We thought of everything.

1999 Caravan The New Dodge
Still the best. You've got things to do, places to go, and people to see. You're the active person we thought of when we created the latest refinement of an automotive original that continues to outsell its many rivals.

For the extra room you want, we built Caravan's outside from the inside with space-saving cab-forward design. We made that room easy to get to by including a standard second sliding door on the driver's side of nearly every model (optional on base Caravan). And we made that room easy to use with unique Easy Out Roller Seats.

Because one engine or powertrain does not fit all, we engineered a wide choice of four engines, an all-wheel-drive system, and the performance and added control of a new AutoStick® Driver-Interactive Transaxle Shifter.

We thought about safety — and developed Next Generation driver and front-passenger air bags, a Comfort-Fit Seat Belt System, and optional Integrated Child Seats.

We thought about choice — and provided the biggest lineup of models in its class to match your needs. It's no wonder then that, in 1998, Caravan was named Automobile Magazine's "1998 All-Star Best Minivan," one of SmartMoney's "1998 Best Buys of The Year," and a Consumer's Digest "1998 Best Buy." And for 1999, Dodge Caravan is better than ever. And still the best.

Certified to the Federal Regulations that allow less forceful air bags. Always use seat belts. Remember a backseat is the safest place for children. For children at least one-year-old, weighing between 22 and 50 pounds and no more than 47 inches tall.
Everything but a flight plan.

Command the road in an ergonomic cockpit that puts the controls within an arm’s-length reach of most drivers. Forward visibility is the best in its class, and the tilt steering column adjusts to 10 positions.

A power driver’s seat reclines and adjusts eight ways for maximum comfort. Standard on LE and ES models, available on Sport models.

New heated driver and front-passenger seats are available with the new optional leather interior on ES models.

New cargo net between the front seats keeps small items from rolling around.

An overhead console with a mini-trip computer is standard on Caravan LE and ES and on Sport models with the N Package; also included with rear A/C on SE and Sport with D and E Packages. A HomeLink® Universal Transmitter garage door opener is included on ES models.

Mid-Cabin Comfort Control directs airflow to passengers in the middle seat with upper and lower outlets. An industry first, it's standard on most Caravan models.

Up to ten speakers and 200-watts of bass-booming power are available from a choice of five audio systems for sound that rivals home stereos. See Sound System availability on page 23.

New steering wheel-mounted audio system controls are included on ES models for volume, station selection and CD operation.
It’s not just the room, but what we’ve done with it.

Cab-forward design creates adult-size room for your head, hips, shoulders, and legs — with generous walk-through room between the seats.

Seven-passenger deluxe seating features an intermediate bench seat and a rear bench seat that fold forward and backward. All bench seats are easy Out Roller Seats® for easy relocation or removal. Standard on all models except base.

Rear-seat head restraints for outboard occupants in the middle and rear seats are standard and easily removable.
Quad Command bucket seats in the middle-seat location are optional on all models except base. The seatbacks recline for comfort or fold flat to carry cargo, and the seats can be easily removed.

An instrument panel drawer includes a convenience/coin tray and two adjustable cup holders.

Facial tissue and other small items can be stored in up to 12 places, depending on model and equipment.

Rear seatback hooks are a handy way to carry plastic grocery bags.

Up to 14 cup holders, depending on model and equipment, hold all kinds of cups, mugs, glasses, cans, juice boxes, and extra-large containers.

Lockable storage drawer secures items under the front-passenger seat.
Go configure.

Dodge Caravan has an overall length of 186.3 inches and up to 142.9 cubic feet of room.

Easy Out Roller Seats® feature retractable wheels under the middle and rear bench seats that snap down and up for relocation or removal. A red reminder button pops out of each release handle until you properly lock the seat so it can’t move.

The convenience of a second sliding door is optional on base Caravan and standard on all other models.

“Limousine” position allows the intermediate bench seat to be repositioned for more second-row leg room.

60/40 split seating is standard on all models. Dual Command seating is optional on all models except base.
Dodge Grand Caravan has an overall length of 199.6 inches and 168.5 cubic feet of cargo room. For more information on dimensions, see page 23.

Unobstructed underseat storage holds long items such as skis and, on Dodge Grand Caravan models, up to 28 2x4s.

Heavy-load/firm-ride suspension is available for increased ride control with heavy loads or if you simply prefer a firmer ride.

