The Most Fuel-Efficient
MIDSIZE SEDAN IN AMERICA: 3

3EPA-estimated 23 mpg city/34 hwy., combined 27 mpg, Fusion S I-4 automatic; 41 mpg city/36 hwy., Fusion Hybrid. Actual mileage will vary. Midsize class per R. L. Polk.
SI ZZLING 6-SPEEDS.
Manual or automatic – it’s time to shift your state of mind. Take the new 6-speed manual for a spirited drive. Pair the smooth-shifting 6-speed automatic with the 2.5L I-4 engine for max mileage. Or let the new 6-speed SelectShift Automatic™ choose the optimal gear for any situation – while giving you the power to shift for yourself whenever you want. It’s the best of both worlds.

ALL THE RIGHT MOVES.
The choice is yours. Get up to a best-in-class¹ 34 mpg hwy. with the new 2.5L I-4 engine and automatic transmission on Fusion S. Keep your refueling options open with the available 240-hp 3.0L V6 Flex Fuel engine (runs on E85, gasoline or any blend of the 2). Or blast off in Fusion Sport with its new 263-hp 3.5L V6 supplying 249 lb.-ft. of torque for a road-grabbing, heart-pounding good time. Thinking hybrid power is more your style? Go green with the fun-loving Fusion Hybrid.

TIGHT RIDE. SERIOUS TRACTION.
Every Fusion starts with an independent double-wishbone suspension up front and a multilink twist-blade setup in back. AdvanceTrac® electronic stability control (ESC) is also standard. Combine it with available All-Wheel Drive and Fusion keeps moving – through the nastiest of challenges – even if only one wheel has traction. You’ll be there in time to get the party started. No worries.

¹EPA-estimated 23 mpg city/34 hwy., combined 27 mpg, Fusion S I-4 automatic; 41 mpg city/36 hwy., Fusion Hybrid. Actual mileage will vary. Midsize class per R. L. Polk.
The all-new Fusion Hybrid really gets up and goes. And it does it ultra-efficiently by operating at speeds of up to **47 MPH IN PURE ELECTRIC MODE** - that's more than any other hybrid on the planet. Beyond 47 mph, the system engages its new 2.5L I-4 Atkinson-cycle engine to work with the electric traction motor, the electronically controlled Continuously Variable Transmission, and the 275-volt sealed nickel-metal-hydride (NiMH) battery pack, powering Fusion Hybrid with up to **191 NET HP**. Regenerative Braking helps keep the battery pack charged. Inside, our exclusive sustainable cloth-trimmed seats are created with the help of **85% POST-INDUSTRIAL RECYCLED MATERIALS**. Plus, Fusion Hybrid meets California's strict Advanced Technology Partial Zero Emissions Vehicle (AT-PZEV) requirements. So you can breathe easy while getting up to **41 MPG** in the city. Drive on.

---

1Based on EPA-estimated 41 mpg city, 17.5-gallon tank. Actual mileage will vary. 2AT-PZEV is a rating approved by the California Air Resources Board. Vehicles sold in federally regulated states meet the Environmental Protection Agency’s Tier 2/Bin (3) emissions standards.

GROWS LEAVES SO YOU CAN
Get Your Game On.

4 DISPLAY MODES EVOLVE WITH YOU.
Our exclusive new SmartGauge™ with EcoGuide features 2 dramatic 4.3" LCD screens flanking the luminous speedometer in Fusion Hybrid. Choose your level of info by setting the display to “Inform,” “Enlighten,” “Engage” or “Empower” yourself. Steering wheel-mounted controls make it easy to explore and change up.

EFFICIENCY FOREST REWARDS YOU.
Fusion Hybrid is the first in its class¹ to grow leaves. Drive efficiently: watch your forest grow. Stomp on the gas: see it fade. More leaves = more mpg. This green motivator inspires during any of the 4 display modes.

CUSTOMIZABLE GAUGES INFORM YOU.
A built-in tutorial takes you through the 4 display modes, explaining your options within each. Set your efficiency gauge style, choice of 3 languages, units of measurement and more.

¹Midsize Sedan class.
Get ready to throw down with 263 HP. Fusion Sport backs its bold attitude with an intense new 3.5L V6 engine and our smart new 6-speed SELECTSHIFT AUTOMATIC transmission. With SelectShift, you can fly through the gears yourself, or leave the fun to Fusion. The taut ride, sharp cornering and road-grabbing skills are courtesy of its modified SPORT-TUNED SUSPENSION. All-season tires and muscular 18" WHEELS transfer power to the pavement. And the ATHLETE'S STANCE? No training required. Every Sport hits the street with aggressive front-end styling, sweet rocker moldings, gleaming chrome accents, dual chrome exhaust tips, and a sporty decklid spoiler. Inside, you'll find dynamic leather-trimmed seats with 8-way power for the driver. Colorful accents or sleek monotone with contrast stitching: it's up to you. There are no wrong turns in Fusion Sport.
FUSION + HYBRID

Our available Ford SYNC system, developed in association with Microsoft, works with your paired Bluetooth-enabled mobile phone and your digital media player or thumb drive to make calls, play music and more – all with the touch of a button or a simple voice command.

