REIGN LIKE A PRO

Premium. It’s everywhere you look, touch and experience in the 2018 Yukon. EcoTec3 engines offer proven V-8 power plus efficiency. While the suspension is engineered for uncompromising ride and handling, toughness, a quieter, well crafted cabin welcomes you with premium materials and advanced technologies. They are reminders that the same passion and purpose that drive you also drive us. We’re setting our own standards and proving that Professional Grade isn’t merely a label, it’s a way of life.
YUKON IN ALL ITS FORMS

Living like a pro means having the right amount of room to fit your life. So, we’ve designed Yukon and Yukon XL to do just that. Both models offer the option of seating for up to nine. Need extra space? Choose Yukon XL and gain additional cargo room behind the first, second and third rows. Your second- and third-row passengers will also benefit from the comfort of generous leg room. Yukon is available in Denali, SLT and SLE trim levels so you can tailor the amenities to suit your style.
DESIGN

When it comes to designing the standard-bearer of premium SUVs, there's a difference between standing out and sticking out. Tasteful curves, dignified lines and attention to detail define Yukon.
YUKON XL DENALI IN WHITE FROST TRICOAT shown with available equipment.

**DENALI**

**THIS IS OUR EXCLAMATION POINT**

The ultimate expression of Professional Grade arrives in the form of Yukon Denali. Signature Denali styling begins with its new satin-chrome-finished grille, GMC signature C-shaped high-performance projector-beam HID headlamps and continues with available 22” wheels and optional power-retractable assist steps with perimeter lighting.

- **New Distinctive Denali Grille**
- **420-hp 6.2L V-8 w/ New 10-speed Automatic Transmission**
- **Power-Retractable Assist Steps W/ Perimeter Lighting (Available)**
A HUSH COMES OVER THE CROWD

Yukon Denali welcomes you with quiet. Acoustic laminated windshield and front door glass, triple door seals, an engine compartment barrier and damping materials in the floor sheet metal all help to keep noise from entering the cabin. Yukon Denali adds Bose® Active Noise Cancellation to help tune out additional engine noise. As a result, you’ll enjoy the quietest Yukon ever. In Yukon Denali, premium surroundings abound thanks to authentic materials—burnished aluminum trim, new Mastique Ash wood grains and perforated first- and second-row Mulan leather-appointed seating.

- Contrasting French Seam Stitching
- New Mastique Ash Wood Grain Interior Accents
- Perforated First- and Second-Row Leather-Appointed Seating and Heated/Ventilated Driver and Front-Passenger Seats
- Head-Up Display

YUKON DENALI INTERIOR IN COCOA/DARK ATMOSPHERE (shown with available equipment.)
Yukon SLT was designed for efficient aerodynamics. Bold, sculpted lines glide from the three-dimensional grille and over the inlaid doors for smooth, uninterrupted airflow. To complete the design, the liftgate spoiler conceals the rear wiper to reduce drag for optimal efficiency.

- Inlaid Doors Reduce Wind Noise
- Acoustically Laminated Windshield and Front Door Glass Enhance Quietness
- SLT Premium Edition Includes All of the Above Plus Uniquely Designed 22" Chrome Wheels and Grille, Bright Chrome Bodyside moldings and Polished Exhaust Tip

YUKON SLT PREMIUM EDITION IN CRIMSON RED TINTCOAT (left) YUKON XL SLT In QUICKSILVER METALLIC (right) shown with available equipment.
WHISPERS PREMIUM

Premium is measured in many ways. In Yukon SLT, it’s all about the abundance of authentic materials and ergonomically designed gauges and controls, as well as seating that keeps you and your passengers comfortable every mile of your journey.

+ Keyless Entry and Push-Button Start
+ Tri-Zone Automatic Climate Controls
+ Power-Adjustable Pedals
+ Front Heated and Ventilated Perforated Leather-Appointed Seating and Second-Row Outboard Heated Seats
+ 12-Way Power Driver and Front-Passenger Seat Adjuster
ENGINEERING
FROM GENERATING POWER EFFICIENTLY TO SMOOTHING OUT YOUR RIDE, THE DRIVING FORCE BEHIND YUKON RESULTS IN AN OVERWHELMING FEELING OF CONFIDENCE.
YUKON DENALI IN SATIN STEEL METALLIC
shown with available equipment.

