So get ready to experience it. Flex isn’t easy to describe. But you’ll know it when you see it.

The design is simple: stacked forms in perfect proportion. Like modern architecture on wheels.

Deep grooves stream down the bodysides, seeming to move forward, even when Flex is standing still. Up front: a gleaming chrome grille. Up top: an available color-contrasting lid.

And always surrounding it: curious stares and a barely audible “WHAT’S THAT?” as Flex cruises by.
FLEX RAISES EYEBROWS
and expectations

But most of all, Flex raises questions.

Actually, it’s a crossover.

Up to 7 total: 2 in front, up to 3 in the middle, 2 in back.

Loaded with technology like available voice-activated communications and entertainment, plus available Active Park Assist.

A 3.5L Duratec® V6. 6-speed auto. Or the available, all-new 3.5L EcoBoost™ V6 twin-turbocharged, direct-injection engine.

It’s got you covered. 6 airbags, including a 3-row Safety Canopy® System. Even a rollover sensor. All standard.

White Suede. Ingot Silver Metallic.
Or body-color roof. Your choice.

If you’re a doer, not a dreamer, then yes — perfect for you.
IT STRETCHES ALL THE RULES
not to mention your legs, arms and other body parts too

See that 2nd-row lounging room? It’s enough to make a limo green with envy.

Simple truth: Flex has the most expansive 2nd-row space in its class.¹

¹Large Crossover class.

fordvehicles.com
The provocative exterior of Flex and those cool grooves travel inside, creating an inviting “horizon line” that opens your view like the great outdoors. Available wide-open glass above; instrumentation below. Uncluttered. Crisp. Contemporary.

For a more personalized driving domain, choose Limited with standard Ambient Lighting. It’ll brighten the front cupholders, footwells and 2nd-row control center in any of 7 hues to match your mindset. Happy. Mellow. Or anything in between.

fordvehicles.com
In here, you’ll forget you’re actually in at all.
An available multi-panel Vista Roof™ welcomes the sky for all 3 rows to enjoy.

Over the front seats, a sliding moonroof breathes in the fresh air.
The 2nd and 3rd rows each get their own overhead windows.
With panoramic views like this, Flex may soon become your personal skylight lounge. Just sit back and soak it all in.
IT GIVES YOU OPTIONS

inside and out

Pop in a beverage at room temp; pull it out later at a cool 41°. The secret is an available compressor-driven refrigerator, conveniently located in the center console between the available 2nd-row bucket seats.

It not only chills; it freezes. Down to 23°. That’s c-c-c-c-cold.

The 2nd-row seats conveniently flip and fold to help ease access to the 3rd row. A PowerFold® release is included with the available 2nd-row bucket seats and on the 40 section of the standard 2nd-row 60/40 split bench seat.

Chrome-capped, power, heated sideview mirrors and bright HID headlamps, standard on Limited, enhance visibility — and style.

Cargo sits neatly in the storage well behind the 3rd row.

No keys? No problem. Integrated into Flex’s driver-side door pillar is a marvelously convenient innovation: our newest SecuriCode™ keypad. Your touch lights it up. Enter your code and the doors unlock and the interior lights turn on. Suddenly you’re free from bulky pockets.

Heated front seats are standard on SEL and Limited models. Warmers are available with the 2nd-row bucket seats on Limited too.

Plug in a laptop or other small electronics with the available 110-volt inverter. It’s located right behind the front console.

fordvehicles.com
Step inside a SYNC®-equipped Flex with your compatible, paired Bluetooth®-enabled phone or plug in a portable digital media player. It’ll know you’ve arrived. Press a button on the steering wheel, speak your mind (say, “call the office”), and it follows your commands. Ford’s exclusive SYNC system, developed in association with Microsoft®, is an available voice-activated, customizable media system that lets you make calls, take calls, change up music and more — all while keeping both hands on the wheel.

Convenient new SYNC Driver Services include 911 Assist, Vehicle Health Reports, up-to-the-minute weather, traffic alerts, turn-by-turn directions, business searches and personalized news. Visit SyncMyRide.com for the latest information about exciting new features.

1Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. 2The vehicle’s electrical system (including the battery), the wireless service provider’s signal, and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be turned on, connected to SYNC, and the 911 Assist feature enabled in order for 911 to be dialed. 3Driver Services not available with SIRIUS Travel Link or Navigation System. See your dealer for details.
A single glance, and suddenly you become the most informed, up-to-date person you know. This voice-activated Navigation System, now standard on Limited, integrates direction guidance with SIRIUS Travel Link™ and a Rear View Camera. And it all displays on an intuitive, easy-to-read, 8" touch screen with bold, colorful graphics. For travel directions, just enter or say your destination. Then get on your way, without worrying about the roads.

Thanks to innovative SIRIUS Travel Link, you can access real-time traffic info, find the lowest gas prices, and even see what’s playing at the local theater. And that’s not all.

*Real-time traffic monitoring available in select markets. Some features are unavailable while driving. Subscription required after introductory 6 months expire. Service available in the 48 contiguous United States and the District of Columbia.

fordvehicles.com
Turn the key. Turn the corner. And expect to turn some heads. Flex isn’t just exciting to look at — it’s exciting to drive. It hunkers down. Puts a limit on lean. Grabs corners. Soaks up bumps and potholes.

