The New 2011 Fusion+Hybrid

It's no wonder Motor Trend magazine praised "the Fusion's combination of performance, comfort, fuel efficiency, and technology." Fusion continues to deliver on all fronts for 2011. Choose from the ultra-efficient 41-city-mpg Fusion Hybrid, the exhilarating 263-hp Sport, and the well-appointed, fun-to-drive S, SE and SEL models. Available Ford SYNC – our award-winning, voice-activated, in-vehicle connectivity system – keeps you in touch, informed and entertained. The available new Luxury Package features 17-in. polished aluminum wheels and 2 leather-trimmed interior choices to expand your style possibilities. There's never been a better time to drive a Fusion.

I-4, V6 and AWD Options
Give You All the Right Moves.

Pair the standard 2.5L I-4 engine with the 6-speed manual for a spirited drive. Get up to 33 mpg hwy with the I-4 and a smooth-shifting 6-speed automatic transmission. Or go for the available 240-hp 3.0L V6 Flex Fuel engine to keep your refueling options open – it runs on E85, gasoline or any blend of the two. The V6 is mated to a 6-speed SelectShift Automatic™ that chooses the optimal gear for any situation, while giving you the power to shift for yourself whenever you want. It’s the best of both worlds.

Every Fusion starts with an independent double-wishbone suspension up front and a multilink twist-blade setup in back. AdvanceTrac® electronic stability control is also standard. Combine it with available intelligent all-wheel drive and Fusion keeps moving – through the nastiest of challenges – even if only one wheel has traction.

*EPA-estimated 23 city/33 hwy/26 combined mpg for 2.5L I-4 automatic with FWD.
Fusion Sport
Grabs Attention. Holds the Road.

263 horsepower plus 249 lb.-ft. of torque adds up to a whole lotta grins. Fusion Sport backs its bold attitude with an intense 3.5L V6 engine and our smart 6-speed SelectShift Automatic™ transmission. With SelectShift, you can fly through the gears yourself, or leave the fun to Fusion. The taut ride, sharp cornering and road-grabbing skills are courtesy of its modified performance-tuned suspension. All-season tires and 18-in. 5-spoke wheels transfer power to the pavement.

And the athlete’s stance? No training required. Every Fusion Sport hits the street with aggressive front-end styling, sweet rocker moldings, gleaming chrome accents, dual chrome exhaust tips, and a muscular decklid spoiler. Inside: dynamic leather-trimmed seats with new 10-way power for the driver. Colorful accents or sleek monotone with contrast stitching. It’s your call.
The Competition Can’t Beat
Fusion Quality.

It’s a fact. Ford Fusion can’t be beaten by Camry, Accord or Altima when it comes to quality.¹ On style: it’s clearly beyond compare. As evidenced by its precisely honed interior, Fusion is always ready to impress. Set yours aglow with available **ambient lighting** and choose from 7 hues that change whenever you like. Another entertaining technology: **HD Radio™** is optional for 2011. Paired with the available Navigation System, it’s the digital evolution of AM and FM radio, offering new features like crystal-clear sound, new local FM channels, on-screen information and much more.

¹Based on RDA Group’s GQRS cumulative survey at 3 months of service in 3 surveys of 2009 MY Ford and competitive owners conducted 9/08–5/09.
Brighten Your Perspective with Cutting-Edge Technologies.

SYNC. Say the word. Voice-activated Ford SYNC® is an award-winning, available system that works with your paired Bluetooth®-enabled mobile phone and your digital media player. It provides hands-free calling, plays music, delivers Vehicle Health Reports and 911 Assist™. With the touch of a button and voice commands, SYNC with Traffic, Directions and Information services provides turn-by-turn directions, personalized traffic alerts and more. SyncMyRide.com has the latest details.

The available Navigation System (shown) features a vibrant 8-in. LCD touch screen and colorful maps that you can zoom and scroll. This system plays DVDs while Fusion is in Park and provides nearly 10 gigs of photo and music storage space. It also includes an introductory 6-month subscription to Sirius Traffic™ and Sirius Travel Link™ which provides fuel prices, weather reports, movie listings, sports scores and more. All this, in addition to over 130 channels of Sirius® Satellite Radio.

*Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Traffic alerts and turn-by-turn directions available in select markets. Standard text messaging and data rates apply. *Some features unavailable while driving. Subscription required after introductory 6 months expire.
These days, efficiency is the name of the game. And Fusion Hybrid is the star player – operating at speeds of up to 47 mph in pure electric mode. It also utilizes a 2.5L I-4 Atkinson-cycle engine to help deliver as much as 191 net horsepower. Regenerative braking helps keep the battery pack charged along the way, so you can score up to 41 mpg city.¹

Another reward for driving efficiently: you can literally see your efficiency forest grow. More leaves = more mpg. If you stomp on the gas, you'll see your forest fade. This green motivator can be set to inspire in any display mode. With it, Fusion Hybrid has become the first in its class to grow leaves.

¹EPA-estimated 41 mpg city. 17.5-gallon tank. Actual mileage will vary.
Fusion is the only vehicle in its class to offer the available radar-based BLIS® (Blind Spot Information System) with cross-traffic alert. When BLIS detects a vehicle in your blind spot, a warning light appears in your sideview mirror. When cross-traffic alert detects a vehicle behind you while you’re slowly backing up, it sends an audible warning, a message center alert, and a visual display in the corresponding mirror.

Class is Midsize Sedans.

For even more visual assistance, a rear view camera joins BLIS with cross-traffic alert and new rain-sensing windshield wipers in the available Driver’s Vision Package. Just shift into reverse, and a full-color image from the camera is displayed on the available Navigation System’s 8-in. screen (when equipped) or in your rearview mirror.

*Class is Midsize Sedans.

Surround Yourself with Peace of Mind.

Standard AdvanceTrac® electronic stability control (ESC) with brake-actuated traction control helps you stay on track. According to a National Highway Traffic Safety Administration (NHTSA) ruling, ESC reduced single-vehicle passenger car crashes by 34% compared to similar models without the technology. Available intelligent all-wheel drive (AWD) works in all kinds of weather – providing greater handling finesse even on dry pavement – and helps keep Fusion moving even if only one wheel has traction.

1Based on 2010 model year ratings. 2011 model year to be tested. Star ratings are part of the U.S. Department of Transportation’s SaferCar.gov program (www.safercar.gov). 2Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. 3U.S. Dept. of Transportation/Final Rule (www.nhtsa.gov).
Standard Features

Mechanical
Front-wheel drive (FWD)
- 4-wheel disc Anti-Lock Brake System (ABS)
- Easy Fuel® capless fuel filler

New Vehicle Limited Warranty. We want your Ford Fusion or Fusion Hybrid ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000- mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Fusion Hybrid is also covered by an 8-year/100,000-mile Hybrid Limited Warranty.° Please ask your Ford Dealer for a copy of these limited warranties.

°10-year/150,000-mile Hybrid Battery Limited Warranty in California, Connecticut, Maine, Massachusetts, New Jersey, New York, Rhode Island and Vermont. See dealer for details.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.