The latest version of SYNC also features these convenient Driver Services:
- 911 Assist
- Vehicle Health Reports
- Up-to-the-minute weather
- Traffic alerts
- Turn-by-turn directions
- Business searches
- Personalized business, sports and entertainment news, and more

With 911 Assist, the system can make an emergency call from your phone if any airbag has deployed. And, unlike other systems that send you to a call center first, SYNC connects you directly to a 911 operator. For all the latest details, visit SyncMyRide.com.
It’s a fact. Ford Fusion is in a dead heat with Camry, Accord and Altima when it comes to quality.\textsuperscript{1} On style: it’s clearly beyond compare. As evidenced by its PRECISELY HONED INTERIOR, Fusion is always ready to impress. Set yours aglow with available AMBIENT LIGHTING and choose from 7 hues to match your shoes, your tattoos or whatever you like.

Fusion is the first midsize sedan in America to offer the awesome experience of a certified SONY® AUDIO SYSTEM. We’re talking the very latest processing technology – Dolby® Automotive Entertainment Program (DAEP) 5.1 Surround Sound – bringing the home-theater performance of Dolby Pro Logic® II right into your Fusion. Imagine the rush as 390 WATTS of continuous power make their way through 2 AMPLIFIERS and 12 SPEAKERS straight to your brain. Available exclusively with the Moon & Tune Package.

\textsuperscript{1}Based on cumulative survey data of 2008 MY Ford and competitive owners at 3 months of service among vehicles registered between 9/07-5/08.
Building on its status as a 2009 IIHS “TOP SAFETY PICK,” Fusion has more standard safety features than ever for 2010. Brake-Actuated TRACTION CONTROL joins our standard AdvanceTrac® ELECTRONIC STABILITY CONTROL (ESC) to help you stay on track. According to a National Highway Traffic Safety Administration (NHTSA) study, ESC reduced single-vehicle passenger car crashes by 35% compared to similar models without the technology. Of course, you’ll also find 6 airbags standard on every Fusion, plus a unique new knee airbag for Fusion Hybrid drivers. The new SOS POST-CRASH ALERT SYSTEM™ flashes Fusion’s hazard lights and sounds the horn to attract help after an airbag has deployed or a safety belt pretensioner has activated in certain collisions. Fusion’s got you covered. All around.

Every Fusion gets 6 AIRBAGS® standard, including the DUAL-STAGE FRONT airbags in our Personal Safety System®, FRONT-SEAT SIDE airbags, and 2-ROW SIDE-CURTAIN airbags.

Protects BETTER THAN EVER.

Always wear your safety belt and secure children in the rear seat. Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. U.S. Dept. of Transportation study, Sept. 2004 (www.nhtsa.gov). SOS hardware may become damaged or the battery may lose power during a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner. Fusion Hybrid has yet to be tested. Star ratings are part of the U.S. Department of Transportation’s Safercar.gov program (www.safercar.gov).

MANEUVERS Smarter THAN EVER.

REAR VIEW CAMERA SHOWS YOU WHAT’S BACK THERE.

For visual assistance, a new Rear View Camera is available as part of the Driver’s Vision Package and the Electronics Package. It puts a full-color image in the rearview mirror (on models without Navigation), or on the 8” screen of the available Navigation System. The available Reverse Sensing System sounds a warning to alert you of certain objects behind the vehicle as you slowly back up.

BLIS® WITH CROSS TRAFFIC ALERT WARNS YOU WITH SIGHT AND SOUND.

Fusion is the only vehicle in its class¹ to offer the available new BLIS (Blind Spot Information System) with Cross Traffic Alert. When BLIS detects a vehicle in your blind spot, it flashes an amber light in your sideview mirror. Cross Traffic Alert sounds a warning when it detects a vehicle approaching either side of Fusion while you’re slowly moving in Reverse.

¹Midsize Sedan class.
Spoils You WITH TECH TREATS.

Every Fusion is WELL-EQUIPPED on the technical front with a remote keyless-entry system, an anti-theft perimeter alarm, speed-sensitive windshield wipers, power-adjustable sideview mirrors, and even a Tire Pressure Monitoring System, all standard. Inside, you’ll find the CONVENIENCE of standard power door locks and windows with a one-touch-up/-down driver-window feature, a message center with trip computer, an audio input jack, and much more. Of course, you’ve also got lots of options to make Fusion UNIQUELY YOURS.
