basic Plan, a 6-month trial of the Directions & Connections Plan is also available and includes Automatic Crash Response, Emergency Services, Stolen Vehicle Assistance, Live Advisor Assistance and available Hands-Free Calling.}

1 Available on select Apple, Android and BlackBerry devices. Services vary by device, vehicle and conditions. Requires an active OnStar subscription. 1 Access is available for 5 years from the date of vehicle delivery and is transferable. Does not include any emergency services or other OnStar services. To cancel OnStar RemoteLink Key Fob Services, or if your vehicle is sold, it is important to contact an OnStar Advisor. See onstar.com/mobile for full details. 1 Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. 1 OnStar Hands-Free Calling requires an existing OnStar service contract and prepaid minutes. Not available in certain markets. Visit onstar.com for coverage map, details and system limitations. 1 Cargo and load capacity limited by weight and distribution. 1 When properly equipped; includes weight of vehicle, passengers, cargo and equipment.

*These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle loading section of the Owner’s Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver’s door jamb. *Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. *Requires Max Trailering Package and 6.2L V8, available fall 2014. See your Chevrolet dealer for more details. *100/xxx=100 lbs maximum of permanently attached snow plow mounting hardware/xxx lbs maximum of removable snow plow blade and blade hardware. Maximum plow weights based on a vehicle with average manufacturer option content and 150 lbs each for driver and one additional front-seat occupant. Additional equipment and occupants will reduce maximum plow weight. Rear compensating weights may be required to maintain front axle weight below 65% of total vehicle weight when equipped with snow plow. Consult your snow plow manufacturer for specific compensating weight recommendation.

Rear folding 60/40 split 3-passenger bench. Includes child seat top tether anchor. Not available on Double Cab or WT models.

INTERIOR DETAILS

CLIMATE CONTROL
Single-zone manual air conditioning

Dual-zone automatic climate control. On LT and LTZ 271 models, included and only available with LT Convenience Package or All Star Edition. Not available on Regular Cab models.

CRUISE CONTROL
Steering-wheel mounted

DOOR LOCKS
Power

DOOR COVERING
Color-keyed carpeting with rubberized vinyl floor mats. Includes color-keyed carpeted floor mats on High Country. (Double and Crew Cab models include second-row floor mats.) Graphite-colored rubberized vinyl

REAR PARK ASSIST
Ultrasonic. Included and only available with LT Plus Package.

REAR VISION CAMERA
Includes Ultrasonic and power adjustable rearview mirror. On LTZ and LTZ 271 models, included and only available with LTZ Plus Package or Driver Alert Package.

REMOTE START
On LT models, included and only available with LTZ Plus Package or Driver Alert Package. On LTZ models, requires Regular Cab and Driver Alert Package.

KEYLESS ENTRY
Included and only available with Convenience Package on WT models

REAR VIEW MIRROR
With manual day/night adjustment.

Rear mirror with electronic dimming feature. On LS and LT models, included and only available with Power Camper Mirrors.

SILL PLATES
Brushed-metal on Z71 and High Country

SUNROOF
Power sliding with express-open. Crew Cab models only.

UNIVERSAL HOME REMOTE
On LT and LTZ 271 models, included and only available with LT Plus Package. Not available on Regular Cab models.

WINDOWS
Power with driver express-up and -down and express-down on all other windows. On WT models, standard on Double and Crew Cab models.

Power roof sliding with rear defroster. On LT and LTZ 271 models, included and only available with LT Plus Package. Not available on Regular Cab models.

OPTION PACKAGES

WT CONVENIENCE PACKAGE
Includes tinted windows, 110-volt outlet, Rear Vision Camera, remote keyless entry and power mirrors. Includes power windows on Regular Cab models.

LS CONVENIENCE PACKAGE
Includes Rear Vision Camera and 110-volt outlet

LT CONVENIENCE PACKAGE
Includes driver 10-way power seat adjuster, manual tilt telescoping steering column (not available with 4.2L engine), remote vehicle start system, Rear Vision Camera, rear window defroster, 110-volt power outlet and front fog lamps. Also includes MyLink® 8” diagonal audio system and dual-zone climate control on Double and Crew Cab models only. Not available with All Star Edition.

