IN SO MANY WAYS, IT’S THE BEST IN LIFE. DAKOTA.

MEET 2010 DAKOTA. Use best-in-class to grade your personal pickup, and Dakota makes the grade everywhere you look. For functionality, you’ve got best-in-class¹ horsepower and torque, best-in-class¹ towing — and those advantages are further backed by that best-in-class¹ cargo bed. Dakota Extended Cab puts your comfort at the top, and in top form — with best-in-class¹ interior room. Now take on the really good stuff that’s found only in Dakota — like the available Flex Fuel V8 that lets you go green in every season. This is one pickup that balances style and comfort with capability and power. This is the good life and it just got better. This is your 2010 Dakota.

¹Based on 2009 Ward’s segmentation classification. When properly equipped. Excludes other Chrysler Group LLC–designed vehicles and sport utility trucks.
Let's Do It Your Way.

**Dakota Big Horn. Right-sized for big fun — and big jobs.** When you need an all-around pickup, go straight to the top of the list — namely, all the best-in-class features that separate Dakota from other pickups. Offering power, comfort, and capability, Dakota Big Horn — available on all Crew Cab and Extended Cab models — is all about making life easier.

**The perfectly packaged pickup.** Dakota Big Horn models feature standard automatic transmission, 17-inch cast aluminum machined wheels, P265 on/off-road tires, body-color front and rear bumpers, silver accent color grille, fog lamps and Big Horn badging. And the great state of Texas gets its own identity where Big Horn models are badged as Dakota Lone Star trucks.

**Flexible fuel for flexible lifestyles.** When it comes to V8 power, Dakota holds a class-exclusive grip. With 302 horsepower and 329 lb-ft of torque, the available 4.7-liter Flex Fuel engine is the most powerful engine in its class.¹⁰ That E85 compatibility allows energy flexibility, letting you run on either unleaded gasoline (with an octane rating of 87), E85 ethanol — or any combination of the two. And super-practical teams up with tough: that available 4.7-liter V8 supplies best-in-class¹⁰ available horsepower and torque and best-in-class¹⁰ maximum available towing capacity. Riding Dakota means you’re ready for whatever life hands you. Take on the full load of facts at dodge.com/dakota

¹⁰Based on 2009 Ward's segmentation classification. Excludes other Chrysler Group LLC-designed vehicles. Properly secure all cargo.
SO RIGHT FOR EVERYTHING.

DAKOTA, THE BEST-IN-CLASS[1] CARGO BED TAKES ON YOUR GEAR IN STYLE. Whether it’s work or play, Dakota adapts instantly to whatever you throw at it. And, with best-in-class[1] standard cargo bed capacity, whatever you throw into it. So explore the planet in the one pickup that gives you the largest and longest standard cargo bed in its class.[1] Because this is the way to go.

THE PLEASURE OF DAKOTA. It’s just so right for everything — especially when you outfit your new Dakota with Authentic Accessories by Mopar.

UNDER-THE-RAIL BEDLINER. This is truck bed protection taken to the extreme. Tough Under-The-Rail Bedliner with skid-resistant construction helps keep cargo from shifting. Available from Mopar — or as a factory-installed option.

DUAL-FUNCTION BED EXTENDER. Increase the storage capacity of your truck’s bed by positioning the extender to enclose the open tailgate area. Reverse the position, and the extender becomes a convenient cargo divider[2].

TUNER-STYLE TAILLAMPS. These custom taillamps install easily and are designed to provide a seamless fit — and add a unique look to your Dakota. Naturally, they meet all government (FMVSS) standards.

SIDE WINDOW AIR DEFLECTORS. Now even in the nastiest weather you can partially open your windows for some welcome fresh air — and still remain dry. These tinted, acrylic visors come in a set of four.

CHROME FUEL FILLER DOOR. Here’s a bright idea to complement the street-smart looks of Dakota: add a dash of chrome on the side with this Fuel Filler Door. It’s also available in brushed aluminum.

