2010 Dodge Caliber radiates toughness at any angle with large wraparound quad halogen headlamps, signature Dodge crosshair grille, and broad-shouldered wheel flares. The Caliber Uptown delivers 17-inch cast aluminum wheels, with 158 horsepower and 141 lb-ft of torque generated by a standard 2.0-liter power plant with dual Variable Valve Timing (VVT) finished off with an aerodynamically designed rear spoiler. Incredibly, even with all that power, Caliber offers a very impressive 31 est. mpg on the highway. There's more at dodge.com/caliber. EPA est. 23 city/31 hwy mpg with 2.4-liter engine and 5-speed manual transaxle. EPA est. 23 city/31 hwy mpg with 2.0-liter engine and 5-speed manual transaxle. 

23 city/31 hwy mpg with 2.4-liter engine and 5-speed manual transaxle.
2.4-LITER DOHC DUAL VARIABLE VALVE TIMING (VVT) 16V I-4: The 2.4-liter engine is standard on Caliber Rush, and available on Uptown models, and generates 172 horsepower @ 6,000 rpm and 165 lb-ft of torque @ 4,400 rpm. The 2.4-liter engine gets an EPA est. 21/25 mpg for city/highway with automatic, and an EPA est. 23/29 mpg for city/highway with manual transaxle.

2.0-LITER DOHC DUAL VARIABLE VALVE TIMING (VVT) 16V I-4: The 2.0-liter engine is standard on Caliber Express, Mainstreet, Heat, and Uptown models, and delivers 158 horsepower @ 6,400 rpm and 141 lb-ft of torque @ 5,000 rpm, coupled with a standard 5-speed manual transaxle on Express and Heat, with a CVT2 automatic standard on Mainstreet and Uptown. Power and fuel economy is up to speed with an EPA est. 23/31(1) mpg for city/highway on models equipped with the 5-speed transaxle.
Caliber delivers form, function, and convenience beyond expectation. An available removable and rechargeable LED cargo light/flashlight is piggybacked onto the headliner of Caliber’s rear cargo area.

Stock the top level of the two-tiered glove box, aptly named Chill Zone®, and four 12-oz cans or four 20-oz bottles can maintain their cool temperature with the help of the air conditioner. Level two holds the Owner’s Manual and essential travel items. With a 60/40 split-folding rear seat and an available front-passenger seat that also folds flat, you can configure the best passenger-to-gear ratio for every trip. With all seats in the upright position, there’s 18.5 cu ft of rear cargo room. With rear seats folded flat, cargo room expands to a cavernous 48 cu ft, making hauling big stuff a breeze. Because a ride like this attracts company, Caliber seats up to five. With available rear seats that recline, everyone’s comfortable.
Properly secure all cargo.

Works with all Uconnect Media Center radios. Included with Uconnect Phone. Uconnect PHONE. Lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync[5] lets you call anyone in your address book by saying their name. [1]In-dash DVD capability not available in all states. See your dealer for details. [2]SIRIUS service available only in contiguous United States and D.C. Service available in Canada; see siriuscanada.ca. Subscription required after 12-month subscription included with vehicle purchase. Subscriptions governed by SIRIUS Terms & Conditions available at sirius.com. SIRIUS, XM, and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. [3]The Uconnect Web feature is not intended for use by the driver while the vehicle is in motion. [4]When satellite radio and navigation features are equipped on your vehicle.

