

GMC CABALLERO

GMC... A TRUCK YOU CAN LIVE WITH

GMC CABALLERO...

PULLS ITS WEIGHT—BEAUTIFULLY!

Under the distinctive, sleek, aerodynamic exterior and luxurious interior of the 1985 Caballero exists one tough GMC truck—a job-tough powerhouse that can haul a 1250-lb payload (standard) including passengers, equipment, and cargo. The cargo box has a spacious 35.5-cu-ft capacity. And, properly equipped, Caballero can tow up to 6000 lbs, including trailer, cargo, and equipment.

NEW COLORS AND EQUIPMENT FOR '85!

Caballero offers a rainbow choice of twelve gleaming solid-paint exterior colors, nine of them new for '85 (see back cover). New standard stainless steel full wheel covers identify your Caballero as strictly 1985 — they have a brush-finished center with GMC lettering.

New Interior Colors and Fabric. All-new interior colors for '85 are: Blue, Light Green, Saddle, Maroon, and Gray. The standard velour cloth is new for '85.

New 4.3 Liter Vortec V6 Gasoline Engine Standard.

There are plenty of horses and torque in this new electronic fuel-injected V6. It's a big, 262 CID gasoline engine with a high (9.3 to 1) compression ratio. The Vortec V6 also includes an electronic spark control (ESC) that helps prevent spark knock. A 4.3 FUEL INJECTION nameplate is added to the left side of the tailgate when this standard engine is specified.

Improved 5.0 Liter V8. The available V8 gasoline engine now features a new 9.5 to 1 high compression ratio plus the addition of an electronic spark control (ESC) system to help prevent spark knock.

New 56-Amp Delcotron Generator Standard. And, a higher-capacity generator automatically is included when available air conditioning is ordered for your Caballero.

TOUGH CONSTRUCTION

Caballero's cargo box sidewalls and tailgate are of double-wall construction — two rugged panels of steel for structural rigidity. The doors and hood also have double-wall construction.

The tough treatment also includes these extensive anti-corrosion measures: Special rust-resistant steels for body panels Cathodic Elpo-Dip body coating Hot melt wax frame coating Extensive use of sealers, preservatives, and weatherproofing. Acrylic lacquer finish paint is sprayed on for a lustrous surface and baked for a hard finish.

FRONT AND REAR SUSPENSION

All Caballeros have rugged coil-spring suspension front and rear together with a front stabilizer bar. Standard air-adjustable rear shock absorbers can be boosted with service-station air pressure to level the vehicle when carrying heavy loads. The air valve is located inside the fuel filler door. An optional Sport Suspension is available which includes higher-rate springs and upper control arm rear bushings,

Caballero—dramatic truck decor.

increased-diameter front stabilizer bar, and revised shock absorber valving.

STANDARD POWER BRAKES

Front disc and rear drum brakes are power-assisted and self-adjusting. The front disc brakes have low-drag calipers for reduced rolling resistance, plus audible wear sensors.

GM PROTECTION PLAN

An option that offers service protection beyond that provided by GM's new vehicle limited warranty. Available only in the USA and Canada during the 1985 model year. See your dealer for details.

AS PART OF THE GMC NEW VEHICLE LIMITED WARRANTY, PERFORATION FROM CORROSION IS COVERED FOR THREE YEARS. Exhaust system components are not included. See your GMC Dealer for details of other limitations.

GMC COMMITMENT PLUS

To show our appreciation should you decide to purchase an eligible 1985 GMC Light Duty Truck, your dealer will fill your factory-installed fuel tank at time of delivery, and you will receive a Personalized Identification Card to include with your Owner Package. Applies to retail sales only.

... Interiors

Available high-back bucket seats with cloth upholstery

Available floor mounted center console with shift lever, stowage compartment and ash tray

Available 55/45-split bench seat with new-design cloth trim

LUXURIOUS INTERIORS

Bask In Luxury... Inside a Caballero you'll bask in luxury and comfort. The standard interior features a sumptuous notchback 3-passenger bench seat with fold-down center armrest, upholstered in new knit cloth or available vinyl trim. Behind the seat you'll find an open storage space plus a concealed area for luggage and spare tire.

You'll also enjoy full-floor carpeting, padded armrests, door pull straps, dual padded sunshades, and much more—all standard (see page 4). And there's rich-looking simulated leather-grain accent trim on the instrument panel face and steering wheel center area.

A handy multifunction switch on the steering column provides fingertip control of turn signals, headlamp dimmer, windshield wash/wipe, and available automatic speed control.

A Step Beyond Luxury... You can order your Caballero with an available 55/45-split bench seat in new cloth trim or choose the available special pillow-back style CL (Custom Level) split bench seat with custom cloth upholstery. These practical options, with folding armrests, allot 55% of the seat to the passenger side, and permit the driver's seat to be adjusted individually. Or, you can select the ultimate luxury of high-back bucket seats with adjustable seat backs and headrests.

