Introducing the New 2011 Transit Connect

Minivans. SUVs. CUVs. The one-of-a-kind Ford Transit Connect is the right one to replace them all. Available as an XL or XLT Van and as an XLT or new XLT Premium Wagon, it combines the room and versatility of a van with the efficiency of a large car. It’s right-sized and purpose-built to swallow cargo, sip gas¹ and park in tight spaces. And it does it all while conveying a professional image designed to help you stand out in a crowd.

¹Class is Small Cargo Vans. EPA-estimated. ²Ford Licensed Accessory. Visit fordcommercialgraphics.com to develop your selection. See dealer for additional details. Vehicles throughout this catalog may be shown with optional and aftermarket upfit equipment.
Transit Connect is engineered and tested to thrive in conditions that are harder, faster and tougher than most of its drivers will ever see. It's **Built Ford Tough** on a rugged, **commercial vehicle platform**, with over 670,000 sold worldwide since 2003. **Regular maintenance is simple**, and the first spark plug change isn’t due until 90,000 miles. Commercial customers can take advantage of outstanding support from our **Business Preferred Network** – top Ford Dealers who offer special services to businesses like yours.

Transit Connect is certified to **Ford Light Commercial Vehicle Durability Standards** – tested to 150,000 customer-equivalent miles.
- Doors and accompanying hardware were tested over a cycle of door opening and slamming equal to 205 times a day for 2 years
- Parts vibration testing simulated the worst roads to help ensure solid, reliable performance and long parts life
- Prolonged exposure to extreme temperatures across 58 countries has proven its reliability in varying climates
- Wheels, tires, suspension knuckles, springs, shock absorbers and underbody structure were tested for taking on potholes and curbs

**AdvanceTrac® with RSC® (Roll Stability Control™)** is standard on Wagons and available on Vans. It is the only electronic stability control system in the class with a vehicle-roll motion sensor that measures the roll rate 100 times a second. Working with the Anti-Lock Brake System, traction control and yaw control, the system automatically determines how to apply individual brakes and modify engine power to help keep all 4 wheels firmly planted.

*Under normal driving conditions with routine fluid and filter changes.
*Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
Transit Connect Van provides 2 seats up front, a huge cargo box with all-around access, and near-vertical sidewalls so you can make the best use of all that space. Sliding doors on both sides of the van let you load and unload the front half of the cargo area, or help position long items being loaded from the rear. Out back, 50/50 split rear doors swing 180° in standard trim, or available doors on articulated hinges (shown below) swing a full 255°. You’ve got 4 options for the van’s door panels: side- and rear-door glass, single-side door glass, no glass or rear glass only. Inside, an expansive load floor plus low side and rear liftover heights help take the stress out of loading and unloading. Transit Connect is always ready for business.

holds over 129 cu. ft. & up to 1,600 lbs.¹

eases your drive
When activated while you’re slowly backing up or parallel parking, the optional Reverse Sensing System (A) automatically detects certain objects up to 6 ft. behind the vehicle. It beeps more rapidly as you get closer.

Integrated blind spot mirrors (B) are standard on all Vans and Wagons.

When the vehicle is in Reverse, the available rear view camera (C) displays a full-color image and handy sight lines on the rearview mirror.

Optional Ford Work Solutions™ offer full-function computing, telephone, Internet access, Garmin® navigation and more, right inside your vehicle. Learn more at fordworksolutions.com.

¹When properly equipped. Van GVWR is 5,005 lbs. Load rating represents maximum allowable weight of people, cargo and body equipment combined, and is reduced by the weight of the optional equipment. Ford Work Solutions include Ford Licensed Accessories. See dealer for limited warranty details. To avoid distractions, some functions are disabled while vehicle is in motion. Coming late 2010. Sprint subscription and 1-year agreement required.
fits you and a crew

Whether you’re using it for work or play, Transit Connect Wagon is the perfect multitasking partner. There’s plenty of room for 5 with the standard 2nd-row 60/40 split-fold seat. You can carry up to 78.4 cu. ft. of cargo behind it, or up to 118.7 cu. ft. when folded. With the new XLT Premium, you also get a 4-speaker audio system, enhanced rear-cargo area trim including a storage pocket in the door, rear-quarter flip-open windows and more. It all adds up to one very accommodating ride.

New Vehicle Limited Warranty. We want your Ford Transit Connect ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford dealerships.

Business Preferred Network. Each of the select dealerships in our Business Preferred Network (BPN) is committed to providing quality commercial-oriented products, as well as special financing and billing arrangements, to businesses that rely on Ford products. As a BPN customer, your business receives priority service at your BPN dealership, to help get your vehicle back on the road quickly.

Comparisons based on 2010 competitive models (class is Small Cargo Van), publicly available information and Ford certification data at time of release. Some features discussed may be optional. Vehicles throughout this PDF are shown with optional and aftermarket equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions and capacity ratings shown may vary due to optional features and/or production variability. Following release of the PDF, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Ford Dealer is the best source for up-to-date information. Ford Division reserves the right to change product specifications at any time without incurring obligations. Body manufacturers are responsible for compliance certification of the completed vehicle. The Ford New Vehicle Limited Warranty and any government certification made by Ford shall cover only the vehicle as manufactured by Ford and shall not extend to any addition, modification or change of or to the vehicle by the Ford Authorized Pool Account.

If there’s one thing that sets Transit Connect apart, it’s versatility. This becomes even more apparent when it’s upfitted with durable bulkhead partitions and flexible interior storage systems. Contact your local Ford Dealer to learn more about these aftermarket upfits and others to help fulfill your specific needs. When your Transit Connect Van is tailored to you, you’re more productive, and that’s always good business.

Leggett & Platt offers: wire, steel and solid bulkheads; Racks & Bins, QuietFlex® and Cargo Management interior packages; drawer storage cabinets; rooftop ladder racks; utility carriers; and window security screens.

Dejana offers: Katerack® system of heavy-duty pull-out shelves; standard 6-in. and 10-in. shelves; and trade-ready packages for contractors, caterers and florists.

Adrian Steel offers: wire, steel and hybrid bulkheads; Base, Intermediate, Full and Premium interior packages; flexible shelving; cargo dividers; drawer units; and literature holders.

Sortimo offers: wire mesh and solid bulkheads (with and without a window); Cargo Management; Multi-Purpose Double Floor; Courier Services and Multi-Rack Packages; Tufflex Wall Cladding; L-BOXX set; Sliding Platform; Safety Net and a Mobile Tower.

Ship-through upfits shown are installed by Dejana Equipment Company or Commercial Van Interiors.
