

GETAWAY CAR

FIAT® 500X will inspire your most spontaneous moments. With standard All-Wheel Drive and flexible, accommodating interior space, this is a compact SUV that's always up for an adventure. Plus, it's already packed — with convenience and safety features like the Uconnect® 7-inch touchscreen display, rain-sensitive windshield wipers, windshield wiper de-icer, LaneSense® Lane Departure Warning with Lane Keep Assist,^{1*} ParkView® Rear Back-Up Camera² and more, all included.

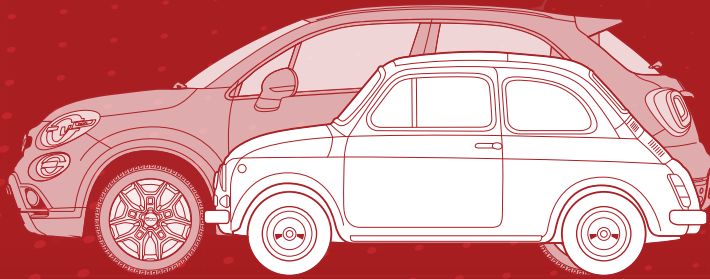

FIAT® 500X Sport in Italia Blue.

*A note about this brochure: all disclosures can be found on page 29.

STRONG LINEAGE

Its compelling lines and expressive features were designed at Centro Stile in Turin, Italy ... so it's no wonder that FIAT® 500X reflects the spirit of the iconic 1957 FIAT 500 — while adding more space, utility and ground clearance.

TAKE 5

Consider it a living room on wheels. With plenty of space for five and All-Wheel Drive capability, along with a sophisticated entertainment system, you and your friends can count on a relaxing trip every time.

Personal style is on point in the FIAT® 500X. Special FIAT monogrammed, quilted, Black fabric seats not only feel great but will garner approving looks from those in the know.

THE RIGHT
TOUCH

Your favorite cabin will be parked right in your driveway. Whether you're in the driver's seat or a lucky passenger, FIAT® 500X surrounds you with everything you need, right at your fingertips. The 3.5-inch reconfigurable Electronic Vehicle Information Center clearly displays everything from safety and security alerts to fuel usage to Dynamic Selector data. The large 7-inch touchscreen display is vivid and intuitive with advanced graphics that enhance available navigation, radio control and more ... while clever storage solutions help you keep track of everything you bring along.

INSIDER PERKS

- STANDARD HEATED FRONT SEATS
- STANDARD REMOTE START SYSTEM³
- STANDARD PUSH-BUTTON START
- STANDARD TIRE PRESSURE MONITORING SYSTEM
- STANDARD INTEGRATED VOICE COMMAND
- THREE STANDARD USB PORTS
- AVAILABLE AUTOMATIC TEMPERATURE CONTROL

Equipped with standard All-Wheel Drive (AWD), FIAT® 500X knows when to switch into action. This system engages automatically at any speed and helps provide excellent traction on slippery surfaces. AWD will also disengage when Front-Wheel Drive performance is sufficient to help maintain maximum efficiency.

HIGH-ADVENTURE AWD

Curb those curves. An advanced, 9-speed automatic transmission teams up with the 1.3L MultiAir® Turbo Direct-Injection I-4 engine and is standard on the FIAT 500X. It features a wide gear ratio spread that provides exceptional refinement from launch to overdrive.

SELECTIVE STEERING

The FIAT® Dynamic Selector Traction Control System puts three customized driving modes at your fingertips:

AUTO MODE is designed for the everyday, routine stuff — it will smooth things out to help optimize fuel efficiency, emissions and comfort.

SPORT MODE is for those who'd prefer spirited performance with a little more road feel. With it, the Electronic Stability Control⁴ and steering calibrations are tuned for a sportier feel and quicker driving response. Additionally, Sport Mode optimizes the transmission shift points for maximized performance and accelerator feedback.

TRACTION+ MODE maximizes low-speed traction — the kind you need when things get a little slick or bumpy. It all works by providing additional wheel-slip through specially tuned chassis controls and a more direct engine response.

