The New 2011 Mustang – Presented by Ford Motor Company

New aluminum engines scream higher, more intense performance – for V6, GT, Shelby GT500. The most powerful production models ever. All now armed with six speeds. Unsurpassed efficiency. And quality that tops the charts. Mustang is the “Highest-Ranked Midsize Sporty Car in Initial Quality” in 2010 – according to J.D. Power and Associates. In a choice of coupe, convertible or glass roof. No excuses: This is the year of your Mustang.

1EPA-estimated 31 mpg hwy for V6 Coupe with automatic transmission, and 26 mpg hwy for GT with manual transmission. 2The 2010 Ford Mustang received the lowest number of problems per 100 vehicles among midsize sporty cars in the proprietary J.D. Power and Associates 2010 Initial Quality Study. Study based on responses from 82,095 new-vehicle owners, measuring 236 models and measures opinions after 90 days of ownership. Proprietary study results are based on experiences and perceptions of owners surveyed in February–May 2010. Your experiences may vary. Visit jdpower.com.
Can't touch this new Mustang V6. 305 horses and a class-best\(^2\) 31 mpg hwy.\(^1\) No other vehicle beats that combo.\(^3\) The all-new, all-aluminum 3.7L engine boasts dual-overhead cams and Ti-VCT. Twin independent variable camshaft timing. Translation: maximum off-the-line acceleration. New six-speed control in the palm of your hand. The X-pipe dual exhaust is new too. Its bright 3.5-in. tips howl out a deep, rich tone – unique to V6. Especially at full tilt. Take that excitement to the next level. Go for the all-new Performance Package\(^4\) or Mustang Club of America Edition. Yet more reasons why Mustang is America's favorite sports car.\(^5\)

\(^2\)Based on total sales for calendar year 2009. \(^3\)EPA-estimated 19 city/31 hwy/23 combined mpg, V6 Coupe with automatic transmission. \(^4\)Class is Sports Cars vs. 2010/2011 competitors. \(^5\)Versus 2009/2010 models. \(^6\)Available Summer 2010. \(^7\)Available.
The wait is over. Mustang GT pounds pavement with an advanced, all-new take on the 5.0L V8. Mod 5.0 graphics debuted on the hood scoop of a 1978 Mustang II King Cobra. The actual 5.0 badge of honor made its first appearance the following model year. Creating a loyal legion of fans in the process. 1995 models – cresting at 240 hp – were last to flaunt the hi-po 5.0. Until now. Output reverberates with an astounding 412 hp and 390 lb.-ft. of torque. This baby kicks and Screams like the day it was born. Only way stronger.

The All-New, All-Powerful 5.0L V8 ■ Aluminum cylinder block with optimized bay-to-bay breathing ■ Aluminum, hi-flow four-valve-per-cylinder heads lend volumetric efficiency ■ Torque-actuated Ti-VCT (twin independent variable camshaft timing) adjusts valvetrain intake in microseconds ■ Dual-overhead-cam compact Roller-Finger Followers configured for aggressive cam-lift rates ■ Unique tubular exhaust headers maximize pulse separation ■ Forged-steel crankshaft is fully counterweighted ■ Nodular iron, cross-bolted main bearing caps contain up sized bolts ■ Deep- sump stamped steel oil pan sustains a high-range rpm

*Figures achieved using premium unleaded fuel.
Mustang GT tops any enthusiast’s wish list.
The all-new 5.0L V8 raises desire tenfold.
Especially its pulse-popping, 82-hp-per-liter force. Redline pushed to 7,000 rpm.

The New Mustang GT and GT Premium

■ Unique front end cheats the wind to help create a low drag coefficient and reduced aerodynamic lift
■ Wide-spoke 18-in. wheels
■ Bright rolled 3.5-in. tips on H-pipe dual exhaust
■ Signature, throaty V8 rumble is specially piped into cabin
■ New rear lower control arms
■ New skip shift for manual transmission
■ Fog lamps housed in grille, on either side of exclusive-to-GT dark-chrome Pony
■ All-new California Special Edition* with chrome billet-style grille, unique lower fascias, exclusive 19-in. wheels, side scoops, GT/CS stripes, pedestal rear spoiler and unique interior accents
■ All-new Brembo® Brake Package* with unique 19-in. wheels and electronic stability control tuning

Venomous like never before. The added potency of an all-new, cast-aluminium engine block. Plus the optional aggressiveness of an SVT (Special Vehicle Team) Performance Package: unique wheels, tires, stripes, spoiler, shifter and handling. Racing icon Carroll Shelby provided the inspiration. Ford SVT speed gurus fine-tuned this track-ready dream car. Shelby GT500™ is the pride of all who collect it. And the envy of any who chance to dare it.

