

The new Accord Coupe has a purity of design often associated with purpose-built craft like jet fighters or space shuttles. As such, it's perfect for its habitat—the world of asphalt. The 3.0-liter V-6 engine for '03 now produces an impressive 240 hp, while Accord's new 2.4-liter 4-cylinder yields 160 hp. There's an entirely new 5-speed automatic transmission, and the EX V-6 is now available with a close-ratio 6-speed manual gearbox.' And the Accord takes as well to the test track as it does the roads. For 16 of the past 20 years, it's been named by *Car and Driver* to their "10 Best Cars" list.

Specifications
