OVER THE FIRST 75 YEARS, CHRYSLER ENGINEERING

EXCELLENCE BECAME CHRYSLER HERITAGE. Within the last
10 years, Chrysler cab-forward styling has changed the architecture of the modern
automobile. Simultaneously came a fine-tuning so precise that drivers, lured by the
sophisticated styling, are captured by the spirited road manners. It is that perfected
bonding of engineering heritage, expressive design and exacting agility that
comprises the Chrysler lineup for the year 2000. The Chrysler heritage continues: with
300M, purebred descendant of the fabled 300 letter series; with Sebring, the land’s
best-selling convertible; with Town & Country, the luxury culmination of 16 years of
Chrysler minivan leadership; with the 2001 PT Cruiser, breaking the barriers of
conventional design and function. With an entire family of elegant and able-bodied
offerings that propel Chrysler innovation into the millennium.
IT WAS A REVOLUTIONARY MACHINE that broke new ground in technology. And it has continually moved the world forward—seven people at a time. DaimlerChrysler Corporation minivans virtually replaced the station wagon and forever transformed America’s highways and streets. We made the minivan what it is today, and our 16 years of minivan leadership and innovation have consistently captured the loyalty of owners and a renowned roster of critical acclaim.

For the dawn of the new millennium, Chrysler Town & Country distinctively stands out as the one choice for un compromised luxury, premium amenities and quality craftsmanship.

Available in Town & Country Limited, Town & Country LXi and Town & Country LX, Chrysler’s luxury minivan lineup will satisfy the
Every Town & Country features an extended wheelbase for even more cargo versatility, comfort and room. Plus, there's the road-gripping advantage of available all-wheel drive on every Town & Country model. A feature you'll really want.

Based on the premise that luxury is a necessity, everything about the 2000 Chrysler Town & Country is designed to meet your expectations. After all, luxury and comfort say a lot about Town & Country. The craftsmanship and quality say a lot about you.

Chrysler Town & Country was awarded: Automobile Magazine All-Star winner four years in a row.

1994

- Chrysler minivans are the first American minivans with standard front air bags five years before government requirements.
- Prevention Magazine names Town & Country "Safe Car of the Year."

1995

- Next generation of minivan debuts with the exclusive driver's side sliding door.
- Our minivans are also the first with dynamic side-impact protection — yet another blow to the competition.

1996

1996 marks the 10th anniversary of the minivan and Chrysler still leads the way.

The new Town & Country Limited debuts. It's the most luxurious minivan ever.
TOWN & COUNTRY LIMITED

NO LIMIT TO THE LUXURY. Limited is the ultimate Town & Country, replete with an array of heightened luxury features. With 3.8-liter V6 power, effortless handling and available all-wheel drive, it has the superior engineering you expect from Chrysler’s heritage of continuous refinement. With inviting Preferred Sueda® appointments, leather-trimmed seven-passenger seating and power heated eight-way
river and front-passenger seats, it has enough luxury to complement a black tie charity event. And
with its uncompromised dedication to craftsmanship, displayed in chrome door handles and distinctive
in the instrument cluster graphics, Town & Country Limited is destined to be desired by all—but possessed
by only those individualists who insist on the perfection of sumptuous luxury.
TOWN & COUNTRY LXi

LUXURY THAT SPEAKS IN AN UNPRETENTIOUS VOICE. Chrysler Town & Country LXi is a minivan of sophistication, engineering excellence and premium comfort. Picture motoring to your next weekend getaway in command of LXi’s available powerful 3.8-liter V6, with the convenient available load-leveling suspension system, eight-way power driver and front-passenger seats, Dual Zone Temperature Control
with rear air conditioner/heater, steering wheel audio controls and the impressive acoustics that make the Infinity Acoustic 10™ Sound System endearingly beautiful to the ears. And to handle just about any road condition, there’s available all-wheel drive. Plus, accessibility will never be an impasse, because LXi—like every Town & Country model—features a standard driver-side sliding door.
NOT ONLY LUXURIOUS AND VERSATILE, TOWN & COUNTRY LX is the definitive choice for drivers who prefer to choose their own blend of luxury refinements. The roomy, long-wheelbase LX is furnished with all the expected standard features—power heated exterior mirrors, seven-passenger seating with intermediate Quad Command buckets and driver-side sliding door. Plus a diversity of options—such as all-wheel drive with
3.3-liter V6 power—that lets you personalize the balance of luxury that’s perfect for you. New for 2000, features standard 15-inch tires, 15-inch Rallye wheel covers, AM/FM stereo radio with cassette player, and body-color bodyside molding.
THE REWARDS OF TOWN & COUNTRY LUXURY can be found everywhere... An ultra-comfortable eight-way adjustable power driver's seat\(^m\) (left center) allows two drivers to preprogram settings. For even more custom comfort, the driver's seat has adjustable lumbar support.