BUILT-IN GUSTO

Enjoy all the advantages of best-in-class standard horsepower⁵ and torque⁵, thanks to the FIAT® 1.3L MultiAir® Turbo Direct-Injection I-4 engine. The 500X also offers class-exclusive, standard All-Wheel Drive⁵ and includes Engine Stop/Start Technology, delivering 30 mpg⁶ highway.

IMPRESSIVE STATS

FIAT® 500X Sport in Passione Red.

STARTING WITH A STRONG UNIBODY STRUCTURE THAT IS CONSTRUCTED WITH HIGH-STRENGTH STEEL, FIAT® 500X OFFERS **OVER 70** STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES THAT INFORM EVERY PART OF ITS DESIGN AND OPERATION.

FULL-SPEED FORWARD COLLISION WARNING WITH ACTIVE BRAKING⁷

This system uses radar sensors to detect when you may be approaching another vehicle too rapidly. It readies the brakes and alerts you with visual and audible warnings when it senses a potential frontal impact. If you do not respond, the brakes can bring the vehicle to a full stop. Standard.

LANESENSE® LANE DEPARTURE WARNING WITH LANE KEEP ASSIST¹

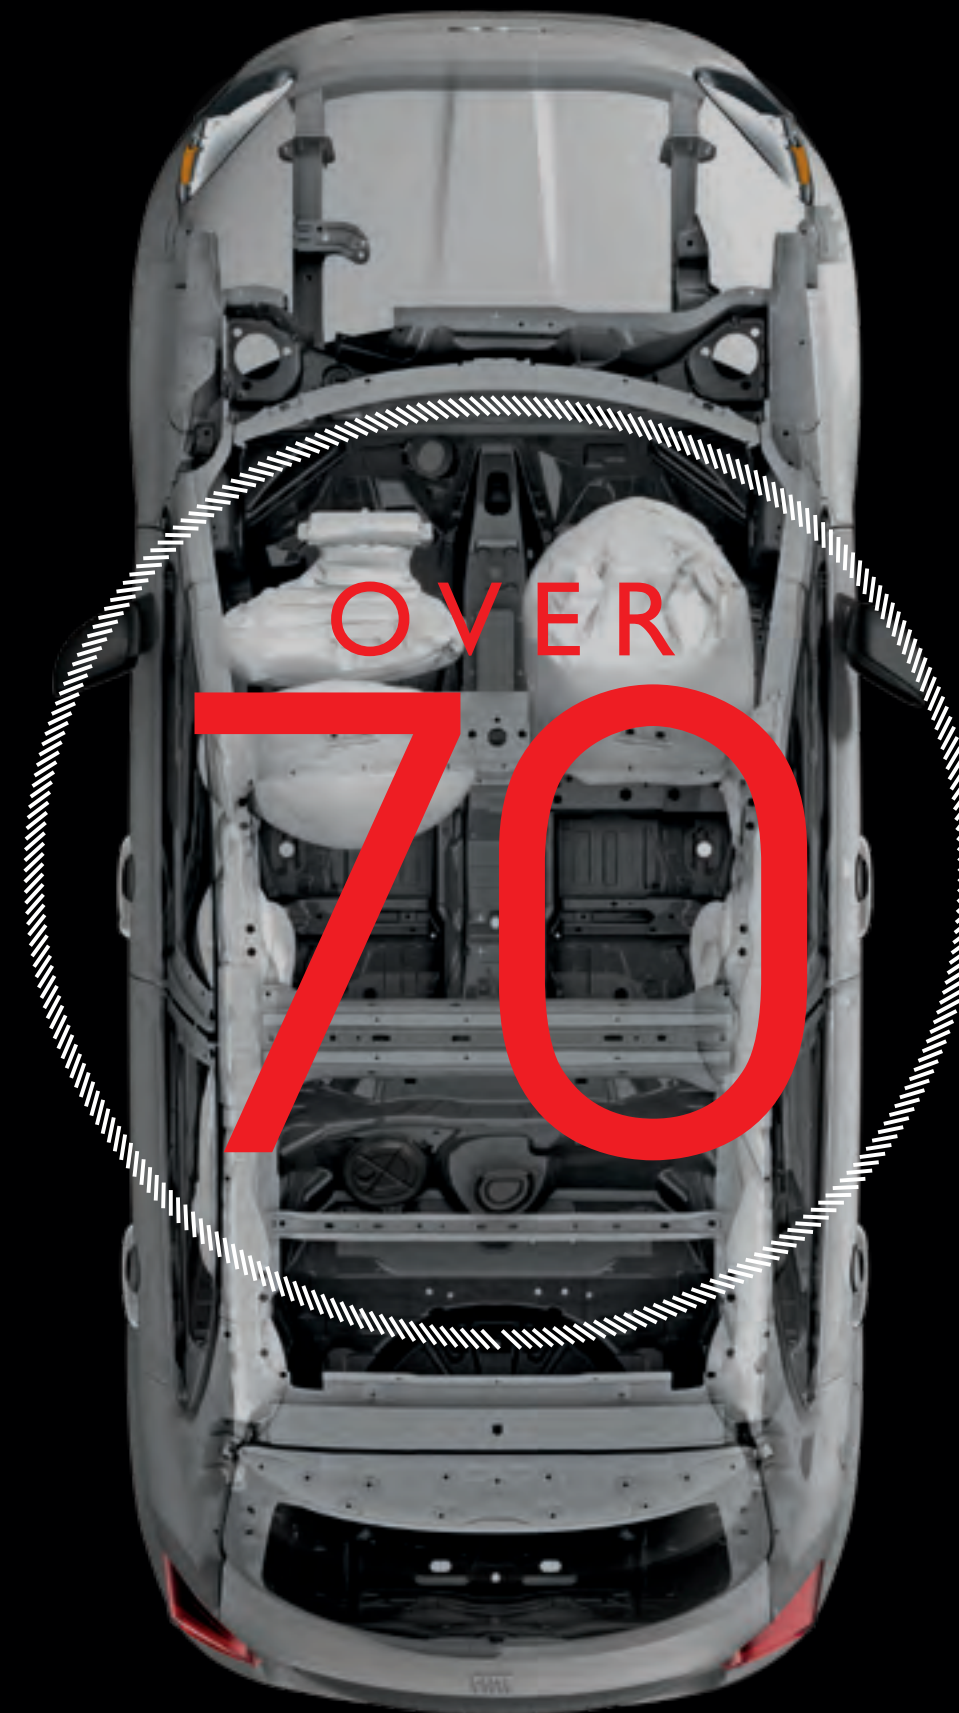

Tracks the vehicle's lane position via a mounted camera, alerting the driver with a visual warning if the vehicle is drifting outside the marked lane. Also provides corrective steering input to encourage the driver to keep within lane boundaries. Standard.

BLIND SPOT MONITORING⁸ AND REAR CROSS-PATH DETECTION² SYSTEMS

These features use sensors to constantly monitor the space between you and other vehicles, assisting you when changing lanes. They alert you to traffic in your vehicle's blind-spot zones with an illuminated icon in the corresponding exterior mirror. In parking lot situations, they warn drivers who are backing out of parking spaces with visual and audible alerts of lateral traffic. Standard.

7 STANDARD AIR BAGS⁹

Front-seat-mounted side, full-length side, driver's knee bolster and advanced multistage front air bags⁹ all work together, providing protection.

THERE FOR THE ASSIST

PARKSENSE® REAR PARK ASSIST SYSTEM¹⁰ When the vehicle is in Reverse, this system uses sensors to provide audible and visual warnings to help detect nearby objects in the rear pathway. Assists with maneuvering in tight spaces at parking speeds. Available.

PARKSENSE FRONT PARK ASSIST SYSTEM¹⁰ This system alerts the driver with audible and visual warnings when objects come in close proximity to the front of the vehicle. Available.

PARKVIEW® REAR BACK-UP CAMERA² Provides a wide-angle view with dynamic grid lines on a color touchscreen display, aiding the driver when the vehicle is in Reverse. Standard.

