OVER THE FIRST 75 YEARS, CHRYSLER ENGINEERING

EXCELLENCE BECAME CHRYSLER HERITAGE. Within the last

10 years, Chrysler cab-forward styling has changed the architecture of the modern
automobile. Simultaneously came a fine-tuning so precise that drivers, lured by the
sophisticated styling, are captured by the spirited road manners. It is that perfected
bonding of engineering heritage, expressive design and exacting agility that
comprises the Chrysler lineup for the year 2000. The Chrysler heritage continues with
300M, purebred descendant of the fabled 300 letter series; with Sebring, the land’s
best-selling convertible; with Town & Country, the luxury culmination of 16 years of
Chrysler minivan leadership; with the 2001 PT Cruiser® breaking the barriers of
conventional design and function. With an entire family of elegant and able-bodied
offerings that propel Chrysler innovation into the millennium.
THE CHRYSLER NAME IS SYNONYMOUS WITH

ELEGANCE AND ENGINEERING — attributes that are especially apparent with a very first look at Cirrus. Here is cab-forward architecture in an affordable sedan with a sporty appearance, spirited power, many no-charge extras and every premium inch a Chrysler. There are two models, specifically defined on pages 19-20. The luxurious Cirrus LXi, for example, is equipped with a swift and sturdy 2.5-liter 24-valve V6, plus amenities of a stylized nature, such as a leather-trimmed interior, that are included in an impressive package at no extra charge. The even more affordable Cirrus LX has an extensive list of standard features, proffers its own feature package, and is powered by a surprisingly responsive 2.4-liter, DOHC in-line four. From the first time you put the pedal to either Cirrus model and settle into equally spacious and supportive interiors, you'll experience road manners refined by over 75 years of engineering heritage, as evidenced by the proud placement of Chrysler's recently reinstated winged seal of excellence. You're going to like Cirrus.
The eight-way power-seat controls consist of two convenient, easy-to-use buttons positioned to move as the seat would move.

The LX standard cloth interior beautifully combines ergonomic technology with the simplicity of sophisticated design.

CIRRUS SETS THE STANDARD FOR STANDARD FEATURES. High-quality crafted, ergonomically engineered and easy to use, the interior amenities in Cirrus abound. Equipped with so many standard features, even the less expensive Cirrus LX is nothing less than loaded. Included in a no-extra-charge package on LX are items such as: power windows and door locks, rear floor mats and dual power exterior mirrors. These complement major items like air conditioning and a height-adjustable steering wheel to name but two. Because of cab-forward design, Cirrus allows plenty of space for five — and with room to spare. Cirrus' sweeping side curvature provides elbow room a-plenty. The interior cabin area measures a spacious 95.9 cubic feet, while rear-seat passengers comfortably enjoy more than 38 inches of leg room. On LXi, the no-extra-charge leather-trimmed seating displays matching leather-wrapped steering wheel and shift knob and a premium sound system provides dramatic musical reproduction with eight speakers in six locations. Even outside, the package is evident, as 15-inch cast aluminum wheels accent the sleek styling.

Cirrus' standard folding rear seatback is handy for stowing large items (right).

Dramatic sound is achieved at no extra charge through Cirrus LXi's premium sound system with eight speakers in six locations.
CIRRUS’ POWER COMES NEATLY PACKAGED in the LX model with a 2.5-liter 24-valve V6 under its gracefully sloping hood. The impressive 170 pound-feet of torque produced at 4,350 rpm gives Cirrus power to go from a stoplight and power to pass on the freeway. The high-combustion efficiency of four valves per cylinder, in a single overhead cam design, creates 163 horsepower at 5,800 rpm. Best of all, this robust torque and horsepower hums along smoothly and nearly noiselessly.

The engine block, a lightweight open-deck design, is secured by a unique four-point engine-mount system to restrain shake and reduce noise. The engine’s sequential multipoint injection system provides balanced fuel delivery for effective engine response and a steady idle. The four-speed automatic transaxle has been finely engineered to enable its mechanisms to “learn” an individual driver’s habits and then to automatically adjust its patterns to consistently respond with smooth, precise shifts.

LX model has a zippy, 2.4-liter 16-valve DOHC inline four-cylinder engine generating 150 horsepower at 5,200 rpm, and 167 pound-feet of torque at 4,000 rpm.

Available on LX:
- Cirrus Gold Package
- Gold "Chrysler" and "LXI" badging
- Gold front and rear fascia accents
- Finale chrome aluminum wheels with gold accents

*Built by Mitsubishi Motors Corporation.
1 Bright on Bright Silver Metallic, Light Cypress Green and Stone White vehicles.
CIRRUS IS AS SOUND AS IT IS SAFE. Vehicle structure and safety components work in perfect harmony to cradle driver and passengers in comfort and security. It all starts with Cirrus' Unibody design, which contributes to its roadworthy handling, interior quiet and occupant safety characteristics. The components of its suspension system—upper and lower control arms, coil springs and stabilizer bars—work together to maintain control and reduce body roll. The wide stance of cab-forward design gives Cirrus its stability and maneuverability. The expressive design also gives Cirrus an aerodynamic silhouette that curves into the gracefully raked windshield, effectively cutting wind resistance and reducing interior noise. Safety is, as with most everything else, standard on Cirrus. Every Cirrus is equipped with Next Generation driver and front-passenger air bags,* child-protection rear door locks, user-ready child seat top tether anchors for all rear-seat positions, height-adjustable front shoulder belts and Brake-Park Interlock on automatic transaxle-equipped vehicles. Unibody construction and crumple zones absorb front and rear impact, safety cage construction surrounds the passenger compartment and steel side-guard door beams offer reinforcement left and right.