Load-leveling suspension with self-leveling rear suspension shock absorbers is optional on selected models for a level ride with light or heavy loads. Described on page 14.

A 750-pound, 94-inch long motorcycle can be carried in a Grand Caravan with the liftgate closed.

Grand Caravan carries 4' x 8' sheets of material on its flat cargo floor with the liftgate closed. Or carries a 4' x 8' sheet on top of the folded deluxe middle and rear seats, also with the liftgate closed.

Cargo space behind the rear seat is 13.6 cubic feet in a Caravan and 20.3 cubic feet in a Grand Caravan.

Cargo shown for demonstration purposes only. Properly secure all cargo before transporting.
An all-wheel-drive system (AWD) provides extra traction and handling when you need them most. Under normal driving conditions, up to 90 percent of the AWD system's power is delivered to the front wheels. When reduced traction occurs, AWD retains control through an interaxle coupling that shifts additional torque to the rear wheels as needed. The AWD system is completely automatic and requires no special driving skills. Available on Grand Caravan SE, LE and ES models.

**New AutoStick® Driver-Interactive Transaxle Shifter** provides the convenience of an automatic transmission with the added driver interaction and control of a manual transmission. A switch on the steering column lets you instantly shift back and forth from automatic to manual mode — even as you drive. No clutch pedal is used. AutoStick lets you launch your Caravan in second or third gear for extra traction on slippery or uphill surfaces and for manual downshifts to maximize braking when driving downhill. In addition, it allows maximum control under passing and cornering conditions. Standard on ES models.

Low-Speed Traction Control — standard on ES and optional on LE models (except AWD) — helps keep the driving wheels from spinning during acceleration at speeds up to 25 miles per hour. When a driving wheel loses traction on a slippery surface, the system applies the brake to the free-spinning wheel while the wheel with traction receives the driving torque to keep the vehicle moving.

**Load-leveling suspension** with self-leveling rear shock absorbers is noiseless, completely automatic and has no external sensors or wiring.

When the weight of the vehicle's load depresses the suspension — especially when towing — the system adjusts itself and returns the vehicle to its optimum height for full suspension travel and a level ride. (Standard on AWD models; optional on Caravan LE and ES.)
The Dodge/Skip Barber Driving School and the Skip Barber Racing School have chosen Dodge as the exclusive supplier of vehicles and engines for all of their teaching and racing operations. For information, call 1-800-211-1131, e-mail speed@skipbarber.com or visit the Web site at www.skipbarber.com.

1999 Dodge Caravan Towing Capacities
A. Up to 2,000 pounds* for all Dodge Caravans with the four-speed automatic transaxle. Maximum combined weight of vehicle and trailer should not exceed 6,350 pounds.
B. Up to 3,500 pounds* for a Dodge Grand Caravan SE, Grand Caravan Sport, Dodge Caravan LE or Grand Caravan LE equipped with a High-Output 3.3-liter OHV SMPI V6 engine or the Grand Caravan ES with the 3.8-liter SMPI V6 (available on Sport/LE models), plus the four-speed automatic transaxle and the Trailer Tow Prep Group. Maximum combined weight of vehicle and trailer should not exceed 6,350 pounds.
Unibody and soul.

Cab-forward design positions the front wheels forward and toward the corners for maximum interior room and a wide track.

A low profile minimizes air drag with a low hood, steeply raked windshield, front air dam, and nearly flush front door side glass.

Cast aluminum front suspension crossmember is 20 pounds lighter than a similar steel design and has tuned rubber isolators to control vibration and noise.

Tough Unibody construction welds body sheet metal and structural members into one strong framework for maximum rigidity and low weight.

Box-section construction is used for windshield pillars, bodyside sills, door opening frames, and other areas where extra strength is required.
Almost 50 pounds of noise reduction body materials help make Caravan one of the quietest vehicles in its class.

A 63.0-inch wide front track helps provide car-like maneuverability and parking ease. The turning diameter is only 37.6 feet for a Dodge Caravan and 39.5 feet for a Dodge Grand Caravan.

Two full-door weatherstrip seals and a third seal on the top of each keep out the weather and ice road noise.

An antichip epoxy polyester primer on the entire body provides superior protection against damage from road debris and the sun.

A full-perimeter tubular weatherstrip seals the liftgate opening. An additional weatherstrip at the top of the opening also helps keep the cargo area dry.

Sliding door hinge tracks are mounted outside the passenger compartment for a sleek appearance.