Any voice-commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. [5]Phone must support Bluetooth Phone Book Access Profile (PBAP).
MUSICGATE POWER® Open it up, and dig your one-and-a-half-ton boom box. The available MusicGate Power rocks with a 368-watt Boston Acoustics® nine-speaker sound system (including a subwoofer built into the rear cargo area) and two speakers that swing down from the rear liftgate when open. Standard on Uptown and Rush. Available on Heat.
Optional Mopar 17-inch Chrome Wheel shown above.
Caliber loaded with Authentic Dodge Accessories by Mopar, including Three-Piece Body Kit, Rear Spoiler, Chrome Fuel Filler Door and Aluminum Wheels.
When you enhance your Caliber with Authentic Dodge Accessories by Mopar, you gain far more than sophisticated style, premium protection, powerful performance, or engaging entertainment. You also benefit from the peace of mind that comes with knowing that each and every accessory has met Mopar’s stringent guidelines for tolerances and quality. Choose from the full line of accessories that feature a fit, finish, and functionality designed specifically for your Caliber. **THREE-PIECE BODY KIT.** It’s an instant fit and an instant hit. This kit features front and side accents designed specifically for your Caliber’s aggressive, bold stance. **REAR SPOILER.** Not only does it provide a little aerodynamic incentive, it also attracts approving looks with its uncompromising presence. And it’s prepainted with a durable Clear Coat finish to match select body-colors. **CHROME FUEL FILLER DOOR.** It’s the go-to accessory that brightly complements every body-color. The uniquely sculpted one-piece design replaces your existing fuel door with a seamless fit. **ALUMINUM WHEELS.** These 17-inch 5-spoke chrome-plated wheels help you make a statement from any angle, with a guaranteed long-lasting shine to back it up. They’re also machined to match your Caliber’s exact specifications for a balanced ride. Check us out at mopar.com
Protecting passengers is Caliber’s greatest priority. The front-end crush zone is designed to divert and dissipate energy away from the passenger compartment while the safety cage construction helps provide a protective shell around its occupants. Advanced multistage driver and front-passenger air bags\(^1\) help provide nearly instantaneous occupant protection. Standard supplemental side-curtain air bags\(^1\) provide side-impact protection. Technologically advanced electronics allow Caliber’s antilock brake system (ABS) to provide fast response time. ABS helps prevent wheel-lock and helps maintain directional control when braking on slippery surfaces. Designed to assist the driver in maintaining control of the vehicle at all times, available Electronic Stability Control\(^2\) (ESC) also includes Brake Assist and all-speed traction control to constantly monitor the driver’s input against the vehicle’s actual course. If needed, ESC will attempt to correct the vehicle’s course by automatically applying the brake and/or reducing engine torque. Outfit Caliber with the available Security Group and a manual transaxle, and benefit from Hill Start Assist, making it easier to resume travel on an incline.  

\(^1\)The Advanced Front Air Bags in this vehicle are certified to the new federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly.  

\(^2\)No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions.
AVAILABLE SUPPLEMENTAL FRONT-SEAT SIDE MOUNTED AIR BAGS⁴ OFFER AN ADDITIONAL LEVEL OF IMPACT PROTECTION AND SECURITY.

SAFETY EQUIPMENT REQUIRED

ALL MODELS INCLUDE A DRIVER’S-SIDE INFLATABLE KNEE BLOCKER AS STANDARD EQUIPMENT.

⁴The Advanced Front Air Bags in this vehicle are certified to the new federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly.

[1]No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [2]See page 19 for details.

- 15-inch painted wheel cover (standard on Express)
- 17-inch painted cast aluminum wheel (standard on Mainstreet and Uptown)
- 18-inch polished aluminum wheel (standard on Heat)
- 18-inch chrome-plated aluminum wheel (standard on Rush)
- 17-inch 5-spoke chrome-plated wheel (Authentic Dodge Accessory)
- 18-inch chrome-plated aluminum wheel (Authentic Dodge Accessory)
FEATURES COMMON ACROSS ALL TRIM LEVELS

- **Air Bags** — Advanced multistage driver and front-passenger and driver-side inflatable, driver knee blocker and supplemental side-curtain
- **Air Conditioning with Chill Zone™ Storage**
- **Auxiliary Power Outlet, 115-Volt (50-amp capacity)**
- **Child Protection Rear Door Locators**
- **Child Seat Anchor System (LATCH) — Lower and upper tether anchors help ease the installation of aftermarket child seats**
- **Console — Floor, sliding armrest with storage, 2 illuminated cup holders (front)/2 cup holders (rear) cable bin**
- **Cabin Particulate Air Filtration**
- **Fuel Tank — 13.6-gallon**
- **Low-Back Bucket Seats — With active front seat head restraints**
- **Mirrors — Power, heated Black**
- **Outside Temperature Display — Located in odometer**
- **Power Accessory — 12V auxiliary with delay feature located on instrument panel**
- **Power Door Locks and Windows with Driver One-Touch Down Feature**
- **Remote Keyless Ignition and Key**
- **Rearview Mirror with Auto-Dimming and Built-in Microphone**
- **Rear Window Defroster, Wiper/Washer**
- **Sentry Key® Theft-Deterrent System**
- ** Sirius® Satellite Radio with 1-Year Free Subscription**
- **Speed Control**
- **Storage — Concealed rear bin (not available with Premium Sound Group)**
- **Cowl vent, split-folding rear seatbacks with fold-flat feature, load floor with removable carpet**
- **Suspension — Four-wheel independent MacPherson strut front; multilink rear**
- **Tilt Steering Column**
- **Tire Pressure Monitoring Warning Lamp**
- **Connect™, Soft, Roll-up**
- **Uconnect® Phone with Voice Command and iPod® Control Features**
