As a pro, the status quo is not an acceptable status. Pushing forward and improving on what came before is the only path to real rewards. That’s why we’ve built the 2020 GMC Terrain for whatever the day demands. With its bold stance and masculine design, two turbocharged engine options and size-defying capabilities, Terrain is the compact SUV that plays big.

Experience the SUV for you—the 2020 GMC Terrain.

EVERY ROAD TRIP STARTS WITH A GREAT SOUNDTRACK

- Apple CarPlay™ Compatibility
- Android Auto™ Compatibility
- Bluetooth® Connectivity
- Up to six USB ports are available
- Connected Navigation with real-time updates on traffic, road closures and points of interest is available
- Bose® Premium Audio System is available

Terrain keeps you and your companions connected, informed and entertained. With Apple CarPlay™ and Android Auto compatibility, your favorite tunes travel wherever you go.
Terrain comfortably accommodates up to five people and easily allows you to maximize cargo space. A fold-flat front passenger seat and 60/40 split-folding second-row seats allow you to carry objects up to 8 feet long. To help you access all of this space, Terrain offers an available hands-free programmable power liftgate.

Cargo and load capacity limited by weight and distribution.
Requires available Trailering Package. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

TERRAIN: THE NAME SAYS IT ALL

 Terrain offers two ways to power your drive. The 1.5L Turbo offers efficiency without sacrifice, and the available 2.0L Turbo produces strong acceleration and pulling power with 3,500 lbs1 of max trailering capacity. Transferring all of this performance to the road is a smooth-shifting 9-speed automatic transmission.

Terrain also offers the Traction Select System so you can make real-time adjustments for ever-changing driving conditions. FWD models offer Normal, Snow and available Tow/Haul modes, while available AWD models offer Off-Road,雪, Normal, Tow/Haul modes and an AWD Disconnect mode engineered to optimize efficiency.

Terrain is engineered to surround you with innovative safety technologies to help keep you alert and confident.

Every Terrain now includes GMC Pro Safety, which includes these standard safety technologies: Automatic Emergency Braking, Forward Collision Alert, Lane Keep Assist with Lane Departure Warning, Following Distance Indicator, Front Pedestrian Braking, and IntelliBeam headlamps. Additional available technologies include Adaptive Cruise Control—Camera, Lane Change Alert with Side Blind Zone Alert, Rear Cross Traffic Alert, Rear Park Assist and the Safety Alert Seat.

Discover more of Terrain’s safety features at gmc.com/terrain/safety.

Safety or driver-assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information.
TERRAIN OFFERS:

- APPLE CARPLAY™ COMPATIBILITY
- ANDROID AUTO COMPATIBILITY
- 4G LTE WI-FI® HOTSPOT
- ONSTAR® SAFETY & SECURITY COVERAGE
- GMC CONNECTED SERVICES

Your new Terrain offers a host of in-vehicle benefits. Connected Access offers the latest technology to help you make the most of every drive—and you get standard connectivity for 10 years, giving you access to current features like monthly diagnostic emails and the ability to order and pay for takeout food and purchase fuel through your vehicle's in-dash entertainment system with Marketplace. You can also take your ownership experience to new levels by upgrading to other GMC Connected Services.

myGMC APP

When you download the available myGMC app, you have access to features like scheduling service, getting tips to help improve your driving, instant offers from select nearby merchants and other ways to simplify your ownership experience. When you upgrade to Remote Access, you can remotely start and stop the engine (if properly equipped), check fuel levels and even set and share notifications for vehicle arrivals and departures with Vehicle Locate.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.