You’ll find an impressive line of Authentic Accessories by Mopar, and at your convenience, when you bookmark mopar.com.

LOOK SHARP NOW.
INSIDE AND OUT,
IT’S BEST-IN-CLASS.  

YOU’LL GET MORE OUT OF IT BECAUSE OF ALL THAT WE PUT INTO IT. Go across town, or move across the country. The truck with both a best-in-class cargo bed, and in the Extended Cab, best-in-class interior room offers multiple assets to make life easy on every road.

1. INGENIOUS INTERIOR With seating for five adults, Dakota Extended Cab provides leg room and interior comfort to the level of best in its class. The demand for convenience on-the-go means that all center consoles feature a standard cell phone/MP3 holder.

2. DUAL POSITION TAILGATE In back, the innovative dual-position tailgate addresses convenience while refining cargo-carrying capability.

3. STAIN-RESISTANT SEATING Stain Repel seat fabric forces liquids to quickly bead for easy cleaning. It’s resistant to odors and static, with the durability to withstand stains — even after repeated cleanings.

4. COLLAPSIBLE STORAGE CRATE Totally brilliant: The available Crate ‘n Go storage system collapses when not in use, and is completely removable for the ultimate in convenience. For more on the comforts of Dakota, click over to dodge.com/dakota

Based on 2009 Ward’s segmentation classification. *Fabric shown is not available. For representational purposes only. **Not compatible with aftermarket fabric-protecting coatings.
WITH Uconnect™, YOU’RE ALWAYS CONNECTED — to people, places, music, movies, and the Internet.

MEDIA CENTER. 730N AM/FM/CD/DVD^1^ RADIO WITH 30GB HARD DRIVE, GPS NAVIGATION 6.5-inch touch screen, MP3/WMA support, USB input, 4,250 song capacity, SIRIUS® Satellite Radio,^2^ SIRIUS Traffic,^3^ and Voice Command.

AUDIO JACK. Connect a 3.5-mm audio cable from your MP3 player, phone, or electronic book reader to play audio through your car’s speakers.

iPod® CONTROL. Connect most iPod compatible devices to your car’s stereo using the in-car cable, then control them with your radio or steering wheel controls. Keeps the devices charged too. iPod control is an Authentic Accessory by Mopar.

Uconnect WEB.^3^ An in-car router that connects any Wi-Fi-enabled device to the Internet at 3G broadband speeds, allowing multiple passengers to surf the Web and social networks, look up directions, check eMail or download music. Uconnect Web is an Authentic Accessory by Mopar. Subscription required, sold separately.

Uconnect PHONE. Lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync^5^ lets you call anyone in your address book by saying their name.

^1^ In-dash DVD capability not available in all states. See your dealer for details. ^2^ SIRIUS service available only in contiguous United States and D.C. Service available in Canada; see siriuscanada.ca. Subscription required after 12-month subscription included with vehicle purchase. Subscriptions governed by SIRIUS Terms & Conditions available at sirius.com. SIRIUS, XM, and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. ^3^ The Uconnect Web feature is not intended for use by the driver while vehicle is in motion. ^4^ When satellite radio and navigation features are equipped in your vehicle. Any voice-commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. ^5^ Phone must support Bluetooth Phone Book Access Profile (PBAP).
Dakota offers the best: a Five-Star honor — the government’s highest front and side crash test ratings. Now add to that:

1. **ENERGY-ABSORBING OCTAGONAL FRONT FRAME RAIL TIPS.** These replaceable tips reduce impact energy by collapsing rearward in a controlled manner in the event of a front impact and reduce the transferred force that could reach the driver and front passenger.

2. **AUTOMATIC HEADLAMPS.** Standard on Laramie models; when switched to automatic, the headlamps turn on at dusk and turn off in daylight.

