Thrill-seekers, grab the keys.

Then get your next road rally in gear in the fun-to-drive 2016 Ford Fiesta. Adding inspiration to this year's lineup is new SYNC® 3, our next-generation of voice-activated technology.¹ More connected. Pure Fiesta. Now get up and go.

¹Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.
Enthusiasts, take your seat.

The driver's seat, of course. Then place your hand on the leather-wrapped shift knob of the standard 6-speed manual transmission. That's paired with a turbocharged, high-output 1.6L EcoBoost® with 197 horsepower. Greet the street — Fiesta ST style.

"One of the best drivers' cars, at any price, on sale today," says car magazine of Fiesta ST. An "overboost" feature can extend peak torque for up to 17 seconds. Unique sport-suspension architecture with European-inspired tuning and 17" summer-compound performance tires help keep it planted. Gripped firmly by the supportive bolsters of the RECARO® partial leather-trimmed front seats, you'll enjoy the amplified engine sounds from EcoBoost that are piped into the cabin through the sound symposer. Or the resounding boom of the 8-speaker Audio System from Sony® with HD Radio™ Technology.

"It begs to be flogged on every on-ramp and stabbed at every downtown red-to-green," says Road & Track. "In the process, Fiesta ST invites a hell of a grin." Behind this wheel, the rush is always on.

"Tested with 93-octane fuel. car magazine. Published April 2015. Ford does not recommend using summer tires when temperatures drop to approximately 45°F or below (depending on tire wear and environmental conditions) or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires. Available feature. Horsepower and torque. Class is High Performance Subcompact Manual Cars based on Ford segmentation.
Efficiency experts, applaud now.

We all try to squeeze every last mile from a gallon of gas. That’s why starting with an efficient foundation is key. Enter Ford Fiesta.

*Fiesta SE has an EPA-estimated rating of 43 hwy mpg* when equipped with the SE EcoBoost® Fuel Economy Package. Along with adding a rear spoiler on sedan models (spoiler standard on hatchback), the package includes the 1.0L EcoBoost engine that combines direct fuel injection, turbocharging and twin independent variable camshaft timing (Ti-VCT).

With an impressive 123 horsepower and 125 lb.-ft. of torque, the 1.0L EcoBoost isn’t shy about performance. “The Fiesta pulls with a diesel-like sense of authority, regardless of gear or engine speed, and had little difficulty when it came to on-ramps or highway merging, where power is most likely to be needed,” says autoblog.com. “This powertrain is just very, very easy to drive.” More proof that big ideas do come in unexpected packages. Just like the 2016 Ford Fiesta.

Drivers, keep smiling.

In Fiesta, every drive brings its own rewards. Dart in and out of traffic. Stick it in the corners. And draw admiring glances along the way.

To help Fiesta stay sure-footed in the corners, standard Torque Vectoring Control applies slight braking force (as needed) to the inside front wheel to help more torque reach the road.¹

For that extra-connected feel, the PowerShift 6-speed automatic transmission² helps provide torque to the front wheels 100% of the time during shifts. Electric power-assisted steering improves steering feel at low speeds and provides precise assist on the highway. Tuned shocks and spring rates balance responsive handling with the need for a smooth ride. Choose your favorite 15" or 16" wheels.² Then go.

¹Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Available feature.
Multitaskers, just say the word.

Voice-activated SYNC® technology helps you keep your eyes on the road and hands on the wheel. SYNC. Say the word.®

• **Hands-free calling** lets you make a call with a simple push of a button along with the sound of your voice.

• **Automatic phone book download** transfers the names and numbers in your compatible phone automatically, once paired.

• **Voice-activated music commands** let you say what music you want to hear and listen to it easily with voice-activated search, or say “Bluetooth® audio” to stream content from your phone.

• **SYNC AppLink™** lets you control some of your favorite compatible mobile apps with your voice.

• **911 Assist®** is a convenient no-charge feature that allows you to connect your compatible cell phone to help call 911, even if you can’t.

Upgrade to SYNC 3. Our next generation of voice-activated technology with an easy-to-use new design and features.

• **New hardware meets new software** on the easy-to-read LCD color screen that displays phone, audio and navigation® functions.

• **High-speed performance** means you’ll experience quick responses to your commands. Plus, the capacitive touch screen includes convenient swipe and pinch-to-zoom features similar to your smartphone.