**GT500®**

@ **550 HP**

**The Newest Shelby GT500**
- Intercooled 5.4L four-valve DOHC V8 with a supercharged 9.0 psi of boost
- 510 lb.-ft. torque
- 3.55 gear ratio (3.73 available)
- Shelby thunder courtesy of H-pipe pressure-wave tuning
- SVT-optimized suspension
- Goodyear® F1 Supercar 19-in. tires on both coupe and convertible
- Wheels milled, both sides
- Heat extractor on unique aluminum hood
- HID headlamps
- Brembo™ front rotors and four-piston calipers
- Unique air splitter up front and strakes in rear
- Exclusive interior w/3D aluminum panels, racing-stripe shifter, plus Alcantara® leather trim on racing-stripe seats and steering wheel
- Electronic power-assisted steering
- Programmable shift indicator
- Exclusive red, white and blue MyColor® for gauges
- Le Mans racing stripes on coupe, convertible and glass roof (which is available for the first time)
Freedom of expression taken to a big-time, baddest extreme. Just the ticket for those who want to see and be seen. Go open-air convertible — where your wind-in-hair passion knows no bounds. Or go four-season glass roof — where even the weather can’t spoil your 24/7 thrills. Either version available across the board, in V6, GT or GT500® style. Unparalleled variety. Unbelievably fun.
Even within, **awe-inspiring**

Interior allure rivals that of the jaw-dropping exterior. Craftsmanship is nothing less than phenomenal. Premium materials abound. From the seamless, soft-touch instrument panel to the available, genuine aluminum accents. Driver-variable ambient lighting\(^1\) radiates hi-tech prowess, as does MyColor\(^1\) – with literally 125 combinations of hues – allowing you to customize the full complement of gauges. Mustang at its finest.

2011 **MUSTANG**

Nothing **like it**

SYNC® SAY THE WORD

MYKEY® owner controls feature is an industry-first. It allows you to assign separate keys to enforce specific driving restrictions — including top speed and audio volume. Especially helpful when it comes to that hot-shot valet.

REAR VIEW CAMERA is an optional help. Shift into reverse — a full-color image from the spoiler-mounted camera appears in your rearview mirror or on the available navigation screen.

Special OPS

VOICE-ACTIVATED NAVIGATION SYSTEM® WITH SIRIUS TRAVEL LINK®. The 8-in. LCD touch screen displays real-time traffic reports. Weather. Lowest fuel prices. Sports scores. And movie listings. Bonus: This system also has nearly 10 GB of storage space for your photos and music (up to 2,400 songs).

SIRIUS® SATELLITE RADIO® comes with a six-month introductory subscription. Surf more than 130 channels — including 100% commercial-free music. Plus the best of sports, news, talk and entertainment, coast-to-coast.

ALL-NEW SIX-SPEED TRANSMISSION designed for peak performance and efficiency across the powerband. Manual standard. Automatic optional on V6 and GT.

MYKEY® owner controls feature is an industry-first. It allows you to assign separate keys to enforce specific driving restrictions — including top speed and audio volume. Especially helpful when it comes to that hot-shot valet.

REAR VIEW CAMERA is an optional help. Shift into reverse — a full-color image from the spoiler-mounted camera appears in your rearview mirror or on the available navigation screen.

MANAGE THE POWER.
Put the power to the road through Ford Racing’s handling pack and performance-tuned chassis components. With the lowered stance, you’ll look good taming corners or simply cruisin’.

MORE POWER! V6, GT or GT500® Ford Racing has what it takes to pump Mustang’s power output from mild to wild – all with matched components supported by factory-engineered performance calibrations.

MANAGE THE POWER.

WANNA RACE? Ford Racing know-how makes Ford one of a select few vehicle manufacturers that engineers, develops, builds, sells and supports turn-key, race-ready cars – like the 2010 Cobra Jet and Super Cobra Jet.

Ford Mustang is a thoroughbred in every sense of the word. A storied American icon that’s won racing championships since its introduction – defeating both the domestics and exotics along the way. Born to race and bred to win. This competitive spirit is at the core of Mustang, on and off the track.

For those wanting to get even more out of their Mustang, where better to turn than Ford Racing? From performance powertrain calibrations to complete supercharger systems, and handling packs to complete turn-key race cars. Ford Racing is the go-to source for Mustang performance. Buy with confidence: Many packages and parts come with a limited warranty when professionally installed by your Ford Dealer.

For Mustang – true-blue performance parts for your true-blue Mustang.

1 See fordracingparts.com for warranty information and details on all Ford Racing products available for Mustang.

New Vehicle Limited Warranty. We want your Ford Mustang ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Comparisons based on 2010/2011 competitive models (class is Sports Cars), publicly available information and Ford certification data at release of this PDF. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Elements
More tech. Further proof Mustang offers more than muscle.

A | HID HEADLAMPS emit approximately 2½ times as much light as the conventional versions. A special quartz bulb generates a penetrating, bluish-white light.

B | EASY FUEL® CAPLESS FUEL FILLER originated at the race track. Fill-ups are made simpler — no screw-on cap to tighten, loosen or lose. The system self-seals to protect against dust, water, snow and ice.

C | BLIND SPOT MIRRORS are built into each sideview mirror. They’re convex, reflecting the image of approaching vehicles as they enter your blind spots.

D | ADVANCETRAC® electronic stability control keeps you in control. And on track. It works in conjunction with the four-wheel disc ABS and all-speed traction control.

HD RADIO makes for crystal-clear, digital listening. Pumping out FM audio with near-CD quality. And giving AM an FM sound — no static at all. In addition, you get innovative FM programming (new HD2/HD3 channels) along with on-screen data: song, artist, breaking news, weather alerts, sports scores and more. Even better, HD Radio is subscription-free.

BREMBO™ BRAKE PACKAGE includes the high-performance stopping power of 14-in. Brembo vented front rotors. Teamed with Brembo four-piston calipers. Brembo is a world leader for braking systems — be it for street or racing circuit.

*Available. Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
Accessories

Detailed. Tested. Warranted. For enhanced looks. Or enhanced function.