Both front leather-trimmed bucket seats\(^a\) are equally adjustable (including recliner feature) via actuators shaped for an instinctive "feel." There's also the welcoming warmth of heated seating surfaces\(^a\) on the driver and front-passenger seats. AM/FM stereo with cassette and CD player\(^d\) (top right) features easy-to-access control of all functions. A remote keyless entry system\(^d\) includes illuminated entry, controls for power door locks and more.

**Electrochromic inside rearview mirror**\(^m\) (left top) automatically dims the reflection of bright headlamps from following cars. Dual Zone Temperature Control\(^d\) (not shown) provides precise comfort settings for driver and front passenger. Convenient and efficient area-specific heating and air conditioning keeps rear-seat passengers contented.\(^d\) A **lockable side-of-seat compartment**\(^m\) (left) is one of many thoughtful storage areas. Combine this bounty of luxury with the confidence of Chrysler's full-time all-wheel drive\(^h\) and you'll discern why the Town & Country driving experience can only be described as exceptional.
"PRACTICAL AND FUNCTIONAL LUXURY" is a term seldom applied to luxury sedans. Today's active lifestyles demand qualities such as versatility, capability, and ample cargo space. While luxury automobiles may be significantly deficient in these aspects, Chrysler Town & Country has the unique ability to satisfy both luxury needs and practical desires.

Multiposition seat recliners, along with three-position fore-and-aft adjustment for the rear bench, provide accommodation to personal preference, even in seven-passenger configurations. In fact, there are many seating configurations (bottom), and the rear seats can be folded for increased cargo capability when it's not convenient to remove and leave them behind. Versatile Quad Command seats are standard on every Town & Country, and the sheer grace and comfort of leather-trimmed seats are standard on Limited, optional on LXi. Bench Easy Out Roller Seats® (right) make the conversion from rear-seating to cargo-carrying an uncomplicated effort. Eight rollers glide the bench seat as it is unlatched, and molded tracks in the floor guide the seat and reduce resistance to rolling. And ease of entry to the area behind the rear bench is made more accessible with a wide, tall lifgate.

Plus, a durable scuff pad is standard on all models to help protect the rear bumper upper surface when loading or unloading cargo.
THE RAREFIED AIR OF LUXURY AND ERGONOMIC

PERFECTION. Attention to details. The feel of a knob and a switch. The elegance of quality materials. A leather-wrapped steering wheel* in your hands. The look of craftsmanship. An instrument panel predisposed to the driver. This is luxury that creates a unity—not a barrier—between driver and minivan. This is the inherent luxury of Town & Country Limited’s instrumentation. Engaging looks are enhanced by unique instrument cluster graphics and handsome woodgrain-appearance trim. Beautiful to the eye. Inviting to the touch. This is hands-on luxury. Nothing is beyond your reach.

* LXi and Limited models only.
THE FEATURE-RICH TOWN & COUNTRY LIMITED offers many exclusive luxury enhancements: Appealing Preferred Suede® interior appointments (shown pages 18-20) enrich Limited’s leather-trimmed seven-passenger seating that includes heated surfaces on front seats. 18-ounce carpeting is thick and plush. Steering wheel radio controls offer close access to the Infinity Acoustic 10™ Sound System.

"Limited" logo floor mats enhance the interior. Special "Limited" badging adds a sophisticated touch to Limited’s contemporary cab-forward styling. The concern for details. It's very evident in Town & Country Limited.

