Captivating.
By design.

Click to see how Fusion makes every drive dynamic.

Inspiring. From every angle.

Tour the Fusion gallery

Award-winning design graces every 2015 Ford Fusion. From the elegant grille to radiant LED taillamps, its sculpted lines and swept-back silhouette prove irresistible to the eye. Inside, a high degree of craftsmanship extends even to the lighted, lined and lockable glove compartment.

Fusion empowers you in sophisticated style. The power of choice is expressed in gas, hybrid and plug-in hybrid powertrains, letting you choose what best fits your active lifestyle. An advanced array of driver-assist technologies offers additional convenience.

Gasoline power.
A standard 2.5L gasoline engine powers Fusion. To enhance both performance and efficiency, 2 EcoBoost® engines are available. The choice is yours.

Hybrid efficiency.
Fusion Hybrid is powered by a combination electric motor and 2.0L Atkinson-cycle gasoline engine. While driving, its state-of-the-art lithium-ion battery is recharged by the engine and regenerative braking.

Plug-in flexibility.
Utilizing the same powertrain as Fusion Hybrid, Fusion Energi Plug-In Hybrid gives you the additional option of plugging in or not. Its LED-illuminated charge port lets you know when charging is complete.

1Available feature.
**Motivating. With powerful gas choices.**

Equip your gasoline-powered Fusion model with a standard 2.5L IVCT engine or one of 2 EcoBoost® turbocharged, direct-injection powerplants.¹

*With robust low-end torque* and virtually no turbo lag, EcoBoost technology squeezes maximum power from each drop of fuel. Along with impressive efficiency. Get 181 hp² from the 1.5L EcoBoost¹ with 6-speed SelectShift® automatic transmission and Auto Start-Stop,¹ plus an EPA-estimated rating of 37 mpg hwy.³

*For performance-minded drivers.* a 240-hp² 2.0L EcoBoost¹ teams with a SelectShift automatic¹ whose 6 speeds can be paddle shifted from the steering wheel. With Fusion, the choice is always yours. As you accelerate through corners, Torque Vectoring Control (standard on all models) enhances your hold on any road.

¹Available feature. ²Using 93-octane fuel. ³EPA-estimated rating: 25 city/37 hwy/29 combined mpg. 1.5L EcoBoost automatic with Auto Start-Stop. Actual mileage will vary.
Efficient.¹
With state-of-the-art hybrid technology.

Using both gas and electric power, Fusion Hybrid delivers exceptional ride and handling as it seamlessly switches between its electric traction motor and 2.0L Atkinson-cycle gasoline I-4 engine to help maximize fuel efficiency. In fact, it can operate in electric mode at speeds up to 85 mph, due to a state-of-the-art lithium-ion battery that powers the electric traction motor.

To drive more effectively, vibrant “Efficiency Leaves” grow on the Fusion Hybrid SmartGauge® with EcoGuide instrument cluster. The higher your driving efficiency, the more lush your green leaves – giving you instant feedback.

Recharging the battery as you drive, the Regenerative Braking System captures over 90% of the brake energy and uses it to help maximize your mileage. Even when braking, you’re moving forward in Fusion Hybrid.

¹EPA-estimated rating: 44 city/41 hwy/42 combined mpg. Hybrid. Actual mileage will vary.
Flexible.
With the option to plug in.

Or not. With a higher-capacity, state-of-the-art lithium-ion battery and 2.0L Atkinson-cycle gasoline engine, Fusion Energi Plug-In Hybrid gives you the additional option of plugging in. While you drive, it decides whether to run on battery power or to turn on its gas engine as needed.

An EPA-estimated 95 city MPGe, a gas-plus-electric driving range of 550 miles, and an all-electric driving range of 19 miles? Fusion Energi may run all-electric and use no gasoline at all on short commutes – even while cruising at highway speeds.

Recharge at home in about 7 hours using its LED-illuminated charge port (shown below) and the standard 120V convenience charge cord. Shorten that time to about 2.5 hours using a Ford-recommended AeroVironment™ 240V home charging station. This UL-listed, weather-resistant portable charging station is easy to take with you if you decide to relocate. A hard-wired station is also available for your convenience.

Easily monitor and schedule charging at home or at one of the growing number of public charging stations near you, with our MyFord® Mobile app* (shown below) and website (myfordmobile.com). Both feature a charging station locator powered by PlugShare®.

Discover plug-in flexibility

Flexible.
With the option to plug in.

1EPA-estimated rating of 95 city/81 hwy/88 combined MPGe. Actual mileage will vary. MPGe is the EPA equivalent measure of gasoline fuel efficiency for electric mode operation. 2EPA-estimated rating of 40 city/36 hwy/38 combined mpg, 14.0-gallon fuel tank, 19 miles electric. Range calculation based on www.fueleconomy.gov. Actual range varies with conditions such as external elements, driving behaviors, vehicle maintenance and lithium-ion battery age. 3Available feature. To begin the process, call 1-888-219-6747 or visit evsolutions.com/ford. Charging stations are available with or without full installation services by AeroVironment. 4MyFord Mobile subscription complimentary for 5 years from the vehicle sale date as recorded by the dealer. Subscription fees apply after 5 years. MyFord Mobile requires a compatible 2G independent cellular network. Evolving technology and cellular networks may affect future availability and functionality.

Gratifying. Enjoy its finely crafted comforts.