HANDES THE STRAIGHT AND NARROW, AND THE TWISTS AND TURNS.

Behind the wheel of Yukon, you’ll feel confident and in command of the renowned EcoTec3 engine technologies while you and your passengers enjoy a comfortable ride. Yukon Denali goes a step further by adding Magnetic Ride Control (illustrated below), a suspension that speed-reads the road up to 1,000 times a second, and responds to give you maximum comfort and control.

Controlled
During cornering or on uneven surfaces, a magnetic field realigns the particles for a more secure, precise driving experience.

Cruising
On smooth roads, the iron particles in the patented magnetorheological fluid align to allow for a smooth ride.

YUKON DENALI IN SATIN STEEL METALLIC
shown with available equipment.
A POSITION OF STRENGTH

From Yukon's fully boxed frame to its EcoTec3 engine family, it is engineered to put you in a constant position of strength, power and efficiency.

EcoTec3 Engines
They use Direct Injection (DI), Active Fuel Management (AFM) and continuously Variable Valve Timing (VVT) to deliver exceptional power, efficiency and durability. At 23 mpg highway, the 5.3L engine offers the best V-8 highway fuel efficiency in a full-size SUV. For more performance, Yukon Denali's 6.2L engine offers class-leading V-8 power, producing 420 hp and 460 lb-ft of torque.

Active Aero Grille Shutters
Grille shutters automatically close to maximize aerodynamic efficiency when conditions are right. The shutters are designed to remain open in situations where maximum airflow is needed.

Transmissions
The 5.3L V-8 features a 6-speed and the 6.2L V-8 is paired with a 10-speed automatic transmission. They both offer the control of a manual and the ease of an automatic with Driver Shift Control.

Magnetic Ride Control
On Yukon Denali, it senses changes in the road up to 1,000 times a second, instantly adjusting each shock absorber for maximum comfort, control and agility.

Corrosion-Resistant Duralife Brake Rotors
GMC engineers used patented Ferritic Nitro-Carburizing (FNC) technology that can help double rotor life.

Four-Wheel Drive
Yukon's available four-wheel-drive system allows you to switch between two-wheel drive for optimum fuel efficiency and four-wheel drive for additional traction and control.

Four-Wheel Disc Brakes
The stopping system improves pedal feel for a stronger, more confident braking performance.

Fully Boxed Frame
Yukon's frame is constructed with 75 percent high-strength steel for maximum people- and cargo-carrying capability.

Electric Variable-Assist Power Steering
The electric variable-assist power rack-and-pinion steering system improves fuel efficiency versus engine-powered systems.

Shear-Style Body Mounts
Connecting the body to the frame are high lateral-rate and hydraulic body mounts. They provide additional comfort and a smoother, quieter ride.

1 Transmission ratings based on EPA 2014 CAFE standards. Driver Shift Control is available on 5.3L V-8 only. Please see dealer for complete details.
Automatic Locking Differential: This feature directs power to the rear wheel with the most traction on loose gravel or slippery surfaces.

Auto Grade Braking: It automatically senses when you want to slow your Yukon and engages a Grade Braking shift pattern within the transmission to help maintain your desired speed.

Premium Smooth-Ride Suspension With Air Leveler: The available system constantly senses and adjusts Yukon’s rear suspension height to maintain a level position. It also contributes to Yukon’s max trailer rating.

Hill Start Assist: Sensors automatically detect when Yukon is on a 5 percent grade or more. It holds the brakes momentarily, preventing rollback under certain conditions. It’s most effective when trailering, providing time to switch from the brake to the accelerator without rolling.

Tow/Haul Mode: Providing more power to accelerate when trailering or hauling heavy loads, Tow/Haul mode raises transmission upshift points. It also helps reduce speed by using engine compression to slow Yukon instead of merely braking.

Trailer Sway Control: Keep your Yukon and your trailer heading in the same direction, automatically. The system uses StabiliTrak sensors to detect a swaying trailer, applying both Yukon’s and the trailer’s brakes (if properly equipped) to help bring it back in line.

