Yes, you’ll have room for everything.

Family. Friends. Efficiency. Security. Technology. Ford Flex carries them all – and more. Inside, space reigns supreme, with head room that won’t cramp anyone’s style, and the most 2nd- and 3rd-row leg room in its class! With your hands on the wheel, where they belong, you can operate your phone and MP3 player by voice.2

Looking for a parallel parking space? Flex can even steer you into one,3 so you can relax. And it’s all powered by a fuel-efficient 3.5L Duratec® V6 engine that achieves 24 mpg hwy,4 or a rousing 3.5L EcoBoost™ V65 that features 355 horsepower6 – and 23 mpg hwy.6 The 2012 Ford Flex.

1Large Utility class. 1Available feature. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. 2Available feature. 3EPA-estimated 17 city/24 hwy/19 combined mpg for Flex FWD with Duratec engine. 16 city/23 hwy/18 combined mpg for Flex AWD with Duratec engine. 4Figures achieved using premium unleaded gasoline. Premium fuel is recommended for EcoBoost V6, but not required. 5EPA-estimated 16 city/23 hwy/18 combined mpg for Flex AWD with EcoBoost engine.
Recline in the most 2nd-row room in its class.¹

In the expansive middle row of Ford Flex, settling in is easy. Recline. Extend your legs. Grab a chilled beverage from the refrigerated console.² Then, help passengers access row 3 by folding the other 2nd-row seat forward with a convenient autofold feature. For 6-passenger seating, choose the 2nd-row bucket seats.² If 7 seats are required, there’s a 2nd-row bench seat. Up front, the driver is equally well cared for. With a 6-way power seat to help find the perfect position. And cabin air filtration that helps keep impurities out.

On Limited and Titanium models, recall comfort on every drive with a 10-way power, heated driver’s seat and power-adjustable pedals, both with memory. Additional audio controls grace the leather-wrapped steering wheel. HD Radio™ Technology² and the 390-watt surround-sound Sony® Audio System help keep everyone entertained. HD Radio fills Flex with crystal-clear, digital sound for AM/FM channels, while bringing you new local FM channels, on-screen information and much more. It’s one more way to stay in tune.

¹Large Utility class. ²Available feature.
Can you do all this in your vehicle? Enjoy a sky view from all 3 rows\(^1\) with a sliding moonroof up front and fixed glass panels over the 2nd and 3rd rows. Keep your beverages cool (41°F) or your ice cream frozen (23°F)\(^1\) on the go. Relax in heated seats\(^1\) – in the 2nd row. In Flex, you can. You can also charge almost anything that needs it\(^1\) so you’re ready to go at your destination. Benefit from seats that fold flat at the touch of a button. And even utilize a multitalented PowerFold\(^\circledR\) 3rd-row seat\(^1\) that quickly becomes a rear-facing tailgate seat.\(^2\) In Flex, spaciousness is the first of many surprises.

\(^1\)Available feature. \(^2\)Do not drive vehicle when 3rd row is in tailgate position. \(^3\)Including 5.0-cu.-ft. rear cargo storage well.
Steers you into the sweet spot.

That’s right. First, active park assist uses ultrasonic sensors to help you locate the perfect parallel parking spot. Then, you take your hands off the wheel and your Flex steers itself into place. You simply follow system prompts to shift gears and control the brake and accelerator pedals. The vehicle can be parked in as little as 24 seconds. Available exclusively on Flex Limited and Titanium.

Available feature.
Hands control the wheel. Voice controls the rest.

Stay connected to calls, music and more with SYNC.

No more searching for your phone. No device on your ear. Connect to your world with voice-activated Ford SYNC. Once paired, SYNC recognizes your phone and automatically transfers your contacts to support voice calling. It also plays music from your phone, MP3, USB or iPod. And thanks to Bluetooth streaming audio, smartphone users can listen to Pandora internet radio too. Just touch a button on the steering wheel and say things like “Call Melissa,” or “Play genre: Pop.” SYNC also offers 911 Assist, and with an activated SYNC Services account you get business searches, turn-by-turn driving directions and more. Personalize your experience at SyncMyRide.com.

Full-color, voice-activated travel guide with SiriusXM.

The Navigation System includes a 6-month trial subscription to SiriusXM Satellite Radio, Traffic and Travel Link to bring you over 130 channels of unique content, plus live infotainment services. Get continuously updated traffic information, plus check local fuel prices, weather reports, movie listings, sports scores and more. This system features a vibrant 8” LCD touch screen with interactive maps you can zoom and scroll. Of course, it also responds to voice commands for hands-free control. Play DVDs while Flex is in Park and store nearly 10 gigs of your digital music.

