CHRYSLER

SEBRING SEDAN

[Image of a silver sedan parked in front of a playground with children playing]

[Text continues with specifications, features, and benefits of the Sebring Sedan]
What begins as an innovative concept is nurtured and perfected until it eventually becomes a reality, bowing to rave reviews. At Chrysler, this unique process has repeated itself time and time again. Examples? PT Cruiser, our retro-refined tribute to modern utility; 300M, heritage-rich, powerfully agile; and of course, the invented-here minivan — protected like all Chrysler vehicles by our 7-Year/70,000-Mile Powertrain Limited Warranty. But Chrysler designers and engineers didn’t just stand back and admire those realities. They forged ahead to conceive a sporty but character-laden coupe called Crossfire. And a stylish but performance-packed family gatherer named Pacifica. Both concepts will soon become realities! So if you love driving innovative new vehicles... love is just around the corner. Drive = Love

The 2004 Chrysler Sebring Sedan will put you exactly where you want to be. Out front. Ahead of the rest. It was designed to outpace the common, cookie-cutter look of the competition with expressive styling that stands out and turns heads as quickly as it does corners. All with the combination of quality, refined engineering, generous appointments and superb value that bring back that fantastic, romantic feeling of driving for the pure love of it. Get in and get ready to experience how Sebring Sedan will change the way you view driving. It's going to be an exhilarating ride.

The 2003 Chrysler Sebring Sedan received five stars — the highest government front crash test rating — from the National Highway Traffic Safety Administration.*

*Based on NHTSA's 2003 model year tests.
Sebring Sedan LXi

One look will unquestionably confirm to you that the Sebring Sedan LXi exudes an air of fashion and an appreciation of living life well. The body is striking, combining aerodynamic sleekness and true individualistic style. Yet, a quick trip down your favorite stretch of road will show you this sedan isn’t all looks. For power and superb handling, Chrysler engineering maintains an enviable balance of technological excellence. The way it looks. The way it feels. It’s like no other midsize sedan you’ve seen, or driven before.
Sebring Sedan LXi optional leather-trimmed interior in Dark Slate Gray with Preferred Suede® accents
Take a look around. There's a lot to see. And even more to appreciate. The Sebring Sedan LXi interior is pure Chrysler elegance. Clearly a nice place to get comfortable.

For example, enjoy the richness of a supple leather-wrapped steering wheel that's matched to a leather shift knob.* And there's the simple pleasure of available front leather-trimmed bucket seats with manual adjustable lumbar support for the driver. Of course, seats this impressive are even more pleasant in a big roomy cabin. The generous amounts of head room and shoulder room provide a relaxing environment. In the rear, passengers are treated to unexpectedly generous room. Two new available features for 2004 include automatic headlamps† that turn your lights on and off, and an auto-dimming rearview mirror with integral reading lamps.

*Both items available with optional leather-trimmed seating. †Late availability.
Sebring Sedan LXi

Of all the things that can go into an interior, you’re the most important. That’s a philosophy not lost with the new 2004 Sebring Sedan LXi. Climb in behind the wheel. The instrument panel itself wraps around invitingly and comforts you with a new available “set and forget” automatic temperature control system. The center console keeps tabs on everything for you, such as beverages and favorite CDs. Below you, the seats are firm, supportive and very comfortable.

Overall, there’s the feeling of a very well-equipped and advanced car that was built around you. You’ll quickly discern that four doors can be very exciting. Heed the call. Let the adrenaline rush.

*Late availability.

A. Available electroluminescent instrument panel gauges add an engaging and refined look.

B. Traveler’s Display is an available mini-trip computer with info displays for compass, instant and average fuel economy, outside temperature and more.

C. Available steering wheell-mounted radio controls are conveniently positioned on the underside to give you close access to LXi’s sound system.
Sebring Sedan LX

In the spirit of ongoing communication between road and driver, the 2004 Sebring Sedan LX was born. Undeniably, a car that's on par with you. Combining streamlined styling, agile performance and an array of attractive features, the LX makes everyday driving seem more distinctively invigorating. There are two exciting option packages to choose from that offer not only exceptional value, but the freedom to customize your Sebring Sedan LX to your individual style and approach to driving.
Sebring Sedan LX

True driving enjoyment. It's a guarantee the Sebring Sedan LX interior clearly makes. A lot of thinking has gone into this sedan's interior design to make it a car that feels good to get into. You can tell the moment you open the door. The standard front-passenger cloth bucket seats are contoured, supportive and comfortable. And of course, passengers in the back will also find seating that is relaxing and pleasing. The instrument panel is logically arranged, well illuminated and clearly marked. And because your attention belongs on the road ahead, all knobs and switches are conveniently located for maximum functionality and minimum distraction. Chrysler engineers have overlooked no detail in their quest to make the Sebring Sedan LX as rewarding and enjoyable as possible.

*Certified to the Federal Regulations that allow less forceful front air bags. Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and size.
Features and Options

No matter which Sebring fits your lifestyle, we've got the features and options to fit your Sebring and enhance your ownership experience. Mopar's available UConnect® offers drivers and passengers the convenience of totally hands-free cellular calling. Other amenities include a superb sound system and a security alarm that monitors doors, ignition and trunk key cylinders with an added HomeLink® disable feature. There's also an available Sirius Satellite Radio™ system that offers a wide variety of commercial-free listening choices. Whatever your style, whatever your needs, you'll discover a select offering of ways to personalize your new Sebring. After all, no one is better qualified to add a personal touch than you.