Trailer Brake Controller: For fingertip control and easy monitoring of your trailer brakes, there’s an available integrated trailer brake controller. Conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Center.
YOUR LIFE INVOLVES CARRYING QUITE A LOAD: THE KIDS FROM PLACE TO PLACE AND LOTS AND LOTS OF PACKAGES. YUKON HELPS YOU JUGGLE THEM ALL WITHOUT ACTUALLY JUGGLING THEM.
YOU ONLY HAVE TWO HANDS

To help you load up while your hands are full, Yukon Denali and SLT include a hands-free, power programmable liftgate. Once the liftgate is open, Yukon makes it easy to lower the second row with an easy-to-use, power-release fold-and-tumble feature, and the third row lowers with the touch of a button to create a flat cargo floor. And since we all travel with plenty of things we just can’t leave behind, you’ll find generous storage compartments, including an expansive center console as well as power outlets, integrated throughout Yukon.

+ Three-Prong 110-Volt Outlet
+ Under-Floor Cargo Management System and Cargo Net
+ Hidden Storage Behind the Center-Mounted Display; Includes USB+ Outlet

Not compatible with all devices.
PEOPLE TO CARGO WITH THE TOUCH OF A BUTTON

Yukon’s available third-row power fold-flat seats turn generous passenger room into an equally generous cargo area. For even more flexibility, second-row seats offer an easy-to-use, power-release fold-and-tumble feature. To provide second-row passengers with easier access, Yukon is designed with large second-row doors.

+ Seat up to Eight With a Second-Row Bench Seat or up to Nine in SLE With a First-Row Bench Seat
+ Lower the Second and Third Rows for a Flat Cargo Area
+ Hands-Free Programmable Power Liftgate Is Available for Access to the Cargo Area
TECHNOLOGY AT YOUR FINGERTIPS, YOUR EYES, YOUR EARS AND YOUR VOICE

The idea behind the design and engineering of Yukon is to help you focus solely on the road. That means offering technologies that allow you to keep your eyes on the road while keeping you connected, informed and entertained at the same time.

Customizable Driver Display

Yukon Denali features a reconfigurable gauge cluster with three selectable themes—Standard, Technology and Media. Personalize the 8” diagonal Customizable Driver Display for optimized information placement.

Wireless Charging Mat

With wireless charging (only on Denali) conveniently located on the center console, you can power up your compatible phone or device anytime the vehicle is running.

Vehicle user interfaces are products of Apple® and Google™ and their terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply.

Not compatible with all devices.

Map coverage available in the United States, Puerto Rico and Canada.

If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. Sirius, XM, SiriusXM and all related marks and logos are trademarks of SiriusXM Radio, Inc.

Full functionality requires compatible Bluetooth® and smartphone. Some devices require a USB connectivity. Data plan rates apply.

Requires GMC Infotainment System and compatible iPhone® running iOS 6 or newer.

The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adapter or back cover. To check for phone or other device compatibility, visit my.gmc.com/learn for details.

In response to your voice or touch, Yukon’s available Navigation System displays 2-D or 3-D map graphics on the 8” diagonal center-mounted screen. NavTraffic (3 trial months of SiriusXM) incorporates real-time traffic and road conditions, directing you toward the most efficient route.

For the sensation of a live performance, Denali includes a 10-speaker surround sound system with SurroundStage® signal processing. SLT and SLE feature nine premium speakers and a center-mounted subwoofer for rich bass tones and an enhanced listening experience.

For the sensation of a live performance, Denali includes a 10-speaker surround sound system with SurroundStage® signal processing. SLT and SLE feature nine premium speakers and a center-mounted subwoofer for rich bass tones and an enhanced listening experience.

This standard Denali feature projects essential driving information at eye level so your eyes stay on the road.

This available system includes a Blu-ray/DVD player, a 9.2” diagonal display, digital headphones, HDMI-hardwired connector as well as the ability to project devices wirelessly. Yukon XL features two screens, one specifically for third-row passengers.