Outstanding bending and torsional stiffness minimizes vibrations while firming up the ride and handling.
Built for a world of tailgaters

Dodge Caravan shown in Alpine Green

Forward up and down visibility overall is best-in-class from a sloping hood, low instrument panel, high-angled windshield header, and one of the largest windshields in Caravan's class.

Automatic dimming driver-side exterior mirror and interior rearview mirror reduce glare from vehicle headlights and are standard on Grand Caravan ES models.

Electric windshield wiper de-icer prevents the buildup of ice at the base of the windshield and on the wiper blades. Optional on base, standard on all other models.

Automatic on/off headlamps turn on or off depending on the exterior light level. Standard on Grand Caravan ES.

Next Generation dual front air bags include an Enhanced Accident Response System that turns on interior lights and unlocks power door locks if the air bags are deployed and the electrical system remains intact.
speeders, and lane changers.

The dual Integrated Seats' fold, recline are a five-point harness for. A single Child Seat is available with Quad seating.

Four-wheel ABS is standard on most models (optional on base) to further maintain directional stability by preventing wheel lockup.

All windows are tinted. Solar-control windshield glass and deep-tinted sunscreen glass for the side and liftgate windows are available on air-conditioned models.

Fuel filler lockout prevents the driver-side sliding door from opening when the fuel door is open.

Available remote keyless entry system features a "panic" mode that turns on interior lights, flashes the headlights, and blows the horn.

Shoulder belt height adjusters are standard for outboard passengers in the middle-seat position, as well as for the driver and front passenger.

*Certified to the Federal Regulations that allow less forceful air bags. Always use seat belts. Remember a buckseat is the safest place for children.

1 On vehicles so equipped.

1 For children at least one year old, weighing between 22 and 50 pounds and no more than 47 inches tall.
Standard features and options.

Caravan and Grand Caravan models include:

- Anti-lock - Next Generation driver and front-passenger
- doors - 5 mph
- Radian Protection - Galvanized steel, phosphate dip treatment, chromate dip primer coat, thick anticorrosion coat on lower body, full-body chip coat, base (color) coats, initial clear coat and final clear coat
- Holders - Up to 14 depending on seating configuration and wheelbase
- Liftgate - Front side windows
- Locks - Child-protection rear (sliding doors)
- SIR - Side-Impact Intrusion Protection - Steel side-guard door beams and structural reinforcements
- ACARS - Accident Response System - See page 20
- I-System - Stainless steel

Fuel Door - Driver-side, with interlock feature on vehicles equipped with driver-side sliding door

Grocery Bag Hooks - Rear seatback

Mirrors - Dual visor vanity with sunshade extensions

Power Outlets - Front and rear, 12V DC with weathered covers

Seat Belts - Comfort-Fit Seat Belt System™ with height adjustable shoulder belts at front and intermediate outboard positions

Seats - Easy-Out Roller Seats* (Bench seat only)

Windows - Tinted glass

Wiper System - Liftgate, continuous and intermittent with vehicle speed-sensitive intermittent mode

- Windshield, two-speed with speed-sensitive intermittent mode

* Certified to the Federal Regulations that allow less forceful air bags. Always use seat belts. Remember a backseat is the safest place for children.

Fabric/Trim

Selection of seat coverings include (from left to right): Newport Cloth trim (shown in Camel, also available in Mist Gray and Silver Fern) on Caravan and Grand Caravan Base, SE and Sport models. Wilmington Cloth trim (shown in Mist Gray; also available in Camel and Silver Fern) on Caravan and Grand Caravan LE and ES; included on Caravan and Grand Caravan Sport with the CPOS* N package. Wanderer Leather trim (shown in Mist Gray, also available in Camel) optional on Caravan and Grand Caravan LE and ES models.
Dodge accessories from Mopar.

Will it fit? Will it match? Will it work the way it's supposed to? Those are questions you don't have to ask about Dodge accessories from Mopar, because they were designed for your Caravan by the same thoughtful Dodge team that created it.

Ski Carriers
A horizontal carrier, used with a Mopar Original Equipment Roof Rack, carries up to four pairs of skis. A modular carrier, used with a Mopar Multipurpose Roof Rack, holds two pairs of skis. Four modules can be installed.