Available feature. Requires compatible mobile device. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Traffic alerts and turn-by-turn directions available in select markets. Text message and data rates may apply. Available feature. Coming Fall 2011. SiriusXM Satellite Radio, Traffic and Travel Link subscriptions sold separately or as a package after trial expires. SiriusXM Traffic and Travel Link service available in select markets. Subscriptions are governed by SiriusXM Customer Agreement; see www.siriusxm.com.

2012 FLEX ford.com
Powers your life with smooth authority.

Exciting to look at, Flex is even more exciting to drive. Especially with the 355 horsepower and 350 lb.-ft. of torque from its 3.5L EcoBoost™ V6 twin-turbocharged, direct-injection engine. It’s V8 power with V6 fuel economy (23 mpg hwy). Believe it. EcoBoost models include steering wheel-mounted paddle shifters and intelligent all-wheel drive (AWD) for a more spirited drive. The standard 3.5L Duratec® V6 quickens your pulse with 262 horsepower, 248 lb.-ft. of torque and 24 mpg hwy. Both engines pair with an efficient 6-speed automatic transmission.

With traction control to help prevent wheel slip during acceleration, every Flex also includes AdvanceTrac® with RSC® (Roll Stability Control™). Using 2 gyroscopic sensors to monitor both yaw and roll motions, this system is always on and working to provide side-slip control and roll stability control.

1Figures achieved using premium unleaded gasoline. Premium fuel is recommended for EcoBoost V6, but not required. 2Available feature. 3EPA-estimated 16 city/23 hwy/18 combined mpg for Flex AWD with EcoBoost engine. 4EPA-estimated 17 city/24 hwy/19 combined mpg for Flex FWD with Duratec engine. EPA-estimated 16 city/23 hwy/18 combined mpg for Flex AWD with Duratec engine. 5Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
“Top Safety Pick” 3 years in a row

Travel with confidence knowing Flex has attained the highest possible rating from the Insurance Institute for Highway Safety (IIHS) each year since 2009. In fact, no other brand offers you more 2011 “Top Safety Pick” vehicles than Ford. Our engineers are constantly developing and advancing safety technologies to help give you peace of mind out there on the road.

Masters challenging moments.
Our exclusive AdvanceTrac® with RSC® (Roll Stability Control™) is the only electronic stability control system that uses 2 gyroscopic sensors to help keep all 4 wheels firmly planted. It automatically helps avoid skidding and fishtailing, and is particularly beneficial in inclement weather.

Personalizes your protection.
The advanced Personal Safety System™ uses sensors to optimize deployment of the dual-stage front airbags in certain frontal collisions. Front-seat side airbags deploy in certain side-impact collisions. And our Safety Canopy® System increases protection with side-curtain airbags that deploy to cover all 3 rows.

Promotes smart driving.
Our exclusive MyKey® allows you to program ignition keys with reminders to drive at appropriate speeds, keep the audio volume low and much more.

Reminds you to buckle up.
Our Belt-Minder® system sounds a persistent alert to encourage those in front to buckle up for safety on every ride.

Sends an SOS for you.
Our SOS Post-Crash Alert System™ can automatically flash the hazard lights and sound the horn after an airbag has deployed or a safety belt pretensioner has activated in certain collisions. No subscription required.

Directly contacts 911.
Ford SYNC® with 911 Assist™ uses your phone to call 911 in the event of airbag deployment or fuel pump shutoff. If needed, it can even give the operator an urgent message for you.
Lots of ways to make it yours.

In addition to smart standards that make your life easier (like keeping your hands clean at the pump), a long list of optional features allows you to create a Flex that addresses your specific needs. Have small children? Add a rear view camera to help see what’s behind you when slowly backing up, or check out a satellite weather forecast to help you plan your days. Active on the social scene? Then pump up your audio with an amazing sound system and light up your night with special interior lighting. Whatever you choose, you’re creating the Flex you want, just the way you want it.

Rear view camera¹
Sony® Audio System includes 12 speakers and 390 watts of continuous power²
Industry-first Easy Fuel® capless fuel filler, standard
SiriusXM Travel Link²
Ambient lighting²

Create a more meaningful driving experience: Connect with Ford Custom Accessories for authentic personalization possibilities. The cost of select accessories – ordered and paid for at the time you buy or lease your Flex – can be rolled into your monthly payment. And coverage for select accessories falls under the New Vehicle Limited Warranty that way, too. See your dealer for details.

SEL in Cinnamon Metallic customized with smoked hood and side window deflectors, silver graphics kit, roof crossbars¹ and roof-mounted upright bike carrier by THULE²

QUALITY, GREEN, SAFE AND SMART.

New Vehicle Limited Warranty. We want your Ford Flex ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty. Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages. Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com. Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships. Insurance Services. Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company. Genuine Ford Accessories will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
