128 CUSTOM 2 DOOR SEDAN

The precision sized family car Fiat's been famous for. The one that car buyers have driven safely on all kinds of roads. In all kinds of climates. Economically. Comfortably. The kind of car Detroit has finally decided is right for America. But Fiat's had it all along. Our 128 Custom 2 door is equipped with the rally winning 1290 cc. 4 cylinder engine. And that means action. With fast acceleration and extraordinary highway maneuvering. Great traction in even the worst weather. Thanks to front wheel drive. Check our specifications and check off what you get as standard equipment on a Fiat. Our standard equipment is most everyone else's extras. Come to Fiat. We've got something to offer.

Specifications:

Body/Frame—Unitized construction. Two primer coats. Two coats high-gloss enamel. Wheelbase: 96.4" Front track: 51.3" Rear track: 51.8"

Clutch—Single dry-plate.

Transmission—Four speeds forward plus reverse. Synchronesh in all four gears. Floor mounted stick shift.

Final Drive Ratio—4.416.

Drive—Through the front wheels by axle shafts connected to differential and to wheels through constant velocity ball joints.

Front Suspension—Independent wheels, by swing arms and sliding knuckle type consisting of the wheel pillars rigidly connected to hydraulic, double-acting, telescopic shock absorbers; coil springs, stabilizer bar acting as reaction rod for lower swing arms. Lifetime lubrication.

Rear Suspension—Independent wheels, by swing arms and sliding knuckle type consisting of the wheel hub axle rigidly connected to hydraulic, double-acting, telescopic shock absorbers. Two leaf transversal spring acting also as stabilizer in asymmetric wheel motions.

Steering—Direct acting rack and pinion. Independent and symmetric tie rods to each wheel. Lifetime lubricated. Turns in 33.8" diameter.

Wheels and Tires—Steel disc wheels. Rim size 4½" x 13". 145 SR x 13 radial-ply tires.

Electrical—12-Volt system. 940-Watt Alternator. 50 Amp/hr. battery.

Instrumentation—Speedometer, fuel gauge, fuel reserve indicator, water temperature gauge, parking light indicator, battery charge and oil pressure indicators set in clusters mounted in padded dash. Panel light and outside lighting switches are dash mounted.

Fuel Tank—9.5 gallons.

Exterior Dimensions—Overall length: 158.6". Height: 55.9". Width: 62.6".