Rear-bench seat design with integral head restraints and center armrest.

For a complete listing of Limited's luxury features, please see pages 28-29.
CLEARLY A NICE PLACE TO GET COMFORTABLE.

The conveniences of a luxury automobile are engineered right into Chrysler Town & Country, as are the capacities of a special-purpose vehicle. Similar to a luxury sedan, heating and cooling are directed through outlets located in the rear—and fan speed can be adjusted front or rear. *Area-specific lighting* is thoughtfully positioned, including roof rail reading lamps that provide focused, non-glare lighting that won’t distract others. Liftgate flood lamps make loading cargo at night much easier. *Solar-control glass* makes the ride much more comfortable for passengers, and helps protect the interior from harmful sun radiation. The voluminous interior *caters to recreational gear* of all sorts, including skis, which can be carried beneath the rear seats without removing or rearranging anything. And when these numerous refinements are incorporated into Town & Country Limited, for example, you have an interior cabin (opposite pages) that composes a perfect symmetry between convenience, comfort and spacious room. Opulence never looked—or felt—so nice.

*Standard on Limited, included with optional rear heater and air conditioner on LX and LXI.
* Standard on Limited, optional on LX with leather-rimmed seats.
THE MOST ADVANCED TOWN & COUNTRY TO DATE.

Take a moment to look under the hood. The standard 180-horsepower 3.8-liter V6* in Limited, and the standard 158-horsepower 3.3-liter V6 in LX and LXi combine excellent fuel efficiency, high power output and Chrysler's well-known reliability. Both incorporate some of the best and most advanced automotive technology in the world today. Add the available

**Trailer Tow Prep Group** and available Mopar hitch receiver, and the 3.8-liter V6* can tow up to 3,500 pounds. And for even more versatility along the highways and byways, the 3.3-liter V6 engine features flex fuel (ethanol) capability.* Beneficial **load-leveling rear suspension**† system automatically adjusts Town & Country's attitude for a smooth and even vehicle stance, no matter the load. Tomorrow's technology today is what awaits in every 2000 Chrysler Town & Country.

---

*Optional on LX FWD models. Standard on all AWD models.
†Flex fuel (ethanol and/or unleaded gasoline) capability not available in CA, MA, NY or VT.
‡Standard on AWD models and Limited; optional on LXi and LX.
**ONE OF THE NICEST ATTRIBUTES** of luxury is its unrelenting drive for quietness. Town & Country’s lifgate and doors receive special attention to block out the traffic’s roaring boom. **Sound-Loc door liners and door seals** (above left) perform with the trim panels to reduce noise inside door cavities. A wide variety of absorbers, barriers and dampers suppress sounds that would otherwise intrude upon the harmonious tunes emanating from Town & Country’s available Infinity Acoustic 10™ Sound System. Advanced **Unibody construction** provides a car-like ride, and its exceptional torsional stiffness lessens the potential for annoying buzzes, squeaks and rattles. Here are five more techniques that help make Chrysler Town & Country so **luxuriously quiet**: double-layer dash panel silencers are installed on both sides of the dash to muffle engine noise (1); intra-pillar (2) and sill baffles (3) soften road noises; dampers subdue vibrations in large panels such as the floor pan (4); porous absorber pads inserted behind trim panels (5) absorb exterior noise.

Town & Country’s **ultra-quiet atmosphere enhances the sound system.**
ALL-WHEEL DRIVE is available on all 2000 Town & Country models for directional stability and confident steering in inclement driving conditions. Not intended for off-road usage in the wild, this full-time system makes use of a unique viscous coupling to apply the power to the front or rear wheels—depending on where it is needed most. In normal driving conditions on dry roads, Town & Country all-wheel drive directs most of its driving power to the front wheels. This is one feature you’ll definitely want on your Town & Country.
Surefooted traction is what Town & Country all-wheel drive contributes—in severe weather driving conditions, and on any kind of road surface. Sure, straighter starts at slippery intersections become the standard with all-wheel drive. And control is better maintained to navigate icy corners and to handle snow-covered curves. All-wheel-drive models include the safety of four-wheel disc antilock brakes.
EVERY CHRYSLER TOWN & COUNTRY is scrupulously designed and engineered to help maximize the protection of every occupant.