LT PLUS PACKAGE
Includes rear sliding power window, Universal Home Remote, Rear Park Assist, power-adjustable pedals and rear-window defroster. Not available on Regular Cab models.

LTZ PLUS PACKAGE
Includes power-adjustable pedals, Bose® premium audio system, Front and Rear Park Assist and heated leather steering wheel. Not available on Regular Cab models.

DRIVER ALERT PACKAGE
Includes Lane Departure Warning, Forward Collision Alert, Safety Alert Driver Seat and Front and Rear Park Assist. Requires heated and cooled driver and front-passenger bucket seats on Double and Crew Cab models. On LT models, requires Jet Black cloth bucket seats on Regular Cab only.

HIGH COUNTRY PREMIUM PACKAGE
Includes Driver Alert Package, heated steering wheel, power-adjustable pedals and trailer brake controller. Crew Cab models only.

*Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. Data plan rates apply.
EXTERIOR STYLING AND FUNCTIONALITY

ASSIST STEPS Chromed tubular with 8" rectangular design. Factory-installed on Crew Cab models only.

BUMPERS Front, black
Front, chrome. Includes unique lower appearance on ZT1 models. On WT models, included and only available with Chrome Bumper Package.

Rear, black with integrated bumper corner steps
Rear, chrome with integrated rear bumper corner steps. On WT models, included and only available with Chrome Bumper Package.

GRILLE SURROUND Chrome
Z71-specific with badge

GLASS Solar-Ray tinted
Solar-Ray deep-tinted. Included and only available with WT Convenience Package on WT models.

LIGHTS Halogen reflector headlamps

FOG LAMPS Front, halogen. On LT models, included and only available with LT Convenience Package.

RECOVERY HOOKS Front frame-mounted (black). Available on 2WD models. Standard on 4WD models. Also included on ZW 2WD and High Country models.

TAILGATE

WHEELHOUSE LINERS Rear. Double Cab and Crew Cab models only.

OUTSIDE MIRRORS

MIRRORS Black, manual
Black, power-adjustable with heated glass and driver-side spotter mirror. Included and only available with WT Convenience Package on WT. Mirror caps on LT models are upgradeable to body color when Custom Sport Package is ordered.

Color matching, power-adjustable with heated glass and driver-side spotter mirror

Chrome cap, heated, power-adjustable, power-folding and driver-side auto-dimming with integrated turn signal indicators and puddle lamps (includes driver-side spotter mirror)

Black, vertical camper-style with manual folding and extension and lower convex spotter glass. Requires Trailing Package.

Black, heated, power-adjustable vertical camper-style with manual folding and extension, lower convex spotter glass and auxiliary cargo lamp. Requires Trailing Package on LT models. Not available on Regular Cab LT models.

Chrome cap, heated, power-adjustable, vertical camper-style with power-folding/manual extension, driver memory, lower convex spotter glass, integrated turn-signal indicators, backup lights, amber auxiliary clearance lamps and auxiliary cargo lamp. Requires Max Trailering Package.

SAFEY ALERT DRIVER SEAT Included and only available with Driver Alert Package. On LT models, requires Regular Cab.

THEFT DETERRENT SYSTEM Unauthorized entry. Included and only available with remote vehicle start system on LT and LTZ models.
THE BEST PICKUP COVERAGE IN AMERICA

For 2015, Silverado 1500 comes with the industry’s best pickup coverage; it includes: 2-year/24,000-mile recommended scheduled maintenance; 3-year/36,000-mile bumper-to-bumper limited warranty1 and 5-year/100,000-mile powertrain limited warranty;2 Roadside Assistance and Courtesy Transportation.

Starting with the owner orientation—and full tank of gas—you receive when you take possession of your Silverado to the 24-Hour Roadside Assistance, Courtesy Transportation and Travel Benefits, you receive a portfolio of owner privileges that last throughout your warranty. For expert product information, Roadside Assistance or other services, call 1-800-243-8872.