*Certified to the Federal Regulations that allow less forcible air bags. Always use seat belts. Remember a backseat is the safest place for children.
ADDED FEATURES—ADDED VALUE. Available features and accessories can make your Cirrus—an exceptional vehicle loaded with standard features and no-extra-charge items—even more special than it already is. A **premium AM/FM stereo** radio featuring a cassette player, automatic tape head cleaner, changer controls, 100 watts of amplification, 24 station presets and **eight speakers in six locations** (A) is available at no extra charge on LXi, optional on LX. Standard on LXi is the **HomeLink® Universal Transceiver** (below left) which can activate three in-home electronic devices—garage door, driveway gate, and security lights, for example—at a touch. **Dart cast aluminum** wheels (B) are included as part of the no-extra-charge package on LXi, optional on LX. **Chrome Finale Wheels** (C), part of the LXi Gold Package, are available. LX has standard wheel covers (D).

**CHRYSLER ACCESSORIES FROM MOPAR** include a protective Front-End Cover with Bug Screen (below) that enhances your Cirrus’ appearance. See your Chrysler dealer for a Mopar Accessories catalog.
All Chrysler Cirrus’ models include:

- Air Bags* — Next-Generation, driver and front-passenger
- Air Conditioning — Manual temperature controls
- Brake-Park Interlock — Cannot shift out of Park until brake pedal is depressed (automatic transaxle)
- Climate Control Outlets — Rear, located under front seats
- Clock — Digital, integral to all radios
- Coat Hooks — Rear (2)
- Console — Center with storage armrest and cubby bin
- Cup Holders — Front (2); rear stowable (2)

If you would like to discuss vehicle details or pricing with a knowledgeable advisor before visiting your dealer, call 1-800-CHRYSLER or visit our Web site at www.chrysler.com.
CUSTOMER ONE CARE™

At DaimlerChrysler Corporation, our commitment to complete customer satisfaction is evident in every car and minivan we sell. Long after a vehicle is driven away from the showroom, we will be there to ensure that our customers remain pleased with every new vehicle purchase. To prove this commitment, all Chrysler vehicles are covered by the 3/36 Customer One Care Plan,* which includes a 3-year/36,000-mile (whichever comes first) Bumper-to-Bumper Limited Warranty and Roadside Assistance† for 3 years or 36,000 miles. Roadside Assistance provides 24-hour, 7-day-a-week Emergency Road Service, contacted by a nationwide toll-free number. A 5-year or 100,000-mile Outer-Panel Rust-Through Limited Warranty covers the cost of all parts and labor needed to repair exterior sheet metal panels if perforated by corrosion. The 3/36 Customer One Care Plan stays with the vehicle, transferring automatically to subsequent owners at no cost during the warranty period.

See your dealer for additional details and a copy of this limited warranty.

Excludes the complete vehicle against defects in materials and workmanship. Excludes wiper blades, brake disc and brake lining, brake rotors and drums, normal maintenance items (these items are covered against defects for 12 months or 12,000 miles, whichever comes first) and tires (covered by their own manufacturer's warranty).

Roadside Assistance services are provided by Cross Country Motor Club, Inc. (in California, Cross Country Motor Club of California, Inc.)

LEASING

Leasing is a popular way to finance a new vehicle, and the Gold Key Lease offered by Chrysler Financial Company LLC, has the flexibility to fit your vehicle choice and your lifestyle. Lease payments are typically lower and for a shorter term than conventional financing. At lease end, you can: 1) turn the vehicle in and lease a new one; 2) buy the vehicle and keep it; 3) buy the vehicle and sell it for a possible profit. If the idea of driving the vehicle you want and paying less for it sounds great, ask your dealer about Gold Key Lease. Gold Key Plus is a great alternative to leasing for customers who want low payments and pride of vehicle ownership — Gold Key Plus offers both. Decide how long the vehicle will be driven and the trade-in value is guaranteed (less excess mileage and wear and tear). Ask your dealer for complete details. Commercial Finance Options (CFO) offers several finance and lease options to small and midsize businesses, municipalities and small-fleet operators. A full range of automotive financing is available through Chrysler Financial, providing flexible payment plans and finance products for qualified buyers. Many of these plans can be customized to fit your particular budget and make your new vehicle even more affordable. The College Graduate Program is especially attractive to those just beginning their careers. Ask your salesperson for details about any of the above plans.

Chrysler Financial Company LLC. programs are offered subject to availability and state and local laws.

DAIMLERCHRYSLER SERVICE CONTRACTS

Additional protection for owners is available through optional DaimlerChrysler Service Contracts. These service plans are available in a variety of time and mileage combinations to meet your driving needs. Ask your dealer for more information or call 1-800-442-2666.

All product illustrations, specifications and competitive comparisons are based upon current information at the time of publication approval. Although descriptions are believed correct, complete accuracy cannot be guaranteed. DaimlerChrysler Corporation reserves the right to make changes at any time, without notice or obligation, in prices, specifications, equipment, colors and materials, and to change or discontinue models. Some of the equipment shown or described throughout this catalog is available at extra cost. See your dealer for the latest information.

*All Chrysler products feature a Clear Coat finish.

†Leather-trimmed seating is a no-extra-charge option on LX. Cloth seating available in Camel and Agate.
