Memories. Make them stand out.

In the 2013 Explorer – your family's very own 7-person adventure machine. Explorer inspires with hwy fuel economy even the hybrid competition in its class can't beat – 28 mpg¹ with the 2.0L EcoBoost® engine.² Maximize your traction with the turn of a dial.² Stay connected to your calls, music and more with both hands on the wheel.² Maintain your lane, see your path clearly and more with our driver-assist advancements.² There's even a new heated steering wheel,² perfect for those chilly, early-morning starts. Go. Do. In the 2013 Ford Explorer.

¹EPA-estimated, FWD. Class is Large Utilities vs. 2012 competitors. ²Available feature.
Dial up your control. Any road. Any time.

Challenging conditions? Simple solution: Just turn the dial to match the scene outside. Our highly capable Terrain Management System™ is paired with Intelligent 4WD™ to give you seamless shift-on-the-fly confidence. It’s one more way Explorer is designed to inspire you. Go. Do.

- **Mud, Rut** lets the tires spin a bit if needed to help you keep moving.
- **Snow, Gravel, Grass** optimizes grip on all sorts of slippery surfaces.
- **Sand** allows aggressive wheel spin to help you stay on top.
- **Normal** is ideal for everyday on-road driving.
- **Hill Descent Control™** regulates your speed on steep declines with just the push of a button.

Available feature.
Explore more with best-in-class hwy efficiency.

The way we see it, less stopping for fuel means more time for adventure. So we put our revolutionary 2.0L EcoBoost® I-4 engine1 in Explorer to give you 28 mpg hwy² – the absolute best of any non-hybrid engine in the class. A 6-speed automatic transmission helps this state-of-the-art, turbocharged, direct-injection powerhouse deliver plenty of low-end torque for acceleration and passing, plus outstanding fuel economy while cruising. A spirited and smart combination. Make the most of every drive with EcoBoost.

Limited. Tuxedo Black Metallic.

1Available feature. 2EPA-estimated. Class is Large Utilities vs. 2012 competitors.
Enjoy a blend of efficiency and power.

Explorer sets extremely high standards with its 3.5L Ti-VCT V6 engine. It delivers 24 mpg hwy, plus power that's unsurpassed among V6 engines in its class – 290 hp. Twin independent variable camshaft timing (Ti-VCT) adds an extra measure of precision, contributing to fuel efficiency or power output as your input demands. For a truly engaging drive, take control of the shifting via our 6-speed SelectShift Automatic® transmission. Or let it choose the best gear for you.

1EPA-estimated, FWD. 2Class is Large Utilities vs. 2012 competitors.
Stay connected. Easily.

You may head to some far-off places, but voice-activated Ford SYNC® makes it easy to stay connected in Explorer. No more searching for your phone. No device on your ear. Once paired, SYNC recognizes your phone and transfers your contacts to support voice calling. It also plays music from your phone, MP3, USB or iPod. In fact, any device with Bluetooth® capability can stream audio from sources like iHeartRadio®, Pandora® internet radio and many more. Just touch a button on the steering wheel and say things like “Call: the cabin,” or “Play playlist: Road trip.” SYNC also offers 911 Assist®, and with an activated SYNC Services account you get business searches, turn-by-turn driving directions, local movie times and more. Personalize it at ford.com/sync. SYNC. Say the word.
Enrich your adventures. Instantly.

Simpler graphics. Faster touch-screen responses. Easier-to-use controls. These are just a few of the latest improvements we’ve made to our voice-activated SYNC®1 with MyFord Touch. Get ultimate control over your phone, entertainment, navigation and climate. MyFord Touch includes SYNC Services,1 an 8” LCD touch screen, a media hub, 2 LCD screens in the gauge cluster, and familiar 5-way controls on the steering wheel. The system recognizes literally thousands of voice commands — everything from “5-day weather forecast” to “find a historical monument.” So you can explore with both hands on the wheel and your eyes on the road.

Listen to your favorites.
Stream music and other apps from your smartphone via Bluetooth. Access your files from a USB drive, an SD card, a portable hard drive or almost any device you plug into the MyFord Touch media hub. With HD Radio™ Technology,3 you can even “Tag” songs for purchase later at the iTunes® Store.

See who’s calling.
MyFord Touch makes it easy to keep in touch. The system can download personal photos from your phone book and display them on its full-color screen when you receive a call, place a call or browse your directory. On supported phones, SYNC can also play unique ringtones you’ve selected to help identify specific callers.

Take the eco-friendly route.
When you upgrade to the Navigation System,2 turn-by-turn directions are offered in your choice of Fastest, Shortest or Eco Route. Also included with this system, a 6-month trial subscription to SiriusXM Satellite Radio, Traffic and Travel Link gives you over 130 channels of premium entertainment, plus live infotainment services including local fuel prices, local and national weather, live sports scores and more.

