It’s where strength meets purpose.
A river runs along it. A city born in a place that’s one part beauty and one part commerce. This is a junction of roads, waterways, and possibilities. Steadfast in its simplicity yet intricate in its strength, it is the inspiration for this sedan, with its sleek and bolstered lines that invite looks from every angle. Arching gazes seek out its name with the expectation of an import. The reassurance of its origin and value. The adaptation shows sustainability and proves intelligent. Powerful, efficient, well-detailed, and contented. Its wings span with confidence and direction. A purpose fulfilled.

The 2013 Chrysler 200. Imported from Detroit."
STREET LIGHT. The 2015 Chrysler 200 makes its presence known. It takes to the streets boasting bifunctional halogen projector headlamps that utilize high/low beam capability for outstanding forward and spread-light performance, while the LED "eyebrow" light pipes give an illuminated distinction to the front end. The 200 Limited adds fog lamps that further spotlight its visibility public. It will be seen better in any habitat with the ultra-bright LED tail lamps. The center high-mounted stop light with LED illumination means views from the rear will not go unnoticed. With design cues to enhance the rear fascia shape, the lighting features a high-function mode to match high-style form.
Wrapped for Cityscapes. Thought-out styling that reveals abundant standard features and innovative technologies shows you know where you’re going. The Chrysler grille and badge, fascia and fender sculpting, pronounced deck lid, and available dual bright exhaust tips announce its bold arrival to any scene. The standard body-color door handles and power heated mirrors give the bodyside a streamlined stance and Limited’s brightwork captures attention through well-thought-out chrome accents. A progressive windshield and front-door-glass acoustic treatment help prevent road noise from entering the cabin. All this — including edgy styling packages inside and out, smoothly rolled out onto the available 18-inch polished aluminum wheels, and much more to choose from — is what we do.
urban dwelling. 200 limited's available s package includes all of the exterior appearance treatments above, making it an inside job as well. It features black leather-trimmed seating accented in silver stitching with distinctive digital suede inserts. The driver and front passenger seats feature embroidered “s” graphics as a unique stylish touch, and a perforated leather-wrapped steering wheel delivers an added dose of finesse. The limited s package also includes the 3.6l pentastar® v6 engine with 283 horsepower, flex fuel capability, and dual exhaust system for some added boost to the boast.

A FORTESS OF FLAIR! For those looking to kick their urban presence up a notch, the available 200 s appearance package offers its own recipe for attitude, with some standout exterior touches. It starts with a black grille and black headlamp treatment with bright metalized projector rings and projector fog lamps. The s reinforces its strong presence with body-color door handles and body-color heated exterior mirrors. Black painted rear fascia bar, black “s” badge, and 18-inch polished aluminum wheels featuring black painted pockets. The brilliant LED tail lamps and available dual bright exhaust tips leave a trendsetting impression.
rear seat with trunk pass-thru. rear-seat passengers enjoy spacious, comfortable seating, and the trunk pass-thru provides additional cargo capacity, allowing longer items to be stored in the trunk.

the driver's quarters. Whether the forecast calls for inclement weather or fierce traffic, the Chrysler 200 is your sanctuary. The interior details reveal an acoustic-laminated windshield and front-door glass, super-soft interior materials, and sound-absorbing treatments throughout the cabin and instrument panel, which all provide sound dampening, comfort, and reduced noise and vibration levels for the ride.

Premium leather seating surfaces with detailed accent stitching are standard on limited. The bolstered seats envelop occupants while sturdy cushion design and materials enhance comfort. An available leather-wrapped steering wheel and shift knob with chrome accents provide luxury details that confirm the upgrade, as well as the standard tilt/telescoping steering column with integrated controls.

Mined to matter. The interior refuge of the 200 offers luxury components that allow a peaceful state of mind, making each trip enjoyable, no matter what daily challenges unfold. The instrument panel, gauge cluster, and dash enhance the finishing seams throughout, which means tight tolerances for smooth surface transitions. Ambient LED lighting highlights the beautiful interior, while the four-spoke steering wheel with integrated controls allows the driver easy access to radio, cruise, and available hands-free phone controls. Illuminated cup holders and a classic-design analog clock supplement the cache of added designed-in conveniences. Touring and limited also include automatic temperature control, sun visors with illuminated vanity mirrors, SiriusXM satellite radio, six premium speakers, and Boston Acoustics® speakers on limited, tire pressure monitoring display, Electronic Vehicle Information Center (EVIC) with trip computer and compass, universal garage door opener, and automatic headlamps.

*a note about this brochure: all disclaimers and disclosures can be found in the back of this catalog.*
ENTERTAINMENT: Manage all of your media with multiple ways to access audio, including available Bluetooth® streaming audio, iPod® control with Voice Command, DVD player, auxiliary input jack, and compatible multimedia devices with SiriusXM Satellite Radio. One year of SiriusXM Satellite Radio Service included.