3. **THE ANTILOCK BRAKE SYSTEM (ABS).** Dakota features a standard rear-wheel ABS (RWAL) and offers an available four-wheel ABS. Four-wheel ABS helps prevent wheel lockup for improved steering under extreme braking or slippery conditions.

4. **THE FULLY BOXED HYDROFORMED LADDER FRAME.** Critical to Dakota’s outstanding handling and towing/hauling capability, this is technology that works under all conditions and loads. The frame helps deliver a quiet, comfortable ride while also contributing to impressive strength, stiffness, and durability — and even helps control NVH (noise, vibration and harshness).

5. **THE ADVANCED MULTISTAGE FRONT AIR BAG SYSTEM.** Standard on all Dakota models is an advanced multistage front air bag system; the available supplemental side-curtain air bags (included in the Extra Security Package) help further protect both front and rear outboard passengers.

6. **THE TIRE PRESSURE MONITORING SYSTEM.** Add peace of mind with this standard feature. It communicates a clear, visible alert in the instrument panel when tire pressure is low, helping you keep the steering and handling in top form — and contributing to obtaining peak mileage and fuel economy.

There’s always more to find in Dakota. Bookmark dodge.com/dakota and hit it often.

---

[1] Star ratings are part of the U.S. Department of Transportation’s SaferCar.gov program (safercar.gov). Dakota Extended Cab rear seat was not tested by NHTSA.

[2] The Advanced Front Air Bags in this vehicle are certified to the new federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should NEVER ride in the front seat of a vehicle with a passenger front air bag.
Available only on Dakota Crew Cab 4x4 models. TRX4 shares the same grille, headlamp and fascia as the Big Horn, but adds black bodyside molding and black fender flares. Standard 4.7L V8 engine mated to a 4-speed automatic, part-time shift-on-the-fly transfer case, 4x4 Skid Plate Group (which includes front suspension, transfer case, and fuel tank skid plates), antispin rear differential, rugged P265/70R16 outlined white-letter trail tires on 16-inch cast aluminum wheels, front tow hooks. TRX4-specific power cloth bucket seats, standard SIRIUS® Satellite Digital Radio with one-year subscription included, heated leather-trimmed bucket seats, remote start and the Alpine® six-speaker system with a 276-watt amplifier.

LARAMIE

In Laramie, you’ll find all the standard equipment of Big Horn and TRX4 (4.7L V8 is optional), plus automatic headlamps, chrome rear bumper and front chrome grille with matching billets, chrome bodyside molding, and silver-painted 18-inch aluminum wheels. Standard features on Laramie are bolstered by heated leather-trimmed bucket seats, remote start and the Alpine® six-speaker system with a 276-watt amplifier.

ST

Standard: 3.7-liter V6 engine mated to a 4-speed automatic transmission riding on 16-inch styled steel wheels. Inside: AM/FM/MP3 stereo with single-disc CD player and auxiliary input jack, fold-in rear seats (on Crew Cab), cloth seats with Stain Repel, tilt steering, advanced multistage driver and front-passenger air bags, black instrument-panel bezel, full-floor console, and air conditioning. Mechanical advantages include front disc/rear drum brakes with rear-wheel ABS and, on four-wheel-drive models, electronic part-time 4WD system with 4LOCK, 4LOW, and Neutral. Manual 5-speed models are equipped with a 2-speed overdrive transmission. The 3.7L V6 engine generates a solid 210 horsepower @ 5,200 rpm and 235 lb-ft of torque @ 4,000 rpm, with reliability proven through extensive testing.

BIG HORN

The Dakota Big Horn — known in Texas as Lone Star — features all the standard equipment of the ST, but adds P265/65R17 BSW on-/off-road tires, accent color grille, black headlamp bezels, 3.92 axle ratio, remote keyless entry, speed control, power windows, locks, and mirrors, rear cargo lamp, floor mats, Crate ’n Go (on Crew Cab), 17-inch cast aluminum wheels and tailgate badges.