Relax in supportive, leather-trimmed, 10-way power, heated front seats! Recharge your devices with a convenient 110-volt power outlet! And enjoy the output from a well-balanced, 12-speaker Audio System from Sony,** as well as the peace from acoustic underbody shields and sound-absorption material. Setting the ambient lighting† to your choice of 7 hues brings it all together.

A new Terracotta Package adds beauty with Terracotta-colored premium leather-trimmed seats and more. See details in the Specifications section.

Your sense of responsibility is also satisfied inside Fusion. Nearly 40 recycled 16-oz. plastic bottles go into the EcoCloth seats on select models, while recycled material is used for the injection-molded splash shields and other underbody components.

SE. Dune leather trim. Luxury Package. Available equipment.

†Available feature.

Responsive. Just say a command.

Then get connected. Standard voice-activated Ford SYNC® with 911 Assist® delivers hands-free calls, Bluetooth®-streaming music and more. Once paired, it can download contacts and play music from your smartphone. It can also access your MP3 player, USB or iPod.® Just touch a button on the steering wheel and say things like “Call: Ashley at home” or “Play playlist: Rock.”

Control apps by voice too, such as Pandora,® iHeartAuto,™ SiriusXM® and more with SYNC AppLink™ (on select models).

To better connect with friends, family, directions and more, sound absorption material in Fusion helps keep noise to a minimum, while active noise cancellation in Fusion Hybrid and Fusion Energi uses the audio system to minimize road noise. SYNC. Say the word.

®

Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Not all features are compatible with all phones.® Available feature. SYNC AppLink is available on select models and compatible with select smartphone platforms. SYNC AppLink is not compatible with MyFord Touch.® Commands may vary by phone and AppLink software.
Interactive. With quick response.

The 8” color LCD touch screen on SYNC® with MyFord Touch® can help you on every drive.

**Answer a call** from your paired phone by pressing “Accept” on the screen. Hear a new favorite tune over the radio? With HD Radio™ Technology and iTunes® tagging, simply touch the TAG shopping cart icon when the song is playing to mark it for purchase later.

**SiriusXM®** lets you enjoy commercial-free music, plus sports, news, entertainment, and every premium channel with your 6-month All Access trial subscription. The voice-activated Navigation System also includes a 5-year subscription to SiriusXM Traffic and Travel Link® services. These features provide detailed traffic information on accidents, construction and road closures, plus local and national weather forecasts, fuel prices and more.

*Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Available feature. Trial subscription also includes access to SiriusXM Internet Radio on your computer, smartphone or tablet. Satellite and Internet Radio lineups vary slightly.
Advanced. To help locate your sweet spot.

Fusion can help in traffic, with parallel parking and more.

**Maintain your lane** with help from our Lane-Keeping System. It can detect lane markings with a forward-facing camera and send vibration pulses to the steering wheel. If needed, it can apply steering torque to prompt you to steer back toward center.

**Make parallel parking easier** with active park assist. This system not only helps you find a spot, it actually steers the vehicle into place while you control the gear shifter, and brake and accelerator pedals.

**Get a heads-up** from adaptive cruise control and collision warning with brake support. This system helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and preps the braking system to help.

**Stay alert to traffic detected in blind spots** as you drive forward, or traffic nearing either side of the vehicle as you slowly back up, thanks to BLIS® (Blind Spot Information System) with cross-traffic alert. It helps warn you using lights embedded in the sideview mirrors.

---

1 Available feature. Driver-assist features are supplemental and do not replace the driver's judgment.
2 Lane-Keeping System does not control steering. BLIS replaces standard integrated blind spot mirrors.
Stable. When it’s needed most.

Rest assured that Fusion is engineered to bring stability to your journey. Its achievements include both the government’s highest possible safety rating and the highest possible safety rating from the Insurance Institute for Highway Safety (IIHS) when equipped with available collision warning with brake support.

8 standard airbags join inflatable 2nd-row safety belts1 (in the rear outboard seating positions) inside. Underneath, AdvanceTrac® electronic stability control2 helps keep things stable, particularly in inclement weather. And Intelligent all-wheel drive (AWD)1 balances torque between the front and rear wheels to enhance handling and maximize traction, typically before wheelslip can even occur.

1Available feature. 2Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. 3Ratings based on Overall and Frontal Crash tests. Government 5-star Safety Ratings are part of the U.S. Department of Transportation's New Car Assessment Program (www.safercar.gov).

¹Ford Licensed Accessory. ²Available on Fusion and Fusion Hybrid only. ³Available on Fusion Energi only.
New Vehicle Limited Warranty. We want your Ford Fusion ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage—all with no deductible. Fusion unique electric components are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 100,000 miles, whichever occurs first. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you peace-of-mind protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships.

Ford Original Accessories will be warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

Comparisons based on competitive models (Fusion class is Midsize Sedans; Fusion Hybrid class is Midsize Hybrid Sedans; Fusion Energi class is Midsize Plug-In Hybrid Sedans), publicly available information and Ford certification data at time of release. Vehicles may be shown with optional equipment. Features may be offered only in combination with other options or subject to additional ordering requirements/limitations. Dimensions shown may vary due to optional features and/or production variability. Information is provided on an “as is” basis and could include technical, typographical or other errors. Ford makes no warranties, representations, or guarantees of any kind, express or implied, including but not limited to, accuracy, currency, or completeness, the operation of the information, materials, content, availability, and products. Ford reserves the right to change product specifications, pricing and equipment at any time without incurring obligations. Your Ford Dealer is the best source of the most up-to-date information on Ford vehicles.