PHONE: Uconnect® Phone is the in-vehicle, voice-activated communication system that allows you to pair up to seven Bluetooth® compatible phones and then talk virtually hands-free. This system is also clever enough to synchronize with your phone’s contacts—up to 1,000 entries.

NAVIGATION: Provides turn-by-turn voice guidance and visual display. It can also locate nearby restaurants, shopping, hospitals, or points of local interest through a GPS system. It features an intuitive user interface, bringing the handheld experience to a factory-in-dash radio. With SiriusXM Traffic, you’ll get continuously detailed information on accidents, traffic flow, construction, and road closures.

VOICE COMMAND: It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations, SiriusXM Satellite Radio® channels, and make calls.

WEB: Put the power of high-speed Internet in your vehicle with Uconnect Web, making your vehicle a mobile hotspot. Passengers can use multiple devices at the same time. There’s no need for cell cards or software with this authentic Chrysler Accessory by Mopar. It’s all wireless. Subscription required. Sold separately.

SiriusXM Travel Link: Brings national weather forecasts, fuel prices for local gas stations, in-game and final sports scores, weekly sports schedules, local movie theater listings, and local ski conditions right to your vehicle.

Sirius Select: Over 130 channels. This is what satellite radio is all about. Enjoy commercial-free music, plus sports, news, talk, and entertainment. And get a selection of premium programming, including every NFL game, Howard Stern, every NASCAR® race, Martha Stewart, and more. Visit www.siriusxm.com for details.

GO TO DRIVEUCONNECT.COM TO FIND OUT MORE.
It’s the most advanced six-cylinder engine ever produced by Chrysler Group LLC, and it just happens to be shared with its Chrysler 300 stablemate. The available 3.6L best-in-class 283-horsepower Pentastar® V6 DOHC is paired with a six-speed automatic transmission with first-rate noise, vibration, and harshness control. The only thing better than numbers like 283 horsepower and 260 lb-ft of torque is the engine’s durability-enhancing features that require very low maintenance. Its impressive EPA estimated 19 city/29 highway mpg provides a glimpse of restraint within its appetite for the open road. The standard 2.4L engine with Variable Valve Timing (VVT) is mated to the available six-speed automatic transmission with AutoStick. It provides a strong balance of fuel economy (EPA estimated 20 city/31 highway mpg) and solid performance with 173 horsepower.
Ride and Handling. Virtually every system for this sedan has been engineered for an exceptional performance experience. MacPherson struts up front to help provide an optimum balance of ride, handling, and noise isolation. These are supported by multilink coils in the back, which allow individual articulation of the rear wheels over varying road surfaces for a level ride. Additional components include large-diameter front and rear sway bars, stiffened body mounts and stiff ride rate, all paving the way for a smooth and controlled ride. These drivetrain and suspension enhancements also contribute to the reduction of noise, vibration, and harshness (NVH), while the premium 17-inch and 18-inch All-Season tires provide solid balance and response.

AutoStick. When paired with either the 2.4L four-cylinder engine or the 3.6L Pentastar V6 engine, the six-speed automatic transmission with available AutoStick shifter allows clutchless manual or automatic gear selection for a dynamic driving experience.
**Electronic Stability Control/ESC** In adverse conditions, ESC and Brake Assist work with an all-speed traction control system to help maintain vehicle stability, limit oversteering or understeering, and automatically apply brake force when needed.

**Air Bags** All 200 models feature standard advanced multistage driver and front-passenger air bags, supplemental side-curtain air bags, and supplemental driver and front-passenger seat mounted air bags.

**Active Front Head Restraints** Head restraints automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint and the occupant’s head, helping to reduce the chance of injury.

**Tire Pressure Monitoring System** A warning lamp in the instrument cluster notifies you of low tire pressure. A Tire Pressure Monitoring Display alerts you of individual tire pressure for all four tires and is part of the available Electronic Vehicle Information Center (EVIC).

**Antilock Brake System/ABS** Standard four-wheel antilock disc brakes afford premium stopping power from state-of-the-art electronics that provide faster system response. ABS senses and prevents wheel lockup, offering improved steering control under extreme braking and/or slippery conditions.

**Sentry Key® Theft-Deterrent System** A unique security system code matched only to your vehicle allows your 200 to start only with the special encoded key.

**Security Alarm** This system monitors the door-ajar and trunk switches as well as the ignition circuit for unauthorized entry. The lights flash and the horn sounds, alerting you if someone else is trying to enter your vehicle.

**Remote Keyless/Illuminated Entry** For additional convenience and security, this feature unlocks the driver’s door on the first press of the key fob and all doors on the second press, illuminating interior lights once the vehicle is unlocked.
Mopar assures you with expert technicians who know your make and model best from Vehicle Protection Plans and Express Lane Service to Mopar Owner Connect, a secure owners-only site accessible by registering at owners.chrysler.com.