The standard 3.5L Duratec® V6 quickens your pulse with 262 hp and 248 lb.-ft. of torque. An available, all-new 3.5L EcoBoost™ V6 twin-turbocharged, direct-injection engine really gets the heart pounding. 355 hp and a massive 350 lb.-ft. of torque. Up to an EPA-estimated 22 mpg hwy. It’s V8 power with V6 fuel economy. Both pair up with an efficient 6-speed automatic transmission. With the EcoBoost engine, you also get steering wheel-mounted paddle shifters for a more spirited, performance-oriented driving experience.

Truly uplifting.

1EPA-estimated 17 mpg city/24 hwy., Flex FWD with 3.5L Duratec V6 engine. EPA-estimated 16 mpg city/22 hwy., Flex AWD with 3.5L Duratec V6 engine. 2EPA-estimated 16 mpg city/22 hwy., Flex AWD with 3.5L EcoBoost V6 engine with premium fuel.
In addition to standard front-wheel drive, Flex offers the confidence of available automatic All-Wheel Drive (AWD), included with the EcoBoost™ V6. This intelligent system distributes up to 100% of the available torque to the tire or tires with the most traction. After all, Flex doesn’t believe in spinning its wheels.

On top of that, every Flex includes Traction Control to help prevent wheel slip during acceleration, as well as this brilliant technology:

Ford’s AdvanceTrac® with RSC® (Roll Stability Control®).1 It’s the only system in the industry that uses 2 gyroscopic sensors to monitor both yaw and roll motions to provide side-slip control and roll stability control. It’s always on and always working. Just follow its lead.

*Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

fordvehicles.com
New available Active Park Assist takes the work out of parallel parking — in as little as 24 seconds. Just press a button and drive by potential spots to activate the system. It uses ultrasonic sensors to take measurements and prompts you when it’s ready to park. You simply respond to system prompts and control vehicle speed using the gear shifter, gas and brake pedals. It handles the hard parts — figuring out if the spot is big enough and automatically steering into it.

The standard Reverse Sensing System offers invaluable guidance: When you’re backing up slowly, it audibly alerts you to certain objects behind the vehicle, so you can avoid contact. A Rear View Camera is integrated with the available voice-activated Navigation System. It delivers a full-color image to your 8” screen. So you can see exactly where to go. And where not to go.
There’s really only one way to look at safety: seriously. At Ford, we do it every day, developing systems that will help protect you and your passengers on today’s always-changing, distraction-filled roads. The results of our commitment? Flex was named a 2009 “Top Safety Pick” by the IIHS and has received 5-Star ratings in the NHTSA’s frontal and side-impact crash tests. And that means the world to us.

New MyKey™ is positively habit-forming. Program ignition keys to help encourage smart driving habits. Buckling up. Traveling at appropriate speeds. And more.

Airbags. Yes, they help protect. Flex has 6 in total, including dual-stage front, front-seat side, and the Safety Canopy® System featuring 3-row side-curtain airbags and a rollover sensor.

Flex’s structure is carefully designed to protect what’s inside. Thanks to extensive computer-aided engineering tools, it provides outstanding crashworthiness. Part of this is Flex’s SPACE (Side Protection And Cabin Enhancement) Architecture — an energy-absorbing design with a hydroformed cross-car beam between the door frames to strengthen each bodyside. A strong roof crossmember adds strength. At the front, an energy-absorbing structural member, front bumper plate, and tunnel rails assist in front impacts. As you’d expect, all of this is in addition to features like a collapsible steering column, Tire Pressure Monitoring System and more. All standard equipment on every Flex model.

*Star ratings are part of the U.S. Department of Transportation’s Safercar.gov program (www.safercar.gov)

### New Vehicle Limited Warranty

We want your Ford Flex ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/60,000-mile Powertrain Warranty Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

#### Roadside Assistance

Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

#### Ford Credit

Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

#### Ford Extended Service Plan

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

#### Insurance Services

Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3841, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

fordvehicles.com
THE FACTS ABOUT FORD.

Drive quality.

FACT: On top of earning 8 Consumers Digest “Best Buy” awards for 2009 models, Ford Motor Company is unsurpassed by Toyota and Honda when it comes to quality.¹

Drive green.

FACT: Ford builds the most fuel-efficient midsize sedan in America (Fusion Hybrid: 41 mpg city)² and the most fuel-efficient SUV on the planet (Escape Hybrid: 34 mpg city).³

Drive safe.

FACT: No other car company offers you more vehicles that have received both 2009 IIHS “Top Safety Pick” and NHTSA 5-Star crash test ratings.⁴

Drive smart.

FACT: The voice-activated Ford SYNC® customizable media system and EcoBoost™ V6 engines are just a few of the innovative technologies you can only find in a Ford.

Visit fordvehicles.com to learn more.

Ford
Drive one.

¹ Based on RDA Group's GQRS cumulative survey of 3 months of service in 3 surveys of 2008 MY Ford and competitive owners conducted 9/07–5/08. ² EPA-estimated 23 mpg city/34 hwy., 27 mpg combined; Fusion 5-Door automatic; 41 mpg city/38 hwy., Fusion Hybrid. Actual mileage will vary. Midsize class per R. L. Polk. ³ Based on unadjusted city fuel economy from EPA (10/08) and VCA (5/08). 2009 EPA-estimated 34 mpg city/31 hwy. for Escape Hybrid FWD. Excluding vehicles built for Mazda. ⁴ Based on NHTSA 5-Star ratings for all 4 crash test categories. Star ratings are part of the U.S. Department of Transportation’s Safercar.gov program (www.safercar.gov).
