FREESTYLE

ONE VEHICLE. ENDLESS POSSIBILITIES

You've chosen a life that's incredibly demanding, yet completely rewarding. Along the way, your vehicle should be versatile enough to enhance, not hinder, your journey. Enter Ford Freestyle. Its advanced powertrain delivers a balance of power and car-like fuel economy*, while its available HALDEX® AWD system adapts to changing road conditions with surefooted grace and confidence. With the comfort and efficiency of a car and the space and capability of an SUV, Ford Freestyle is completely comfortable in a multitude of settings. Embrace its possibilities.

*EPA-estimated 20 mpg city/27 hwy. (FWD); 19 mpg city/24 hwy. (AWD).

THE 2006 FORD FREESTYLE

COMFORT	2
FLEXIBILITY	3
AWD/ADVANCED POWERTRAIN	4
5-STAR SAFETY	5
SPECIFICATIONS	6-8

BUILT FOR THE ROAD AHEAD.

GO AHEAD, GET COMFORTABLE

In Ford Freestyle, there's ample room for up to 7 adults and their cargo. Reclining bucket seats outfit 1st and 2nd rows in 6-passenger configurations. If 7-passenger seating is desired, a 3-person 60/40 split bench seat is available for the 2nd row. Either option flips forward effortlessly to access the comfortable 3rd-row bench seat. Amenities there include reading lights, up to 4 cupholders and small storage bins. In Freestyle, no passenger takes a back seat when it comes to comfort.

Best-In-Class 3rd-Row Room

Designed to comfortably accommodate a 6'1" person, Freestyle's 3rd-row bench seat features best-in-class head room, leg room and passenger volume.

NEW Navigation System

Features easily accessible map and menu buttons, a big 6.5" color LCD screen, and handy Valet Mode. It's packaged with Limited's Audiophile® AM/FM stereo 6-disc in-dash CD changer with MP3 capability. Available on Limited.

Enjoy The Show

With Freestyle, all the versatility of an SUV is yours – including a DVD Family Entertainment Center with 7" viewing screen, 2 wireless headphones, and an infrared remote control. Optional on SEL and Limited.

GEAR UP FOR THE NEXT ADVENTURE

With a standard fold-in-floor 3rd-row bench seat, fold-down 2nd-row seats, and an exclusive fold-down front-passenger's seat, Ford Freestyle provides the ultimate in interior flexibility. "It's an automotive multitool that will be as many things to as many people as any vehicle on the road today," says *USNews.com*. Whatever the need, Freestyle quickly adapts.

Fold And Fill

To make Freestyle's 3rd-row bench seat or available 50/50 split bench disappear, just fold the seats forward (1), pull them back (2) toward the rear of the vehicle, and fold them into the floor (3). Then, fill Freestyle with gear.

Best-In-Class Storage

Along with room for up to 7, open the liftgate to fill a best-in-class cargo capacity of 20.2 cu. ft.* behind the 3rd-row seat.

*Including seat well (5.0 cu. ft.).

Store More

Cupholders in the front console, 2nd-row center console (with bucket seats) and 3rd-row trim panels keep beverages close, while bins in all 4 doors feature storage pockets and a molded-in beverage holder.

DO MORE AND GO FARTHER

Carry up to 7 people. Move items up to 10' long. And accelerate faster than vehicles with more horsepower.* That's the marvel of Ford Freestyle. By pairing the torque-laden power of its 3.0L Duratec 30 V6 engine with a Continuously Variable Transmission (CVT), every ounce of power works to your fullest advantage. With this advanced powertrain, you'll enjoy best-in-class fuel economy,** smooth power delivery and responsive acceleration. In fact, in 0-60 testing, the 203-hp Ford Freestyle accelerates faster (8.65 seconds) than the 250-hp Chrysler Pacifica Touring AWD (9.57 seconds), in spite of the Pacifica's larger engine and higher horsepower. Because Freestyle's CVT continuously finds the best horsepower and torque output, 203 hp and 207 lb.-ft. of torque have never felt this good.

*Based on AMCI-Certified testing of 2005 Ford Freestyle Limited AWD, 2004 Chrysler Pacifica Touring AWD and 2004 Toyota Highlander Limited 4x4 V6.

**Based on combined average fuel economy.

Smooth Power

An intricate steel-link belt (above) connects the 2 variable-size, high-strength steel-alloy pulleys in Freestyle's CVT. One pulley handles input from the engine while the other sends it to the drive wheels. The effective size of the 2 pulleys is continuously varied to keep your engine in its most efficient range – wrapping improved power feel and impressive fuel economy into a smooth, velvet-like ride.

Immediate Response

Under normal conditions, Freestyle's available All-Wheel Drive (AWD) operates in front-wheel-drive mode. But as soon as wheel slip is detected, AWD delivers power to the wheels with the most traction. It can also direct power side to side on each axle, thanks to Traction Control — allowing you to continue forward even if only one wheel has grip.

FREESTYLE RATES 5 STAR.

Innovative safety leadership defines Ford Freestyle. While certain structural areas are strengthened to resist intrusion, others are designed to collapse, absorb or channel crash energy away from occupants. It's no surprise then that Freestyle has earned the government's highest 5-Star crash test safety rating in 4 categories (driver frontal impact, passenger frontal impact, front-seat side impact and rear-seat side impact), without front-seat side airbags. Of course, you can also get front-seat side airbags – included in Freestyle's available safety packages – for added peace of mind.

Customized Protection

On every 2006 Ford Freestyle, the Personal Safety System® and Front-Passenger Sensing System enhance protection for both the driver and front passenger. Utilizing a network of smart sensors, the deployment level of the dual-stage front airbags is based on several criteria: whether a front passenger is present and his/her weight range; the position of the driver's seat; whether the front safety belts are in use; and the overall severity of the crash. These details help the systems deploy the front airbags in just the right manner, at just the right time. Just more evidence of our commitment to delivering vehicles that can truly improve your life.

A Cushioning Curtain

Ford Freestyle is the only vehicle in its class to offer the available Safety Canopy™ System with an exclusive rollover sensor. Front-seat side airbags offer enhanced chest protection, while side-curtain airbags (that inflate to a thickness of about 4 inches) cover the side windows on all 3 rows of seats for enhanced head protection for outboard occupants. If a rollover is starting or a side-impact collision is under way, sensors determine within milliseconds which of the airbags to deploy. In side-impact and rollover protection, Freestyle confidently leads the way.

New-Vehicle Limited Warranty

We want your Ford Freestyle ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Having a physical disability doesn't mean life can't be rewarding. In fact, for many thousands of Ford Motor Company customers, **Ford Mobility Motoring** has meant their lives can also be easier and more fulfilling. To request an

information kit, learn about the Ford Mobility Motoring Process, and hear what customers say about the freedom and independence that adapted vehicles provide them, visit www.mobilitymotoring.com.

Choose the insurance program that's designed for your vehicle – Ford Motor Company Insurance Services. Our program helps you receive the rates and service you deserve. Call 1-877-367-3847 or visit us at www.fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

For a purchase or lease, the Ford **Extended Service Plan (ESP)** gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP backed by Ford Motor Company and honored at all Ford dealerships.

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at www.fordcredit.com.

Designed for your vehicle by the company that built your vehicle, Genuine Ford Accessories provides many choices, professional dealer installation, and strong warranty protection. Discover the quality difference of Genuine Ford Accessories. See dealer for limited warranty details.