• **Enhanced voice recognition** lets you talk with simple, real-world voice commands and the system responds naturally to your voice.

• **Easy destination entry** feature within navigation® helps you locate your favorite restaurants, nearest ATM and more.

• **Siri® seamless integration** brings the power of Siri Eyes Free® and your iPhone® into your vehicle.

• **Automatic updates over Wi-Fi®** let you keep SYNC 3 up-to-date with the latest software as soon as new updates become available.

1Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ©Available feature. SYNC AppLink is available on select models and compatible with select smartphone platforms. Commands may vary by phone and AppLink software. ©The vehicle’s electrical system (including the battery), the wireless service provider’s signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed. When the feature is ON, 911 Assist uses your paired and connected mobile phone to assist occupants to contact emergency services by dialing 911 if your airbag deploys or, on certain vehicles, if the emergency fuel pump shut-off is activated. Aftermarket on-board diagnostic devices may interfere with various vehicle systems including Vehicle Health Report and 911 Assist. To avoid interference, remove the device or contact the device maker for more information on compatibility. ©Available feature. You must have a Bluetooth-enabled phone paired to your SYNC system. ©Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update.

SiriusXM® Satellite Radio¹ welcomes you to the World of SiriusXM. Enjoy more than 150 channels including commercial-free music, plus live sports, news and exclusive entertainment, with a 6-month trial subscription to the All Access package included with your new vehicle. You’ll hear every channel available, plus you can listen online and on the SiriusXM app.²

Navigation¹ with SiriusXM Traffic and Travel Link® includes a 5-year complimentary SiriusXM Traffic and Travel Link² trial subscription. Global Positioning System (GPS) technology is combined with 3-D mapping and provides voice-guided turn-by-turn directions. With SiriusXM Traffic and Travel Link, you’ll get detailed traffic information, plus current and forecasted weather, gas station locations and prices, sports scores and schedules, and movie theater locations with show listings and times.

¹Available feature. ²SiriusXM Satellite Radio, SiriusXM Traffic and SiriusXM Travel Link subscriptions are sold separately or as a package by SiriusXM after your trial period, and are continuous until you call SiriusXM at 1-866-635-2349 to cancel. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. All fees and programming subject to change. See Customer Agreement for complete terms and more information at www.siriusxm.com.
Visitors, stay awhile.

Pull up in a Fiesta and people will notice. They’ll be even more impressed when they climb in.

**Enter and start Fiesta — without using a key.** With its Intelligent Access key fob¹ in your pocket, just touch the door handle and you’re in. Then, press the brake pedal and push the start button. Keep your paired smartphone close (and charging!) in the full center console with padded armrest.¹

**Heat your front seats,¹** in cloth or leather¹ trim. They’re sport-bolstered for support. Cool things down with electronic automatic temperature control¹ which automatically maintains settings chosen by the driver or front passenger. Rock the house with the 8-speaker Audio System from Sony®.¹ In back, open up additional cargo room by folding down one or both sides of the 60/40 split rear seat.

¹Available feature.
Layer for protection. It’s good advice that still applies today. Underneath the aerodynamic shape of the 2016 Fiesta, there are many protective layers.

**Strength surrounds** you in the form of a rigid safety cage. High-strength and ultra-high-strength boron steel work with SPACE (Side Protection And Cabin Enhancement) Architecture to help divert crash forces away from occupants. Next, 7 standard airbags include: driver and front-passenger front; driver’s knee; front-seat side; and side curtains.

**Underpinning it all,** AdvanceTrac® electronic stability control automatically helps avoid skidding and fishtailing, helping keep all 4 wheels firmly planted.¹

¹Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
Believers, make it your own.

Fiesta has so much to offer. Here’s how you can make it your own.

**Let sun and breeze stream in** through the power moonroof.\(^1\) See what’s behind your vehicle as you slowly back up, thanks to a convenient rear view camera.\(^1,2\) Even heat your front seats\(^1\) (in cloth or leather\(^1\)).

**Choose your color** with ambient lighting! With MyKey,\(^1\) set speed and volume controls for when others are driving your Fiesta.

**Never leave your gas cap behind** with the Easy Fuel\(^\circledR\) capless fuel filler. You don’t need one. With its long list of standard and available features, your 2016 Fiesta can be just the way you want it.