After all, aren't peace of mind and safety truly the most important automotive luxuries? Next Generation driver and front-passenger air bags* are standard on every Town & Country model. Available all-wheel drive offers directional stability and confident steering control (see pages 24-25 for more details). And DaimlerChrysler endorses Do The Buckle!, a national consumer safety campaign designed to educate children—as well as all people who drive or ride in vehicles—on the importance of wearing seat belts. Available Integrated Child Seat† (above right) features a multiposition reclining seatback, and is located in the passenger-side intermediate Quad Command bucket seat. Comfort-Fit Seat Belt System™ encourages usage with multitheight-adjustable shoulder belts‡ and traveling seat belt buckles. Available traction control (standard on Limited and optional on LXi models) senses over-spin on the front driving wheels and applies braking power for better grip at speeds up to 35 mph. Vehicle Security System§ is armed when the power doors are locked.

*Certified to the Federal Regulations that allow less forceful air bags. Always use seat belts. Remember a buckseat is the safest place for children.
†For children at least one year old, weighing between 22 and 50 pounds and no more than 47 inches tall.
‡Optional on LXi, LXi and Limited.
§At front and intermediate outboard seating positions.
§Standard on Limited, optional on LXi and LXi
CHRYSLER TOWN & COUNTRY IS SIMPLY A WONDER

of technical and design virtuosity—a feeling worth experiencing. Chrysler engineers and designers know that there’s only one criterion of any real importance in the designing of a quality luxury minivan: enhancing the enjoyment of motoring. The world’s finest luxury minivans are all conceived and engineered at the dramatic DaimlerChrysler Technology Center in Auburn Hills, Michigan. From initial styling and prototype development through countless hours of testing, Chrysler designers and engineers create and refine each product until it meets our stringent expectations for quality, performance and reliability. Because, you see, Chrysler doesn’t believe in offering just the standards. Chrysler believes in setting them and then exceeding them.
All Town & Country models include:

- Air Bags — Next generation driver and front passenger* 
- Air Conditioning — Front (CFC-free) with manual Dual Zone Temperature Control, Mid-Cabin Comfort Control, includes heater and vent/air conditioning outlets in rear of front door trim panels 
- Assist Straps — Front passenger seatback, driver seatback 
- Brakes — Anti-lock Brake System, four-wheel 
- Climate Group — II, Sunscreen/solar-control glass 
- Console — Overhead with mini-trip computer, compass, temperature, sunglasses and garage door opener holder 

Convenience Group
- I, Speed control, tilt steering column and power exterior mirrors 
- II, Convenience Group I plus power door locks 
- III, Convenience Group II plus power windows and vents 

14/Cup Juice Box Holders

Defroster — Electric rear window 

Demistlers — Front side windows 

Door Locks — Power, front, sliding and liftgate, child-protection rear (sliding doors) 

Doors — Driver- and passenger-side sliding 

Dynamic Side-Impact Protection — Steel side-guard door beams and structural reinforcements 

Fuel Door — Driver-side, with interlock feature on driver-side sliding door 

Fuel Tank — 20-gallon, tethered fuel cap 

Grocery Bag/Utility Hooks — Rear seatback 

Instrument Cluster — Analog, full-gauge with tachometer 

Light Group — Ignition time delay, glove box, ashtray 

Lighting — Exterior — Quad headlamps, halogen with park/turn/side marker lamps and built-in manual adjuster with leveling device; three-bulb taillamp, stoplamp, turn signal, side marker and back-up functions 

- Fog lamps 

Interior — Front, courtesy/reading lamps integrated with overhead console 

- Intermediate, courtesy/reading lamps 

- Rear, dome, cargo, liftgate, dual floodlamps 

Map Pockets — Front doors and front passenger-side seatbacks 

Mirrors — Illuminated visor vanity 

Multifunction Control Lever — Includes controls for turn signals, headlamps, lane-change feature, optical horn, instrument panel dimmer, windshield wipers/washers, pulse wipe 