TRAVEL BENEFITS AND ROADSIDE ASSISTANCE Available around the clock: trip routing service, a program for reimbursement for trip interruption due to necessary warranty repairs, towing, flat tire change, jump-starts and more for 5 years or 100,000 miles (whichever comes first).

COURTESY TRANSPORTATION Available at participating dealers: shuttle service, reimbursement of certain public transportation or fuel expenses for overnight warranty repairs, and courtesy rental for overnight work repairs. See your dealer for details.

CHEVROLET OWNER CENTER A complimentary, one-stop resource to enhance your Chevrolet ownership experience. It’s easy to sign up. Just go to gm.com/gmownercenter/chevrolet.

SIRIUSXM SATELLITE RADIO SiriusXM Satellite Radio1 is standard on all Silverado models (available on WT). It includes 3 trial months of service. SiriusXM Satellite Radio makes your drive come alive with commercial-free music channels from virtually every genre, artist-dedicated channels, live performances and more. Tune in to live play-by-play from the biggest sports, exclusive entertainment from top personalities, compelling talk, hilarious comedy, world-class news, local traffic and weather and family-friendly programming. Welcome to the world of satellite radio. Visit siriusxm.com for details.

CHEVROLET CERTIFIED SERVICE Certified Service To help your Silverado live up to its performance promise, Chevrolet Certified Service—found exclusively at your Chevrolet dealer—is there. With all the engineering excellence in Silverado, GM-trained technicians have the expertise to care for all of it.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child’s age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner’s Manual and child safety seat instructions for more safety information.

ADDITIONAL NOTES

TRAILERING AND OFF-ROAD INFORMATION Please carefully review the Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. All competitive claims are based on the latest information available at the time of printing and the GM Large Pickup segment.

BUYPOWER CARD™ Now it’s even easier to get into the Chevrolet of your dreams. Every purchase gives you Earnings redeemable toward part or even all of a new Chevrolet, GMC, Buick or Cadillac. Every year, enjoy 5 percent Earnings on your first $5,000 in purchases and 2 percent unlimited Earnings after that. No expiration on Earnings and no limit on how much you can earn or redeem. YOUR CARD IS THE KEY.™

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

CHEVROLET.COM See more of Silverado on our Web site: chevrolet.com/2015silverado. More photos and information; hot links to related subjects; convenient dealer locator; pricing guide, spec out your own vehicle. Or call 1-800-950-CHEV.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

NEW-VEHICLE LIMITED WARRANTY All Chevrolet light-duty vehicles come with a fully transferable, no- deductible 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty. GM vehicles registered in the USA are also covered for 3 years or 36,000 miles (whichever comes first). Coverage includes tires and towing to your nearest Chevrolet dealership. Repairs will be made to correct any vehicle defect and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 6 years or 100,000 miles (whichever comes first). See dealer for details. The 2015 Silverado 1500 also offers a 2-year/24,000-mile maintenance plan.1

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

GMMOBILITY.COM (1-800-323-9935) GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

Most Chevrolet parts and accessories sold and installed on a Chevrolet vehicle by a Chevrolet dealer or a Chevrolet-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New-Vehicle Limited Warranty. If Chevrolet accessories are installed after vehicle delivery, or are replaced under the New-Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New-Vehicle Limited Warranty. See your dealer for details.

Some vehicles are shown with equipment from an independent partner. Chevrolet-licensed and Integrated Business Partner Accessories are covered under the accessory-specific manufacturer’s warranty and are not warranted by Chevrolet or its dealers. Chevrolet is not responsible for the safety or quality of independent supplier alterations.

1Covers only scheduled oil changes with filter, tire rotations and 27-point inspections, according to your new vehicle’s recommended maintenance schedule for up to 2 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of four service visits. Excludes Silverado 2500 and 3500 vehicles. See participating dealer for other restrictions and complete details.

2Whichever comes first. See dealer for limited warranty details. Your card is the key.™