Running Boards
Custom designed in colors that match lower body or trim colors, these sturdy running boards enhance your Caravan's styling while providing easy entry and exit. Instead of fiberglass that can shatter, Mopar makes them from steel armored with Santoprene® thermoplastic-covered rubber. Also available in other colors.

Hitch-Mounted Fold-Down Bike Carrier
Carries two or up to four bikes with horizontal-style top tubes and includes an adapter for bikes without horizontal top tubes. A fold-down feature allows access to the cargo area without removing the bikes.

Six-disc CD Changer
Anti-skip, silicone damping system mounts conveniently in dash or securely under seat. Operated from integral thumb controls.
We'd like to continue this relationship.

Call Us At: 1-800-4-A-DODGE
Talk to someone who can tell you what you want to know about the 1999 Dodge lineup. You can order product literature, get the price of a vehicle equipped the way you like it, and find the Dodge dealer closest to you.

On the Web: www.4adodge.com
The award-winning Dodge Web site provides you with an information source you can access directly 24 hours a day from the comfort of your home or office. Pricing, competitive comparisons, and dealer information are just a click away.

CustomerOne
Chrysler Corporation and its dealers have made a long-term commitment to outstanding customer service. More than 100,000 dealership management, sales and service people are participating in the most extensive educational initiative in automotive history. It's called Customer One and it establishes one unbreakable rule: Treat every customer with the honesty and respect they deserve.

3/36 Customer One Care Plan
Your Dodge vehicle is covered by Chrysler Corporation's 3/36 Customer One Care Plan.*

This coverage includes a 3-year or 36,000-mile Bumper-To-Bumper Limited Warranty as well as roadside assistance for 3 years or 36,000 miles. Call 1-800-521-2779 for 24-hour, 7-day-a-week emergency road service.* A 5-year or 100,000-mile Outer-Panel Rust-Through Limited Warranty covers the repair of exterior sheet metal if perforated by corrosion. Restrictions apply. See your dealer for details.

*Excludes wiper blades, clutch and brake linings, brake rotors and drums, normal maintenance items and tires (covered by their own manufacturer's warranty).
* Road service provided by Cross Country Motor Club, Inc. (In California, Cross Country Motor Club of California, Inc.)
CHRYSLER
Service Contracts

The Serious About Service
Additional protection for Dodge owners is available through our Chrysler Service Contracts. These service plans are available for a variety of time and mileage combinations to meet your driving needs. Ask your dealer for more information or call 1-800-442-2666.

Mopar. To keep your Mopar vehicle performing at its optimum, make sure it's serviced regularly at your Dodge dealership, where highly-trained technicians have access to a complete stock of Mopar replacement parts and the sophisticated equipment today's cars demand.

CHRYSLER FINANCIAL

Chrysler Financial offers a full range of automotive financing which provides flexible terms for qualified buyers. Many of these plans can be customized to fit your particular budget and make your new vehicle even more affordable. They include the College Graduate Program and Gold Key Lease short-term financing. Ask your Sales Consultant for details.

*Chrysler Financial's programs are offered subject to availability and state and local laws.

Chrysler Lease Plans

Chrysler Financial's Gold Key Lease has the flexibility to fit your vehicle choice and your lifestyle. If the idea of driving a new vehicle more often without penalties sounds great, ask about Gold Key Lease.

ON THE JOB

Commercial operators of eligible Dodge cars, trucks, and vans can learn about our Dodge "On The Job" program by calling 1-877-ON THE JOB.

Commercial Finance Options

Chrysler Financial's new Commercial Finance Options Program offers special finance and lease options to small and midsize businesses, municipalities, and small fleet operators. "Line of Credit" financing is also available under this program. Please see your dealer for details.

Cash reimbursement is available for qualified adaptive driving devices on 1999 Dodge vehicles. Ask your dealer or call Automobility Headquarters at 1-800-255-9877.

The New Dodge
We’re all about change.

There is no status quo at Dodge. We’ve transformed the way people drive with new kinds of vehicles that are an embodiment of the latest technologies. Alternate fuels, exotic materials, and new configurations are constantly being explored. Advances in safety technology, suspension systems, engine dynamics, and ergonomics are continually evaluated. Because we know that no matter how fast things change these days, people still want cars and trucks that are good looking, well-built, and exciting to drive. And to ensure that you get all the information you need to make an intelligent purchase, there are automotive experts awaiting your call at 1-800-4-A-DODGE. We’ve also created a Web site you can visit at anytime from anywhere in the world at: www.4adodge.com.