The GMC Infotainment System features an 8” full-color diagonal screen for easy viewing and hands-free, voice-activated control of your smartphone. Stream music, voice MP3 music, receive vocalized text messages, benefit from Siri Eyes Free assistance, connect libraries from multiple devices and store phone contacts.
IN TOUCH

Yukon offers a 4G Wi-Fi® hotspot1 to keep you connected, informed and entertained—on the go. There’s also the GMC Infotainment System2 with an 8” diagonal full-color touch-screen that provides seamless hands-free integration of digital devices. Yukon Denali adds an 8” Customizable Driver Display so you can choose the information you see and how you see it. Denali also includes a multicolor Head-Up Display to help keep relevant information in your vision and your eyes focused on the road.

+ 8” Diagonal Customizable Driver Display (Denali)
+ Wireless Charging Mat3 Keeps You Powered Up (Denali)
+ Bose Centerpoint Surround Sound System (Denali)
+ Bluetooth® Hands-Free Audio Streaming
+ Teen Driver System Helps Encourage Safe Driving Habits

1 Requires a compatible mobile device, active OnStar service and data plan. 4G service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plan provided by AT&T.®

2 Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply.

3 The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adapter or back cover. To check for phone or other device compatibility, visit my.gmc.com/learn for details.

4 Go to my.gmc.com/learn to find out which phones are compatible with the vehicle.
PROACTIVE BEATS REACTIVE

Yukon offers a comprehensive array of driver-alert technologies, engineered with the idea that the best way to handle a collision is to avoid it.

Forward Collision Alert The available feature warns you when you’re rapidly approaching another vehicle and it detects a collision is imminent. It also provides an alert if you’re following a detected vehicle much too closely.

Lane Keep-Assist With Lane Departure Warning This available technology provides gentle steering when your turn signal is not actively engaged and your turn signal is not activated.

Low Speed Forward Automatic Braking If the vehicle is traveling at a low speed and the available system detects that a front-end collision is imminent, and you haven’t applied the brakes, the system automatically applies the brakes to help reduce the collision’s severity. The system may even help to avoid the collision at very low speeds.

Safety Alert Seat The available GM-patented Safety Alert Seat provides you with the option of getting haptic seat-bottom vibration pulses instead of audible crash-avoidance alerts.

Rear Park Assist This feature alerts you to objects behind the vehicle.

Rear Cross Traffic Alert When in Reverse, the available feature provides alerts to help you avoid crashing into a moving vehicle that is detected by the available Side Blind Zone Alert system when you change lanes or from a stopped vehicle when you back up.

Rear Vision Camera System The center screen serves as a helpful monitor for the rear-vision camera. It helps you see what’s behind you when backing up.

PROTECTION | SAFETY

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should maintain a safe speed, follow all traffic signals and rules, maintain a safe distance from the vehicle ahead, and be attentive to the road and road conditions at all times. Read the vehicle Owner’s Manual for important feature limitations and information.
Available individually or as part of a package, GMC Accessories are the best way to customize and personalize your Yukon. They’re engineered and tested to meet the standards of your Yukon.

Exhaust Tip - This stainless-steel, highly polished, dual-wall, angle-cut exhaust tip adds a sporty appearance to the exterior of your Yukon. Use only on GMC’s Original Equipment exhaust system.

Chrome Mirror Covers - Help your Yukon make even more of a fashion statement with these chrome outside rearview mirror covers. Set of two.

Floor Liners—Premium All-Weather - Help keep the front floor of your Yukon clean with these premium all-weather floor liners in Black with GMC logo.

Cargo Security Shade - Conceal your possessions in the cargo area of your Yukon with this retractable cargo shade. Tension-rod extensions allow for easy installation and removal.

Chrome Assist Steps - Customize your Yukon with these stylish 6” rectangular chrome assist steps. Crafted from rust-resistant stainless steel with black textured step pads. Black also available.

Exhaust Tip - This stainless-steel, highly polished, dual-wall, angle-cut exhaust tip adds a sporty appearance to the exterior of your Yukon. Use only on GMC’s Original Equipment exhaust system.

Floor Mats—Cargo-Area Premium All-Weather - Help protect the carpet in the cargo area of your Yukon from rain, snow, mud and other debris with this precision-designed premium all-weather cargo area mat.

Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle’s performance characteristics. For approved tire and wheel combinations and other important information, go to gmcaccessories.com or see your dealer for details.

5-YEAR/60,000-MILE POWERTRAIN LIMITED WARRANTY

5-YEAR/60,000-MILE ROADSIDE ASSISTANCE/COURTESY TRANSPORTATION

Emergency: Help When It Matters Most. OnStar protects you and your passengers in the event of an emergency with the right help, right when you need it.

Automatic Crash Response1: Using built-in sensors, Automatic Crash Response can connect you to an OnStar Advisor immediately after a crash to help get you the care you need even if you can’t ask for it. Using Injury Severity Prediction technology, professionally trained Advisors can notify first responders about the likelihood of serious injury so they can provide the right help, right away. You can feel confident knowing you have a team, 24/7, to get you the assistance you need.

Roadside Assistance3: If you’ve got a flat tire or are low on gas, just push the blue OnStar button, and an Advisor will get things moving with Roadside Assistance. We can use GPS technology to pinpoint where you are and send a tow truck or whatever help you need. No matter how far you are from home, you’re empowered with solutions that keep you moving.

Security: Protection You Can Count On. Breathe easy knowing a comprehensive suite of Stolen Vehicle Assistance services is available to help protect your vehicle.

Stolen Vehicle Assistance4: If your vehicle is stolen, you can be assured OnStar Advisors are ready to take action. Once you report your vehicle stolen, they can pinpoint its location, work with the police to quickly recover it, slow the vehicle if necessary to prevent it from restarting, and more. And with Theft Alarm Notification5, if your vehicle’s alarm sounds, you’ll be notified via text, email, and/or a phone call. One simple call puts a team into action to help recover your vehicle quickly and safely.

WE’RE AS CLOSE AS THE BLUE BUTTON

Connect to a specially trained OnStar® Advisor just by pushing the blue OnStar button in your Yukon.

1 Maintenance visits must occur within 2 years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. See participating dealer for other restrictions and complete details.

2 Whichever comes first. See dealer for limited-warranty details.

3 Visit onstar.com for coverage map, details and system limitations. Some services require paid OnStar service plan.

4 Services vary by model and conditions. Visit onstar.com for vehicle availability, details and system limitations. Theft Alarm Notification features vary by vehicle. Requires factory-installed theft-deterrent system and enrollment in the Stolen Vehicle Assistance Plan Add-On; and selection of notification communication preference(s). Vehicles must be locked electronically to arm the factory-installed theft-deterrent system. Messaging and data rates may apply.

IMPORTANT NOTES

PROGRADE PROTECTION

GM’s New-Vehicle Limited Warranty provides bumper-to-bumper coverage for 3 years or 36,000 miles (whichever comes first). Coverage includes tires and towing to your nearest GMC dealership. Repairs will be made to correct any vehicle defect and most warranty repairs will be made at no charge.

NUNO-CERTIFIED SERVICE

At GMC, we offer certified service—found exclusively at your GMC dealer—for model year 2016 and later vehicles. Certified service is there. With all the precision of a certified mechanic, GMC certified service makes automotive travel easier for persons with disabilities or special transportation needs. To learn more about GM Mobility, call (1-800-323-9935). GM Mobility offers financial assistance for eligible adaptive equipment to help you get into the GMC of your dreams. Every purchase gives you the access you want, the features you need, and the comfort you deserve.

ADDITIONAL NOTES

1. 2010MY vehicles are eligible for OnStar service at no extra cost through the 2010MY OnStar service period, starting with the vehicle’s first SIRIUSXM Satellite Radio activation in the vehicle. OnStar service is available for 1-year, with a 1-year data plan. Visit GM.com/YourBusiness to learn more about the OnStar service period.

2. SIRIUSXM Satellite Radio is standard on all Yukon models. It includes 3 trial months of service.

3. SIRIUSXM Satellite Radio makes your drive come alive with commercial-free music channels, news, local traffic and weather and family-friendly programming. Welcome to the world of satellite radio. Visit siriusxm.com for more information.