HILL START ASSIST Maintains brake pressure when the driver lifts their foot off the brake during uphill stop/start moments, helping to prevent rollback and smoothing out starts. Standard.

ELECTRONIC STABILITY CONTROL⁴ This feature assists the driver in maintaining control of the vehicle during extreme steering maneuvers. Standard.

ADAPTIVE CRUISE CONTROL¹¹ Automatically adjusts highway cruising speed to maintain a preset distance between you and the vehicle ahead. Available.

EXTREMELY WELL-CONNECTED

Uconnect®

Easy access to all that matters most to you — that's what Uconnect® 4 delivers with FIAT® 500X. A large, 7-inch touchscreen display acts as command central, serving up a range of services with clear, intuitive graphics. Integrated Voice Command and hands-free¹² calling mean you can adjust your audio or make phone calls and texts¹³ while keeping your hands on the wheel. Streaming audio lets you interact with your devices without cords, while conveniently placed USB ports keep your electronic devices plugged in and charging. Upgrade to Uconnect 4 NAV and you'll add GPS Navigation¹⁴ with 3D graphics.

BIG-SCREEN STARS

APPLE CARPLAY^{®15} is a smart and convenient way to use an iPhone[®] inside your vehicle by seamlessly integrating some of your favorite apps and features with the Uconnect[®] touchscreen display and Siri^{®16} voice control, allowing you to stay focused on the road. Standard.

SIRIUSXM[®] PLATINUM PLAN¹⁷ Access to over 300 channels on the go or at home is offered on this satellite radio, including news, commercial-free music, sports, talk and entertainment. Listen wherever you go on your portable devices with the SiriusXM App. Standard. (Six-month trial subscription.)

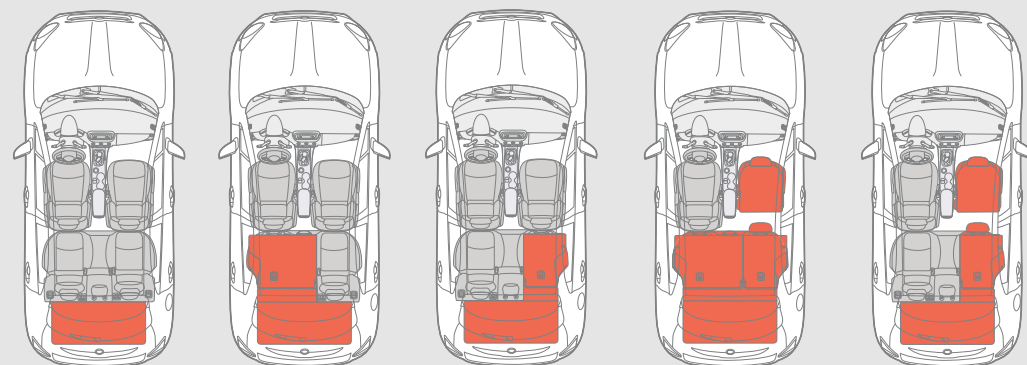

ANDROID AUTO^{™18} Talk to Google on Android Auto¹⁸ and get things done with your voice so you can keep your focus on driving. Easily send messages, get directions, control media and more. Just say, "Hey Google" or, in compatible cars, long-press the voice-control button on your steering wheel to get started. Standard.

7-inch touchscreen display showing Apple CarPlay.¹⁵

EVERY WHICH WAY

What's at the heart of its welcoming demeanor? The accommodating configurations that make the FIAT® 500X ultra-flexible. You'll find a fold-forward, front-passenger seat, 60/40 split-folding rear seats and a large rear cargo area. Intuitive release and locking mechanisms make for fast and easy seating transitions. Plus, lots of thought-out details like well-positioned cup holders and clever console storage options elevate any travel scenario. An available soft top folds back, inviting the sun and fresh air to come along for the ride.

YOUR WORLD, AL FRESCO

Opt for the available Al Fresco roof:
a retractable top that makes open-air
driving a breeze.