Keep them entertained.
Create a Wi-Fi® hotspot3 for passengers by plugging a smartphone or mobile broadband modem into one of the MyFord Touch USB ports. They can browse the Internet while you drive in peace. When in Park, you can use the MyFord Touch media hub to view vacation videos, or let the kids connect their favorite game console.

1Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. SYNC Services is available on most vehicles and may require a subscription. Traffic alerts and turn-by-turn directions available in select markets. Message and data rates may apply. Not all features are compatible with all phones. 2Available feature. Requires in-vehicle USB mobile broadband connection, PAN-supported mobile phone or proximity to an outside wireless hotspot.
Gather up to 7. In the latest hotspot.

You and your family deserve to travel in style and luxury with leather-trimmed seating, standard inside Explorer Limited. New this year, a heated steering wheel joins the 10-way power, heated and cooled front seats to take your comfort to extremes. Standard seating for 7 features environmentally friendly, supportive, soy-based foam in the seat cushions and seat backs to help conserve limited resources and reduce CO₂ emissions. A dual-panel moonroof fills the cabin with light. This graceful space — crafted to world-class standards for fit and finish — is sure to please one and all wherever your journey takes you.
Increase your confidence. Both day and night.

**Change lanes. Back it up.**

Our BLIS® (Blind Spot Information System) with cross-traffic alert is designed to detect traffic in your blind spots. While you’re driving, it alerts you with an amber light in your sideview mirror. As you’re slowly backing out of a parking spot, it alerts you with a sound, a message center warning, and the amber light.

**Maintain your cruising distance.**

Adaptive cruise control and collision warning with brake support is designed to help you maintain a preset gap from the vehicle in front of you. If a potential collision is detected, the system flashes a warning across your windshield, sounds an alarm, pre-charges the brakes and increases brake-assist sensitivity to provide full responsiveness when you do brake.

**Keep your lane. Stay alert.**

Our new Lane Keeping System is designed to alert you if it detects Explorer drifting toward a lane marker. If so, it applies torque to the steering wheel, directing you to correct your path. If you cross a marker, Explorer shudders the steering wheel, alerting you to steer back toward center. Drowsy drivers should promptly heed the warning of the Driver Alert System, which displays a coffee cup icon in your gauge cluster if it detects that you need to take a break from driving.

**Light your way. Brilliantly.**

New auto high beams, included with the high-intensity discharge (HID) headlamps, activate themselves to help improve visibility when no automotive headlamps or taillamps are detected in front of your Explorer. If lights are sensed, the system returns to the low-beam setting to help reduce glare for vehicles in front of you.

---

1Available feature. 2BLIS replaces standard integrated blind spot mirrors.
Take it easy. Explorer steers itself into parallel spots. First, you press a button and active park assist alerts you when it has located an appropriate parallel parking spot. Then, you take your hands off the wheel and your Explorer literally steers itself into place. You simply follow system prompts to shift gears and control the brake and accelerator pedals. You’ll be parked and on with your evening in practically no time at all.
Control your trailer. Calm your nerves.

You’ll have the utmost confidence towing up to 5,000 lbs. in your Explorer equipped with the 290-hp 3.5L Ti-VCT V6 engine and the Class III Trailer Tow Package. Standard trailer sway control (TSC) and hill start assist are always at the ready. When trailer sway is detected, TSC automatically reduces engine speed and selectively applies the brakes to help you maintain control of both the vehicle and the trailer. Hill start assist is particularly useful on boat launch ramps since it helps prevent you from rolling downhill when you take your foot off the brake. Whether you’re heading up an incline in Drive or in Reverse, Explorer has you covered.

Available feature.†Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
Select a 2012 IIHS “Top Safety Pick.” For so many reasons.

New for 2013, we’ve added a standard front-passenger knee airbag. And parents of teens can use our exclusive MyKey® to block calls and deter text messaging while driving. In addition to its 7 standard airbags, Explorer offers inflatable rear safety belts1 in the 2nd-row outboard seating positions — the first of their kind in automotive production. For improved grip through the turns, there’s standard Curve Control, which helps slow the vehicle by as much as 10 mph in about a second if it senses you’re taking a curve too quickly.2 No wonder Explorer has earned “Top Safety Pick” — the highest possible rating from the Insurance Institute for Highway Safety (IIHS) — 2 years in a row (2011–2012). Be sure to visit the “Explorer Standard Features” page of this brochure for a comprehensive list of the safety and security features engineered into every 2013 Explorer.

1Available feature. 2Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
Equip it to go. Do what you like.

Take advantage of versatile standards to make your life easier. Stow all sorts of cargo with its flexible seating configurations and flat load floor. Even transport long objects inside. Add options to help make backing up, changing the seating arrangement and loading cargo easy. Create the Explorer you want, just the way you want it.

New Vehicle Limited Warranty. We want your Ford Explorer ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships.

Insurance Services. Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company. Genuine Ford Accessories will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