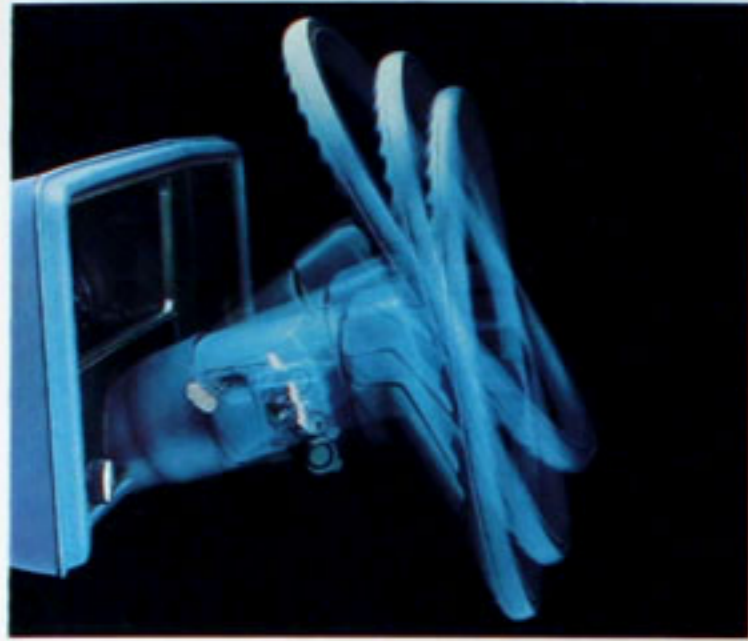

Five New Colors For '85. Standard and available seating is offered in a choice of new Blue, Light Green, Saddle, Maroon, and Gray colors, depending upon the exterior color scheme and/or seat selected. See your GMC Dealer for details.

Prestigious Pickups From GMC

Caballero Amarillo goes everywhere in style.

WHICH CABALLERO IS FOR YOU?

Caballero. The standard Caballero is a sleek, sophisticated tough truck that travels everywhere with pride. Solid-color paint is enhanced by bright accents all around the vehicle such as on the grille, headlamp bezels, rocker panels, wheel openings, and rear license plate pocket. Other standard features are listed on page 4.

Caballero Amarillo. This available package provides a distinctive two-tone paint treatment that features accent color on the roof, upper pickup box sides and tailgate, and lower body sides to enhance the main body color. The package includes bright paint-break moldings on body sides, wheel openings, cargo box, and tailgate. Amarillo identification appears on the tailgate and instrument panel.

Caballero Diablo. Ultra high-style features on this model include a large front air dam, Diablo nameplate on the instrument panel, and black quarter-window moldings. Two-tone paint scheme features an accent color along the lower body sides highlighted by color-keyed vinyl pinstriping for the paint break. Rally wheels with bright trim rings and dual sport mirrors are standard.

Whatever Caballero model you choose, it can be equipped with a variety of available options and dealer-installed accessories. See page 4 for details.

Caballero Amarillo is shown. Tires are supplied by various manufacturers.

A WORD ABOUT ENGINES

GMC Trucks are equipped with engines produced at facilities operated by GM car and truck groups, subsidiaries or affiliated companies worldwide.

IMPORTANT! A WORD ABOUT THIS CATALOG

We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you'll find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available as factory-installed options, as dealer accessories, and as specialized equipment from various independent suppliers at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, and models. Check with your GMC Dealer for complete information.

A WORD ABOUT ASSEMBLY, COMPONENTS, AND OPTIONAL EQUIPMENT IN THESE GMC PRODUCTS

The GMC Trucks described in this catalog are assembled at facilities operated by General Motors. These vehicles incorporate thousands of different components produced by car and truck groups and various component divisions of GM and by various suppliers to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety, and fuel economy requirements, or for other reasons, to produce GMC products with different components or differently sourced components than initially scheduled. All

such components have been approved for use in GMC products and will provide the quality performance associated with the GMC name.

With respect to extra-cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your truck is built. Your dealer receives advice regarding the current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your truck includes the optional equipment you ordered, or if there are changes, that they are acceptable to you.

These vehicles are also available under the Chevrolet nameplate (El Camino).

A WORD ABOUT UPDATED SERVICE INFORMATION

GMC Truck & Coach Operation regularly sends its dealers useful service bulletins about GMC Truck products. GMC Truck & Coach Operation monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll free 1-800-551-4123.

EXTERIOR COLORS — For accurate colors, ask your GMC Dealer to show you paint color chips.

Let's Get It Together...Buckle Up.

Every new 1985 GMC Light Duty truck delivered by a GMC Truck Dealer in the United States comes with a one-year, \$10,000 seat belt insurance certificate from MIC General Insurance Corporation at no additional charge. \$10,000 will be paid to the estate of any occupant who suffers fatal injuries as a result of an accident involving that vehicle while wearing a GM seat belt. Buckle up every time you drive.
