

We  
open up  
possibilities.

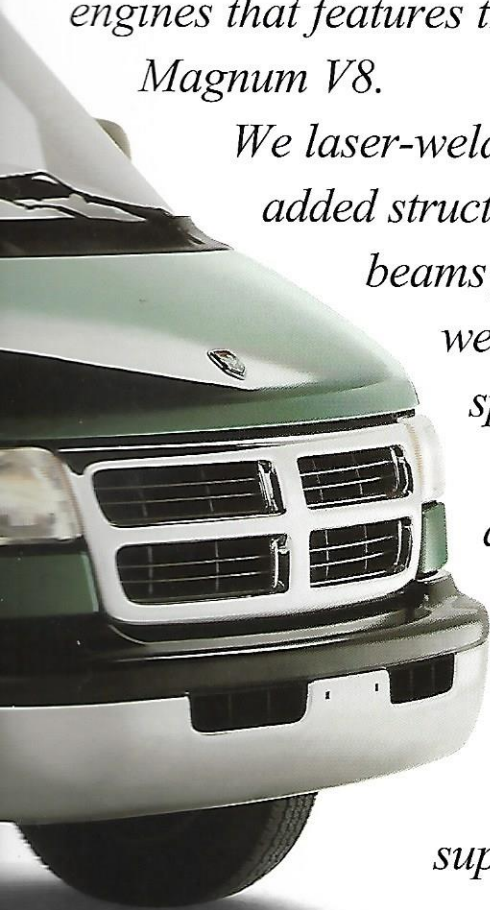

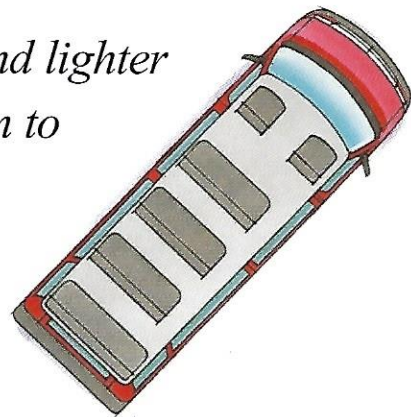

**Loaded with Dodge value.** *Open a 1999 Dodge Ram Passenger Wagon and you'll discover advanced possibilities in performance, reliability, comfort, and safety.*

*Instead of a body-on-frame design, we used stronger and lighter Unibody construction that allows a Ram 3500 Maxiwagon to carry up to 15 passengers.*

*For reliable power, we provided our family of Magnum<sup>®</sup> engines that features the 245-horsepower 5.9L Magnum V8.*

*We laser-welded the inner front door panels for added structural strength and included steel side-guard door beams for side-impact protection. For extra room inside, we positioned the engine forward and mounted the spare tire under the floor.*

*To keep out wind, noise, and weather, we double-sealed the front doors and filled body joints with a heavy-duty sealer as part of a seven-step anticorrosion paint process. Instead of a conventional wax dip, we electrocoated the frame for superior corrosion resistance.*

*For advanced safety, we added Next Generation driver and front-passenger air bags,\* standard rear-wheel ABS, an available four-wheel ABS, and we mounted a no-rust polyethylene fuel tank ahead of the rear axle.*

*Business. Social. Family. Whatever your passenger-carrying needs are in a full-size van, we loaded Dodge Ram Passenger Wagons with advanced possibilities to meet them.*

\*Certified to Federal Regulations that allow less forceful air bags. Always use seat belts. Remember a backseat is the safest place for children.

# Seats 15 happy

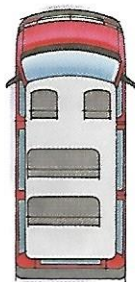

Five large instrument panel outlets provide generous airflow for the standard air conditioning, heating, and ventilation system. An optional auxiliary rear air conditioner and heater features overhead outlets.

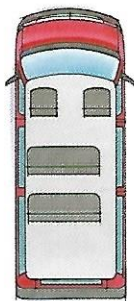

Dodge Ram Maxiwagon interior shown in Mist Gray.

Dodge builds the only line of passenger wagons available in three body lengths: 109.3-inch, 127.2-inch, and 127.2-inch Maxiwagon. Plus three load ranges: 1500, 2500, and 3500. Eight-passenger seating is standard on regular models; 15-passenger on Ram Maxiwagon.

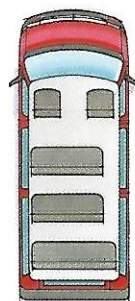

To smooth your ride, heavy-duty gas-charged shock absorbers and a wishbone-type independent front suspension with a stabilizer bar are standard.

