YOU WANT UNIQUE, STANDOUT LOOKS. YOU WANT TO GET UP TO SPEED AND RIDE LIKE A SPORTS SEDAN. YOU WANT THE ASSURANCE OF TOP SAFETY RANKINGS. YOU WANT YOUR CROSSOVER TO HANDLE EVERYTHING YOU THROW AT IT - AND IN IT. YOU WANT THE EDGE.

AESTHETIC & ATHLETIC
in M O T I O N
it stirs Emotion.

Edge Sport is rolling sculpture.
Wheels glistening as brilliantly as the 3-bar grille.
Chiseled lines with unique body-color fascias and trim.
A monochromatic paint scheme, front to back –
Punctuated with wide, bright dual exhaust tips.
Interior harmony is synthesized by Ambient Lighting
And exclusive Alcantara® Grey seat inserts.
Punch it up with this optional tandem: 22" wheels,
Plus a performance-tuned suspension.
Sport sizzles.
Quick. Efficient.

The power of 6. As in a die-cast, aluminum-block V6 engine. Good for an impressive 265 horses and teamed with a sophisticated 6-speed automatic. Tap into torque across the band: merges, passes—no sweat. The fully independent suspension facilitates handling. It features hydro-bushings and an isolated subframe attached at, you guessed it, 6 locations. Smooth and precise never had it so good.

Driving confidence can be elevated to enthusiast level on Edge Sport. Courtesy of optional 22” wheels, wrapped in high-performance Pirelli® Scorpion Zero tires, together with a custom-tuned suspension that incorporates a bigger front stabilizer bar and enhanced shocks, springs and steering. A corner carver.

FORD SYNC® WITH 911 ASSIST,™ PLUS NEW TRAFFIC, DIRECTIONS AND INFORMATION. The available, award-winning Ford SYNC system — developed in association with Microsoft® — works with your paired Bluetooth®-enabled mobile phone and digital media player or USB drive. Make and take calls, play music by artist or genre, and more — all with the touch of a button and simple voice commands."

SYNC also features these convenient Driver Services:

- 911 Assist
- Turn-by-turn directions
- Vehicle Health Reports
- Business searches
- Up-to-the-minute weather
- Personalized business, sports, traffic alerts, entertainment news and more

With 911 Assist, the system can make an emergency call from your phone if any airbag has deployed. And, unlike other systems that send you to a call center first, SYNC connects you directly to a 911 operator. SyncMyRide.com has all the latest news.

NAVIGATION WITH SIRIUS TRAVEL LINK.™

Displayed on a generous 6.5" LCD touch screen, the optional GPS-linked Navigation System offers voice activation for everything from driving directions to accessing music. It also provides nearly 10 gigs of storage space for photos (on your home page) and music (up to 2400 songs). Class-exclusive SIRIUS Travel Link is the source for up-to-the-minute local traffic, weather, fuel prices, sports scores and movie listings. So you’re always in the know.

SIRIUS® SATELLITE RADIO.

Standard on Edge SEL, Limited and Sport, SIRIUS Satellite Radio comes with a 6-month subscription: Surf more than 130 channels — including 100% commercial-free music, plus the best of sports, news, talk and entertainment, coast-to-coast.

Medium 5-Passenger CUV class with standard 6-cylinder engine. Real-time traffic monitoring available in select markets. Some features are unavailable while driving. Subscription required after introductory 6 months service. Service only available in the 48 contiguous United States and the District of Columbia. The vehicle’s electrical system (including the battery), the wireless service provider’s signal, and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be turned on, connected to SYNC, and the 911 Assist feature enabled in order for 911 to be dialed.

Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. SYNC with Traffic, Directions and Information available Summer 2009. These SYNC services not available with SIRIUS Travel Link or Navigation System. See your dealer for details.
RICH, LEATHER-TRIMMED LIVING ROOM...

...WITH A FRESH INFUSION OF SIENNA.

The stylish seating surfaces are accented with contrast stitching - same holds true for the leather-wrapped steering wheel and shift knob. Floor mats are of the premium carpeted variety, embellished with the “EDGE” logo. There’s also a hint of dark, brushed-aluminum with this engaging new Limited Interior Appearance Package option.
enriching. enchanting. ENGAGING.

Edge can do it all: All depends on what you envision.

a. The handy POWER LIFTGATE raises and lowers at the simple press of one of 3 buttons – either on your key fob, on the dashboard or in the cargo area. It’s an optional convenience.

b. A real eye-opener: The VISTA ROOF™ encompasses nearly 40% of the top and creates a daylight opening 3X larger than the average moonroof. The front panel powers open; the rear stays put. This panoramic option also features dual power sunshades.

c. DUAL INVISION™ DVD HEADRESTS – available as a Ford Licensed Accessory - work independently and tout 7" adjustable monitors, game ports, infrared headphones and more.

d. The standard BLIND SPOT MIRRORS integrate an innovative convex spotter that assists the driver by increasing visibility along each side of the vehicle.

e. ADAPTABILITY is the word for Edge – equipped with a 60/40 split fold-flat, reclining rear seat; folding center armrest; and a time-saving EasyFold™ rear seatback release on SEL, Limited and Sport.
the ABCs of AWD.

Works for more peace of mind in all kinds of weather, or for greater handling finesse even on dry pavement: All-Wheel Drive (AWD) is optional to constantly monitor conditions and act in an instant, on-demand. The ideal amount of torque is delivered to all 4 wheels, well before any slippage. Fact is, this AWD system helps keep you moving - even if only one wheel maintains traction.
a **SAFETY CANOPY® SYSTEM**

The patented Safety Canopy System deploys side-curtain airbags to enhance protection for outboard-seated occupants in the event of certain side-impact collisions.

b **PERSONAL SAFETY SYSTEM™**

With its sophisticated network of sensors and front airbags, the Personal Safety System enhances protection for the driver and front passenger in the event of certain frontal collisions. Front-seat side airbags are standard too.

c **ADVANCETRAC® WITH RSC® (ROLL STABILITY CONTROL™)**

The industry’s only such system with 2 gyroscopic sensors - one of which is a unique vehicle-roll motion sensor - AdvanceTrac with class-exclusive RSC² works with the 4-wheel disc Anti-lock Brake System (ABS), traction control and yaw control. It automatically determines when to apply individual brakes and modify engine power to help keep all 4 wheels firmly planted.

d **SOS POST-CRASH ALERT SYSTEM™**

In the event of an airbag deployment or safety belt pretensioner activation in certain collisions, the SOS Post-Crash Alert System automatically flashes the hazard lights and sounds the horn to attract attention.²

---

³Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. For more information on AdvanceTrac with RSC®, visit fordvehicles.com. **SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.**

---

**TOP SAFETY PICK.**

3 YEARS RUNNING.

Once, twice, three times a *TOP SAFETY PICK* - for the 2007-2009 model years - per the Insurance Institute for Highway Safety (IIHS). Edge achieves the highest rating possible in rigorous front, side and rear crash tests. Kudos to all those side-intrusion door beams, energy-absorbing door-trim panels, and bumper-to-bumper flow-through rails. Passenger compartment energy management at its finest.
