THE FIAT® LEGACY: Thanks to the lively history of FIAT®, the vehicles that bear its mark are now synonymous with iconic design, self-expression and fun. Efficiency is its middle name — designers include everything you want while delivering just what you need. It’s a minimalist philosophy that has everything to do with freedom and mobility, and nothing to do with sacrifice. All so we can fondly look back and, at the same time, look forward to what’s next. Visit fiatusa.com to get started building the FIAT of your dreams.

Standard coverage for FIAT vehicles includes:
- Basic Limited Warranty — 4 Years / 50,000 Miles
- Anti-Corrosion Perforation Limited Warranty (outer panel) — 5 Years / 100,000 Miles
- Roadside Assistance services include:
  - Flat Tire Service
  - Out of Gas/Fuel Delivery (maximum two gallons)
  - Battery Jump Assistance
  - Lockout Service
  - Towing Assistance
Visit your FIAT Studio for additional details, eligibility, and restrictions.

GO MOBILE

Take an engaging multimedia tour on your mobile device. Log on to the fiatusa.com mobile site for a comprehensive, at-a-glance review of what you need to know about your FIAT vehicle. You'll experience visual and interactive demonstrations of the entire lineup and enjoy access to product information at your fingertips, wherever you go.

(1) Siri Eyes Free requires an iPhone equipped with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer’s existing iPhone data rates apply to Internet-supported features. (2) SiriusXM subscriptions for audio and data services are sold by SiriusXM to follow your trial subscription. If you decide to continue listening after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms and more information at www.siriusxm.com. All fees and programming subject to change. Your equipment and features for SiriusXM services will vary depending upon the vehicle you select and may be limited in select markets. (3) The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (4) Always check visually for vehicles prior to changing lanes. (5) Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. (6) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (7) This system is not intended to avoid collisions on its own, nor can FCW detect every type of potential crash. The driver must remain aware of traffic conditions and be prepared to brake and steer to avoid potential collisions at all times. (8) This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. (9) Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. (10) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint.