# ampers.

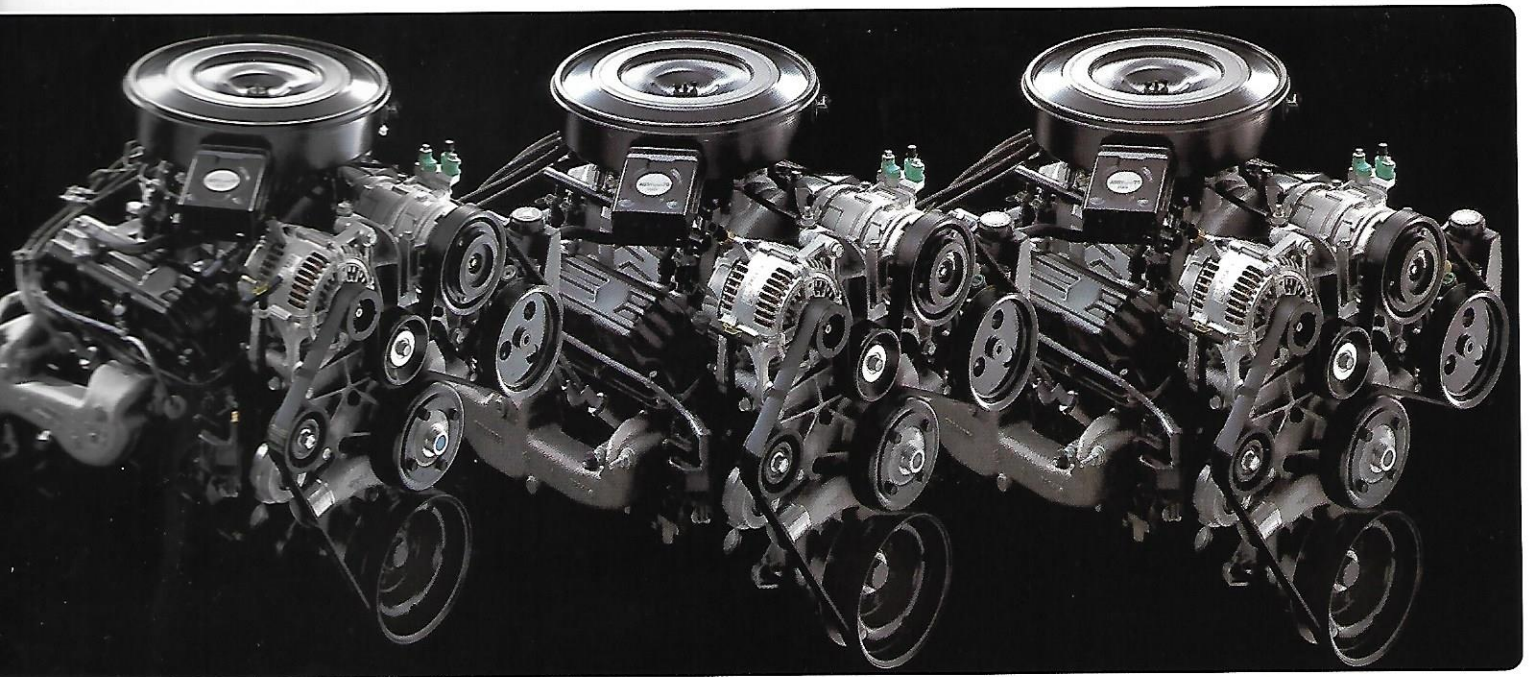

*Front doors are double-sealed with a primary and a secondary seal for heavy-duty weatherproofing.*

*For extra front/rear walk-through room, we located the engine and its floor console cover far forward. The handy console includes two cup holders, two storage bins, cassette/CD storage, and a front compartment that can hold an 8½ x 11-inch clipboard.*

*steering

minimum effort.  
onal speed control  
ocker-type switches  
ated in the steering  
d for instant use.*

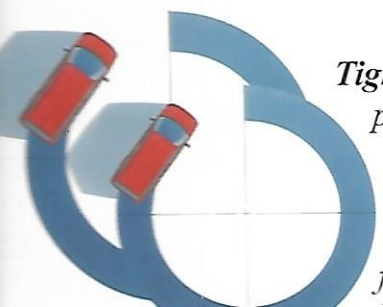

*No-squint instrument panel features backlit gauges and an auxiliary 20-amp power outlet.*

**Magnum® engines feature sequential multipoint fuel injection for fast starts and use a camshaft with a broad, flat torque range for responsive load-carrying power. The horsepower climbs with rpm and won't fall off at "dead spots" on the torque curve as the vehicle gains speed.**