Power Outlets — Front and rear, 12V DC with tethered covers 

Seat Belts — Color-keyed, Comfort-Fit Seat Belt System,™ height-adjustable shoulder belts and traveling seat belt buckles for front- and intermediate-row outboard passengers, single Unibelt for third-row outboard passengers and lap belt for inboard passenger; all belts made with Super-Soft webbing 

Seats — Front — Bucket seats with reclining seatbacks and folding inboard armrests 

- Driver-side manual lumbar support 

- Eight-way power driver’s seat 

Rear — Seven-passenger deluxe trim with intermediate Quad Command bucket seats and three-passenger rear bench seat 

- Easy Out Roller Seats® (bench seat only) 

Speed Control — Electronic with steering wheel-mounted controls 

Steering — Power-assisted rack-and-pinion 

Steering Column — Tilt 

Storage — Bin instrument panel center console 

- Bins, rear covered armrest 

Sun Visors — With sunshade extensions 

Underhood Service Points — Yellow with black lettering 

Windshield Wiper De-Icer — Patented 

Wiper System — Liftgate, continuous and intermittent with vehicle speed-sensitive intermittent mode 

- Windshield, two-speed with vehicle speed-sensitive intermittent mode 

*Certified to the Federal Regulations that allow less forcible air bags. Always use seat belts. Remember a backseat is the safest place for children.

SOUND SYSTEMS

FM stereo radio with cassette player, graphic equalizer and factory Acoustic 10® Speaker System. (Standard on Town & Country Limited models, optional on Town & Country LX and models.)

FM/AM/FM stereo radio with cassette player, graphic equalizer and factory Acoustic 10® Speaker System. (Standard on Town & Country Limited models, optional on Town & Country LX and models.)

CUSTOMER ONE CARE™

At DaimlerChrysler Corporation, our commitment to complete customer satisfaction is evident in every car and minivan we sell. Long after a vehicle is driven away from the showroom, we will be there to ensure that our customers remain pleased with every new-vehicle purchase. To prove this commitment, all Chrysler vehicles are covered by the 3/36 Customer One Care Plan, which includes a 3-year/36,000-mile (whichever comes first) Bumper-to-Bumper Limited Warranty and Roadside Assistance for 3 years or 36,000 miles. Roadside Assistance provides 24-hour, 7-day-a-week Emergency Road Service, contacted by a nationwide toll-free number. A 5-year or 100,000-mile Outer-Panel Rust-Through Limited Warranty covers the cost of all parts and labor needed to repair exterior sheet metal panels if perforated by corrosion. The 3/36 Customer One Care Plan stays with the vehicle, transferring automatically to subsequent owners at no cost during the warranty period.*

Leasing is a popular way to finance a new vehicle, and the Gold Key Lease offered by Chrysler Financial Company L.L.C. has the flexibility to fit your vehicle choice and your lifestyle. Lease payments are typically lower and for a shorter term than conventional financing. At lease end, you can: 1) turn the vehicle in and lease a new one; 2) buy the vehicle and keep it; 3) buy the vehicle and sell it for a possible profit. If the idea of driving the vehicle you want and paying less for it sounds great, ask your dealer about Gold Key Lease. Gold Key Plus is a great alternative to leasing for customers who want low payments and pride of vehicle ownership — Gold Key Plus offers both. Decide how long the vehicle will be driven and the trade-in value is guaranteed (less excess mileage and wear and tear). Ask your dealer for details. Commercial Finance Options (CFO) offers several finance and lease options to small and midsize businesses, municipalities and small fleet operators. A full range of automotive financing is available through Chrysler Financial, providing flexible payment plans and finance products for qualified buyers. Many of these plans can be customized to fit your particular budget and make your new vehicle even more affordable. The College Graduate Program is especially attractive to those just beginning their careers. Ask your salesperson for details about any of the above plans.

DAIMLERCHRYSLER SERVICE CONTRACTS

Additional protection for owners is available through optional DaimlerChrysler Service Contracts. These service plans are available in a variety of time and mileage combinations to meet your driving needs. Ask your dealer for more information or call 1-800-442-2666.