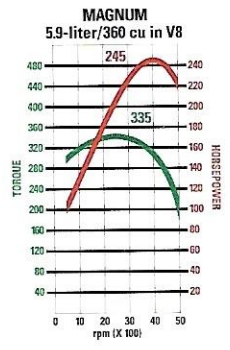

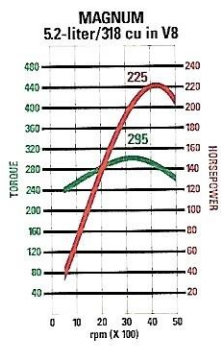

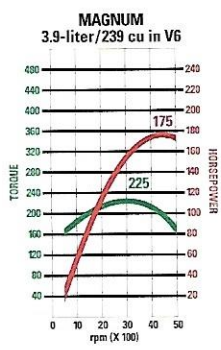

**"Midship" fuel tank mounted ahead of the rear axle for protection and is molded of high-density, noncorrosive polyethylene for greater resistance to abrasion and longer life than steel.**

**Torque-converter and automatic transmissions.** A three-speed automatic transmission is standard with the 3.9L Magnum V6; a four-speed with the 5.2L Magnum V8 and 5.9L Magnum V8. Both transmissions feature a torque converter clutch to increase fuel economy and reduce transmission fluid temperature. The computer-controlled clutch automatically engages in top gear.

**Tight turning diameters provide excellent maneuverability:** 40.5 feet for the 109.3-inch wheelbase and 46.3 feet for the 127.2-inch wheelbase.

**Optional four-wheel ABS features a hydraulic system to maintain optimum pedal height when braking. An electronic control module enhances reliability by eliminating 15 electrical circuits.**

**Standard rear-wheel antilock brake system (ABS) has twin-piston front disc brake calipers and full-cast rear drums for heavy-duty stopping power. The system is self-adjusting and contains no asbestos.**

**On The Job Commercial Bonus Certificates** offer qualified commercial customers or nonprofit organizations cash back or the exclusive Dodge 100,000-mile/5-year Powertrain Care Plus<sup>SM</sup> with Road Hazard Tire Coverage\* in addition to available national consumer incentives. Finance and lease options are also available through Chrysler Financial's Commercial Finance Program.

\* Powertrain coverage with road hazard tire coverage is not available to buyers located in AL, FL, MS, OK or UT. Check with your Dodge dealer or call 1-877-ON-THE-JOB for details, restrictions and expiration date of program.

We're Serious About Service

Additional protection  
 for Dodge owners is  
 available through  
 optional Chrysler Service Contracts. These  
 service plans are available in a variety of  
 time and mileage combinations to meet  
 your driving needs. Ask your dealer for  
 more information or call 1-800-442-2666.

To keep your Dodge  
 vehicle performing  
 at its optimum, make sure it's serviced  
 regularly at your Dodge dealership, where  
 highly-trained technicians have access to a  
 complete stock of Mopar replacement parts  
 and the sophisticated equipment today's  
 cars demand.

Chrysler Financial\*  
 offers a full range  
 of automotive financing which provides  
 flexible terms for qualified buyers. Many of  
 these plans can be customized to fit your  
 particular budget and make your new  
 vehicle even more affordable. They include  
 the College Graduate Program and Gold

Key Lease short-term financing. Ask your  
 Sales Consultant for details.

\*Chrysler Financial's programs are offered subject to availability  
 and state and local laws.

## Chrysler Lease Plans

Chrysler Financial's Gold Key Lease has  
 the flexibility to fit your vehicle choice and  
 your lifestyle. If the idea of driving a new  
 vehicle more often without penalties sounds  
 great, ask about Gold Key Lease.

Commercial operators  
 of eligible Dodge cars,  
 trucks, and vans can  
 learn about our Dodge "On The Job"  
 program by calling 1-877-ON THE JOB.

## Commercial Finance Options

Chrysler Financial's new Commercial  
 Finance Options Program offers special  
 finance and lease options to small and  
 midsize businesses, municipalities, and small  
 fleet operators. "Line of Credit" financing  
 is also available under this program.  
 Please see your dealer for details.

Cash reimbursement is  
 available for qualified adaptive  
 driving devices on 1999  
 Dodge vehicles. Ask your  
 dealer or call Automobility  
 Headquarters at 1-800-255-9877.

The New Dodge

# We're all about change.

*There is no status quo at Dodge. We've transformed the way people drive with new kinds of vehicles that are an embodiment of the latest technologies. Alternate fuels, exotic materials, and new configurations are constantly being explored. Advances in safety technology, suspension systems, engine dynamics, and ergonomics are continually evaluated. Because we know that no matter how fast things change these days, people still want cars and trucks that are good looking, well-built, and exciting to drive. And to ensure that you get all the information you need to make an intelligent purchase, there are automotive experts awaiting your call at 1-800-4-A-DODGE. We've also created a Web site you can visit at anytime from anywhere in the world at: [www.4adodge.com](http://www.4adodge.com)*
